The provisional lists produced at the end of last year have been rearranged. The lists given below show the divisional status of each paddler at the beginning of this year.

As a matter of general interest, certain details have been carried forward from the provisional lists:

End-of-year ranking points/percentages are shown.

'S' Short Season paddlers' results do not necessarily reflect their ability.

'Y', 'J' Such paddlers may not now be Youth or Junior.

Any paddlers (previously ranked) who did not compete last year have been removed from the ranking lists and do not appear here. Should they wish to recommence competing, they must apply to the Executive (Ranking List Sub-Committee) for new ranking status, which must be taken up in the season it was granted
