

Llangollen Town Slalom.

Chester Sailing & Canoeing Club.  
24.9.76

Due to the wide fluctuation in water levels on the River Dee caused by the recent drought, we have reluctantly decided to cancel the above event.

The Water Authority informs us that the river levels are likely to continue rising and falling in this manner for some time (I.E. rising 5' then falling back to rock bottom in 24hours); thus we feel, making it impossible to run a fair competition.

All entry fees will be returned with this letter.

David B. Wain Slalom Organizers.
