

Due to the inconsiderate behaviour of many canoeists using the Bala Mill site on the weekend of the Midland Canoe Club Slalom and Stafford and Stone River Race, the Bala Mill site has possibly been lost to canoeists.

Despite large notices and frequent requests from the organisers that no cars were allowed on the field, many insisted on bringing them on, even after the heavy storm on Sunday afternoon. Thus extensive damage occurred to the field.

Despite instructions on the start list and being told by the organisers, many people insisted on parking their cars on the housing estate rather than the waste ground or the car park, thus upsetting the residents. The Resident's Association have formed a petition to try and prevent us using the estate again also, possibly due to the complaints from the local residents, the camp site was visited by a public health official, who expressed doubts as to whether we would be allowed to let so many people camp on this site again.

A tremendous amount of work has been put into arranging the use of, and access to the Tryweryn, for canoeists. We have used it now for four years, with the cooperation and assistance of local residents and organisations. If we lose the Bala Mill site it will not be because the locals are being unreasonable or that bureaucracy is treading on the canoeist again, it will be because of canoeists taking advantage of this amenity made available to them having been totally selfish.

Martin Spencer.
Albert Woods.
John Nelson.

The Midland Canoe Club organisers of the Bala Mill Slalom would like to express their thanks to all who helped in any way with the Bala Mill Slalom, and especially to the following:

The Welsh River Authority.
The Land Owners and Farmers.
Derby Sub Aqua.
St Johns Ambulance.
The British Red Cross.
Ken Langford as course designer.
