### DEE RACES

Hon. Secretary:

C. M. ROTHWELL  
21 WINDSOR ROAD  
CLAYTON BRIDGE  
MANCHESTER M106QQ

Tel. 061-681 1374  
(Day or Evening)

Organiser: Mrs. N. Godfrey,  
3, Far Ridings,  
Romiley, Cheshire.

In the 1976/77 season it was increasingly clear that many paddlers then eligible were not competent to do Dee courses. Hence, at the Race Organisers' meeting in May we helped in the formulation of a Divisional System which we hoped would be used in the forthcoming racing season. The present Slalom & Wild Water Racing Executive approved it but thought its implementation should be a matter for the new W.W. Racing Committee. To date, there are no signs of when this new body will be constituted and it is now too late to affect the current season.

We are therefore having to impose a temporary system for this coming season.

The 1977/78 series of Dee Races at Llangollen will comprise three races: November 6th, December 3rd and January 14th. The Jan. 14th event will probably be ranking. Entries close Tuesday, 12 days before each event. After the final race the Dee Trophy will be presented to the paddler who has gained the highest number of points in the series.

Entries will only be accepted from paddlers on the current River Race Ranking List plus competitors who have scored points in the '77/78 season, plus paddlers in the Slalom Division One. There will be a limit of 300 paddlers in each race.

Men's K.1, Ladies K.1, C.1 and C.2 : Individuals £1. Teams £1.50

Correct fees and BCU numbers, please, and the qualification (ranking, etc).

Safety Standard safety equipment must be worn at all times when on the water. DO NOT CANOE ALONE except in the scheduled performance of the Individual Event. The Team Event must be paddled as a team: if one member has to retire, his two team mates must not finish but must clear the course or risk disqualification from the Individual Event.

I repeat: DO NOT CANOE ALONE.

Rescue No Rescue is provided during Practice (when paddlers should always be in company) or the Team Events (where team mates are responsible for each others safety). Rescue will be arranged, primarily at the Tail and Town, for the Individual Event.

Rescuers afloat will have to be of the same standard as the competitors while choosing not to race, or could be some of the competitors themselves. Any offers of help, from any club, made in advance, would be welcomed by the Dee Race Organiser.

It was with real regret that I heard one week ago that there may be a clash of dates with another first class race. At this late stage it is impossible to alter the Dee Race dates which are published in the Slalom Yearbook and which were confirmed in May for inclusion in the new W.W. Yearbook.

5th September, 1977.

Acknowledgements:

For their permissions and forbearance, again we thank the Chain Bridge Hotel, Ilkington Anglers, local residents and the police.

We thank Mrs. Rohleder for presenting the prizes.

We thank Stuart Fisher and Mike Briggs who, along with our Tim Cannon, formed a very able and hard-working Jury. And we thank all, including members of Manchester Canoe Club, who helped to make this a 1st Class event.
