Just a few quick notes for the results list.

Thanks to everyone who came and helped, club members, past club members, the timing team, jury and judges. We had just enough judges to cover the event, any less and the competitors would have been judging!!

The whole event was timed on the "button", hence times given to 0.1 of a second, and full back up was available to all but two paddlers.

The decision to continually adjust the pole height was made at the beginning of the day, when it became apparent that the river was going to continue rising all day. During the morning the river was rising by about 3 inches an hour in spite of the fact that we had been advised on Friday morning that the river level would only vary by 2 inches over the whole weekend.

In spite of the difficulties I hope you were able to enjoy the day and we look forward to seeing you in October.

Tim Ayre
