

Matlock Slalom

Results

The organisers wish to thank all those who helped with the running of the competition and also take this opportunity of apologising to those competitors who were inconvenienced by the last minute changes in the programme.

By way of explanation to critics who argued that the B.S.C.A. competition should not have been included in the programme you will notice that all the competitors in these events were eligible to enter either the 3rd Division or Open Events. The fact that their runs for these events were run off separately under the heading of "B.S.C.A.Championships" meant no increase in the total number of runs over the weekend. Most competitors in the Schools' Event have had their runs counted for 3rd Div on the Open Event and have therefore paid two B.C.U.levies- one through the B.S.C.A. and one through Buxton C.C :- they had the same number of runs as any other competitor but have been able to decide who shall be British Schools' Champions for 1971 as well as compete in a B.C.U. ranking slalom.

From the organisers' point of view the weekend was very successful. Thank you to all those who either expressed their appreciation at the time or those who have subsequently written.

On behalf of Buxton Canoe Club
and Don Valley Canoe Club

J. Fazey.
