BALA 1981 PROGRAMME £1.

BRITISH CANOE UNION

SUPPORTED BY THE SPORTS COUNCIL

Welcome

It is always a special occasion when sportsmen from all over the world gather together to compete, and here at Bala we have an occasion that is not so much special as, in my view, unique.

Every ingredient is on hand for a spectacle of truly memorable quality. The setting here in North Wales is magnificent. The course — which we at the Sports Council have been proud to help finance — is challenging and exciting, and the organisation of the Canoe '81 team here has been both meticulous and enterprising.

Indeed, I would like to make special mention of the 2,000-strong 'army' of officials without whom these Championships just could not have taken place. Too little credit is generally given, I believe, to the men and women behind the scenes at sports occasions, many of whom are working, completely unpaid and for no reason other, than pure love of their chosen sport. Without them, British sport would be in a sorry state.

Thanks, too, must also go to the people of Bala whose peace and quiet has been so dramatically disturbed by the holding of the Championships. To them, I can only extend our warmest gratitude for their help and forbearance, along with my assurance that the excitement created by these Championships will live on in our memories well after the final caravan has pulled out and the final competitor returned home.

My best wishes for a marvellous 10 days.

Chairman of the Sports Council

CROESO

Y mae pob amgylchiad, lle yr ymgynnull mabolgampwyr y byd i gystadlu, yn rhywbeth arbennig, ac yma yn y Bala fe ddaw amgylchiad nad yw yn unig yn arbennig, ond, yn fy marn i, yn unigryw.

Bydd popeth ynglŷn â hyn yn gyfraniad at achlysur a fydd yn wir gofiadwy. Y mae'r safle yma yng Ngogledd Cymru yn wir ogoneddus. Y mae'r cwrs ar y Tryweryn — cwrs y mae'r Cyngor wedi ei noddi yn ariannol gyda balchder — yn gyffrous ac yn llawn hér, ac y mae trefniadau swyddogion Canŵ '81 wedi bod yn fanwl ac yn fentrus.

Yn wir, fe hoffwn gyfeirio yn arbennig at y dyrfa o 2,000 o swyddogion ac eraill na fuasai'r Pencampwriaethau yn bosibl hebddynt. Credaf bod rhy ychydig o glod yn cael ei roddi i'r gwyr a'r gwragedd sy'n gweithio o'r golwg mewn mabolgampau, a'r mwyafrif mawr ohonynt yn gwasanaethu yn ddi-dâl am ddim rheswm ond eu hoffter mawr o'u dewis chwaraeon. Hebddynt hwy, fe fyddai chwaraeon Prydeinig mewn cyflwr gwael.

Diolch calon, hefyd, i drigolion y Bala, heddwch a thawelwch bywyd pa rai a darfuwyd yn ddramatig gan baratodau y Pencampwriaethau. Iddynt hwy, ni allaf ond cyflwyno ein gwerthfawrogiad cynhesaf am eu cynhorthwy a'u hamynedd, gyda fy addewid y bydd yr hwyyl a grewyd gan y Pencampwriaethau hyn yn byw yn ein cof ymhell ar ôl i'r garafan olaf ymadael ac ar ôl i'r cystadleuwyr olaf droi yn ôl i'w gwahanol gartrefi.

Fy nymuniadau gorau am ddeng niwrnod i'w cofio.

HRH The Duke of Gloucester Patron — Canoe '81

It gives me great pleasure to be able to welcome to this country the competitors and their supporters to the three World Championships in the Canoeing Calendar. It is a great source of pride to the British Canoe Union that they have been able to co-ordinate these events making this year a special one for British Canoeing justifying the title 'Canoe '81'.

Canoeing provides for young people the thrill of self reliance and independence in a strange environment — its popularity grows every year — but in this country we like to remember that the sport goes back over a hundred years, when our Victorian forbears risked a soaking to enjoy the pleasure of exploring rivers and competing in races.

A World Championship calls for supreme efforts not only on behalf of the competitors, but also from the Organisers. I hope the efforts and sacrifices of those who have arranged these events will be rewarded by a successful championship enjoyed by all involved.

RICHARD

HRH The Duke of Gloucester — Patron Canoé 81

Il me fait beaucoup de plaisir de souhaiter le bienvenue dans la Grande Bretagne aux concurrents des trois championnats mondiaux du calendrier de canoé, et à leurs partisans. L'union de canoé Britannique et fière d'avoir pu coordonner ces événements afin de rendre cette année assez extraordinaire pour qu'elle justifie le titre 'Canoe 81'.

Le canoé pourvoit pour les jeures le frisson de confiance en soi-même et de l'indépendance dans un milieu inconnu — chaque an le canoe devient de plus en plus populaire — mais par ici on est content de réfléchir que ce sport a une histoire de plu d'un siècle, depuis que nos ancêtres du 19eme siècle risquaient se faire tremper pour gagner le plaisir de l'exploration des rivières et de la participation aux concours.

Un championnats mondial exige un effort suprême non seulement de la partie des concurrents, mas aussi des organisateurs. Que les efforts et les sacrifices de ceux qui ont arrangé ce événements soient recompensés avec un championnat réussi, plaisible à tous.

RICHARD

HRH The Duke of Gloucester — Patron Kanu 81

Es freut mich alle Teilnehmer und Anhänger zu den drei Weltmeisterschaften in unserem Lande herzlichst willkommen zu heissen.

Die Britische Kanu Union ist sehr stolz darauf, dass sie diese Veranstaltungen ko-ordinieren konnten, wodurch dieses Jahr für das Britische Kanuwesen besonders wichtig wird, und den Titel Canoe '81 gerechtfertigen konnten.

Canoeing bietet jungen Menschen die Spannung des Selbstvertrauens und der Unabhängigkeit in einer fremden Umwelt. Die Beliebtheit des Kanusportes steigt jedes Jahr an; wir erinnern uns aber daran, dass dieser Sport in diesem Lande über 100 Jahre zurrück reicht, zu jener Zeit, in der unsere Victorianischen Vorfahren das Durchnässen riskierten, um die Freude der Erforschung der Flüsse und die Teilnahme am Rennen zu geniessen.

Ein Weltmeisterschaften verlangt die höchsten Anstrengungen, nicht nur von den Teilnehmern, sondern auch von den Veranstaltern. Ich hoffe, dass die Bestrebungen und Aufopferungen aller denjenigen, die diese Veranstaltungen organisiert haben, mit einer erfolgreichen und für alle Teilnehmer genussreichen Meisterschaft belohnt werden.

RICHARD

Ei Fawrhydi Dug Caerloyw — Noddwr Canw '81

Y mae'n bleser gennyf estyn croeso, i'r wlad hon, i'r ymgeiswyr a'u cefnogwyr fydd yn cymryd rhan yn y tri Pencampwriaeth Byd sydd yng Nghalendr y Canwio. Y mae'n destun balchder mawr i'r Undeb Canwio Prydeinig iddynt lwyddo i drefnu'r digwyddiadau hyn yn ystod y flwyddyn hon ac felly yn ei gwneud yn flwyddyn arbennig iawn i Ganwio Prydeinig a thrwy hyn yn cyfiawnhau y teitl 'Canw '81'.

Mae canwio yn cynhyrchu'r wefr o hunan-ddibyniaeth ac annibyniaeth i bobl ifanc mewn amgylchedd ddiethr. Cynyddu bob blwyddyn mae poblogrwydd canwio, ond yn y wlad hon rhaid i ni gofio fod y math hwn o fabolgamp yn myned yn ôl dros gan mlynedd, yr adeg y bu'n cyn-dadau yn mentro gwlychu'n domen i fwynhau'r pleser o chwilio ein hafonydd a chystadlu yn erbyn ei gilydd.

Fe hawlia Pencampwriaeth Byd ymdrechion arbennig, nid yn unig gan yr ymgeiswyr, ond hefyd gan y trefnwyr. Hyderaf yn fawr y bydd pob ymdrech ac aberth y rhai hynny a fu'n trefnu'r gornestau hyn yn cael eu coronni gyda Phencampwriaethau llwyddiannus a fydd yn cael eu mwynhau gan bawb a fu a rhan yn y gweithrediadau.

RICHARD

PRESIDENT of the INTERNATIONAL CANOE FEDERATION

As the newly elected President of the International Canoe Federation I have the pleasant task of opening what has been called 'Canoe 81' by our friends of the British Canoe Union. This means the organisation, in one year, of three World Championships: two here in Bala for Wild Water and Slalom and one for Paddle Racing at Nottingham. The decision of the ICF Congress to accept the candidature of the BCU was very well founded because in this Country canoeing had a solid and rooted tradition, is very well organised and there are many amateurs. Consequently I wish to congratulate the BCU and the many individuals who have given their voluntary co-operation to the preparation of these events.

In Bala, the location of the slalom and wild water racing Championships, there will be the stimulating presence of hundreds of canoeists from all over the World. As it has been in the past they will compete against rapids and currents in the frame of friendship and chivalry to gain best results.

I am fully convinced of the complete success of these Championships, carefully prepared and organised over some years. Therefore, on behalf of the International Canoe Federation, I would like to express to all authorities and all people involved in this very big organisation my best thanks. The success of these Championships will also give further support to our Federation in its claims to the IOC and the city that is chosen for the 1988 Olympic Games, for the reintroduction of Slalom and Wild Water Racing Disciplines into the Olympic Games.

SERGIO ORSI

President of the International Canoe Federation

Président de la Fédération Internationale de Canoé

Comme président réclément élu de la Fédération Internationale de Canoé, j'ai le plaisir d'ouvrir ce qui s'appelle 'Canoe 81' parmi nos amis de l'union de Canoé de la rade Bretagne (BCU). Cela veut dire qu'ils organisent trois championnats mondiaux dans un an: dont deux ont lieu ici à Bala dans les disciplines de la descente et du slalom, et un troisième étant un concours à pagaie à Nottingham. La décision au congrès de la Fédération Internationale de Canoé d'accepter l'offre de la BCU était fort bien fondée car dans ce pays de Canoé a une tradition bien établie, étant bien organisé avec de nombreux amateurs. Par conséquent, je veux féliciter la BCU et tous les individus de leur coopération volontaire dans la préparation de ces événements.

A Bala, la location du championnats du slalom et de la descente, la présence des certaines de participants du monde entier donnera une ambiance stimulante. Comme autrefois ils lutteront avec les rapides et les courants d'eau dans un esprit d'amitié et de chevalerie pour achever les meilleurs résultats.

Je suis entièrement convaincu du succès total de ces championnats, qui ont été organisés et préparés pendant plusieurs ans. Ainsi, au nom de la Fédération Internationale de Canoé, je voudrais remercier cordialement tous les autorités et chacun qui a assisté à cette opération. Le succès de ces championnats donnera créance aux demandes de notre fédération au Comité Internationale Olympique et à la cité choisie pour les jeux Olympiques de 1988, de réintroduire les disciplines du slalom et de la descente.

SERGIO ORSI

Président de la Fédération Internationale de Canoé

Der Präsident des Internationalen Kanu Verbandes (I.C.F)

Als neugewählter Präsident der I.C.F. habe ich die angenehme Aufgabe die, von unseren Freunden in der British Canoe Union "Canoe 81" genannte Veranstaltung zu eröffnen.

Canoe 81 bedeutet die Organisierung, innerhalb eines Jahres, von drei Weltmeisterschaften: Zwei hier in Bala, und zwar für Wildwasser und Slalom, und eine für Kanurennen in Nottingham.

Der Entschluss des I.C.F. Kongresses, die B.C.U. als Kandidat anzunehmen, war sehr gut begründet weil Canoeing in diesem Lande in einer soliden Tradition verwurzelt ist, sehr gut organisiert ist und viele Amateursportler umfasst. Daher möchte ich der B.C.U., sowie auch den vielen Einzelpersonen die den Vorbereitungen für die Veranstaltungen ihre freiwillige Mitarbeit zugeteilt haben, gratulieren.

In Bala, dem Standort der Slalom — und Wildwassermeisterschaften, werden hunderte von Teilnehmern aus aller Welt zusammen treffen. Wie es auch schon früher der Fall war, werden sie hier im Kampf gegen Sprudeln und Ströme im Rahmen der Freundschaft und des Wettstreites die besten Resultate erzielen.

Ich bin von dem durchschlagenden Erfolg dieser, über einige Jahre so sorgfältig vorbereitete und organisierte Meisterschaften, überzeugt. Im Namen der I.C.F. möchte ich daher allen mit dieser riesigen Organisation verbundenen Behörden und Einzelpersonen meinen besten Dank ausdrücken.

Der Erfolg dieser Meisterschaften wird das an das Internationale Olympische Komitee und an die für die 1988 Olympischen Spiele gewählte Stadt gerichtete Verlangen für die Weidereinführung der Slalom — und Wildwasserrennen in die Olympischen Spiele unterstützen.

SERGIO ORSI
Präsident der I.C.F.

Llywydd y Ffederasiwn Canwïo Rhyngwladol

Fel Llywydd newydd-etholedig y Ffederasiwn Canwïo Rhyngwladol, y mae gennyf y pleser o agor yr hyn a elwir gan ein cyfeillion yn yr Undeb Canwïo Prydeinig, yn Canw '81. Fe olyga hyn drefnu tri Pencampwriaeth Byd mewn un flwyddyn: dau yn y Bala, sef y Dŵr Gwylt a'r Slalom, ac un, Râs Padlo yn Nottingham. Dengys fod penderfyniad Cyngres y Ffederasiwn Rhyngwladol i dderbyn cais yr Undeb Canwïo Prydeinig yn un doeth, oherwydd fe berthyn i'r wlad hon draddodiad hir o ganwïo: y mae wedi ei drefnu'n dda ac y mae yma nifer mawr o amaturiaid. Felly, dymunaf longyfarch yr Undeb Canwïo Prydeinig a llu o wigolion eraill am eu cydweithrediad gwirfoddol yn paratoi a threfnu'r Pencampwriaethau hyn.

Yn y Bala, lle y cynhelir y Pencampwriaethau Slalom a Dŵr Gwylt, fe fydd presenoldeb cannoedd o ganw-wyr o bob cwr o'r byd yn symbyliad i'r math yma o fabolgampau. Fel yn y gorffennol, byddant yn cystadlu yn erbyn rhaedrau a cherrynt mewn fframwaith o gyfeillgarwch a sifalri er sicrhau'r canlyniadau gorau.

'Rwyf yn gwbl argyhoeddedig o lwyddiant y Pencampwriaethau hyn, sydd wedi eu trefnu'n ofalus yn ystod y blynyddoedd diwethaf. Felly, ar ran y Ffederasiwn Canwïo Rhyngwladol, dymunaf fynegi fy niolch diffuant i'r holl awdurdodau ac i'r holl gyfeillion a fu'n weithgar yn y trefniant mawr hwn. Bydd llwyddiant y Pencampwriaethau hyn yn gefnogaeth pellach i gais y Ffederasiwn i Bwyllgor Rhyngwladol y Chwaraeon Olympaidd a'r ddinas a ddewisir i gynnal y Chwaraeon Olympaidd yn 1988, i ail-gynnwys disgyblaeth Slalom a Dŵr Gwylt yn rhaglen y Chwaraeon Olympaidd.

SERGIO ORSI
Llywydd y Ffederasiwn Canwïo Rhyngwladol.

It is with this overriding belief in sporting friendships that we offer you our good wishes for an enjoyable, memorable and successful event.

Mit so viel politischer Unsicherheit zur Zeit in aller Welt, halte ich es für besonders wichtig, dass die stärksten sportlichen Verbindungen zwischen Nationen erhalten bleiben und ich hoffe, nein, ich bin überzeugt, dass durch diese Weltmeisterschaften, genau so wie in früheren Veranstaltungen, viele neue Freundschaften zwischen Nationen geschmiedet werden — wir wünschen Ihnen alles Gute!

Im Sinne unseres überwiegenden Glaubens an Sportfreundschaften, senden wir Ihnen unsere guten Wünsche für eine unterhaltsame, denkwürdige und Erfolgreiche Veranstaltung.

Croeso gan Llywydd Undeb Canwïo Prydain

Fel Llywydd Undeb Canwïo Prydain, hoffwn estyn croeso diffuant i bawb ohonoch i'r Pencampwriaethau hyn sydd yn achlysur pwysig yng Nghalendr Chwaraeon y Byd.

Heddiw, yn wyneb ansicrwydd gwleidyddol y Byd, y mae'n anheggorol bwysig i'r gwledydd gadw perthynas glôs â'i gilydd. Credaf fod hyn yn bosibl trwy gyfrwng chwaraeon rhyngwladol, ac yr wyf yn sicr y bydd y Pencampwriaethau hyn eleni, fel yn y gorffennol, yn gyfrwng i greu cyfeillgarwch newydd a pharhaol rhwng y gwahanol wledydd. Dymunwn yn dda i chwi oll.

Yn wir, y mae byw a gweithio yng Nghymru yn ein gwneud yn rhan o gymdeithas fawr o bobl groesawgar a haelionus, sy'n ffynnu ar wneud yr ymwelwyr yn gartrefol yn ein gwlad o gân, gyda'n hiaith henafol, ei threftadaeth, a phrydferthwch ei bröydd.

1981 is one of the most important years in the history of canoeing in the UK.

During the next few weeks Great Britain is host to the Triple World Championships — Wild Water Racing and Slalom here at Bala, Wales and Paddle Racing at Nottingham, England. This is the first time that one country has staged all the events at the same time. These World Championships together with International Tours, Rallies and Exhibitions have been designated Canoe '81, the Year of the Canoe.

The Canoe '81 Coordinating Committee is the group responsible for final approval of all matters of policy and the various aspects of the overall planning of Canoe '81 Bala and Nottingham.

THE AIMS OF WILDWATER RACING

To participate in Wildwater Racing a competitor must have an adventurous spirit and be able to overcome his inner fears; fears which underline the risks he is taking. He knows that he is alone against the elements and only his skill, fitness and total commitment will allow him to attain his goal. He will start 5½ miles above Bala and ahead of him is the River Tryweryn, with its many natural rapids and hazards.

Rapids are graded on an international scale up to grade 6 — this being the limit of human endurance and where, if a capsize did occur, survival would be highly improbable. A World Championship Wildwater Race Course must include rapids of grade 3 and above to qualify as a suitable venue. The River Tryweryn has many such rapids and tons of rock have been placed at certain sections to make the course technically harder.

The competitor, physically and mentally in tune in his racing boat, wearing crash helmet and buoyancy aid, awaits the start signal. He must negotiate the 5½ miles to Bala in the fastest possible time through foaming, dangerous rapids. The signal is given! The clock starts as his canoe breaks a photo-electric beam and at that moment he is alone, competing against the hostile environment, himself and the clock. His only companion is his fragile glass-fibre canoe, designed and built as a compromise to give forward speed and yet enough manoeuvrability to negotiate the multitude of boat wrecking rocks.

The class of boat being paddled depends on the historical origin of the craft. Principally the boat designs come from two totally different cultures, the Eskimoes in Greenland and the Indians of North America. In the Kayak classes, K1 men and K1 ladies, the competitor is seated and uses a double ended paddle (Eskimo origin). In the Canoe classes, C1 men, C2 men, C2 mixed, the competitors kneel in the boat and use a single bladed paddle (North American origin). The C2 classes are paddled by two people in each boat. In the team events three boats of the same class descend the river together.

The best and most popular vantage points to watch the races are from the start, just below Llyn Celyn Dam, to Tyn-y-Cornel Bridge about a mile downstream, and at Bala Mill which lies about ½ mile upstream of Bala Town. Here, after competing 5 gruelling miles of physical and mental exertion, the competitor has to negotiate a grade 4 rapid, which includes a natural waterfall, before the final sprint under Bala Town Bridge to the photo-electric beam on the finish line.

This year British competitor, Bob Campbell is on form and is expected to do well. At the 1979 World Championships in Canada he won a silver medal, behind Jean-Pierre Burny, the living legend from Belgium. Burny has been competing since the early 1960's at World Championships but it is now reported that he has retired. We shall have to wait and see.

Two other British paddlers who are in strong contention in Mens' K1 are David Taylor, who won here at Bala last year and hopes to repeat this, and Jeremy Hibble, the current British Champion in Mens' K1.

THE AIMS OF SLALOM

The object of canoe slalom is to test the canoeist's control of his boat in agitated water. The World Championships held every two years finds the best slalomist in each of four classes. It is apt that the first World Championships in Great Britain are being held in North Wales only thirty miles from the site of the first British slalom on the Dee at Trevor Rocks in 1939.

A slalom course is about 800 metres long and is defined by thirty 'gates' consisting of two poles — one with red rings to be kept on the canoeist's left-hand side and the other with green rings to be kept on the right. The gates are numbered and must be attempted in the correct order and correct direction. The back of the number board is marked with a diagonal red bar indicating to the competitor that he is approaching the gate from the wrong side. The letter 'R' indicates that the canoe must go through the gate backwards (reverse).

There are two types of boats:-

CANOEES — in which the paddler kneels and uses a single bladed paddle.

KAYAKS — where the competitor sits and uses a double bladed paddle.

There are strict rules regarding length and width of boats which are measured before and often after the competition. Each boat must contain enough buoyancy (generally ether foam nowadays) to keep it afloat, and paddlers must wear crash hats and some form of buoyancy aid (often contained in the spray cover) — these items are also checked before the competition.

Kayak competitions are held for ladies (K1L) and men (K1M); Canadian competitions being for individual paddlers (C1) and pairs (C2).

Each paddler has two runs which are carefully timed using electronic equipment and penalties are added by the gate judges who sit at various points all the way down the course, as follows:-

FOR HITTING ONE POLE OF A GATE — 5 seconds are added.

FOR HITTING BOTH POLES OF A GATE — 10 seconds are added.

FOR MISSING THE GATE;

GOING THROUGH THE WRONG WAY

GOING FROM THE WRONG SIDE

GOING THROUGH A GATE IN THE WRONG ORDER

OR GOING THROUGH UPSIDE DOWN — 50 seconds are added.

The penalties are added to the competitors score and the lowest result of the two runs is taken as the paddlers final score.

The fastest class is the K1M and it will be interesting to see if anyone manages a final score of less than 200 seconds.

In addition to looking at how paddlers go through the gates, spectators should watch which routes competitors take between gates, as it is the result of these decisions that the competition will be won or lost. Each paddler has only one practise run on the actual course and must learn as much as possible from this and watching others.

Teams of three paddlers compete in the team event, the time being taken from the first to cross the start line to the last over the finish line. In addition the whole team must go through the team gate, marked with a letter 'T', within fifteen seconds or face a fifty second penalty. Spectators should look for the 'cross-over' techniques used by many teams to keep close together, when boats literally pile on top of each other.

British hopes of winning medals are high — the team is strong in all classes and includes:-

Richard Fox of St. Albans and Stafford & Stone canoe club who came third in the 1979 World Championships at the age of 18 and with Albert Kerr and Alan Edge won the Men's Team event.

Liz Sharman of Bury St Edmunds canoe club, silver medallist in Canada, second in Europe in 1980 — a very strong contender.

Martyn Hedges of Windsor and Bath University canoe clubs, European C1 Champion in 1980, current British Champion and perhaps the fastest ever C1 paddler.

Jock Young and Alastair Munro from Forth Kayak Club in Scotland — bronze medallists in 1980 in Europe — our most successful C2 crew ever.

If you would like to know more about slalom — how to start, what to learn or how to join a Club do visit the slalom information stand on the Trade Site.

BALA : A BRIEF HISTORY

Bala is a small market town to the north-east of Llyn Tegid or Bala Lake. The town's early history is somewhat obscure, but it is claimed that there was a settlement here in Roman times. Whether the town in its early days could be regarded as a garrison town is unclear, but the Tomen (or Motte, Mound) at the eastern end of the town, from which the movement of enemy troops from the east could be observed, seems to suggest that there might have been a small garrison stationed here. There are other such points in the district, viz., Tomen Gastell and Penybont. When the Roman hordes invaded Britain, some of their cohorts came to Penllyn and built a fort at Caergai, which is about four miles west of Bala. Evidence of the occupation have been excavated on land surrounding today's farm at Caergai.

Bala (which means an *outlet* or *efflux*) nestles in a valley surrounded by the Arenigs to the north, the Arans (Penllyn and Mawddwy) to the west and the Berwyn to the south. The river Dee, which has its source on the Duallt, flows through the lake without losing its identity.

From the small settlement by the Lake, Bala grew into a town of religious and economic importance.

Due to the establishment of several religious academies within the town, Bala became known as the 'Athens of Wales'. It was at Bala that the Rev. Thomas Charles, famous as the founder of the British and Foreign Bible Society, translated into reality his great dream of providing the Scriptures to the people of the world in their own language. Young Mary Jones, from far-away Llanfihangel-y-Pennant, walked 26 miles bare-footed to receive a Welsh Bible from Mr. Charles. The house where Thomas Charles lived still stands. Recognised today as the Barclays Bank, plaques have been placed on the building to commemorate what happened.

The College which overlooks the town was established in 1937 by Dr. Lewis Edwards as an Academy for aspiring young ministers of religion. In 1963 it ceased to function, but later was given a new lease of life when it was opened as a Welsh Presbyterian Youth Centre. Nearby stands Bodiwan, a private house, once the College for young Welsh Congregationalists, whose first principal, the Rev. Michael D. Jones, founded the Welsh Colony at Patagonia.

Leaving Bala eastwards, one can see on the right the car and caravan park. Known as Y Green, this was the venue of the Sasiwn (session) where people from all parts of Wales flocked to listen to the eloquence of famous Welsh preachers.

Many small industries thrived in Bala years ago, with, perhaps, the woollen industry the most important, and there is ample evidence that ancillary industries also thrived. Hand-knitted woollen stockings and gloves were taken to markets as far afield as Shrewsbury, and up to 200,000 pairs sold annually. With the advent of machinery, the effect was disastrous. The Tryweryn factory, famous for blankets and stockings, flourished until the early forties, when it ceased to produce and subsequently demolished. That was also the fate of Felin Newydd (New Mill) which had served the local farming community by producing flour from local grain.

Bala was also a centre where, in the days of the drover, cattle were brought to the Green to be shod before starting the long journey to Barnet, and other fairs.

Space will not allow the mention of other industries which were part of the economic life of the town and district. Today, however, Bala is one of the most popular inland resorts in North Wales, and is, together with the surrounding district, meeting the increasing challenge of tourism with enthusiasm.

Y BALA : BYR HANES

Tref farchnad fechan yw'r Bala yn sefyll i'r gogledd-ddwyrain o Lyn Tegid. Niwlog braidd yw hanes cynnar y dref, ond credir bod nifer o gartrefi yma yng nghyfnod y Rhufeiniaid. Dywedir bod y Domen, sydd ar gwr y dref, yn rhan o batrwm amddiffyn y milwyr hynny, ac o'r Domen y gwyliid dyfodiad gelynyion o'r dwyrain.

Efallai i'r Bala ar un adeg fod yn dref garsiwn, ac mae'r Domen yn awgrymu hwyrach bod hyn yn ffaith. Mae dwy Domen arall heb fod ymhell, sef Tomen Gastell a Phenybont.

Pan oresgynnodd y Rhufeiniaid yr ynysoedd hyn, daeth rhai o'r lluoedd i Benllyn a chodi ohonynt gaer yn y lle a adwaenir heddiw fel Caergai. Cloddiwyd creiriau o gwmpas y fferm yn cadarnhau hyn.

Fe saif y Bala mewn dyffryn llydan wedi ei amgylchynu gan fynyddoedd yr Arenig i'r gogledd, y ddwy Aran (Penllyn a Mawddwy) i'r gorllewin, a'r Berwyn i'r de.

Datblygodd y Bala o fod yn ardal fechan i fod yn dref o bwys crefyddol ac economaidd.

Oherwydd sefydlu academiâu crefyddol yn y dref, enillodd yr enw 'Athen Cymru'. Yn y Bala y gweithiodd y Parch. Thomas Charles, sefydlydd y Feibl Gymdeithas, ac yma y gwelodd ei freuddwyd fawr i sicrhau 'Beibl i bawb o bobl y byd' yn cael ei sylweddoli. I'r Bala y cerddodd Mary Jones yn droednoeth o Lanfihangel-y-Pennant i dderbyn Beibl Cymraeg oddi ar law Mr. Charles. Yr adeilad a adnabyddir heddiw fel Banc y Barclay oedd cartref Thomas Charles, ac i nodi'r ffaith hon fe osodwyd tabledi ar fur yr adeilad.

Ym 1937 fe godwyd Coleg ar gwr gogleddol i'r dref gan Dr. Lewis Edwards fel academi i hyfforddi gweinidogion ifanc; ond tuag ugain mlynedd yn ôl (1963) fe gaewyd y Coleg. Ymhen ychydig flynyddoedd fe'i agorwyd drachefn fel Canolfan Ieuenctid Eglwys Bresbyteraidd Cymru. Ar draws y ffordd i'r Coleg hwn y mae'r tŷ preifat, Bodiwan, lle, ar un adeg, a fu'n Goleg i Annibynwyr ifanc. Y prifathro cyntaf oedd y Parch. Michael D. Jones, sefydlydd y Wladfa Gymreig ym Mhatagonia.

Wrth fyned allan o'r dref tua'r dwyrain ac ar y llaw dde, yn ymyl hen Ysgol Ramadeg y Bechgyn, fe welir maes parcio moduron a charafanau. Dyma Green y Bala, lle flynyddoedd yn ôl, y cynhelid yr hen Sasiynau lle y cyrchai'r torfeydd i wrando ar gewri'r pulpud Cymreig.

Yn y blynyddoedd a fu, 'roedd y Bala yn ganolfan economaidd o bwys, gyda llawer o ddiwydiannau bychain yn ffynnu. Efallai mai'r pwysicaf ydoedd y diwydiant gwlan, a'r diwydiannau ategol. Cynhyrchid sanau a menig yn y cartrefi, ac yr oedd marchnad barod iddynt. Fe honnid y gwerthid tua 200,000 o barau yn flynyddol. Fodd bynnag, pan ddaeth peiriannau yn boblogaidd bu'r effaith yn ddinistriol.

Bu ffatri Tryweryn yn enwog am wrthbannau a sanau a chyflogid nifer da o bobl leol yno. Tua dechrau yr Ail Ryfel Byd bu raid cau yr hen ffatri ac ymhen amser fe ddymchwelwyd yr adeilad. Dyma, hefyd, fu tynged y Felin Newydd ar ôl rhoddi gwasanaeth i amaethwyr y gymdogaeth am flynyddoedd.

Yng nghyfnod y porthmyn 'roedd y Bala yn ganolfan lle dygid gwartheg o ogledd gorllewin Cymru i'r pwrpas o'u pedoli. Fe wneid y gwaith hwn ar y Green cyn cychwyn o'r gyrrroedd ar eu taith hir i Ffair Barnet a ffeiriau eraill.

Ni chaniatâ gofod i sôn am fan-ddiwydiannau eraill a ffynnent yn y dref a'r cylch, ond yr oedd eu cyfraniad i'r economi leol yn bwysig.

Erbyn heddiw, gyda'r Bala yn cael ei chydnabod fel un o'r canolfannau gwyliau mwyaf deniadol a phoblogaidd yng Ngogledd Cymru, mae twristiaeth yn gwneud cyfraniad pwysig i economi'r gymdogaeth.

ACE—a head start for the British Team

At all World Championships since 1973, ACE have been official suppliers of helmets to the British and numerous other National Teams for both Slalom and Down River Racing. The ACE helmet is now accepted as simply the "BEST" lightweight canoeing helmet available today and is used by the majority of top canoeists throughout the world.

Their strength comes from an outer shell moulded in either high impact polypropylene or polycarbonate and comfort is achieved by the use of a fully adjustable soft polyethylene inner cradle. They are available in 4 standard opaque colours: red, blue, yellow, white and also in translucent polycarbonate.

ACE helmets were chosen for maximum protection by members of the recent Annapurna/Marsyandi river descent and by many other expeditions. The same high quality and style goes into the new range of ACE PADDLES which are also available from your local canoe equipment stockist. All ACE paddles & helmets are, of course, Design Council approved.

SPORTS COUNCIL BACKS CANOE

'81 THIS is the biggest ever year for canoeing in this country. Recognising this, the Sports Council is supporting Canoe '81 with a £300,000 grant package which will help establish Bala as a major venue for the sport, improve facilities at Holme Pierrepont, our National Water Sports Centre at Nottingham, and assist the British Canoe Union in staging the world championships.

It represents a major investment in canoeing. And the bonus is that this money will have lasting benefits for both canoeing and rowing in improved facilities for training and competition at international level.

These championships will provide a shop window for canoeing and the Sports Council is delighted to be associated with them.
