-----0-----

The average for the Division four percentage calculations, equalled the modified average, which equalled 235.8 .
 No Division four ladies were within 25% of the last man to be promoted, therefore no ladies promoted.

The organiser would like to thank all people (too numerous to mention !) who helped make the event a success.
 And finally, let me thank you the paddlers, for your co-operation.

J.A.Blundell.
