We thank Linton Lock Marina Ltd., for permission to run this event.

We thank those two lovely ladies Lulie and Val (neither of them members of M.C.C.) for working non-stop in Control.

We thank John MacLeod and other M.C.C. members for the many hours they put into preparing the course.

We thank John MacLeod for finding a wonderful new slalom site. Those who were there after the course had been dismantled will appreciate the breadth of imagination, to visualise a slalom course on a weir previously considered to be dangerous to life and property.
