Sorry that we could only allow competitors & judges on the water during free practice on Saturday Evening. With so many entries and rumours of a large influx of casual paddlers, due to the cancellation of the Tryweryn event, we felt that this was the only fair way to treat the paddlers who had been fair with us and sent entries on time.

Due to the bad weather on Saturday, few paddlers took advantage of the free practice time (an unusual situation) and consequently now looks as though we were over reacting. In fact we based our assumptions on the numbers paddling on the Saturday Evening at our 1984 event.

Thanks to those who completed the questionnaires we now know what you do and do not like.

I would also like to thank all the Judges/Competitors and all who helped
