?/?/?	
4. Ladies Scratch	16.36.90
Parter/Hands/Marsh	

The Washburn Site

As many of you know the site is now leased by the Water Authority to The Washburn Committee. This was the only way in which canoeing could continue. This of course costs money and £240 per day has to be paid for each release made up as follows:-

Water Authority Charge	£150. 00
Lease	40. 00
Washburn Committee	40. 00

Your car parking fee therefore is NOT being used to make large profits for the organising club but to offset some of the above. This is also why it is necessary to charge EVERYONE who uses the river on event days. I have no objection to people coming to use the site for practice but I expect them to make their contribution to its costs just like those who are competing.

The Washburn Committee needs the money for repair/maintenance of roads/fences as well as to go towards further development. A toilet block will be the next improvement along with path and walling. Following these, work should then commence on the river bed. You will be pleased to hear that the second weir is high on the WWR list of priorities!

As happened last summer, a series of evening releases are planned for the months ahead. These are for all canoeists and proved popular for competition and recreational paddlers before the drought saw the supplies run out! The dates for this year are as follows:-

May 9th - May 30th - June 20th - July 11th - Aug 15
