Sorry for getting the sums wrong at Prize Giving! Congratulations East Mids.

Many thanks to all paddlers who made this event so enjoyable to run. I think that the rules need to be looked at for next season as to whether paddlers should actually gain points for taking part. I believe that this would act as further encouragement for Regions to get paddlers on the water and reward for those who already do.

It would be a great help if paddlers could enter as their REGION and not as their club. There is still also the matter of what region people are eligible to compete for. To avoid confusion should it not be what is stated on SCU cards and, as these are going to have to be shown at all events in the future, this would solve uncertainty. As an alternative now about where you should pay your Poll Tax?

Many thanks to all those who helped run both days events. It certainly makes my job a lot easier knowing I have such a reliable team.

W. HASAR. 9/4/82
