A big hand to everyone who finished this course it will be 2nd division next year and I will be surprised if the course will be any harder than it was this year. We wish John McLeod all the best for the Olympics and hope we will see him again next year when we hope to give him a lot more competition. Our thanks to all those who judged without sometimes getting relieved and always had the company of the midges. We hope everyone enjoyed the slalom as this is the main thing. Apparently the bouys on the spiked weir were washed away but happily we had no accidents. Apparently the three runs in the individual helped some people as 11 had this run as their best run however this idea would be impossible with over a certain number of competitors due to the time taken. Below is a list of dates of Scottish slaloms coming, the Comrie slalom date is not certain but I am sure that if you are interested enough to ask Anorum they will tell you.

SEPTEMBER 2ND & 3RD --- bill Stevens --- Roxburgh --- Mackerston

SEPTEMBER 17th --- Graham Smith

Boroughmuir School, Veivforth, Edinburgh, Free Scotland.
Scottish slalom and white water championships,
