

STRATHKELVIN KAYAK CLUB. THISTLEBRIG W.W. RACE. Jan. 1976.

Results. The very large number of entries (138) combined with the inadequate numbering of many boats made it impossible for the Finish judges to identify and time every competitor. The gaps in the W.W. list can probably be filled by those who took part as most boats were identified, but only the leading positions in the slalom classes can be listed.
