94. T. Digger	Don Valley	48.14.1				
95. G. Lipp	I.L.Marsh	49.25.5				

Midland Canoe Club have asked that we print the following Notice:-

Due to inconsiderate behaviour of many canoeists using the Bala Mill site on the weekend of the Midland Canoe Club Slalom and Stafford & Stone River Race, the Bala Mill site has possibly been lost to canoeists.

Despite Large Notices and frequent requests from the organisers that no cars were allowed on the field, many insisted on bringing them on, even after the heavy storm on Sunday afternoon. This extensive damage occurred to the field.

Despite instructions on the start list and being told by the organisers, many people insisted on parking their cars on the housing estate rather than the walled ground or the car park, thus upsetting the residents. The Residents' Association have formed a petition to try and prevent us using the estate again, also, possibly due to the complaints from the local residents, the camp site was visited by a public health official, who expressed doubts as to whether we would be allowed to let so many people camp on this site again.

A tremendous amount of work has been put into arranging the use of, and access to the Tryweryn, for canoeists. We have used it now for four years, with the co-operation and assistance of local residents and organisations. If we lose the Bala Mill Site it will not be because the locals are being unreasonable or that bureaucracy is treading on the canoeists again, it will be because of canoeists taking advantage of this amenity made available to them, having been totally selfish.

LOST A 'C' paddle was lost over the weekend and should anyone know of its whereabouts, could they please contact Pauline Goodwin, Woodendale Cottage, Maer Hills, Baldwins Gate, Newcastle, Staffordshire - or 'phone 0782 630692.

APOLOGIES from Pauline Goodwin to those competitors whose race times were incorrectly recorded on the original results sheet. Those affected were Juniors, Youths, Slalom boat class and a few Mens K.L.

P.G.
