STAFFORD AND STONE CANOE CLUB.

British Open White Water Racing Championships 1979. held on the River Tryweryn, May 5th and 6th.

Stafford and Stone C.C. would like to thank all paddlers for their co-operation in ensuring the success of this event despite the re-arranged schedule and shortened course. The circumstances causing the changes were obviously outside our control but the race seemed to suffer very little. Many people (not least the organisers) felt that for once Sod's Law had worked in our favour; the first dry Tryweryn Championship Race for three years was followed by a very wet, raw May Day Holiday.

Thanks are also due to paddlers for complying readily with the police instruction forbidding exit from the course to the road from above the slalom site. This obviously meant more carrying of canoes by tired paddlers. Your co-operation should help to ensure continued usage of the site. Thanks.

The B.B.C. film of this year's race will be shown on Grandstand on 2nd June. I'm still interested to see if the camera crew managed to con some innocent paddler into do a capsize for them.

Phil Baskerville.
