1959 Ranking competition percentages were a newly applied system.

For more detail, see White Water magazine 'Spring 1959', page 10, Ranking Methods. Briefly, scores greater than three times the winner were ignored and percentages were based on 100% being the average score of those remaining.

In previous years, the 100% had referred to the race winner's score – see White Water magazine 'Winter 1958', page 24, Ranking Lists.
