Thank you to all paddlers who help make these events run very smoothly. To those who end up paying extra for late entries please try and get them in on time for the next event (February 25/26) as not only does it make my task easier it also makes it cheaper for you!

I did receive a complaint from locals about parking at Appletreewick. Please respect notices and remember that continued use of this valuable site for ALL canoeists depends on it.

Many thanks to all those who made these two events possible and may I take this opportunity to wish speedy recoveries from recent operations to two people who over the years have given valuable assistance at each event, Norah Small and Marie Mason. Hope to see you about soon!
