

Dear Brian,

Here is brief information about Bere Forest Crossed Polo Team.

Bere Forest is a geographical area of Hampshire. In the older days it was a Royal hunting forest and several sites of hunting lodges still exist. The team took the name Bere Forest as all its members live within this area. We have two senior teams 'A' & 'B' and two junior teams 'A' & 'B'. The team train as a squad on Tuesday evening from September to February - Pool & Gym work build up to a peak for the national championships. Competition for the 'A' team is very fierce and our 'B' team members tend to get very

downhunted at times - undisciplined
as the 'A' team has now been
unchanged for 3 years.
