Dear Paddler

Thanks for supporting our slalom and for being such a good crowd to deal with. We look forward to seeing you next year.

We're sorry that the start list was a bit later getting to you than we would have liked but because of the nature of the entry we waited until the last minute. The entry went something like this:

One day before the closing date	25 paddlers
Closing date	39 paddlers
Start list date	95 paddlers
Start of event on Sunday	163 paddlers

We heaved a sign of relief of course but it made for some organisational headaches, not least of which was the number of medals to award and the engraving of them. In the end, as we manufacture our own medals, we decided to award a lot of medals, engraving only the winners, leaving the others to get their own engraving done. In this way we were able to award 35 medals and 10 winners trophies, surely a record?!

I hope that you enjoyed the podium and brassband at the prize-giving ceremony and that it has whetted your appetite for the 'big-time'. Next year we are keeping these features and are adding new ones such as computerised results, a more lavish Grand Prix and more extensive cafe facilities.

We look forward to seeing you.

Best wishes and good paddling.

John Hatton
