

FRIENDS OF ALLONBY CANOE CLUB LIVERPOOL

TRYWERYN

DIVISION 3

RESULTS

12/13 JUNE 1993

Friends of Allonby Canoe Club hope that you all enjoyed this years event as much as previous years.

I trust that most people have become close friends, if not blood brothers with our friendly midges at the campsite, hope you remember your midge(ssssss)'s name(ssssss) for next year.

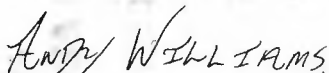

As far as I saw it, the event seem to go very smoothly, except maybe Vince's computer not working on Saturday morning. This not helping his job very much in control, but in the end he got through. If you are interested, the reason for its failure was that the generator was playing up so causing the problems.

I did hear some paddlers say that it was a good course and a good event, I hope the same feeling goes for everybody else. I spoke to a few paddlers and they were concerned of us not running the event again. As some of you know, organising an event can be very difficult and stressful. The problems of money and meeting budgets and not having too much impact on club funds can be a big problem. The Tryweryn Centre have raised the cost of using the site by a large amount, this and not being able to run our own refreshments. All this means that running a slalom event on the Tryweryn is costing us a lot more. We need you to raise this issue for all clubs who run slaloms on the Tryweryn, with the BCU and the WCA.

I would like to raise a point with you, some of you heard this from Vince at prize giving. The standard of entry cards being sent to use has dropped every year. Many more cards are incomplete, wrong and in many cases unreadable. You are in division 3, some now will be in division 2, you have been in division 5 and 4 so you DO KNOW how to fill the cards in. So please fill in the cards with more care and correctly, not just for this event, but for all events!

Again, I hope you all enjoyed the event and the weather and lets not forget the midges.

Have fun and safe paddling,

Andy Williams
(Organiser).
