Many thanks to :

All the paddlers for building the course, judging, changing the course and then taking it all down again.

Parents, family, friends and anyone else who helped out in Control over the weekend

The Judges and Jury members.

The Landowners

The weathermen for getting it wrong – where were the Gales forecast?

And finally, although I don't like to mention specific names, as there's always somebody can be forgotten, I would like to record a special thanks to Ken and Chris Baillie for the work on timing and communications and in Control before during and after the Event.

Many thanks again to everyone who helped, see you again next year, hopefully under more normal circumstances.

Jim
