There have been some changes in the administration, additional appointments have been made to deal with the increase in interest in Long Distance Racing.

Mr.Allan Witham of 16 William Road, West Bridgeford, Nottingham has been appointed Competitive Secretary and now deals with all data on U.K. races. In future he will be responsible for the production of the annual fixture list. It is hoped that all race organisers will keep in close contact with Mr. Witham.

The Committee decided to appoint an official to deal with Foreign L.D. events and to act as British Team Captain. He is Dr.Bernard Watkins, St Thomas' Hospital, London S.E.1. He is responsible for getting together a group of paddlers to train as a potential British Team. Any matters concerning foreign races should be addressed to Dr. Watkins.
