FORWARD BY THE CHAIRMEN

As promised by Mike Haslam in his foreword to the Year Book last year 1981 proved to be one of "The Greatest Ever" for those involved in Racing. The credit must go to the paddlers, the coaches and all those who made CANOE 81 the success it was.

A side effect of this, however, was that the Racing Committee found itself concentrating on CANOE 81 sometimes to the detriment of progress in other fields concerning the development of the sport. The effort put in to CANOE 81 caused a reaction as all those involved relaxed after the event, and it proved difficult to get started on many of the other tasks which the committee had hoped to complete during the last year. One result of this was that despite being warned at the section AGM (1st Part) in September 1981 of the resignation of the Chairman in January, no proposals for a replacement were forthcoming from the Section. The result was that I was appointed as both a "Caretaker" Chairman and a "Caretaker" Secretary. This is not an ideal situation, for myself, or for the section and a replacement for both positions will have to be found before August 82.

A further result of this state of lethargy, was that there were no motions put forward at the January AGM from either section or the committee. I do not believe that the reason for this is that everyone is satisfied with the current state of affairs! During my period as Chairman, I hope to tie up all loose ends left over from 1981, and to encourage the new structure agreed in January 1981- to work more effectively in the inter-relationship between the Racing Committee and its sub-committees and with the regions.

One development which the section did manage to approve, was the new Divisional structure for racing and details of this are included in this Year Book. The Regatta Committee has also not been idle, and the new arrangements for regattas in 1982 are also described elsewhere in the Year Book.

Finally, I hope that the successes of 1981 will be improved on in 1982, and that my period in office as Chairman will be the shortest ever.

DAVID HOWIE, CHAIRMAN/SECRETARY RACING COMMITTEE

Normally this foreword is an innocuous and rather bland encouragement for paddlers in the coming season. This year whilst these encouragements apply even stronger from the paddling and results point I would like to be a little more outspoken as far as running our side of canoesport is concerned.

When the Marathon Committee take any action, then critics arise and I and other executive members are accosted and quite frequently harangued. Now, I have no complaint at all about this, it is democracy in action, albeit retrospective action.

What would be a great improvement would be for those critics to transfer themselves to the sharp end and do some of the National work. The executive committee has been very stable for many years but for various reasons we are now three members short. A.G.M. attendance despite location and weather could only be described as poor and I wondered what the attendance would have been if the Sprint A.G.M. had not been on the same day at the same venue.

This is not intended to be bleating to excuse any future boggits. We have made them before and I am sure will do so again. The reaction required is for hordes of requests to join the executive. You don't need lots of money - travelling, postage and telephone expenses are paid. There are only five or six meetings a year. But nine people cannot do the work of twelve or as well as twelve. Amongst others we desperately need a press officer. We need canoeists viewpoints as administrators so come-on, I've warned the G.P.O.

Good Paddling.

ALAN LAWS, CHAIRMAN MARATHON COMMITTEE

EDITORIAL

As you will see this years Canoe Racing Year Book has been compiled in the same format as last years edition, with coloured paper to aid quick indexing of the various sections.

This edition is also the first that has been printed on the Regatta Committees Offset Litho printing machine which was purchased from the accumulated surplus of funds from HPP NWSO regattas of the last few years. Hopefully, the quality of this edition will be as good, if not better than those of previous years.

The compilation of the information for this year book is essentially a team effort and I would like to thank those listed below on your behalf for all the long hours of work which they have put in to make this 1982 edition possible. I would also like to acknowledge the assistance of Nottinghamshire County Council for all they have contributed to our sport in the past and without whose continuing assistance projects such as this Year Book would be almost impossible to achieve.

COMPETITION COACHES SCHEME (RACING)

If YOU are keen to help competitors to succeed, this is for you.

Courses are open to all BCU members who are 18 years of age or over, be they competitors, non-competitors, parents or established instructors.

If you are hesitant about joining a 'formal structure' do not be alarmed - there is no compulsion to sit an examination or accept a 'qualification'. You are quite welcome merely to attend the courses.

Entry to the scheme is by direct application to the organiser concerned.

RACING TRAINER

This is aimed at those introducing paddlers to the lower levels of competition. It is designed to attract competitors and non-competitors, and also non-canoeists such as parents of paddlers.

CONDITONS OF ENTRY

1. Be an individual BCU member (includes family membership)
2. Be 18 years of age or older
3. Pay the appropriate registration fee.

THE COURSE WILL COVER THE FOLLOWING -

- Paddler and/or handling skills and analysis
- Rules and tactics.
- Water reading and/or use of water.
- Equipment.
- Simple training programmes.
- Relevance of gym and weight training sessions.
- Trainer/paddler relationships.
- Canoe safety for trainers.

There is no formal assessment at this level.

On the successful completion of a trainers course the director will endorse the candidates coaching log book.

RACING COACH

This is aimed at those regularly involved in competition coaching within clubs

TRAINING COURSE

CONDITIONS OF ENTRY ARE THE SAME AS FOR THE RACING TRAINER.

THE COURSES WILL COVER THE FOLLOWING -

- The analysis of skills and techniques.
- Techniques, tactics and technical knowledge.
- Training programmes and peaking.
- Physiology of exercise.
- Cardiovascular training.
- Action of muscle and muscular development.
- Diet.
- Tests and measurements.
- Basic Psychology and motivation.
- Coach/paddler relationships and personality.
- Control and safety in the coaching situation.
- Outline of experience required and level of assessment.

ASSESSMENT

Candidates who have satisfied all conditons of entry and training and have

gained experience to the level indicated to them on the training course are eligible to attend an assessment of one day duration. Candidates for Assessment must be B.C.U. Senior Instructors or exempted by the Director of Coaching*

They will be expected to have kept a log book, and the assessment will be based on:

An oral examination.

Practical coaching tests on specific aspects of the syllabus.

* For direct entry at coach level, a candidate should be recommended initially by his club, or an established coach of the type concerned, to the Director of Coaching, who is empowered to issue a "certificate of exemption".

Successful candidates will be issued with a certificate. It will then be valid for five years from the 31st October following the assessment or appointment date, but always subject to the holder remaining a member of the BCU. It can be re-validated for further five year periods provided that the award holder submits a log of his/her competition coaching activity to the Director of Coaching to show that he/she has kept up with developments and that he/she still actively coaches.

LIST OF RACING COACHES

The Racing Coaches listed below are known to have an accepted commitment to the Clubs/Organisations shown below. This list does not necessarily indicate that those named have a formal BCU Competition Coach's qualification, although some do. It is not comprehensive, nor should it be taken as the official list of coaches recognised by the Racing and Marathon Racing Committees.

(* indicates coaches interested in Canoe Coaching as well as Kayaks).

RACING ENCOURAGEMENT TESTS

1. These tests are designed to encourage paddlers to master the balance and paddling techniques required to race an international K1.
2. The tests should not be confused with Star or Proficiency Tests. They are not in any way related. Their sole intent is to encourage racing and marathon skills in single-seat international racing kayaks. They are for the use specifically of Racing Trainers and other members of the Coaching Scheme who wish to promote K1 paddling.
3. The existing Espada Award Scheme is not affected. These Racing Encouragement Tests are designed to help a paddler to the point where he or she is capable of entering a ranking race or regatta and thus undertake the 10,000 metre award or continue through the "Espada Awards". Full details of these are contained in the Racing Year Book.
4. Certificates are available in blocks of 10 at a cost of £1.00 to all qualified Senior Instructors or Racing Trainers, or above.
5. Examiners are asked to keep as nearly as possible to the draft syllabus.
6. Any amendments to these tests that may prove necessary in the light of practical experience will not be retrospective, and will not in any way affect candidates who obtain certificates.

TEST REQUIREMENTS

The fee for a Certificate is 20p. There is NO FEE payable for a FAIL.

The Test should be taken on still water, but may NOT be taken in a swimming pool. It is intended that seats should be used, but spray decks are not necessary for Grades I and II, and should NOT be used for Grade I.

For all tests candidates must be able to swim 25m in light clothing. Lifejackets to BSI 3595/69 or Buoyancy Aids to SBBNF and ICF requirements must be worn by all paddlers up to Grade III, and at all times for the purpose of the test by paddlers under the age of 18 years.

No part of the tests may be taken in a swimming pool.

More than one test can be taken at a time but grades should not be skipped. The candidate need only purchase the highest grade certificate.

Examiners should note that the tests are designed to determine skills required in marathon or paddle racing. The demonstrations should reflect this requirement, and not be judged against manouvres employed in other forms of canoeing.

The tests may be taken in an Espada or any Class I International Racing K1.

THE RACING RULES

Valid from 1st January, 1978

I GENERAL REGULATIONS

1. All competitions announced as National or Open competitions shall be held in accordance with the Racing Rules of the British Canoe Union. (This rule does not apply to closed or invitation competitions subject to Rule 4).
2. National competitions are organised by, or on behalf of, the B.C.U.
3. Open Competitions are competitions for which entrance fees are charged, over distances up to 10,000 metres, organised by a member of the B.C.U., a Club or Clubs affiliated to the B.C.U. or by an organisation outside the Union.
 - a. A STATUS COMPETITION is an open competition approved by the Racing Committee, for which a Regatta Permit has been issued (see Rule 6) and in which all or some of the events advertised, are for the classes of kayaks and canoes as defined in Section II of these rules. Details of such competitions will be published by the Racing Committee in the B.C.U. Calendar, the Canoe Racing Year Book and other such publications as the Committee sees fit.
 - b. A NON-STATUS COMPETITION is an open competition in which none of the events advertised are for Classes of kayaks and canoes as defined in Section II of these rules.
 - c. Entry to an open status competition is restricted to members of the B.C.U. No non-members of the B.C.U. may compete in an open status competition unless exempted under Rule 7 and/or unless specifically permitted by the decision of the Racing Committee of the B.C.U.
4. Competitions are considered closed or Invitation Competitions if entry is restricted to named individuals; bona-fide members of an independent organisation or recognised clubs. The number of such clubs must not exceed three and for affiliated clubs Rule 5 applies.

5. Every Club affiliated to the B.C.U. shall state its affiliation in its competition advertisement and programme and declare that the competition is being held under B.C.U. Rules.

6. Application for a Regatta Permit shall be directed to the Hon. Secretary of the Racing Committee. Such a permit shall require:

- a. Observance of the B.C.U. Racing Rules
- b. Inclusion of the words "Under B.C.U. Rules" upon all printed matter issued in connection with the competition.
- c. Compliance with Section III rule 19.b. regarding Regatta Officials.

If an organisation is not in possession of a Regatta Permit, then the competition is not considered an amateur competition under the B.C.U. Rules and anyone competing shall disqualify himself from competing under B.C.U. Rules until he or she has been reinstated by the B.C.U. Racing Committee.

7. Only members of the B.C.U. may participate in Open Status competitions held under B.C.U. Rules, with the following exception:

Non-members may race in an ESPADA Class, providing they sign the Amateur Declaration and providing the event is not a National Open Championship.

8. An amateur competitor is one who practises canoeing for its own sake and not for pecuniary gain. No person shall be considered an amateur competitor:

- a. who has competed or canoed for stake money, prize or wager;
- b. who has coached or pursued the practice of canoeing for pecuniary gain;
- c. who has received money or any other consideration for taking part in canoeing.

9. When a competitor is a member of two or more clubs he shall, by March 1st, have declared the name of the club in whose colours he will race that year in individual events. In crew events that club shall have first claim on his service. A person joining a second club after March 1st must continue to race for his first club. A competitor who has changed his club is not permitted to compete for his new club unless prior consent of his old club has been obtained. The consent shall not be withheld in the case of a change of residence from one area to another.

10. No club or member of a club or individual member of the B.C.U. may compete in an open competition outside the United Kingdom without permission from the B.C.U. Racing Committee.

11. No member of a foreign club may compete or be invited to compete in an open or national competition within the United Kingdom without permission from the B.C.U. Racing Committee. A foreign competitor shall normally be expected to have the sanction of his own National Federation unless he has been domiciled in the United Kingdom for two years or more. This rule does not apply to women competitors who leave their country of origin and acquire by marriage British nationality. In this case, they can compete without the delay of two years.

12. Within 14 days of the close of a competition a completed programme with results and signed by the Competition Secretary shall be sent to the Records Officer of the B.C.U. Racing Committee for the records.

13. Classification of Paddlers

a. Junior - A Junior is a competitor under the age of 18 years on the 1st January, who has not been promoted to a Senior status class. On reaching the age of requirement for Novice status a Junior, not previously promoted, will be re-classified to an adult status class.

Senior status competitors will be nominated to compete in one of the Senior classes as laid down from time to time by the B.C.U. Racing Committee. A Senior status competitor may, at the discretion of the Racing Committee, be permitted to revert to a lower Senior class at the end of a regatta season.

e. Mixed Events - Mixed events in which male and female competitors take part, either in the same boat or in a competition with each other, are permitted.

f. Status - Status in Kayaks has no bearing on status in Canadian canoes and the converse. i.e. a premier Senior class competitor in Canadian canoes may be a lower Senior class or even Novice status competitor in Kayak.

g. Special Rules for Kayak Fours - Senior status competitors may not compete in fours events of a lower Senior class than that for which they are nominated as individuals. Senior status competitors may be members of fours crews competing in higher Senior classes than their own without losing their individual Senior class status. A win in a fours event does not affect the status of the members of the crew.

h. Promotions - All promotions shall be at the discretion of the B.C.U. Racing Committee. Promotions shall normally be decided at the end of each season, although the B.C.U. Racing Committee shall be empowered to promote competitors during a competition season, should it so wish.

The Competition Organiser - is responsible for organising the competition and producing the competition programme. He should chair the Team Leader's Meeting, and is responsible for the smooth running of the competition and the general co-ordination of Officials and competitors during the competition. When required to do so by the Competition Committee (or Jury in the case of National Championship competitions) he shall, with the assistance of the Measurer ensure that regulations concerning measurements are complied with. He shall make certain that the Announcer gives the onlookers all necessary information about the races such as the order of starting, the name of competitors failing to start and the result.

The Competition Secretary - shall be responsible for supervising the Secretariat, providing a results service during the competition, preparing and compiling a list of results for distribution after the competition and preparing a list of prizewinners if necessary. He shall keep the minutes of the proceedings of any protests. He shall provide the Press Official with all necessary information regarding the running of the races and the results.

The Secretariat - shall be responsible for recording the results of the races, arranging the draws for intermediate rounds and finals and distributing the results and draws to those officials who require them.

The Starter - decides all questions concerning the start of the races, and is alone responsible for decisions as to false starts. His decision is final.

He shall see that the starting gun or pistol is in good working order. By means of a signal, he shall communicate with the officials at the finishing line, and after having received a signal from there that all is ready, he shall order the competitors to their places and carry out the start according to the racing rules.

Aligner - the duty of the Aligner is to bring the boats to the starting line with least possible delay, to check the competitor's attire and the competition number on the back. When all boats are level he shall notify the starter by raising a white flag.

The 15m Umpire - will signal the Starter with red flag if one of the competitors has broken his paddle within area.

The Course Umpire - shall see to it that during a race the rules are complied with. If the rules are broken, the Umpire shall report the infraction to the Chief Official, who in turn shall refer it to the Competition Committee. The Competition Committee shall decide whether any of the competitors concerned shall be disqualified or not. If the Umpire has a report of an infraction of the rules he shall show a red flag after the race and shall make a report before the next race takes place. In such a case, the Competition Committee shall make known its decision immediately and before the result of the race is announced. If there is no infraction to report, the Umpire shall show a white flag. In races of 500 and 1,000 metres, the Umpire shall follow the race in a boat. He shall be completely unhampered during the race. No-one except the Umpire and his Secretary shall be admitted to the boat reserved for him. When a launch is not used, one or more Umpires shall be placed in such positions from which they can ensure that the rules are being complied with. In long distance races with many competitors, more than one Umpire may be nominated. One of the Umpires shall, if possible, follow the leading group in the race, but without disturbing the other competitors.

Turning Point Umpires - when a race is run along a course with one or more turning points, one or more Umpires and one Secretary must be stationed at every turning point, where they gain the best view of the turn. The Turning Point Umpire shall see that the competitors turn according to the rules. The Secretary shall make a list of all who pass the turning point. The Chief Judge shall inform the officials concerned in good time before a fresh race is started.

The decision of the Judges is final.

The Timekeepers - are responsible for recording the times. This shall be done by means of stop watches. Before each individual race, the Chief Timekeeper shall see that the watches have been wound and tested and shall divide the work among the timekeepers. At the end of each race, he shall compare the official times with the other timekeepers and immediately inform the Competition Secretary of them. Each race shall be timed by at least two watches. When the watches have not recorded the same time, the longest (Worst) time shall be taken as correct. The stop watches are to be started when the starting flag is lowered or when the smoke from the starting pistol or gun is visible, not when the sound of the shot is heard.

23. Alterations to Entries and Withdrawals - Only those substitutes named at a Team Leaders Meeting or on the entry are allowed to replace the nominated competitors. Notifications of such substitutes must be made to the Organiser at least one hour before the first race of the day. The withdrawal of an entry is considered final and no renewed entry of the same crew is allowed. Every competitor whose entry has been confirmed by his own club, at the time of the meeting of the Team Leaders called to confirm the entries is obliged to take part in the due event. If the competitor does not start, and has no valid reason approved by the Competition Committee, he shall be disqualified for the whole competition. For competitions other than National Championships these conditions should be complied with, where possible and Racing Committee approval for the course sought, through the Secretary.

27. Canoe Numbers - All kayaks and canoes shall carry a vertical plate marked with black numbers on a yellow ground indicating the lane. The plates shall be placed on the centre line of the after deck (Canadian canoe foredeck). The approximate size of the number plate shall be 18 x 20cm.

28. Instructions for Competitors - Written instructions shall be available for competitors 2 hours before the beginning of the competition, containing the following information:-

- a. Detailed information of the courses and their markings.
- b. Starting time
- c. Starting line
- d. Finishing line
3. Competitor's racing number

29. Protests - A protest against the right of a crew to take part in a race shall be referred to the Chief Official not later than one hour before the start of the race.

a. A protest made later - within 31 days from the date when the race in question was held - is only permitted if the officials of the club of the competitor making the protest can prove that the facts on which the protest is based, came to their knowledge later than one hour before the start of the race.

b. A late protest shall be referred to the B.C.U. Racing Committee accompanied by the prescribed fee (see below).

c. A protest made during a competition must be addressed to the Competition Committee and be handed to the Chief Official not later than 20 minutes after the team leader has been informed by the Chief Official of the protest against his competitor or team. All protests must be made in writing and be accompanied by a fee of £1.00 which shall be returnable if the protest is upheld. If the protest is not upheld the fee may not be returned at the discretion of the Competition Committee.

IV RACING REGULATIONS

30. Disqualifications - Any competitor who attempts to win a race by any other than honourable means, or who breaks the racing regulations, or who disregards the honourable nature of the racing regulations shall be disqualified for the duration of the race concerned. Should a competitor have completed a race in a kayak or canoe which is shown upon inspection not to fulfil the classifications (Rules 15 to 18), he shall be disqualified from the race in question. It is forbidden to receive during a race, outside help, or to be accompanied by other boats along the course - even outside the lanes - or by throwing objects into the course. All such acts shall entail the disqualification of the competitor/s concerned. For National Championships and where possible for other competitions all disqualifications by the Competition Committee have to be confirmed in writing immediately with the reasons. The team leader has to acknowledge the receipt on a copy with exact time, which is the start of the protest time.

31. Means of Propulsion - Kayaks shall be propelled solely by means of double-bladed paddles. Canadian canoes shall be propelled solely by means of single-bladed paddles. The paddles may not be fixed on the boats in any way. If a paddle is broken (except at the start; see Rule 33) a competitor may not be provided with a new one by a supporter.

32. Heats and Finals - At least three kayaks or canoes must be entered before a race can be held. If the number of entries in races up to and including 1,000 metres is so great that heats are necessary, the number of kayaks or canoes in each heat and in the final must not exceed nine. The division of competitors into heats shall be determined by drawing lots.

a.(i) Where the width of the course permits, eight or nine kayaks or canoes shall participate in the final, (if more than this number have been entered in the entire race the recommended procedure is:-

- 3 to 9 entries, direct final
- 10 to 11 entries, two heats and four from each to the final
- 12 to 27 entries, three heats and three from each to the final
- over 27 entries, required number of heats and three intermediate heats. Three from each of the intermediate heats to the final.

a.(ii) The division into heats must be made in such a way that at least three competitors proceed to the final (or intermediate heats) from each preceding heat.

b. When making the draw, the difference between the number of competitors in the heats of a race shall not exceed one.

c. If the number of competitors in the heats varies, the earlier heats shall have the larger numbers. Any crew which has not taken part in a heat as instructed shall not be allowed to compete in the final. The composition of a crew which has qualified for intermediate heats or for the final must not be changed.

d. Heats and the final shall be run on the same stretch of water. Participation in the final must not depend upon times attained in the heats. For races of more than 1,000 metres, heats shall not be held, and all canoes taking part shall start simultaneously.

e. Should the width of the water not permit a simultaneous start, starts at regular intervals shall be permitted.

33. Start - Lots shall be drawn to determine the stations of boats at the start. Number one shall be placed on the left, then number two and so on. In competitions where heats are required, lots must be drawn for each heat separately (Opening, intermediate and final).

a. Competitors shall be at the start at the time specified in the racing programme. The start shall be given without reference to any absentees.

b. The position of the boats at the start shall be such that the bows of the competing boats are on the starting line. Boats must be stationary.

c. The Starter shall give the starting signal by the word "Ready" to be followed by a shot. The shot can be replaced by the word "Go".

d. When races start from a pontoon or dock an assistant holds the stern of the boat and releases it on the word "Go" (shot).

e. If the competitor starts paddling after the word "Ready" and before the shot has been fired, he has made a false start. The Starter must immediately warn the offending competitor/s and if two false starts are made by the same competitor/s the Starter must exclude him(them) from the race. All crews making a false start and not only the competitor/s who caused the false start shall be subject to the same penalties. Any competitor who disregards the second warning of the Starter to take up the correct position at the start, and who keeps ahead of the other competitors, shall be excluded from the race in question.

f. Should any competitor break his paddle within 15 metres from the start, the Starter shall immediately call back all competitors, and a new start shall be made after the broken paddle has been replaced. The team managers of the competing teams are responsible for having reserve paddles available at the start for their respective teams. The recall shall be made by means of a second shot.

34 Interruptions - The Umpire has the right to interrupt a correctly started short distance race if unforeseen hindrances arise. Such an interruption may be effected in the same way as is prescribed for recall in 33 above. The competitors must immediately stop paddling and await further instructions.

If a race is declared null and void, no change of the composition of a crew is permitted at the new start. In the event of a capsized competitor or crew is eliminated from the race if he or they are not able to get in again without outside help.

35. Taking Pace and Hanging - Taking pace or receiving assistance from boats not in the race or by any other means is not permitted. When a race is in progress crews not taking part in the race are strictly forbidden to proceed over the whole or part of the course, even outside the marking buoys.

a. Races up to 1,000 metres - In races up to 1,000 metres competitors must keep their lane from the start to the finish of the course. It is forbidden to hang, and no competitor must come nearer than five metres in any direction to another competitor and derive benefit from his wake.

b. Races of more than 1,000 metres distance - In races over distances of more than 1,000 metres competitors may deviate from their lane, providing they do not impede other competitors. Over the last 1,000 metres the rules as for races up to 1,000 metres, in particular the 5 metres rule, apply. In long distance races every competitor shall be warned by a sound signal (e.g. a bell) when he passes a point 1,000 metres from the finishing line.

36. Turns - When a race is run on a course with turning points, these shall be passed to port (i.e. in an anti-clockwise direction). When going around a turning point, the competitor on the outer course must leave room for the competitor on the inner course if that competitor has the bow of his boat at least level with the front edge of the cockpit of the boat on the outer course. With respect to K-2 and K-4, this refers to the fore-cockpit. With respect to C-1, it refers to the level of the competitor's body, and for C-2 it refers to the level of the body of the foremost member of the crew. A competitor will not be disqualified for touching a turning point buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning points.

37. Overtaking - When a canoe or kayak is overtaking another canoe or kayak in a race, it is the duty of the overtaking craft to keep clear at all times of the boat being overtaken. On the other hand, the craft being overtaken is not allowed to alter its course to make difficulties for the overtaking craft.

38. Collision or Damage - Any competitor who collides with another, or who damages the canoe or kayak or paddle of another, can be disqualified.

39. Finish - The finishing line is reached when the bow of the canoe or kayak with the competitor/s on it has passed the line between the red flags. If two or more boats reach the finishing line at the same time they get the same classification.

40. Racing Colours - A competitor or crew must not change their racing colours during a competition.

V SPECIAL RULES FOR NATIONAL CHAMPIONSHIPS EVENTS

41. Only members of the B.C.U., who qualify under Rule 14, may participate in National Championship Events. The only exceptions to this rule are those exempted by the B.C.U. Racing Committee under Rule 11.

42. All canoes and kayaks must comply with the classes and building rules as laid down in Section II of these rules.

43. Officials:-

Fully in accordance with Rule 19a and 19b and 19e.

44. Competition Committee:-

Fully in accordance with Rule 19c.

45. Competition Jury:-

Fully in accordance with Rule 19d.

46. Marking Signs:-

In accordance with Rule 25.

47. Courses:-

In accordance with Rule 26.

48. Disqualifications:-

In accordance with Rule 30.

49. Heats and Finals:-

In the event of there being less than six kayaks or canoes in a National Championship Final then a National Championship Medal will only be awarded to the winner.

RACING REGISTRATION SCHEME

INTRODUCTION

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, Competitors, Officials and Regatta Organisers and its inability to ensure that only B.C.U. members competed at Regattas. The Committee now feels that these shortcomings are being partly over-come by the operation of the Racing Registration Scheme. The Scheme also enables the Committee to establish exactly how many active Racing Canoeists there are in the country, at any one time, and more importantly, be able to contact them, individually whenever the need arises.

Additionally with the installation of the computerised race timing system at the Holme Pierrepont Water Sports Centre the registration number will be the unique numerical identifier for each paddler for programming of the computer to take place.

Only registered competitors will be allowed to compete in regatta committee events at Holme Pierrepont and/or B.C.U. National Championship events.

INITIAL REGISTRATION

All Racing Canoeists competing at the National Watersports Centre Regattas or in National Championship events are required to register with the Racing Committee. This may be done at the Canoe Exhibition held in February each year, or at the first N.W.S.C. regatta attended during the season, where the registration desk will be open for two hours on each day. Junior paddlers who are not members of the B.C.U. will be required to become Cadet members of the Union at a cost of £2.00.

For other competitors, registration will only be carried out on production of a current B.C.U. membership card. Each competitors details will be entered on the register (name, address, club, racing status, B.C.U. No. etc.)

For those competitors who are not B.C.U. members, they can become 'instant' members on payment of the appropriate B.C.U. subscription and completing the application form which can be obtained at the registration desk.

RENEWAL OF REGISTRATION

Registered competitors will remain on the register and retain their racing number until such time as they have not actively competed for two years or their B.C.U. Membership lapses.

Junior paddlers who initially register as Cadet members will remain on the register but should of course join the B.C.U. as full Junior members at the end of their first year. The Registration Officer should be informed of their new B.C.U. Membership number.

REGISTRATION OFFICER

The Registration Officer for the scheme is - George Oliver, 10 Wordsworth Road, West Bridgford, Nottingham. Tel Nottingham (0602) 819758

NOTES FOR TEAM LEADERS

1 APPOINTMENT

Club Secretaries must inform the Race Records Officer who is the Team Leader (and if you wish a nominated reserve) before 1st April each year. If a club is to be represented by another person at a N.W.S.C. regatta organisers should be informed by the approved Team Leader, preferably when the entries are submitted.

2 COMMUNICATION

At ALL regattas organisers will only communicate with the Club Leader or his nominated reserve.

This means in respect of

- (i) Making entries.
- (ii) Making late entries.
- (iii) Communication from the Organisers to his club paddlers - including disqualification.
- (iv) Making Protests.
- (v) Receiving Results (if envelopes provided).

3 SAFETY

The Team Leader is primarily responsible for the Safety of his club members. You should ensure that your paddlers are:-

- a. Suitably dressed for the weather, water and race conditions.
 - b. Are able to perform basic capsized drills and are briefed on what to do when approached by a safety boat.
 - c. Able to swim at least 50 metres, in wet clothing, without a life jacket.
 - d. That all canoes are fitted with buoyancy bow and stern sufficient to ensure the canoe will remain afloat and support the crew in the event of a capsized.
 - e. That all competitors in Junior or Youth classes are in possession of a life jacket or buoyancy aid which conform to the standards of the I.C.F. or S.B.B.N.F.
- IN THE EVENT OF COLD AND/OR WINDY CONDITIONS THE ORGANISERS MAY AT THEIR DISCRETION CANCEL OR POSTPONE A RACE, OR INSIST ON THE WEARING OF LIFEJACKETS OR BUOYANCY AIDS.

4 ENTRIES

Please note all the information on Page of the Year Book.

PLEASE MAKE SURE YOU USE THE OFFICIAL ENTRY FORM (or a photocopy).

5 NOTES ON CLASSES

Please study the racing rules carefully for notes on racing classes.

The following notes explain procedures currently adopted by the regatta committee within the framework of the racing rules.

- (a) A Junior may race in Sen A or Sen B or Sen C Class but NOT in the SEN D Class.
- (b) A Junior/Novice class is one in which the Junior and Novice paddlers are combined (Only occurs in the Canoe).
- (c) PROMOTIONS from one class to the next, e.g. Senior B Men to Senior A Men or Novice Women to Senior Women is normally done at the end of a season on the basis of a competitors results.
The only exception to this is -

SEN D. MENS KAYAKS

During the season the winner of the SEN D Men K1 500m and K1 1000m at any N.W.S.C. regatta will be promoted to Senior C men for subsequent regattas.

- (d) STATUS of a paddler in a Kayak Class has no bearing on his status in a Canadian Class.
- (e) MIXED EVENTS in which Male and Female competitors race together are permitted.
- (f) OPEN EVENTS. In most distance events (i.e. 10,000, 6,000 and 3,000m) except for National Championship events it will be necessary to combine classes if these events are to be fitted into the programme at all. i.e. Junior Men 6,000 may race with Junior and Senior Women 6,000, as well as Canoes with Kayaks.
Except for National Championship events the organisers reserve the right to combine any long distance events of the same length.
- (g) AGE GROUPING - change on the 1st January of each year.

FOR EXAMPLE:-

CLASS	AGE on 1.1.81	BORN
VETERAN	OVER 35	1946 OR EARLIER
SEN.D.	OVER 18	1963 OR EARLIER
JUNIOR U18	UNDER 18	1964 OR LATER
JUNIOR U17	UNDER 17	1965 OR LATER
JUNIOR U15	UNDER 15	1967 OR LATER
JUNIOR U13	UNDER 13	1969 OR LATER

If you are in any doubt about a paddlers class please consult the Records Officer, George Oliver, 10 Wordsworth Road, West Bridgford, NOTTINGHAM.

6 ADVICE ON ENTRIES

With the exception of Juniors in a SEN.D. class Paddlers may race in a more senior class by Status, or age group IF THEY WISH, but they may find there are clashes of races if they enter for more than one class.

Event organisers will arrange the programme so that all the events in each class (e.g. Senior B Men, Boys U17.etc) are well spaced out, usually a minimum of 40 minutes between successive races.

There is no reason why a paddler should not enter all of the races in their particular class. IN FACT WE WOULD ADVISE THAT IT IS BETTER TO KEEP YOUNG PADDLERS OCCUPIED BY ENTERING THEM FOR ALL THE EVENTS IN THEIR CLASS RATHER THAN HAVE THEM BORED OR FED UP BECAUSE THEY DO NOT HAVE ENOUGH EVENTS IN WHICH TO COMPETE.

7 CHECK YOUR PROGRAMME

Prior to the Team Leaders meeting it is essential for each team leader to make a careful check of all his entries. It is best to keep a carbon or photocopy of your entry for this purpose.

If there are any omissions or if you wish to make substitutions mark your programme, since the Team Leaders meeting goes VERY QUICKLY.

It is not uncommon for the regatta organisers to make a few mistakes with the entries BUT IT IS YOUR RESPONSIBILITY TO CHECK THE PROGRAMME. Once a race has been passed during the Team Leaders meeting it is not normal to go back.

8 TEAM LEADERS MEETING

Introduction - It is the intention to hold only one Team Leaders' Meeting per Regatta, at 8.00 am. on the Saturday in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the adjournment announced (usually 7.30 am Sunday morning).

Each club must nominate ONE representative to deal with alterations and late entries at the Team Leaders Meeting. The nominated representative will be responsible for all money owed for the entries he submits; THIS MONEY MUST BE PAID BY 12.00 ON THE SATURDAY-

Failure to pay by 12.00 Saturday will incur a £5.00 surcharge which must be paid by the end of Racing Saturday.

Failure to pay completely by the end of Racing Saturday will result in ALL paddlers from the clubs concerned disqualified from Sunday's racing.

PROCEDURE

- a). Team Leader signs in on arriving.
- b). The Meeting will commence promptly at 8.00 am.
- c). Technical announcements.
- d). If there are any objections to the order of events - they must be raised at this stage of the meeting.
- e). Late entry provision:-
 - i) Events will be dealt with in order.
 - ii) The Competition Director will call out in order each set of Heats (or Finals if there are no heats). Team Leaders should scratch any competitors who do not intend to race or make a suitable substitution (see Rule 23 shown at 12a). They should call out the lane number first and then the competitors name/s.
 - iii) If there are vacant lanes the Competition Director will ask Team Leaders to raise one hand for each late entry. If there are more late entries required than there are vacant lanes a draw will take place.
 - iv) It is not permitted to return to an event which has been concluded.

9 ENTRIES AFTER THE T.L.M.

Entries after the Team Leaders meeting for laned races will only be accepted in exceptional circumstances, at the Competition Directors discretion.

LATE ENTRIES FOR LONG DISTANCE RACES

Late entries will be accepted for Long Distance Races up to one hour before the race ON PAYMENT OF THE APPROPRIATE LATE ENTRY FEE.

Entries can be made on the form as shown above.

10 PROTESTS/DISQUALIFICATIONS

Notification of disqualification will always be made to a Club Team Leader, or his nominated reserve.

Except in National Championships events there will be no appeal against disqualification.

In a National Championship event a protest must be made by the paddlers' Team Leader.

Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire this will be reported to the Chief Official, who if necessary, will inform the paddlers' Team Leader.

Often however, infringements will not be observed by the umpires and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what appears to be an arbitrary system of justice.

11 K2/K4 NAMES

The names of crew boats entered at the T.L.M. or substitutions and last minute changes of crewnames may be made up to 20 minutes before the event in question.

Any crew which has not notified the full list of names, will be allowed to start, but they will not appear in the result, nor will they go into the next round of the draw.

Paddlers who take the place of another paddler, without the proper substitution, will be disqualified for the remainder of the regatta.

Notification of crew names must be to the REGATTA OFFICE **20 MINUTES** before the event.

Team Leaders may ask for multiple copies of the form below - .

CLUB	TIME RECEIVED	<input type="text"/>
RACE NO	TIME	
LANE		
CREW		
FEE REC'D £ _____ :	SIGNED	
(If Appropriate)	TEAM LEADER	

12 RESULTS

If a copy of the results is required, please send a stamped S.A.E. marked results with your entry, or leave an addressed envelope and appropriate postage at the regatta office.

13 LOAN OF K4,S

Six K4's will be available from the Raft Marshall. They will be available for RACES ONLY, not for practice.

- a). They will be stored on trestles in front of the Raft Marshall's office.
- b). Crews must not sit in the K4's EXCEPT WHEN THEY ARE ON THE WATER.
- c). Young paddlers must be supervised by a responsible adult when handling the fours onto and off the water.
- d). Check your K4 before you use it. If it is not in order please report the fact to the Raft Marshall and the crew that previously used the boat will be held responsible.
- e). K4's can be booked for any race during the course of the day as soon as the raftmarshall's office is open.
- f). Crews must leave £1 deposit, in return for a set of wingnuts and toggles when they report to collect the boat they have booked.
- g). Crews MUST use the boat allocated.

14 CAR PARKING

Team Leaders MUST take an active part to see that club members observe the car parking lines, and no vehicles on the course road ruling.

Failure of competitors to observe these rules will result in centre charges for barrier marshalls which will mean higher entry fees.

● = NATIONAL CHAMPIONSHIP EVENT

PROMOTION OF REGATTAS AT REGIONAL AND CLUB LEVEL

At the Regatta Officials Symposium in November 1981 it was agreed that the National-scale events held at the National Watersports Centre in Nottingham, were becoming increasingly difficult to organise as the number of competitors continued to grow. Problems will arise in the 1982 season fitting extra classes into the programme, and eventually there will come a point when it will be necessary to limit the entry in some way.

When we arrive at that stage, there will be some competitors who find that they have no sprint events to go to, unless we prepare NOW for this situation. It was therefore considered how we could best encourage clubs and regions to organise more low-key regattas in their own area.

Although the Regatta Committee have always been willing to help any prospective organiser, it was felt that something more positive needed to be done, especially in regions where sprint racing is already thriving. Representatives were nominated from among experienced officials to be the advisor/promotor for each separate region. It was hoped that these representatives would initially give active help and encouragement to clubs within their region and aim to instigate at least one new sprint competition in their area this season.

By way of practical help a small booklet has been produced which gives some basic instruction and advice on how to organise a simple regatta: this should shortly be available from any of the regional representatives listed below.

Much controversy arose during the 1981 season over 'Regatta Levies' and the Racing Committee agreed with the Regatta Committee that it was inappropriate to collect levies from club/regional events, and that the money would be better spent promoting local competition.

Initially equipment such as boat numbers, loudhailers etc. may present problems to a prospective organiser. Again, the Regatta Committee would in many cases be able to loan such equipment, and would do so through the nominated representative.

During last season, some club organisers felt that the BCU racing rules were, in their current form, too flexible to allow low-key regattas to be organised in accordance with the rules 1-7. Consequently proposals for revisions are in hand. However, the Racing Committee expressed the opinion that it was too early to rewrite the constitutional changes needed, and agreed for the 1982 season that the rules in question should be relaxed to whatever extent was necessary to promote local competition.

- b) Paddlers not registered with a club must wear a plain white vest or shirt with NO MARKINGS OR LOGO.
- c) Clubs racing for the first time at the N.W.S.C. may request exemption from this rule by application to the Competition Director - but must register their colours before taking part in subsequent events at the N.W.S.C.

7 HOURS OF RACING are normally -

SATURDAY	10.00am	-	7.00pm
SUNDAY	9.00am	-	5.00pm.

8 NUMBERS

It is a requirement that clubs must provide their own numbers as prescribed in the racing rules for races up to 1000m in length.

Both sets of numbers from 1 to 9 and suitable mountings that can be fixed to Canoes or Kayaks are available from Di Lawler on 01 979 4993 or see Bob Grimes or Di Lawler at any Regatta.

As from the April Regatta 1982 numbers issued for all long distance events will be of the type that fix into a slot (which all competitors are now expected to have fixed to their boats).

These numbers will be available from the Raft Marshal and will be issued to TEAM LEADERS ONLY. A £5 deposit must be left by every club collecting numbers, regardless of the quantity collected. This money can be reclaimed on Saturday evening when all numbers are returned, or left with the Raft Marshal to cover for numbers which will be required for Sundays racing. It would then be returned to club officials when Sundays numbers are returned.

LOST NUMBERS These will be charged at 50p for a two-digit number, 75p for a three-digit number.

A form will be available at the Team Leaders Meeting for Team Leaders to complete to order their long distance race numbers in advance. This form should be taken to the Raft Marshals office. He will then make up your requirements for the day, which you then may collect later in the morning (after 11.30).

PLEASE ENSURE THAT ALL KAYAKS/CANOE ARE FITTED WITH NUMBER SLOTS.

SINCE WE HAVE BEEN ABLE TO NEGOTIATE SUCH REASONABLE FEES YOUR CO-OPERATION BY PAYING PROMPTLY WOULD BE GREATLY APPRECIATED.

N.W.S.C. DISCIPLINARY PROCEDURES

To try to clarify regatta disciplinary procedures the following guidelines will be followed for all National Water Sports Centre Regattas during the 1982 Season.

If they prove successful, proposals to alter the Racing Rules will be put to next year's Annual General Meeting in the light of this year's experience.

It is hoped that these procedures will be helpful to Team Leaders, paddlers and officials. By operating a single and double penalty offence system, it should produce a fairer system of "justice".

CHIEF OFFICIAL

The Chief Official will be responsible for all disciplinary matters and the enforcement of the racing rules. Umpires will report to the Chief Official and any matters that Team Leaders wish to raise, with respect of discipline should be directed to the Chief Official not the Competition Director.

IN ALL EVENTS OTHER THAN NATIONAL CHAMPIONSHIPS THE CHIEF OFFICIAL WILL HAVE THE POWER TO DISQUALIFY A COMPETITOR WITHOUT THE RIGHT OF APPEAL.

In National Championship events disqualifications will be dealt with by Competition Jury as defined below.

PROCEDURES

The Chief Official will keep a record of warnings or disqualifications issued to paddlers' Team Leaders.

He will operate according to the following guidelines:-

(1) DISQUALIFICATION WITHOUT FURTHER PENALTY

- (i) Infringement of lane, washhanging or long distance racing rules - Following an Umpires Report.
- (ii) Failure to provide full set of names for a crew boat.
- (iii) If boats are weighed - for racing in an underweight craft.

(2) DOUBLE PENALTY OFFENCE - This will mean AUTOMATIC DISQUALIFICATION for the remainder of the regatta in question - and score two points in the "totting up" procedure.

- (i) Reported incident of dissent or abuse towards a regatta official.
- (ii) For entering a race without an entry or substituting for another paddler, in a single or in a crew boat, without proper notification.
- (iii) Demonstrably unsporting conduct (e.g. pushing the start) or deliberate damage during a race of another members equipment.

(3) SINGLE PENALTY OFFENCE - Team Leaders will be informed when a single penalty warning is used.

This will score one point in the "totting up" procedure.
SINGLE PENALTIES will be awarded for -

- (i) Starting or finishing a race without the correct number properly displayed.
- (ii) Racing without the correct club vest.
- (iii) Not appearing at the start IN A NATIONAL CHAMPIONSHIP EVENT.
- (iv) Failure to observe water zoning procedures (e.g. paddling across the course).

TOTTING UP Club leaders only will be informed when a warning or disqualification is effected.

- (i) When a paddler achieves a total of four points they will then be automatically disqualified from the next full days racing (i.e. In two day regattas if the incident occurs on Saturday the disqualification becomes effective for the Sunday. If the incident occurs on the Sunday the disqualification will be for the Saturday of the Next Regatta.)
- (ii) A paddler who collects a further three points during any one season, making a total of seven in all will be disqualified from the next two days racing at N.W.S.C. events.
- (iii) A paddler who achieves a total of four or seven points during the last regatta of a season will serve his suspension during the first regatta of the next season.
- (iv) All paddlers will start with a clean sheet at the start of a season.

ANTI DOPING CONTROL

Anti-doping controls will be continued during the 1982 season.

Since our racing rules at present, make no clear definitive statement on drug abuse the I.C.F. rules will be followed.

Any paddler who contravenes these rules, or refuses, to provide a sample when directed, will be disqualified from all racing committee events for the duration of 1981, and the Regatta Committee will recommend to B.C.U. Council that the competitor concerned be banned for life.

WEIGHING AND MEASURING OF BOATS

As from the start of the 1982 season weight checks will be made on canoes and kayaks competing in regattas at NWSC. Any paddler found to have raced an underweight boat will be disqualified from the event in question.

During the 1983 season length and width and concavity of canoes and kayaks competing at NWSC in all SENIOR A classes will be checked for their conformity to international standards and disqualifications made accordingly. In subsequent seasons the checks will be made down the scale of classes.

We would advise paddlers ordering new boats to request that the manufacturers guarantee that the boat is to international specification.

NATIONAL CHAMPIONSHIP EVENTS

At National Championship events the Chief Official will have the power to use a red or yellow warning, or to disqualify from the event in question.

A protest against his decision, or against another paddler, may be made by a team leader as prescribed in the racing rules.

The protest will be heard by the Jury who will consist of -

- The Chief Official (Chairman).
- The Regatta Organiser.
- The Competition Director.
- The Regatta Administrator.

Who will be appointed by the Regatta Committee.

If any of these four is not available a substitute will be appointed by either the Chief Official, from the list of officials who have passed the I.C.F. exam.

An appeal against the decision of the Jury must be made to the Chairman of the Regatta Committee.

THE REGATTA OFFICIALS SCHEME NEEDS YOU

Regattas don't run on their own.

At an increasing number of venues up and down the country we need many regatta officials to make our sport possible.

Competitors train hard to achieve their standards but they need your support to organise and control their events. The regatta committee provides a programme of training for officials, from the very beginning up to International level.

So if you are a retired paddler, mother, father, boyfriend, girlfriend, or whatever why not get involved, there are jobs suitable for everyone and you won't be forced to do a job you don't think you can manage.

HOW TO START

Don't wait until the end of the season. Find Di Lawler (Chairman of the Regatta Committee) at any N.W.S.C. Regatta or any Regatta Organiser elsewhere and offer your help. You will find initially that you are training with a more experienced official who will show you the ropes.

There are many jobs to be done and typing up the results is as important as being an umpire or a starter.

COURSES

Every year in either November or December an officials course is held at the N.W.S.C. Holme Pierrepont.

For those who have not been before there is a **BASIC COURSE**

This sets out to deal with all aspects of regatta organisation, and covers them mostly by means of practical example and simulated exercises - rather than lectures.

Over 200 trainee officials have already completed this course that gives an excellent OVERVIEW and the overwhelming opinion is that it provides a worthwhile and enjoyable weekend.

For experienced officials there is usually a **SYMPOSIUM** when the years problems are discussed and plans laid for the future.

By attendance at the courses and by officiating in major regattas (such as NICR) it is possible to take the International Canoeing Federations Officials exam, the passing of which is a pre-requisite to being chosen to officiate in a World or European Championship.

INTERESTED? Then see Di Lawler, or any Regatta Organiser or ring Di Lawler on Staines (0784) 54772.

POWERS OF THE REGATTA COMMITTEE

For serious matters concerning paddlers conduct, on or off the water during a N.W.S.C. event, the Chief Official will refer the matter to the Regatta Committee, which will be convened, with a quorum of four, as soon as possible. (Usually during the event).

This committee has the powers to dispense more severe penalties than those outlined above, but, of course, in accordance with the B.C.U.'s rules on disciplinary procedures.

An appeal against the decision of the Regatta Committee must be to the Racing Committee.

OLYMPIC TRAINING SQUAD

POLICY

1. In formulating their Olympic Preparation Policy the Committee has re-affirmed its confidence in the concepts implicit in the National Olympic Training Squad system, which they believe provides outstanding opportunities for training and competition that would not be available in any other training situation. Scarce and expensive resources may be maximally exploited, and for minimal financial expenditure and effort, ideal conditions are established for the creation of National crews, the improvement of individual skills and fitness, the supervision and monitoring of performance and the development of a national perspective.

OLYMPIC TRAINING SQUAD

2. The Committee has agreed therefore that a National Olympic Training Squad be selected this year to provide for the coaching and training needs of potential olympic performers at senior and junior levels. The Squad to be composed of a maximum of 73 athletes, 11 coaches, 1 director, 1 administrator.
3. Membership of the Squad will be available, on invitation to those performers who are of a sufficiently high standard, and who are prepared to undertake the sustained training and preparation required.

COMPOSITION

4. The Squad will function from the 1st November to the 30th September each year. Members will be selected annually, by the British Canoe Union Racing Selection Committee, by reference to performances during the previous season and the recommendation of Training Squad Coaches. Junior membership of the Training Squad will be restricted to those in the following age categories-

For 1981/1982 - those born in 1964/65/66/67

5. The number of members of the Training Squad falling within the various competition categories, i.e. kayaks, canoes, men, women, boys, girls, will be subject to the circumstances prevailing at the time of training squad selection within the overall approved limitations -

Seniors - 41)	73 Total
Youths - 32)	

6. To ensure that the concept of a unified, national preparation training programme is maintained, the National Olympic Training Squad will be administered as one unit, with management and coaching personnel available to perform their duties as from time to time required, for and on behalf of the various categories within the Training Squad.

OBJECTIVES

7. The primary objectives of the British Canoe Union Olympic preparation training programme for the period 1980/1985 will be to develop national standards of performance to a level sufficient to ensure - That our competitors perform with distinction in Olympic Games and World Championships in Kayaks and Canoes at both Senior and Junior Level.

ACTIVITY

8. The emphasis of all training Squad Activity will continue to be placed upon crew and team training. Firm direction will be provided regarding the formation of national crews. Improved arrangements for the provision of personal coaching in the local training environment will be continued and help will be given to all those members of the Training Squad who receive no coaching support, by the use of Training Squad Coaching Personnel.

3. The Committee will undertake to meet a proportion of the reasonable travelling expenses and accommodation charges of members of the National Olympic Training Squad from the funds to which they have access. Additionally they will seek means of obtaining financial support for the sustenance of those members of the Squad who wish to engage in full time training for that period of time approved by the International and National Olympic Committees, i.e. 60 days in a calendar year.

CONDITIONS OF MEMBERSHIP

All applicants for Membership of the British Canoe Union National Olympic Training Squad, must undertake during membership of the Squad, to:-

1. Commit themselves to a sustained programme of preparation training that will ensure the maximisation of their potential performance.
2. Attend all officially designated National Olympic Training Squad training sessions, other than in unusual and permissible circumstances.
3. Accept direction regarding crew composition and preparation training for crew events.

MARATHON RACING SCHEME

CANOEING AND KAYAKING IN THE 80's

Throughout the past twenty or more years since marathon racing started there has been a number of changes to meet the needs of a fast growing sport.

There is at present a great opportunity for marathon racing and the competition system has now been changed to suit the needs of today's paddlers.

The coaching scheme, with over four thousand senior instructors is becoming much more interested in competition. Slalom and white water sites are overcrowded, touring canoeists have difficulty with access. Marathon can provide a solution for many of the problems facing our sport.

Marathon can be held on any type of water—canal, river, lake or sea. It can accommodate large numbers without difficulty. It can be run by arrangement with other interested water users. There is no part of the country where marathon cannot be held. It can provide both top class competition and recreational canoeing.

This new structure has been designed to meet these needs.

The scheme is open to all, of whatever age, sex, or the type of boat being used. It is designed to accommodate all levels of ability.

The scheme provides for the thousands of kayak and canoe paddlers who are taught in schools, youth groups, scouts and clubs who wish to take part in simple competitive events. It provides competitive training situations for slalom, white water and sprint paddlers. It provides fitness training for sea and touring paddlers. It provides top class competition for the leading marathon paddlers.

Above all it is a scheme which joins together the pleasures of the recreational and competitive aspects of our sport.

The scheme in 1982 has been sponsored by CAPE INDUSTRIES LIMITED, providing certificates and valuable prizes for competitors and organisers.

PART B RULES FOR COMPETITION—COMMENCING 1-9-81

1. A Marathon Race is a race over distances as set out in Part B 5 (K) of these rules.
2. Competitors shall race in a fair manner.

For these races a minimum of divisions 1-7 must be held.

Group (B). Those races in the region and clubs not appearing in the calendar. Promotions may take place in divisions 7,8,9 as shown in 5 (f).

For all these races certificates must be issued as they are the race levy. Results should be sent to the secretary of the Open Racing Scheme showing the number for each competitor.

NOTE:- Certificates may be issued for club handicap races etc. They will be eligible for the prize draw, each quarter.

b. THE NATIONAL CHAMPIONSHIPS

These will be run in the following age groups.

Under sixteen on day of the race start in Division 9.
Sixteen and over on the day of the race start in Division 8.

d) Promotions will normally take place on single performances but may be based on doubles.

Status in canoe will not affect status in kayak and vice versa.

e) Each year a ranking list will be made out for divisions 1-7 based on a handicap points system starting with the top paddler in the country by the Executive Committee.

f) Promotion within the season will vary according to Division. These will be:-

Divisions 2 and 3,4,5 Winner + Provided there are eight or more in the
Divisions 6-9 Winner + 20% race.

g) There will be a certificate system for all Divisions.

The certificates are provided for the race organisers from the Secretary of the Marathon Racing Scheme at a fee to be determined each year.

During 1982 the certificate forms part of a sponsorship scheme.

The price per certificate as from 1.1.82 is 15p.

h) These certificates will in effect be a race levy fee from every competitor.

All marathon races must issue the certificate and pay the levy.
See Rule 6

i) Race organisers will be encouraged to give prizes for special classes. e.g. first under 16, first C1, first Espada, etc. In particular they are strongly recommended to give a prize for the first lady in each Division.

j) Competitors may not race in a lower Division than their ranking, but may if they so wish enter higher ranking races. Any competitor found racing in a lower Division may be disqualified from that event and be barred from marathon competition for 12 months from the date of the event when the last misdemeanour took place.

k) Types of course.

Course will be adjusted to suit the levels of ability. Whilst there will be variations due to local types of course available, the normal standard will be as follows:-

Adequate pre-race instruction shall be made available in adequate time. Properly documented results shall be sent to the Committee and competitors who provide a stamped addressed envelope.

The status of a race will be decided by the full Committee on the basis that a race has been run satisfactorily before by the same organisation over essentially the same course.

 - (i) The protests must be presented immediately on completion of the racing and before the announcement of the confirmed results. Failure to observe this will invalidate the protest.
 - (ii) The protest must be handed in writing to an officer of the organising body and must give full details of the alleged infringement of the rules.
 - (iii) The protest committee must meet immediately, to hear all the evidence and consider the protest's validity in accordance with BCU and marathon racing committee rules.

10. NATIONAL TEAM EVENTS

- b). The Team Championship. Trophy for the winning team at the National Championships.

The Hasler Trophy Rules are:-

- a) Each region should run its own league championships throughout the year. The regions will be defined as the sports regions for England plus Scotland East, Scotland West and Wales.
- b) The best three clubs from each region may compete in the final, together with one team each from -
 - 1) The Army
 - 2) The Navy
 - 3) The R.A.F.
- c) Each region will decide which races to count. It is hoped eventually there will be enough races in each region to have the best eight results.

- d) Each club will be allowed as many competitions as it wishes.
- e) The points system throughout the year and in the final will be as follows.
 - (i) Division 1-7 will count for points.
 - (ii) Points will be awarded for paddlers both in singles and doubles 10 for first, 1 second and so on down to 1 from all finishers. Pro-rata if less than 10 starters.
 - (iii) Each club will count its best seven scorers in any division for singles.
 - (iv) Each club will count its best two scorers in any division for doubles.
 - (v) For each race the winning club will get ten points, nine for second and so on. Pro-rata if less than ten clubs in race.
- f) The final will be early October 1982.

NOTE

- 1) In the regional races leading to the final only those clubs within the region will score for points. i.e. Paddlers from other regions will not be taken into account when calculating points.
- 2) Competitors must be B.C.U. members if racing in divisions 1-6. Numbers must be quoted on entries and results. Competitors failing to provide their B.C.U. numbers will not be eligible for points or prizes.

THE NATIONAL CHAMPIONSHIP TEAM TROPHY

The points will be:-

Senior and Junior Men Kayak and Canoe, 20,19,18 and so on down to 1 for each finisher. Pro-rata if less than 20 starters.
 All other classes. 10,9,8,7,6 and so on down to one for each finisher. Pro-rata if less than ten starters.

When a competitor is a member of more than one Club he shall declare before 1st September to the Secretary and the Race Records Officer of the Marathon Committee the name of the Club in whose name he shall race that year.

When a competitor changes his Club in mid-season, he is permitted to compete for his new Club instead of his old provided that the prior consent of the Old Club is obtained. This consent shall not be withheld unreasonably in the case of change of residence from one area to another. The agreed change shall be advised to the Race Records Officers in writing before points can be allocated to the new Club.

11. Safety

- a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water when capsized.
- b) Race organisers may require life jackets or buoyancy aids to be worn. Such equipment must be provided by the competitors.
 - b) (i) Life jackets and buoyancy aids must conform as 12 (e) below.
- c) On open water, adequate spray decks must be worn.
- d) Competitors must be able to swim adequately in the waters on which the race is held.
- (e) All division 7-9 must and all paddlers under 16 are advised to wear life jackets or buoyancy aids which conform to the standards of the ICF on SBBNF. eg must have 6 kgs of inherent buoyancy.
- (f) At the National Championships all paddlers in the Under 16 and Under 14 classes will wear life jackets or buoyancy aids as in (e).

12. In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser may alter, the course or postpone or cancel the race. In such cases, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
13. To aid the description of races, the courses shall be classified as follows:
 - 'A' shall denote sea, tidal estuary, lake or other open water.
 - 'B' shall denote fresh water rivers and canals.
 - 'P' shall denote portages.

A numeral following the symbol shall denote the length in miles or the number of portages. Thus for example, 'A5B6P7' would denote a race of 5 miles on open water, 6 of closed water and 7 portages.
14. In the event of a tie for any B.C.U. trophy an extra race shall be taken into account and this repeated as often as is required to settle the matter. If the matter is still unresolved, the trophy shall be held jointly, the order of inscription being alphabetical, and each party holding it for an equal fraction of the year.

PART C MARATHON RACING — RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

1. Do not attempt to run a race without visiting a few to find out how things work.
2. Advance information sent to competitors and Clubs should at least set out the following details:-
 - a. Name, date and status of race.
 - b. Name of organising body.
 - c. Closing date for entries and whether or not late entries will be accepted.
 - d. Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.
 - e. Entry fees, and the name of an account to which they are payable.
 - f. Locations of start and finish and directions for getting to these places.
 - g. Times of start and closure of checking in.
 - h. Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
 1. Any special regulations that the competitor should be aware of before he arrives.
 - j. Any major changes since the previous year.
 - k. An entry form asking for full details of competitors (A specimen race details and entry form, follow these recommendations).
3. It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the course and to emphasise any special regulations.
4. There may be a wide range of ambitions present at a race. Some people go for a pleasant paddle, some with Olympic hopes. Try not to let them stumble over each other. Both parties are cross when a fast crew is confronted by a slow crew blocking critical portages. Let the fast classes start first.

Local conditions, variations of course for different classes, should be considered when arranging the starting order.

5. A clean start is important, and difficult to achieve. Most people can start the juniors in good order, but a strong personality is needed to keep the seniors in order. The starter must never lose control of the start, either through physical inability to make himself heard or through weakness of will. Preferably get an experienced racer to start your race. Supply him with an adequate megaphone.

Massed starts are good value for bull fighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand, do not keep competitors hanging around unnecessarily. They are often nervous before a race, they may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line, then start them without further ado. Say 'READY GO'

6. Ensure that the course is clearly marked at all points where there could be doubt. Marshalls should be positioned at turning points and should tick off numbers on a check list. It is desirable to post marshalls at portages and shoots. The marshall should keep the passage clear for competitors, keep spectators and competitors off forbidden land, and report any misdemeanours to the central control. A marshall's directions should override any prior instructions. A marshall must be clearly identifiable.
7. Signify a crossing of the finishing line aurally by Bell, Whistle or some such device. Mark the finish clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.
- 8.(a) Every boat should be inspected at the check-in to ensure that it is numbered clearly, correctly and durably. Check that the water soluble ink has not been used. Although it is the competitors responsibility to number his boat, it is your responsibility to ensure that he has done it. One way of doing this is to demand that the boat be presented with clean number discs and to number them yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithall to number boats and use it when occasion demands.
- (b) Record the time of the start at each Division.
- (c) Record the finish of every boat as it occurs. At least you will then know in what order boats finished. Have one person with a pad of paper, with each sheet numbered in advance so that you will know later if any sheet has been lost. On each sheet number mark ten lines say. When a boat finishes record its number and the time on the next available line of the pad. Never mind the computation and collation at this stage; you will have your hands full enough just recording the finishes correctly. When a page is full, pass it on to someone else to analyse. Ten entries per page is a convenient number. Fewer mean that you have too many pieces of paper; more mean that the analysis is held up waiting for a page to be filled.
- (d) Do not use a system which relies on a set start time. You cannot guarantee starting exactly on the required second.
- (e) Have somewhere out of the wind and rain to analyse the finishing results. Arrange a system for displaying the results as soon as you know them. The thing the competitors want to see quickly is a list of his class in finishing order, giving name and overall times. Other details, such as start and finish times, are essentially irrelevant to him and only clutter up the display.

- (f) After the event is over, buckle to and get the final results sheet sorted out. If you put it off your memory will dim, pieces of paper will get lost, your enthusiasm will wane, and the competitors will get very cross.
9. Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland water seldom needs a life jacket but for a Division 7-9 paddler or one under 16 it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler, but a different story to one who just raced fifteen miles. It is sometimes a good idea to place frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescue can be more of a hinderance than a help.
- An important precaution is ensuring that no-one is stranded or lost halfway round the course. On open sea races, it is important to account for everyone; on calm rivers it is usually sufficient to have a back marker paddle over the course at the tail of the race.
10. Results sheets should be arranged by Divisions in finishing order. They should include position, name, club, BCU number where applicable, certificate no. and points for each entry. Totals of points scored by clubs should also be included.
(A specimen results sheet follow these recommendations).

11. Certificates

To save time on the day it is suggested that the organisers should post the certificates to clubs and individuals after the event. The system would work in the following way:

- (a) The organisers would provide A4 envelopes at the race.
- (b) The team manager would fill in his address on the envelope and pay 15p for postage.
- (c) The organisers would fill in the certificates after the event and post them on together with the results.

THE STARTING OF SELECTION RACES FOR 1982

There is a necessity to improve the standard of starting for selection races. The following will apply to all selection races in 1982.

REQUIREMENTS

- (1) The Start line must be clearly defined on both banks.
- (2) A clearly defined Marshalling line must be established about 50 metres behind the start line.
- (3) The race must be started by a person drawn from the approved starters list below, who will have an experienced assistant.
- (4) The Marshalling line should be controlled by at least two experienced officials.
- (5) The above should all be equipped with P.A. equipment or loud halers etc.
- (6) Where river conditions require it, Division 1 starts will be seeded into 2 or more lines
The starter will liaise with the race organiser prior to the briefing to establish the starting ranks.

THE FOLLOWING RULES WILL APPLY TO ALL DIVISIONS AT THE 'SELECTION EVENT'

- (1) An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line, have 3 minutes to get behind it.
- (2) A second audible warning will be given 2 minutes before the 1st start. Any paddler in front of the marshalling line, will be penalised. No paddler shall go in front of the marshalling line until so instructed by the Marshall.
- (3) Once released by the Marshall, the paddlers will be under the starters control. Any paddler going in front of the start line before the 'GO' will be penalised.
- (4) For each contravention of the above rules, a 2 minute penalty will be imposed.

NOTE The Marathon Team selections, have been instructed by the Executive Committee, that they will use the results, INCLUDING any penalty, as the basis for selection.

INTERNATIONAL MARATHONS 1982

The British Team made it four years in a row, by winning the 1981 Grand Prix Series.

The 1982 series has a new look about it, and the I.C.F. Sub Committee for Marathon, have introduced an additional competition for teams. With a future World Championships in mind an International Cups event will be run, at the same venue as one of the Grand Prix.

There will be 3 separate cups to compete for. One each for the Mens Kayak, Mens Canoe and Ladies Kayak. A team for each will consist of a maximum of 2 singles and 2 doubles, with the first finisher of each class to count.

The rules for the Grand Prix remain the same. An International Team comprises a maximum of three K2's and three K1's in the Senior Mens class. The first two finishers, in both K1 and K2, of each team count towards the team trophy for each event. The points each country gains from its two best events, decide the winner of the Grand Prix series.

The Marathon Executive sees the International Cups Event, and the Grand Prix series as its priority events, and the Sports Councils Grant will be directed towards these.

The events for 1982 are as follows:-

WATERLANDS - HOLLAND 28 KM CANAL AND LAKE.

BERLIN - W.GERMANY 42 KM LAKE AND RIVER
INTERNATIONAL CUPS - LUXEMBOURG 42 KM RIVER

It is hoped to support additional events in Czechoslovakia, Belgium, Spain and Denmark if Grant Aid Money is available. Some contributions may be required from paddlers towards travel costs to these events.

The make-up of the teams indicated for each event, will depend entirely on paddlers being of a sufficiently high standard. Both Senior and Junior paddlers should race in Division 1 and Ladies in Division 3 for the selection races unless otherwise directed.

Paddlers wishing to be considered for the events must comply with the following conditions:-

1. They should apply to the International Team Liaison Officer, J.Rossiter by completing the application form.
2. They should be prepared to travel and be accommodated in the best interests of the team, under the Team Manager's direction.
3. They should be prepared to meet all the costs of the trip, including a small contribution towards travel.
4. They should be prepared to accept the Team Coach's direction with regard to training and racing whilst abroad.
5. They should be prepared to dress and conduct themselves in a manner befitting a British Team Representative, and promote the good name of British Canoeing at home and abroad.
6. They should be prepared to give support to the Sports Council in promotional aspects, in return for the grant provided.
7. They should wear the G.B.track suit provided on all suitable occasions.
8. They should paddle in all of the selection races for each event, or in the K1 or K2 race where applicable.

1982 TRAINING CAMPS - SCOTLAND & IRELAND

We will once again be holding a Training Camp on Loch Tay, in September, providing grant aid is forthcoming. We will, however, be taking a smaller party, of twenty. Paddlers will travel to Scotland on Monday 30th August, and will take part in the Tay Marathon as part of the week.

Applications to attend the camp should be submitted to J.Rossiter by 14th August (Royal K1) on the form in the Year Book. Places at the Tay will be granted to those who will give a good return to Marathon Canoeing.

We will also send a small party to a long weekend camp in Dublin, to take part in the Liffey Descent. There will be a selection event for this camp, as indicated below.

Any competitor wishing to compete abroad outside "The British Team", must apply to do so via the governing body. i.e. The B.C.U. (I.C.F. Ruling).

For practical purposes these applications must reach the Team Manager for the event concerned, by the last selection race. The applicant will be liable for any costs incurred (.e.g. entry fees), even if he does not compete.
