At Kirton we offer 5 construction options designed specifically for the Marathon paddler, 3 specifically for the Sprint paddler plus a Club construction for certain models. This range, from a simple glass fibre construction through carbon kevlar hybrid combinations to the latest in vacuum bag technology, offers the canoeist just the right construction to meet his needs and abilities.

SPEED - STABILITY - DISPLACEMENT

Only Kirton offer the range of choice for you to achieve this successfully.

INTRODUCTION

We are, once again, indebted to Kirton Kayak for their continued support for this publication.

My thanks to all those who have spent a lot of time assisting in the compiling of the many sections that form the whole document. Without their considerable effort, this invaluable reference book could not be completed. Particular thanks are due to Di Lawler who has in previous years undertaken the project single handed.

This year the section Running A Regatta has been removed, and is now available as a separate leaflet. Please contact either the Editor, or Di Lawler enclosing a stamped addressed envelope. If you, THE READER, have any comments or suggestions to improve the Year Book, I would be delighted to hear them.

RACING SECTION

FOREWORD

During the past year our sport has continued to develop, with more successful regional and national competitions. This year, Olympic year, we hope to see a further development, both in numbers and in events.

At home, we will maintain our regatta programme at the National Water Sports Centre, hopefully with a new timing system. In the regions, the Jeremy West Trophy should gather momentum with the Finals at the Serpentine in Hyde Park during October.

Abroad, our teams will compete in various regattas culminating with the Olympic Games in Barcelona. It is hoped that our results will reflect an improvement in our overall standing on the international scene, and I wish all team members every success.

Good Luck and good racing in 1992.

PLACID WATER RACING TESTS

These tests are designed to encourage paddlers to master both Kayak and canadian racing boats, and to achieve standards of performance which indicate that they are ready to take part in both sprint and marathon competitions.

The kayak tests must be taken in a modern racing kayak with a seat.

The canoe tests must be taken in the high kneeling position used for racing.

Examiner - Placid Water Teacher or Senior Instructor.

The certificate must state the actual time taken for the trial, in order that you can be entered into the correct class. Please refer to the Racing Registration Section for further details.

THE RACING REGISTRATION SCHEME

Introduction

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas. The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only registered paddlers will be allowed to compete in BCU events at NWSC. Entries submitted without a Registration Number will not be accepted.

Initial Registration

This may be done in one of three ways :-

1. At Crystal Palace Canoe Exhibition (Racing Stand)
2. At any NWSC Regatta .. at the Secretary's desk.
3. By post with the Registration Officer. (Send S.A.E. please)

In all cases you will need to provide :-

1. Full Name and Address
2. Date of Birth
3. Club Name
4. Your ranking (if known)
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial (see page 3).
6. Proof of current BCU Membership (a photocopy of your card is acceptable).

Renewal of Registration

Competitors will remain on the Register, and retain their Racing Number until such time as they have not competed for two years or until their B.C.U. Membership has lapsed. On production of a current B.C.U. card, anyone deleted from the Register may re-register if they so wish.

Current Lists of Registered Paddlers are intended as "working" lists. They only include paddlers who have raced during the last two seasons and those who are fairly certain to race in the current year. Anyone who does not appear on the lists will have been transferred to the storage file, and can be brought back to the "live" file at any time when they return to racing. Keeping these lists up to date considerably speeds up the process of compiling the programmes.

Youth paddlers, who initially join the B.C.U. as Cadet Members will remain on the Register. Should they upgrade to full Youth Membership at the end of the first year, they should inform the Registration Officer of any change of number.

The Registration Officer

NATIONAL WATER SPORTS CENTRE REGATTAS

Doping

Fundamental Principles

1. As it is possible to gain an unfair advantage over other athletes by means of doping, and because doping is a threat to physical and mental health, it is incompatible with sports ethics and is in contradiction of the rules and regulations of sports.
2. The British Canoe Union declares that doping in any form is prohibited for all athletes participating in competition within their jurisdiction.

Guidance to Athletes and Coaches

1. Drugs prescribed by a doctor may contain banned substances. The same applies to certain drugs purchased over the counter at chemists. The responsibility rests with the athlete to check in advance of competing, that any drug being taken does not contain a banned substance. If his/her doctor is in doubt, advice can be obtained from a medical officer of the S.R.C. or via the Sports Council.
2. If athletes are receiving medical treatment or taking drugs for medicinal purposes (e.g. asthma), they should first check with their doctor that the drugs contain no banned substances. In most cases it is possible to change the drugs prescribed. As above, the responsibility rests with the athlete to check in advance of competing the composition of the drugs they are taking. If the doctor is in doubt advice can be sought as above. In all such cases, the athlete must declare any drugs being taken upon being asked to give a sample.
3. It must be clear that AFTER testing, the assertion that drugs were being taken for medicinal reasons, shall not be deemed a mitigating factor in the case of a positive result.

Anti Doping Control

Anti Doping Controls will be continued during the current season.

Please refer to the Racing Rules for full details of the Doping Control Rules.

Weighing and Measuring of Boats

Weight checks will be made on canoes and kayaks competing in regattas at NWSC. Any paddler found to be paddling an underweight boat will be disqualified from the event in question.

Similarly periodic checks will be made on length, width and concavity of boats, to ensure conformity to International Standards.

We advise all paddlers to put their order in writing when purchasing new boats, and request that manufacturers guarantee that the boat will be built to International Specifications.

THE JEREMY WEST TROPHY COMPETITION

The Jeremy West Trophy competition is an event which has been planned to promote sprint events in local areas and to encourage paddlers to train for the Olympic distances at which Jeremy was so successful at the 1986 World Championships.

The competition is organised by dividing the country into nine areas, similar though not identical to the normal Sports Council Regions. Each area will have an administrator who ensures the organisation of at least 4 time trial or racing events over approximately a 500m course. Paddlers in each area will be divided into 8 ability groups .. using the "Standards for Sprint Racing" chart in the following section of this Year Book.

Each paddler will compete within his ability group and be scored on his performance (10 points for the fastest in the group, 9 points for second fastest etc.) These individual scores will be added together for the four (or more) events and used to select a team to represent the area at the Final. Scoring and selection of the team will be the responsibility of the Area Administrator, who may seek the help of club coaches if he/she wishes. Paddlers who do not compete in the trials are not eligible for the area team.

The Final will include 500m races for K1 K2 and K4 in all eight racing categories, 1000m events for groups 1-4, and a 3k race for everyone.

The points scored at the trials will also be used to calculate a club score for all participating clubs. In each area half the entry fees will be set aside to provide a fund of "PRIZE MONEY". At the end of the series of events for the season this fund will be divided between the clubs in proportion to the number of points scored. For the purposes of calculating club scores, only the best four paddlers in any one category count towards the final score.

It is hoped that the incentives of a club prize and the final competition will give the local events the extra excitement needed to generate the enthusiasm to make them successful. Area Administrators have been appointed and are listed below. Please give them all the support and help you can and don't hesitate to contact them if you need further information about events in your area. Their addresses are shown at the front of the Handbook.

NORTH	- David Yates(209)	EAST	- Dick Grieve(072)
WEST MIDLANDS	- Mike Martin(114)	CENTRAL MIDLANDS	- Keith Lewis(104)
EAST MIDLANDS	- Dave Mylett(127)	SOUTH	- Paul Owen(138)
SOUTH WEST	- Nick Pagon(139)	SOUTH EAST	- John Miller(119)
	THAMES CLUBS - Peter Davey(044)		

An information leaflet about the competition is available from Peter Davey.

The dates of some events are shown in the calendar at the beginning of the Handbook. These are, however, incomplete. Full details are obtainable from the Area Administrator.

THE MCGREGOR PADDLE COMPETITION

The McGregor Paddler Competition should reflect the success of a club in both recruitment of active members and excellence of performance. It has not been easy to develop a formula to judge this competition on these criteria, but the following system is currently used:

Scoring

Each category of the National Club Team Competition scores 10 points for 1st place, 9 for 2nd, etc. - irrespective of the number of clubs competing. The McGregor Paddle winners would be the club which scored the most points on this basis over the 5 categories.

NATIONAL CLUB TEAM COMPETITION

This is run in the following classes:

- | | | |
|----|---------------------|-----------------------------|
| 1. | Senior Men Kayak | (MAK MBK MCK MDK MVAR MVBK) |
| 2. | Senior Ladies Kayak | (WAK WBK) |
| 3. | Junior Men Kayak | (BAK BBK BCK BDK) |
| 4. | Junior Women Kayak | (GAK GBK GCK GDK) |
| 5. | Open Canadian | (All Canadian Paddlers) |

RULES

1. Composite crews (with members from more than one club) do not score.
2. There must be three crews entered in a race before points are awarded.
3. At least 50% of a crew must be registered in the class in which the boat is entered, e.g. In MCK4 at least 2 paddlers must be registered as MCK, otherwise the boat does not score.
4. Every crew entered in a heat is awarded one point.
5. No points are awarded for semi-finals.
6. Points for finals are awarded as follows:-
 1st.- 10pts 2nd.- 8pts. 3rd.- 7pts. 4th.- 6pts. 5th.- 5pts
 6th - 4pts. 7th.- 3pts. 8th.- 2pts. 9th.- 1pt.
 In finals where there are less than 9 boats the scoring will be reduced pro rata, e.g. in a race with only 4 competitors, the winner would score 4 points, 2nd -3, 3rd - 2 etc.. In finals where there are non-scoring boats (composite crews etc), although the score for first place may go to a non-scoring boat, it will not be added to his club total. This will not change the scores for the other placings, 2nd place will still score 8, 3rd place 7 etc.
7. For 3k, 6k and 10k events the points will be awarded exactly as above, but one point would be given to every finishing boat after 8th position.

Note

Competitors could compete in K1 and C1 events provided they used the correct boats and can perform to the required standard for the classes they enter. They must have proven ability to race at this standard and must therefore have raced C1 at least one other Nottingham Regatta.

5. Notes on Classes

Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women, these three subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups regardless of age.

Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do NOT automatically start in the "D" group.

The chart "Standards for Sprint Racing", demonstrates the way in which the subdivisions are made according to speed.

The status of a paddler in a kayak class has no bearing on their status in a Canoe.

Mixed Events in which male and female competitors race together in the mens classes are permitted, provided the races are of parallel standard to that of their designated classes.

Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.

- a) Paddlers must race ONLY in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when ORS coaches wish to enter squad paddlers in higher classes.

TEAM LEADERS HANDBOOK

- b) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. eg. BAK= MBK (see chart).
- c) All paddlers will be graded into classes according to the standards set out on the facing page. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddlers entry into racing. See chart opposite.

YOUTH NATIONAL CHAMPIONSHIPS

Youth Paddlers will race in the following Age Groups

UNDER 18(BORN 1974)

UNDER 17(BORN 1975)

UNDER 16(BORN 1976 or 1977)

UNDER 14(BORN 1978 or later)

A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.

PROMOTIONS/DEMOTIONS

- a) Will be made throughout the year on the basis of standards laid down, and using the race results.
 - b) Are not automatic, and need to be ratified by the SRC nominee before taking effect.
 - c) Will be notified on the regatta results and should take effect at the next regatta.
6. **Check your Programme**

Prior to the Team Leaders Meeting it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose.

If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes VERY QUICKLY, and leaves no time for hesitation.

It is not uncommon for the regatta organisers to make a few mistakes with the entries. BUT IT IS YOUR RESPONSIBILITY TO CHECK THE PROGRAMME. Once a race has been passed during a TL Meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

7. Team Leaders Meeting

It is intended to hold only one TL Meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced.

Each club must nominate ONE representative to deal with alterations and late entries at the TL Meeting. This nominated representative will be responsible for all the money owed for the entries he submits. THIS MONEY MUST BE PAID BY 12.00 ON SATURDAY. Failure to pay on time will incur a £5.00 surcharge which must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

PROCEDURE

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 am.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.

TEAM LEADERS HANDBOOK

e) Late entry provision:-

1. Events will be dealt with in order.
2. The Competition Organiser will call out in order each set of heats(or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
3. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
4. It is not permitted to return to an event which has been concluded.

8. Entries after the Team Leaders Meeting

Entries after the TL Meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser.

Late entries will be accepted for long distance events (3k, 6k, 10k.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form as shown below.

9. Club Colours

Must be worn by all competitors in all events at the NWSC regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.
- b) Clubs racing for the first time at a NWSC regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

10. Numbers

It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.

Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the Raft Marshall's office.

For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fit into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.

NUMBERS FOR LONG DISTANCE RACING can be obtained from the Raft Marshall, and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left with the Raft Marshall to cover for numbers which will be required for Sundays racing, and would then be returned Sunday evening when all numbers were collected in.

LOST NUMBERS, will be charged at £2.00 per number, and the amount deducted from the deposit before it is returned.

A form will be available at the TL Meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the Raft Marshals office. He will then make up your requirements for collection later in the morning, (after 11.00).

ALL CANOES AND KAYAKS MUST BE FITTED WITH SLOTS

11. K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 MINUTES BEFORE THE RACE. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of another paddler without the proper substitution will be allocated 2 penalty points and disqualified from the event.

Team Leaders may ask for multiple copies of the form below:-

TEAM LEADERS HANDBOOK

CLUB	Time Received
RACE NO	Time
LANE NO

FEE RECEIVED £	Signed

12. Hire of K4s

K4s will be available for hire from the Raft Marshall. They are available for RACES ONLY.. not for practice, at a charge of £2.00 per event.

- a) They will be stored on racks outside the Raft Marshals Cabin
- b) Crews must not sit in the K4s EXCEPT WHEN THEY ARE ON THE WATER.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The Raft Marshall reserves the right to refuse the boat to any youth crew which is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Raft Marshall. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the Raft Marshals Office is open.
- f) Crews must leave a £5 deposit in return for a set of wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

13. Protests & Disqualifications

Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will no appeal against disqualification except in National Championship events.

In a National Championship event, a protest must be made by a paddlers Team Leader. Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. where infringements are observed by an umpire, these will be reported to The Chief Official, who if necessary will inform the offending paddlers Team Leader.

Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

14. Results

If a copy of the results is required, please send a SAE marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office.

15. Car Parking

Team Leaders MUST take an active part to see that club members observe the car parking lines, and no vehicles on the course road rulings. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must not be impeded.

THE SCIENCE OF CANOEING

In today's highly competitive international sports arena, nothing less than a scientific approach to training and competition will suffice. To get the most out of athletes, coaches must understand the biomechanical principles underpinning efficient technique, the physiological basis of peak conditioning, the psychological determinants of successful performance and the effective tactics and strategies that must be employed to achieve the winning edge. This is what the *Science of Canoeing* provides in this unique contribution to the canoe coaches' library.

Although this book has been written primarily with the Marathon and Sprint paddler in mind, the Slalom and River Racing paddler interested in improving performance is likely to find some useful advice.

WEIL'S DISEASE

What is it ?

Weil's disease is a very rare illness to which water users may be exposed. Weil's Disease is a bacterial infection carried in rats' urine which contaminates water and wet river banks. The bacteria does not survive long in dry conditions.

It can occur in any water, including swift streams and rivers. The likelihood of becoming infected is greater from stagnant or slow moving waterways, particularly in high water conditions.

How serious is it ?

It can be a serious illness requiring hospital treatment. One patient in 19 dies from it. Weil's disease is a notifiable illness.

How can I catch it ?

The bacteria are absorbed through the skin mucous membranes of the mouth and eyes. It gets into the blood stream more easily if you have a minor cut in the skin or feet, or if you capsize.

What should I do about it ?

If you fall ill with the symptoms after water sports, particularly 3 - 19 days following, then you should see your doctor immediately.

The most common symptoms are :- temperature, and influenza-like illness, and joint and muscle pains (pains in the calf muscles are often particularly noticeable.)

Your Doctor

- During a routine visit to your Doctor advise him that you participate in water sports.
- Advise him of the existence of
The Lepto Spirosis Reference Unit
Public Health Laboratory
County Hospital
Hereford HR1 2ER
- Ask him to make note on your personal file.

Things to do

- Wash or shower immediately after water sports.
- Cover minor scratches and cuts with water proof plaster.
- If you have flu-like symptoms go to your Doctor early, and him that you are a water sports participant, and insist in the full ELISA blood test, which can be carried out quickly in a local laboratory.

OLYMPIC RACING SQUAD

Policy

In formulating their Olympic preparation policy, the Racing Committee has reaffirmed its confidence in the concept of the Olympic Racing Squad, which it believes provides outstanding opportunities for training and competition that would not be available in any other training situation. Scarce and meagre resources may be maximally exploited and, for minimal expenditure, the best available conditions are established for the creation of national crews, the improvement of individual skills and fitness, the supervision and monitoring of performance, and the development of a national perspective.

Olympic Racing Squad

The Racing Committee has therefore agreed that a national Olympic Racing Squad be selected to provide for the coaching and training needs of potential competitors at the Olympic Games, and the Junior World Cup in Hamburg. The Squad will be composed of a maximum of 73 athletes and 12 coaches, and an Administrator, one of the coaches shall be the Chief Coach, which will be a part-time paid position.

Membership of the Squad is by invitation to those athletes who are of a sufficiently high standard, and who are prepared to undertake the sustained training and crewboat preparation that is required. The Squad will function from 1st November to 30th September each year. Members will be selected by the ORS coaches by reference to past conduct and performance during the previous season, and ratified by the B.C.U. Racing Committee.

Composition

The numbers of the various competition categories (i.e. Kayaks, Canoes, Men, Women, Boys, and Girls) will be subject to the circumstances at the time of selection, within the overall approved limitations:

Seniors - 41 Youths - 32 Total - 73

To ensure that the concept of a unified national preparation and training programme is maintained, the Olympic Racing Squad will be administered as one unit, with management and coaching personnel available to perform their duties, as from time to time required, for and on behalf of the Olympic Racing Squad competition categories.

Objectives

The primary objectives of the Olympic Racing Squad will be to develop and improve national standards of performance to a level sufficient to ensure that our senior competitors perform with distinction at the Olympic Games, and that the junior team performs with distinction at Junior World Cup in both canoes and kayaks.

Activity

The emphasis of all Olympic Racing Squad activity will continue to be placed on crew and team training. Firm direction will be provided regarding the formation of national crews. Improved arrangements for the provision of personal coaching in the local training environment will be provided by all ORS coaches. Costs of their expenses are to be born by the club or individual requiring their services. (Sports Aid Grants do include the costs of coaching). Help will be given to those members of the Olympic Racing Squad, who receive no coaching support, by the ORS Chief Coach.

The Racing Committee will, where possible, undertake to meet a proportion of the reasonable travelling expenses of the ORS members from the funds to which it has access. Priority will be given to the ORS training camps and crewboat training. Subject to the funds being available, the following will apply:

One person in a car	25% of the costs
Two people in a car	50% of the costs
Three people in a car	75% of the costs
Four people in a car	100% of the costs

Payments for training camps will be at the discretion of the ORS Administrator.
Payments for crew boats will be at the discretion of the Chief Coach.

OLYMPIC RACING SQUAD

Conditions of Membership

All paddlers accepting the benefits of membership of the ORS must undertake that during their membership to :

1. Be a fully paid up member of the British Canoe Union.
2. Attend all officially designated national Olympic Racing Squad training sessions, other than in unusual and permissible circumstances. OLYMPIC RACING SQUAD

Selection Policy 1992

The Olympic Racing Squad as shown in the Year Book will form the basis of the teams which will represent Great Britain at the Olympic Games in Barcelona (July 23 to August 8) and the Junior World Cup in Hamburg (July 16-19). Changes to the Squad may be made during the season, subject to ongoing assessment of both crew and individual performances. The selection of the teams and changes to the Squad can only be made at a meeting of the Competition Committee. Only the teams for the Junior World Cup and the Olympic Games need to be ratified by the Sprint Racing Committee. Selection of other teams by the Competition Committee will be based on the coaches' judgement, and on performances throughout the year.

The following target times have been set by the ORS coaches, and ratified by the Sprint Racing Committee.

Target Times

		<u>500 m</u>	<u>1000 m</u>
Senior Men Kayak	K1	1.45	3.44
	K2	1.35	3.24
	K4	1.26	3.06
Senior Canoe	C1	2.00	4.10
	C2	1.50	3.50
	C4	1.40	3.30
Senior Women Kayak	K1	1.58	
	K2	1.48	
	K4	1.39	
Junior Men Kayak	K1	1.52	3.56
	K2	1.42	3.36
	K4	1.32	3.16
Junior Men Canoe	C1	2.10	4.30
	C2	2.00	4.10
	C4	1.50	3.55
Junior Women Kayak	K1	2.08	
	K2	1.59	
	K4	1.49	

It is the policy of the ORS to support all paddlers crews who achieve these targets on fair courses in fair conditions. Selections for the Olympic Games and the Junior World Cup will be from the paddlers/crews who have achieved the target times. Appeals against selections made by the Competition Committee must be lodged with the Chairman of the Racing Committee, preferably in writing, before the Racing Committee meets to ratify the selection. If there are insufficient funds available, the Racing Committee may reduce the size of the team selected. It should be remembered that the Team for the Olympic Games has to be ratified by the British Olympic Association.

Where no paddler/crew reaches the target time, consideration may be given to special cases as presented to the selection meeting of the Competition Committee by the Section Coach or by the Chief Coach.

SPORTS AID FOUNDATION

The Sports Aid Foundation is an entirely independent organisation managed by a Board of Governors who volunteer their services. In consideration of grants, the Governors are assisted by a committee of advisers who also volunteer their services. The committee includes members nominated by the Sports Council, and the Sports Council for Scotland, Wales and Northern Ireland, under the Chairmanship and the Vice Chairmanship of two independent members nominated by the Board of Governors.

The Sports Aid Foundation's ability to raise funds through voluntary donations is entirely dependent upon their maintaining public goodwill. It is vital therefore that recognition is given at every opportunity, to their valued assistance. Failure to do so will mean this valuable source of assistance drying up! Any particular enquiries concerning the system and location of grant aid, should always be directed through the liaison officer (ORS Chief Coach) to the British Canoe Union.

National Sports Aid Foundation

International Grants are paid to paddlers who are likely to compete with distinction in major international competitions (to be in the top 9 places at World Championships).

Those who are eligible will have their name put forward automatically by the Sports Aid Foundation Liaison Officer (the ORS Chief Coach), and will be informed of the outcome of the application. Once an application has been made to National Sports Aid Foundation, no request to a Regional Sports Aid Foundation Company should be made by or on behalf of that person.

Regional Sports Aid Foundation

Regional grants are available to competitors resident within the area of the Sports Aid Foundation regional company. Paddlers must have already attained regional/county standard and be expected to compete with distinction in:

- a. United Kingdom Championships.
- b. National Championships at senior and junior levels.

and not qualify for Sports Aid Foundation elite or international grants.

Applications in the first instance to your regional B.C.U. Secretary (name and address from BCU Headquarters).

Purpose of Grant

In both instances (international and national) help is given, in accordance with personal needs, for the following items.

- a. *Additional* costs incurred by the individual in lodgings for training.
- b. *Additional* costs incurred by the individual for special food.
- c. *Additional* costs incurred by the individual for essential preparatory competition not grant aided.
- d. Transport or travel for training.
- e. Equipment - but only small items of personal equipment including confirmation that the items have been or will be purchased by the individual.
- f. Coaching fees necessarily incurred by the individual.

Grants are always intended to help with preparation and training costs only. They are not to compensate for loss of earnings, or to act as an inducement to give up full time employment.

SPORTS AID FOUNDATION

To be in receipt of money from other sources does not disqualify from SAF grant. Amounts must be declared, however, and may be taken into account when the amount of grant is calculated by SAF. Please note also that all such money should be declared and be administered through the Racing Committee.

Paddlers who are fortunate enough to have a National Sports Aid Foundation Grant should be aware that part of their grant is awarded for coaching. In the past coaches used to get their own Sports Aid. This helped towards their own costs, which are often as high as the paddler's own. It would seem that none of the paddlers receiving Sports Aid contribute anything towards the cost of the coaching that they receive. This is clearly wrong, and the situation is under review by the Racing Committee.

REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the NWSC to train anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination... so then becoming qualified to officiate at World Championships.

THE BASIC COURSE : The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key , local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

THE SYMPOSIUM : This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

Officials Training Course 1992 - November 21-22

Further details for the above will be available nearer the time. Contact Di Lawler at any regatta or write to : Mrs D. Lawler, 42 School Road, East Molesey, Surrey, KT8 0DN.

7. Amateur Status

The Racing Committee Rules are those of the British Canoe Union

- 7.1 The British Canoe Union Amateur Rule - (1st January 1983)
"An amateur is a sportsman who devotes himself to sport as a vocation for his own pleasure and for his moral and physical well-being without deriving therefrom, directly or indirectly, any material gain"
- 7.2 The Eligibility Committee, which is the authority appointed by the Union to advise, when necessary, regarding the interpretation of the Amateur Rule, and to define the amateur status of members, has issued the following Code of Practice, which clarifies the terms contained in the Rule
 - 7.2.1 An amateur canoeist may not:
 - 7.2.1.1 Be or have been a professional athlete in any sport.
 - 7.2.1.2 Have allowed his person, name, picture or sport performance to be used for advertising, except when the British Canoe Union or its Committees enter into a contract for sponsorship or equipment. All payments must be made to the British Canoe Union and not to the individual.
 - 7.2.1.3 Have acted as a professional coach or trainer in any sport.
 - 7.2.1.4 In the practice of sport and in the opinion of the British Canoe Union manifestly contravene the spirit of fair play in the exercise of sport, particularly by the use of doping or violence.
 - 7.2.2 An amateur canoeist may :
 - 7.2.2.1 Be a physical education or sports teacher or a member of a coaching scheme who gives elementary instruction.
 - 7.2.2.2 Be a canoe accessory designer or manufacturer.
 - 7.2.2.3 Accept, during a period of preparation and/or actual competition which shall be limited by the rules of the British Canoe Union and its Committees.
 - a. Assistance administered through the National Olympic Committee or the British Canoe Union: food and lodging; cost of transport; pocket money to cover incidental expenses; insurance cover in respect of accidents, illness and disability; personal property, sports equipment and clothing; cost of medical treatment, physiotherapy and authorised coaches.
 - b. Compensation authorised by his or her National Olympic Committee or the British Canoe Union, in the case of necessity, to cover financial loss resulting from his or her absence from work or basic occupation in the Olympic Games and sports competition or other canoeing activities. In no circumstances shall payment made under this provision exceed the sum which the competitor would have earned in the same period. The compensation may be paid with the approval of the British Canoe Union or the National Olympic Committee at their discretion.
 - 7.2.2.4 Accept prizes won in competition or other canoeing activities, within the rules established by the British Canoe Union and its Committees and the International Canoe Federation. (This awaits final approval following a decision of the I.C.F. Congress, when Note 2.2.4 "Cash Prizes" may be revised)
 - 7.2.2.5 Accept academic and technical scholarships.
 - 7.2.2.6 In all cases which are not covered by the above regulations, the corresponding rules of the International Canoe Federation or the National Olympic Committee shall apply.

7.3. Procedures To Be Undertaken By Those Seeking, Obtaining, and Disbursing Sponsorships, Sports Scholarships and Awards.

- 7.3.1 Details of all personal sponsorship arrangements, sports sponsorships and other awards, offered to or negotiated by individuals, or organisations, must be submitted by beneficiaries to the British Canoe Union Committee responsible for administering the particular activity, for registration and approval. When doubt exists regarding the appropriate Committee to whom information should be furnished, British Canoe Union Headquarters will arrange for the necessary action to be undertaken.
- 7.3.2 A central registry of all personal sponsorship arrangements will be maintained by the British Canoe Union Headquarters, and will be available for inspection by authorised officers of the Union.
- 7.3.3 The Eligibility Committee has advised that the term "personal sponsorship arrangements negotiated by beneficiaries" shall include:
Sponsorship provided by individuals (not family), commercial, industrial, and public authorities, National and Regional Sports Aid Foundations, Local Authorities, Trust Funds, Educational Institutions and agencies, Clubs and other miscellaneous supportive groups.

7.4. Advertising on Boats and Equipment

- 7.4.1 The arrangements for advertising by the use of photographs, personal performances, boats and personal equipment, are referred to in paragraphs 7.2.1.2 and 7.2.2.6 and specifically relate to the conditions which govern advertising when participating in events and activities organised within the jurisdiction of the British Canoe Union and its Committees. Such advertising is permitted with the approval of the Union, and is subject to the conditions established from time to time. Information regarding these conditions will be provided on request to the appropriate Committee.
- 7.4.2 Advertising carried on boats, clothing or equipment at events organised within the jurisdiction of the International Canoe Federation is controlled by the Federation, and their rules require that :
 - 7.4.2.1 In training and in international competitions the use of advertising symbols on clothing and equipment should be limited as follows. In all cases these symbols should not exceed 500 cm² on boats, 400 cm² on clothing and 50 cm² on paddles and accessories. They must not be repeated more than twice on boats or clothing, or once on each paddle blade or accessory. The controlled area of the advertising symbols must be a rectangular area enclosing the advertising symbol. All advertising material should be placed in such a way that it does not interfere with competitor's identification and does not obscure the outcome of the race. The B.C.U. in organising an ICF event should not engage in any exclusive sponsorship agreement which restricts any member federation from carrying its own sponsor's advertisement. In training and competition commercial publicity is allowed subject to the approval of the Racing Committee.

Should a competitor have completed a race in a kayak or canoe which is shown on inspection not to fulfil the classifications (see Rules 10-13), he shall be disqualified from the race in question. It is forbidden to receive during a race, outside help, or to be accompanied by other boats along the course - even outside the lanes - or by throwing objects into the course. All such acts shall entail the disqualification of the competitor(s) concerned. For National Championships, and where possible all other competitions, all disqualifications by the Competition Committee have to be confirmed in writing immediately with reasons. The Team Leader has to acknowledge the receipt on a copy with the exact time, which is the start of the protest time.

26. Means of Propulsion

Kayaks shall be propelled solely by means of double bladed paddles. Canadian Canoes shall be propelled solely by means of single bladed paddles. The paddles may not be fixed on the boat in any way. If a paddle is broken (except at the start; see Rule 28) a competitor may not be provided with a new one by a supporter.

27.1.1 Where the width of the course permits, eight or nine kayaks or canoes shall participate in the final, (if more than this number have been entered in the entire race the recommended procedure is:-

3 to 9 entries direct final.

10 to 15 entries two heats and three from each to final, rest to 1 semifinal, with 3 through to the final.

27.2 When making the draw, the difference between the number of competitors in the heats of the race shall not exceed one.

27.3 If the number of competitors in the heats varies, the earlier heats shall have the largest numbers. Any crew which has not taken part in a heat as instructed shall not be allowed to compete in the final. The composition of a crew which has qualified for intermediate heats or for the final must not be changed.

27.4 Heats and the final shall be run on the same stretch of water. Participation in the final must depend upon times attained in the heats. For races of more than 1,000 metres, heats shall not be held, and all canoes or kayaks taking part shall start simultaneously.

27.5 Should the width of the water not permit a simultaneous start, starts at regular intervals shall be permitted.

28. Start

Lots shall be drawn to determine the stations of boats at the start. Lane One shall be on the left (when facing the finish), then lane two and so on. In competitions where heats are required, lots must be drawn for each heat separately (opening, intermediate, and final).

28.1 Competitors shall be at the start at the time specified in the racing programme. The start shall be given without reference to absentees.

28.2 The position of the boats at the start shall be such that the bows of the competing boats are on the starting line.

- 28.3 The starter shall call the attention of the competitors at the start with the words "Attention Please" and if the line is satisfactory shall give the starting signal by a shot. The shot can be replaced by the word "GO". The interval between the word "please" and the starting signal shall be between one and five seconds. If the starter is not satisfied with the line he will call "STOP" and hand over to the aligner for repositioning.
- 28.4 When races start from a pontoon or a dock an assistant holds the stern of the boat and releases it on the word "GO" (shot).
- 28.5 If a boat moves beyond the starting line after the word "Please" and before the starting signal, the competitor(s) has/have made a false start. The starter must immediately warn the offending competitor/s and if two false starts are made by the same competitor/s the starter must exclude him (her) from the race. A repeated warning and subsequent disqualification by the starter applies only to the boat/competitor(s) who caused the false start. Any competitor who disregards the second warning of the starter to take up the correct position at the start, and who keeps ahead of the other competitors, shall be excluded from the race in question.
- 28.6 Should any competitor break his paddle within 25 metres of the start, the starter shall immediately call back all competitors, and a new start shall be made after the broken paddle has been replaced. The team managers of the competing teams are responsible for having reserve paddles available at the start for their respective teams. The recall shall be made by means of a second shot.

29. Interruptions

The Umpire has the right to interrupt a correctly started distance race if unforeseen hindrances arise. Such an interruption may be effected in the same way as is prescribed for recall in 28.6 above. The competitors must immediately stop paddling and await further instructions. If a race is declared null and void, no change of the composition of a crew is permitted at the new start. In the event of a capsize the competitor or crew is eliminated from the race if he or they are not able to get in again without outside help.

30. Taking Pace and Hanging

Taking pace or receiving assistance from boats not in the race or by any other means is not permitted. When a race is in progress crews not taking part in the race are strictly forbidden to proceed over whole or part of the course, even outside the marking buoys.

- 30.2 Races of more than 1,000 metres. In races over distances of more than 1,000 metres competitors may deviate from their lane providing they do not impede other competitors.

31. Turns

When a race is run on a course with turning points these shall be passed to port (i.e. in an anti clockwise direction). When going around a turning point, the competitor on the outer course must leave room for the competitor on the inner course if that competitor has the bow of his boat at least level with the front edge of the cockpit of the boat on the outer course. With respect to K2 and K4, this refers to the fore-cockpit. With respect to C1, it refers to the level of the competitor's body, and for C2 it refers to the level of the body of the foremost member of the crew. A competitor will not be disqualified for touching a turning buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning point.

32. Overtaking

When a canoe or kayak is overtaking another canoe or kayak in a race, it is the duty of the overtaking craft to keep clear at all times of the boat being overtaken. On the other hand, the craft being overtaken must not alter its course to make difficulties for the overtaking craft.

33. Collision or Damage

Any competitor who collides with another, or who damages the craft or paddle of another can be disqualified.

34. Finish

The finishing line is reached when the bow of the canoe or kayak with the competitor/s in it passes the line between the red flags. If two or more boats reach the finishing line at the same time they get the same classification in the final. In the case of a dead heat finish for any position which determines the advance to the next level of the competition the following rules will apply:

34.1 Wherever there are sufficient number of lanes available in the next level of the competition, drawing of lots will determine to which race each boat will advance.

34.2 Wherever there are not enough lanes available there will be a re-race between the boats involved 30 minutes after the race (and for International Competitions one hour after the last race of the day, or half day programme)

34.3 In the case of a dead heat in the re-race, drawing of lots will determine the outcome.

35. Racing Colours

Every racing club must register their racing colours with the Racing Committee (and any changes thereto). All competitors from a club must wear the correct colours at all times.

DEVIZES TO WESTMINSTER

International 125mile Canoe Marathon GOOD FRIDAY - EASTER MONDAY

The Devizes to Westminster International Canoe Race, often referred to as the 'Canoeist's Everest' is a 125 mile event paddled either non stop or over four fixed stages, depending on your entry category. The course was first paddled at Easter in 1948 by two crews of Devizes Rover Scouts, journey time - ninety hours. A month later a Sea Scout crew completed the paddle in seventy seven hours; attempts to break that record later in the summer were foiled by the growth of weed in the canal thus establishing Easter as the best time to make the attempt.

Starting from Devizes Wharf on Good Friday morning the course covers 53 miles and 56 portages on the Kennet and Avon Canal to its confluence with the River Thames at Reading, thereafter it follows the Thames, a distance of 72 miles with a further 20 portages, to Westminster. A total distance of 125 miles with 76 portages.

MARATHON RACING RULES

1992

MARATHON SECTION

FOREWORD BY THE CHAIRMAN OF THE MARATHON COMMITTEE

The Racing Scheme continues to provide grants to assist developing Marathon clubs in the purchase of boats. However, the original idea was that a sponsor would buy the four K1 prizes for the draw. We still need a new sponsor to be able to grant larger amounts.

The committee is unchanged except in that Paul Wells replaces Guy Dresser. Guy did a terrific job organising the London Grand Prix in August. He retires to concentrate on paddling, (and perhaps his new wife ?)

1992 including Australia loom large - Your committee continues to work hard to make your canoeing better.

Best wishes for a successful season.

The slot will be fitted with a locking pin.

The characters on the vertical plate will be the same standard as a car number plate. The dimensions of the plate will be 200mm long x 150mm high, with the top corners rounded to a 10mm radius. Paddlers in Division 1-8 and C2 not displaying vertical number plates will not score Hasler points.

- vii) With regard to safety refer to Rule 14e, 14g, 14h and 14i.

13. **NATIONAL MARATHON CHAMPIONSHIPS VENUE AND ORGANISATIONAL CRITERIA.**

The Marathon Committee will look to the following ideal criteria when considering applications for the National Championships and the Hasler Final.

THE COURSE

- a) The course should be wide enough at the start to provide a fair start for all paddlers. It should also be wide enough throughout its length for competitors to easily overtake and pass each other in opposite directions.
- b) The course should be designed to be paddled in an understern rudder boat.

- c) Portages should allow enough space at each end for four K2s to portage simultaneously. They should not be of excessive number or length.
- d) Access to portage areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting river users.

ORGANISATION

- g) The organising club(s) should have a proven track record in organising normal Divisional Marathon races.
- h) There should be adequate parking at start and finish.
- i) There should be adequate covered checking in and refreshment areas at the start and finish, and a result display area.
- j) There should be adequate toilet facilities at start and finish.
- k) The event should continue to be run over the August Bank Holiday.
- l) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- m) There should be a computerised results facility capable of showing Divisional results and team scores immediately after the event.
- n) There should be good prizes.
- o) There should be an adequate PA system at the start, briefing and prize giving areas.
- p) There should be adequate First Aid Cover in appropriate areas.

14. SAFETY

- a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water in the event of capsizing.
- b) Race organisers may require life jackets or buoyancy aids to be worn. Such equipment must be provided by the competitors.
- c) On open water adequate spray covers must be worn.
- d) Competitors must be able to swim adequately in the waters on which the race is being held.

- e) The wearing of lifejackets or buoyancy aids is compulsory for Divisions 8 and 9 and TC2.
 - f) Team Leaders should **decide** if paddlers under 16 in the higher divisions should wear lifejackets or buoyancy aids.
 - g) Race organisers would have the final say as to who should wear lifejackets or buoyancy aids, except where this is covered by rules 14e and 14i, depending on weather and water conditions.
 - h) The lifejackets/buoyancy aids referred to in b, e, f, g and i will conform to BCU/BCMA STANDARD BA 83
 - i) At the National Championships ALL paddlers in the Under 16 and Under 14 classes **WILL** wear life jackets or buoyancy aids as in h).
15. In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
16. To aid the description of races the courses shall be classified as follows:-
- 'A' shall denote sea, tidal, estuary, lake, or other open water
 - 'B' shall denote fresh water, rivers and canals.
 - 'P' shall denote portages.
- A number following the symbol shall denote the length in miles or the number of portages. Thus for example 'A5B6P7' would denote a race of five miles on open water, six of closed water and seven portages.
17. In the event of a tie for any BCU trophy an extra race shall be taken into account, and this repeated as often as is required to settle the matter where this is appropriate. If the matter is still unresolved the trophy shall be held jointly, the order of the inscription being alphabetical and each party holding it for an equal fraction of the year.

18. **DISCIPLINE**

Marathon Racing is subject to the BCU Disciplinary code reproduced in full earlier in this book (see Index).

19. **DRUGS** - Marathon Racing is subject to BCU Doping Control Rules as reproduced in an earlier section of this book (see Index)

PART C. - RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

A. ADVANCE INFORMATION

1. Do not attempt to run a race without visiting a few to find out how things work.
2. Advance information sent out to competitors and clubs should at least set out the following details as shown in the specimen.
 - a) Name, date and status of the race.
 - b) Name of the Organising Body.
 - c) Closing date for entries and whether or not late entries will be accepted.
 - d) Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.
 - e) Entry fees, and to whom these should be payable.
 - f) Locations of start and finish, and directions for getting to these places.
 - g) Time of start and closure of checking in.
 - h) Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
 - i) Any special regulations that a competitor should be aware of before he arrives.
 - j) Any major changes since last year.
 - k) An entry form asking for full details of competitors (A specimen race details and entry form follow these recommendations)

B. PRE RACE INFORMATION

Every boat should be inspected at check-in to ensure that it is numbered clearly, correctly and durably. Check that water-soluble ink has not been used. Although it is the competitors' responsibility to number his boat, it is your responsibility to ensure that he has done it. One way of doing this is to demand that he presents a clean number plate and then number it yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the course and to emphasise any special regulations.

There may be a wide range of ambitions present at the race. Some people go for a pleasant paddle, some with Olympic hopes. Try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions, variations in course for different classes etc should be taken into consideration when arranging the start order.

Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshal should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanours to central control. A marshal's directions should override any prior instructions. A marshal should be clearly identifiable.

C. **STARTING**

A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order, but a strong personality is needed to keep those in higher Divisions in good order.

The starter must never lose control of the start, either through physical inability to make himself heard, or through weakness of will. Preferably get an experienced racer to start your race and supply them with a megaphone.

Massed starts are good value for bullfighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Group A races, each class of three or more competitors must start separately.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep competitors hanging around unnecessarily. They are often nervous before a race, they may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line then start them without further delay. Say 'READY GO'.

Record the time of the start of each Division.

Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

D. **FINISHING AND RESULTS**

Signify a crossing of the finishing line aurally, by bell, whistle or some such device. Mark the finishing line clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.

Have a reliable clock which is readable, and have a backup in case of malfunctions. Make a record of the finishing order of every boat as it passes the finishing line. Have one person making an independent list of boat numbers, another person should make a list of boat numbers and finishing times: this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes record its number and finishing time alongside. Never mind computation at this stage, you will have

your hands full enough just recording the finishing order correctly. When a page is full pass it on to someone else to analyse. It is also useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish, and the tape can be used to double check your finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finishers and tell him to 'Talk' every boat over the line, giving number and time. One C60 tape should last for most marathon races.

Have somewhere out of the wind and rain, and away from possible distractions from paddlers, to analyse your finishing results. arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them, and they can be queried before prizegiving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list in finishing order with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display .

Have the prize giving as soon as possible and announce any divisional promotions at this stage.

E. SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland waters seldom needs a lifejacket, but for a division 8 or 9 paddler it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler, but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescuer can be more of a hinderance than a help.

An important precaution is to make sure that no-one is stranded or lost half way round the course. On open sea races it is important to account for everyone: on calm rivers it is usually sufficient to have a back marker paddle over the course at the tail of the race.

F. RESULTS

After the event is over, buckle to and get the final result sheet sorted out. If you put it off, your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.

Result sheets should be arranged by divisions in finishing order. They should include position, unique number, name, club, BCU number, points and

promotions to higher divisions. Totals of points scored by clubs should also be included. (these will however be verified by Hasler Advisers) A specimen result sheet extract follows (see index)

The race organiser will record at the top of the result sheet, the number of paddlers who have entered the race. The three copies of the results, will be sent to the Race Records Officer within the 14 days stipulated (Rule 11a iv)

THE STARTING OF SELECTION RACES

There is a necessity to maintain the standard of starting for selection races. The following will apply to all selection races.

REQUIREMENTS

- 1) The startline should be clearly defined on both banks.
- 2) A clearly defined marshalling line must be established about 50 metres behind the start line.
- 3) The race must be started by a person drawn from the approved starters list below, who will have an experienced assistant.
- 4) The marshalling line should be controlled by at least two experienced officials.
- 5) The above should all be equipped with P.A. equipment or loud hailers.
- 6) Where river conditions require it, Division 1 starts will be seeded into 2 or more lines.
The starter will liaise with the race organiser prior to the briefing to establish the starting ranks.

THE FOLLOWING RULES WILL APPLY TO ALL DIVISIONS AT A SELECTION EVENT.

- 1) An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have three minutes to get behind it.
- 2) A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler shall go in front of the marshalling line until so instructed by the marshal.
- 3) Once released by the marshal, the paddlers will be under the starters control. Any paddler going in front of the start line before the 'GO' will be

penalised.

- 4) For each contravention of the above rules, a two minute penalty will be imposed.

NOTE .. The Marathon Team Selectors have been instructed by the Executive Committee that they will use the results **INCLUDING** any penalty, as the basis for selection.

INTERNATIONAL MARATHONS 1992

The World Cup Event in Berlin during September was unfortunately marred by the poor standard of hospitality and accommodation, in marked contrast to the excellent organised and run event at Royal. Ivan Lawler & Graham Burns in Senior K2 & Stephen & Andy Training in C2 raced their usual controlled professional tactical race to take Gold Medals. Sandra Troop & Maria Blumenthal raced very well to take the Bronze Medal in Ladies K2. Overall the teams performance was very good in difficult bumpy conditions and we won the team trophy.

In the Junior K1 class, Tony Richardson was outstanding in winning and Scott Hynds controlling the following group took the Silver medal.

Other notable results in the Grand Prix Events were:-

ROYAL :- Chris Ballard & Greg Slater 3rd, Robin Williams & Dave Martyn 4th Mens K2. Duncan Blyth 2nd, Paul Wells 4th Mens K1, Sandra Troop & Maria Blumenthal 3rd Ladies K2, Marcus Gohar 4th C1, Tony Richardson 1st, Scott Hynds 2nd Junior K1. Anthony Crowther 1st, Renny Thomas 2nd Junior C1. Anna Hemmings 1st, Helen Gilby 2nd Junior Ladies K1. James Smith & Daniel Savage 2nd Junior K2.

BRATISLAVIA Ivan Lawler & Graham Burns 1st Mens K2. Duncan Blyth 1st Mens K1.

POLICY STATEMENT WORLD CHAMPIONSHIPS 1992 - BRISBANE

International Marathon Canoeing has moved on to a new level with the major competition being staged outside Europe for the first time in 1992. The World Championships in Brisbane, Australia on 2nd 3rd October and the 2nd Grand Prix a week later in Melbourne, presents an exciting development. It also gives a logistical and financial situation which the Committee have not encountered

The final size of the team we are able to send to Australia will, to a large extent, depend on the finances available. The Sports Council have already indicated that our International Grant for 1992 will be £15000 and it is the Committee's intention to seek further finances through sponsorship in order to send the maximum size team possible.

The Committee, however, at the beginning of 1992, can only guarantee to support one entry per class for the two events, by paying the return air fare to Australia and an internal flight between Brisbane and Melbourne.

In order that potential team members can actively seek sponsorship as early as possible to assist with the overall cost of the trip, the Committee has nominated a national squad. This does not, of course, preclude anybody else being formally added to the squad and finally selected.

The squad is :

Mens Kayak

Ivan Lawler
Graham Burns
Chris Ballard
Greg Slater
Paul Wells
Duncan Blyth
Robin Williams
David Martyn
Ian Timbrell
Guy Dresser

Ladies Kayak

Alison Thorogood
Sandra Troop
Maria Blumenthal
Jackie Eastwood

CANOE

Steve Train
Andrew Train
Marcus Gohar

For practical purposes it will be necessary to select the team at the beginning of July 1992. The selection will follow a series of assessment events and the 1st Grand Prix of the season in Portugal at the end of June.

This year, in addition to Australia there will be the 1st Grand Prix in Portugal and two Junior Grand Prix competitions, one in Portugal and the other in Hungary. The main events are :-

Grand Prix I	Crestuma, Portugal	June 27th
Junior Grand Prix I		
Junior Grand Prix II	? Hungary	August 30th
World Championships & Grand Prix II	Brisbane, Australia	October 3rd / 4th
Grand Prix III	Meibourne, Australia	October 11th

The Grand Prix Trophy is awarded for the best two results from the three events. In each event a country may enter 2 singles and 2 doubles in each class (Men's Kayak and Canadian and Women's Kayak). Only the first finisher in each class from each country scores.

The composition of the team for each event will depend entirely on paddlers being, and proving that they are of sufficiently high standard. All paddlers, seniors, juniors, women and canoes should race in the Assessment Class unless otherwise instructed. Paddlers wishing to be considered for International events must comply with the following conditions :-

- 1) They should apply to the International Team Liaison Officer, Jim Rossiter, by completing the application form. This must be returned to him by March 15th for the Lisbon event, and 1st May for the other events. The form will also include an entry for the two May assessment events.
- 2) They should be prepared to meet all costs of the trip, including £40 per person per event as a small contribution towards travel. For Australia, before completing the form, they must be prepared to finance their full trip cost - approximately £2000, if they are not the first boat selected, when they must finance approximately £1000.

- 3) They should be prepared to travel and be accommodated in the best interests of the team.
- 4) They must be prepared to accept the Team Coach's direction with regard to training and racing whilst abroad.
- 5) They should be prepared to dress and conduct themselves in a manner befitting a British Team representative, and promote the good name of British canoeing at home and abroad.
- 6) They should be prepared to give support to the Sports Council in promotional aspects, in return for Grant Aid provided.
- 7) They should wear the G.B.tracksuit provided on all suitable occasions.
- 8) They should paddle in Assessment Events where performances will have a strong bearing on Team Selections.

PRIVATE ENTRIES COMPETING ABROAD

Any competitor wishing to compete abroad outside the British Team must apply to do so via the governing body, the B.C.U., (ICF ruling). For practical purposes these applications must reach the Team Manager for the event in question by the final selection race. The applicant will be liable for any costs incurred, e.g. entry fees (even if he does not subsequently compete). It is regretted that no private travel arrangements may be made via the Marathon Committee. For information the following events are included in the ICF Calendar.

AUGUST	SELLA - SPAIN	APPLY TO ALAN LAWS
SEPTEMBER 5th/6th	25th TOUR DE GUDENA	APPLY TO JIM ROSSITER

MARATHON RANKING LISTS AT 1.1.82

These lists are compiled from Race Results.

At the time of Handbook publication the lists are not yet complete. The reasons for this are partly personal and partly administrative.

This year I am required to undertake a major review of the lists by the Marathon Executive apart from the normal promotions and demotions because of perceived unfairness in some of the rankings. Added to this there has been a problem with the method of producing the data.

However, it is intended that the lists will be available at the time the handbook is on sale.

In case of doubt, a paddler must race at the highest ranking, either printed or promoted.

Any paddler wishing for a review of Divisional status, must contact the compiler, enclosing an SAE, and stating the grounds for review. Ideally each request would be via a Club Coach.

Each ranked paddler has a unique number, and this must be used when making a race entry. New entrants will be allocated a number when they are ranked at the end of the season and notified of this via the handbook.

Ranking list compiler: Barrie Ward, 26, Ollerton Street, Adlington,
Chorley, Lancs. PR6 9LF.

SPEED, STABILITY, DISPLACEMENT

At Kirton we offer a range to suit just about every reasonable variation and advice to help you choose the most suitable craft.

First, SPEED

This is affected by length and resistance due to surface area. The International Rules control the length, therefore surface area is where the designer must work for his improvement in performance. Unfortunately low friction shapes tend to be unstable.

Second, STABILITY

Some paddlers are naturally more stable than others and best performance will only be achieved if the paddler can "work" the boat. For this reason Kirton offer their own stability guide with grade 1 the most "tippy" but potentially the fastest and grade 10 the most

stable but suitable for the novice.

Third, DISPLACEMENT

In order that you may choose the correct displacement volume for your weight we offer this wide range of designs.

GRADED DEVELOPMENT FOR THE BEGINNER

New for 1992 Kirton offer a complete range of development kayaks starting with the **Tarka** for the youngster's first boat, and the **Tercel** for dad's first introduction to a racing kayak. The next progression is to the already well established **Talisman** and then to the **Trainer** before tackling one of the thoroughbred racing machines in our range. All these development kayaks are available in the **NEW CLUB WEIGHT** laminates designed to stand up to the extra knocks.
