**KIRTON**  
**INTERNATIONAL**

Published jointly by the British Canoe Union Racing and Marathon Committees

**KIRTON alone offer the full range of International Classes K1, K2, K4, C1, C2, C4.**

*Speed  
Stability  
Success!*

### **SPEED - STABILITY - DISPLACEMENT**

Only Kirton offer the range of choice for you to achieve this successfully.

#### **RACING SINGLES K1**

When you buy your racing kayak consider the three fundamentals of design to achieve your potential.

Each Kirton boat has a specific design potential which is summarised in the following table.

Kayak Model	Kirton Stability Grade	Carrying Capacity
Cleaver X	STRUER 1	Over 75Kg
Tiger X	STRUER 1	65-75Kg
Talon	KIRTON 2	65-80Kg
Joker	STRUER 3	60-85Kg
Triton	KIRTON 4	50-70Kg
Trainer	KIRTON 6	60-90Kg
Talisman	KIRTON 8-9	60-90Kg
Tercel	KIRTON 10	60-100Kg
Tarka	KIRTON 10	30-50Kg

### **CONSTRUCTION OPTIONS**

At Kirton we offer 5 construction options designed specifically for the Marathon paddler, 3 specifically for the Sprint paddler plus a Club construction for certain models. This range, from a simple glass fibre construction through carbon kevlar hybrid combinations to the latest in vacuum bag technology, offers the canoeist just the right construction to meet his needs and abilities.

# INTRODUCTION

We are, once again, indebted to Kirton Kayak and other advertisers for their continued support for this publication.

Readers particular attention is drawn to the safety requirements at N.W.S.C.. **Sufficient bouyancy must be properly fitted to all craft before going afloat**, otherwise severe penalties may be imposed.

My thanks to all those who have spent a lot of time assisting in the compiling of the many sections that form the whole document. Without their considerable effort, particularly Di Lawler, this invaluable reference book could not be completed.

If you, **THE READER**, have any comments or suggestions to improve the Year Book, I would be delighted to hear them.

# RACING SECTION

## FOREWORD

We ended last season on a high note with excellent performances at both senior and junior levels. With the dropping of distance racing from World Championships, the pursuit of medals becomes even harder. We are putting proposals to the I.C.F. to reinstate distance racing, but even if successful it may be some years before they are back in programme.

The Placid Water Coaching Scheme has been further developed, and there are now courses for Teacher, Instructor, Senior Instructor, Race Trainer, and Race Coach. To survive the sport needs coaches at all levels. If you are a paddler or parent and want to help, please see Richard Ward.

We were very grateful last year when people volunteered to help run the Regattas. If there are any more who would like to assist, please contact Di Lawler.

My thanks to all organisers, coaches, and paddlers for their efforts last year.

I hope you all have a very successful season in 1994.

Good paddling,

David Train

## PLACID WATER RACING TESTS

These tests are designed to encourage paddlers to master both kayak and canadian racing boats, and to achieve standards of performance which indicate that they are ready to take part in both sprint and marathon competitions.

The kayak tests must be taken in a modern racing kayak with a seat.

The canoe tests must be taken in the high kneeling position used for racing.

**Examiner** - Placid Water Teacher or Senior Instructor.

# THE RACING REGISTRATION SCHEME

## Introduction

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas.

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. **Only Registered Paddlers will be allowed to compete in B.C.U. Events at N.W.S.C., Entries submitted without a Registration Number will not be accepted.**

## Initial Registration

This may be done in one of three ways:-

1. At the Canoe Exhibition (Racing Stand).
2. At any N.W.S.C. Regatta, at the Secretary's desk.
3. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

## Renewal of Registration

Competitors will remain on the register and retain their racing number until such times as they have not competed for two years, or their B.C.U. membership has lapsed. on production of a current B.C.U. card, anyone deleted from the register may re-register if they so wish.

**Current Lists of Registered Paddlers** are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing. If we can keep these lists as up to date as possible, it speeds up the process of compiling the programmes.

Youth paddlers who initially registered as Cadet members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

**The Registration Officer** MRS F. WETHERALL

When registering by post please send S.A.E. for the return of your B.C.U. card and the Reg. No.

## Disciplinary Procedures

### The Chief Official

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. At his own discretion, he may issue up to three penalty points for a single offence.

Racing in incorrect or wrong colours	1 point
Racing with incorrect or no number	1 point
Failure to observe water zoning procedures	1-2 points
Unauthorised substitution for another paddler	2 points + Disqualification
Failure to report for Semi-Finals and/or Finals having qualified in the heats (National Championships)	2 points
Conduct during racing likely to cause injury or damage to equipment	3 points
Use of bad or offensive language	1-3 points
Underweight Boat	1-3 points + disqualification from event
Underweight Boat(second offence)	Disqualification from rest of regatta ★
Failure to report for boat weighing	2 points
Insufficient Buoyancy	2 points ♦
Insufficient Buoyancy(second offence)	Disqualification from rest of regatta ♦

- ★ Disqualification from the rest of the regatta if the offence is committed on Saturday. Should the offence occur on a Sunday, the offender will be banned from racing on the first day of the next regatta. Weights must be properly fixed to the boat or seat. Stones in bags or any other removable temporary system will not be accepted. A policy of random Boat Weighing will be continued through the year. Boats required for weighing will be notified at either Start or Finish.
- ♦ Random inspections will be made at launching points, and if buoyancy appears inadequate, 2 points will be awarded immediately, and the boat turned back. If the boat goes on to race, without fitting in the correct buoyancy the offender(s) will, if the offence is committed on the Saturday, be disqualified from the rest of the regatta. If the offence is committed on the Sunday, the paddler(s) will be banned from racing on the first day of the next regatta. Persistent offence by paddlers from any one club may eventually result in **ALL** paddlers from that club being banned from a regatta.

'A' Classes will be subject to maximum penalty, and more stringent inspections. An official will be checking both buoyancy and boat weights, and keeping records of his findings. Inspections may be carried out both prior to, and after, craft go afloat.

### Totting Up

- a) When a paddler achieves a total of 4 points he/she will be automatically disqualified from the next full days racing. In two day regattas, if the incident occurs on the Saturday the disqualification becomes effective on the Sunday. If the incident occurs on the Sunday the disqualification will be for the Saturday of the next regatta. Penalty points awarded will be notified on the result sheet at the end of each regatta.
- b) A paddler who collects a further 3 points during any one season making a total of 7 in all, will be disqualified for the next two days racing.
- c) A paddler who achieves a total of 4 or 7 points during the last regatta of the season, will serve his suspension at the first regatta of the next season.
- d) All other paddlers will start the new season with a clean sheet.

Team Leaders will be informed when a warning or disqualification is effected. The notification will also appear on the result sheet.

# NATIONAL WATER SPORTS CENTRE REGATTAS

## **Disciplinary Matters of a More Serious Nature.**

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Racing Rules which include penalties in accordance with B.C.U. Rules or the Racing Section Disciplinary Regulations.

**N.B.** A reported incidence of dissent/abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under the Section Disciplinary Regulations.

## **Doping**

### **Fundamental Principles**

1. As it is possible to gain an unfair advantage over other athletes by means of doping, and because doping is a threat to physical and mental health, it is incompatible with sports ethics and is in contradiction of the rules and regulations of sports.
2. The British Canoe Union declares that doping in any form is prohibited for all athletes participating in competition within their jurisdiction.

### **Guidance to Athletes and Coaches**

1. Drugs prescribed by a doctor may contain banned substances. The same applies to certain drugs purchased over the counter at chemists. The responsibility rests with the athlete to check in advance of competing, that any drug being taken does not contain a banned substance. If his/her doctor is in doubt, advice can be obtained from a medical officer of the S.R.C. or via the Sports Council.
2. If athletes are receiving medical treatment or taking drugs for medicinal purposes (e.g. asthma), they should first check with their doctor that the drugs contain no banned substances. In most cases it is possible to change the drugs prescribed. As above, the responsibility rests with the athlete to check in advance of competing the composition of the drugs they are taking. If the doctor is in doubt advice can be sought as above. In all such cases, the athlete must declare any drugs being taken upon being asked to give a sample.
3. It must be clear that AFTER testing, the assertion that drugs were being taken for medicinal reasons, shall not be deemed a mitigating factor in the case of a positive result.

### **Anti Doping Control**

Anti Doping Controls will be continued during the current season.

Please refer to the Racing Rules for full details of the Doping Control Rules.

## **Weighing and Measuring of Boats**

Weight checks will be made on canoes and kayaks competing in regattas at N.W.S.C.. Any paddler found to be paddling an underweight boat will be disqualified from the event in question. See also page 26.

Similarly periodic checks will be made on length, width and concavity of boats, to ensure conformity to International Standards. We advise all paddlers to put their order in writing when purchasing new boats, and request that manufacturers guarantee that the boat will be built to International Specifications.

## THE JEREMY WEST TROPHY COMPETITION

The Jeremy West Trophy competition is an event which has been planned to promote sprint events in local areas and to encourage paddlers to train for the Olympic distances at which Jeremy was so successful at the 1986 World Championships.

The competition is organised by dividing the country into nine areas, similar though not identical to the normal Sports Council Regions. Each area has an administrator who ensures the organisation of at least 4 time trial or racing events over approximately a 500m course. Paddlers in each area will be divided into 8 ability groups .. using the "Standards for Sprint Racing" chart in the following section of this Year Book.

Each paddler will compete within his ability group and be scored on his performance (10 points for the fastest in the group. 9 points for second fastest etc.) These individual scores will be added together for the four (or more) events and used to select a team to represent the area at the Final. Scoring and selection of the team will be the responsibility of the Area Administrator, who may seek the help of club coaches if he/she wishes. Paddlers who do not compete in the trials are not eligible for the area team.

The Final will include 500m races for K1 K2 and K4 in all eight racing categories, 1000m events for groups 1-4, and a 3k race for everyone.

The points scored at the trials will also be used to calculate a club score for all participating clubs. In each area half the entry fees will be set aside to provide a fund of "PRIZE MONEY". At the end of the series of events for the season this fund will be divided between the clubs in proportion to the number of points scored. For the purposes of calculating club scores, only the best four paddlers in any one category count towards the final score.

It is hoped that the incentives of a club prize and the final competition will give the local events the extra excitement needed to generate the enthusiasm to make them successful. Area Administrators have been appointed and are listed below. Please give them all the support and help you can and don't hesitate to contact them if you need further information about events in your area. Their addresses are shown at the front of the Handbook.

## THE MCGREGOR PADDLE COMPETITION

The McGregor Paddler Competition should reflect the success of a club in both recruitment of active members and excellence of performance. It has not been easy to develop a formula to judge this competition on these criteria, but the following system is currently used.

### Scoring

Each category of the National Club Team Competition scores 10 points for 1st place, 9 for 2nd, etc., irrespective of the number of clubs competing. The McGregor Paddle winners would be the club which scored the most points on this basis over the 5 categories.

### National Club Team Competition

This is run in the following classes :

1. Senior Men Kayak (MAK MBK MCK MDK MVAK MVBK)
2. Senior Ladies Kayak (WAK WBK)
3. Junior Men Kayak (BAK BBK BCK BDK)
4. Junior Women Kayak (GAK GBK GCK GDK)
5. Open Canadian (All Canadian Paddlers)

### Rules

1. Composite crews (with members from more than one club) do not score.
2. There must be three crews entered in a race before points are awarded.
3. At least 50% of a crew must be registered in the class in which the boat is entered. e.g. In MCK4 at least 2 paddlers must be registered as MCK, otherwise the boat does not score.
4. Every crew entered in a heat is awarded one point.
5. No points are awarded for semi-finals.
6. Points for finals are awarded as follows:-  
1st - 10pts, 2nd - 8pts, 3rd - 7pts, 4th - 6pts, 5th - 5pts, 6th - 4pts, 7th - 3pts, 8th - 2pts, 9th - 1pt.  
In finals where there are less than 9 boats the scoring will be reduced pro rata. e.g. in a race with only 4 competitors, the winner would score 4 points, 2nd - 3, 3rd - 2 etc.  
In finals where there are non-scoring boats (composite crews etc.), although the score for first place may go to a non-scoring boat, it will not be added to his club total. This will not change the scores for the other placings, 2nd place will still score 8, 3rd place 7 etc.
7. For 3k, 6k and 10k events the points will be awarded exactly as above, but one point would be given to every finishing boat after 8th position.

### Note

Competitors could compete in K1 and C1 events provided they used the correct boats and can perform to the required standard for the classes they enter. They must have proven ability to race at this standard and must therefore have raced C1 at least one other Nottingham Regatta.

Club Secretaries must inform the Colours Registration Officer, who is the Team Leader for their club (and if you wish a nominated reserve), before January 1st each year. If a club is to be represented by another person at the N.W.S.C. the regatta organisers should be informed by the registered Team Leader, preferably when the entries are submitted.

*In the event of cold and/or windy conditions the organisers may at their discretion cancel or postpone a race, or insist on the wearing of buoyancy aids.*

## 4. Entries

Please note all the information given on the completion of the Official Entry Form which appears on the following page.

All entries must be made on the Official Form. Please do not break up the form. Send the complete form, even if you are making only one entry. Please ensure that you use the 1993 form.

## 5. Notes on Classes

- a) Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These three subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups regardless of age.
- b) Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do NOT automatically start in the "D" group.
- c) The chart "Standards for Sprint Racing", demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on their status in a Canoe.
- e) Mixed Events, in which male and female competitors race together in the mens classes, are permitted, provided the races are of parallel standard to that of their designated classes.
- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.

## TEAM LEADERS HANDBOOK

- g) Paddlers must race ONLY in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. eg. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out on the facing page. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddlers entry into racing. See chart opposite.
- j) Youth National Championships  
Youth Paddlers will race in the following Age Groups  
    UNDER 18(BORN 1976)  
    UNDER 17(BORN 1977)  
    UNDER 16(BORN 1978 or 1979)  
    UNDER 14(BORN 1980 or later)  
A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.
- k) Promotions/Demotions
  - a) Will be made throughout the year on the basis of standards laid down, and using the race results.
  - b) Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
  - c) Will be notified on the regatta results and should take effect at the next regatta.

### 6. Check your Programme

Prior to the Team Leaders Meeting it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

### 7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 12.00 Noon on Saturday. Failure to pay on time will incur a £5.00 surcharge which must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

# TEAM LEADERS HANDBOOK

## Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 am.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
  - i. Events will be dealt with in order.
  - ii. The Competition Organiser will call out in order each set of heats(or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
  - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
  - iv. It is not permitted to return to an event which has been concluded.

## 8. Entries after the Team Leaders Meeting

Entries after the meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser.

Late entries will be accepted for long distance events (3k, 6k, 10k.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form as shown below.

## 9. Club Colours

Must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.
- b) Clubs racing for the first time at a N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

## 10 Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the Raft Marshall's office.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fix into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.
- d) Numbers for long distance racing can be obtained from the Raft Marshall, and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left with the Raft Marshall to cover for numbers which will be required for Sundays racing, and would then be returned Sunday evening when all numbers were collected in.
- e) Lost Numbers, will be charged at £2.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the Raft Marshall's office. He will then make up your requirements for collection later in the morning, (after 11.00).

**ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS**

# TEAM LEADERS HANDBOOK

## 11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 2 penalty points and disqualified from the event. Team Leaders may ask for multiple copies of the form below:-

CLUB	Time Received
RACE NO	Time
LANE NO	
CREW	
FEE RECEIVED £	: Signed
Team Leader	

## 12 K4s

- a) They will be stored on racks outside the Raft Marshals Cabin
- b) Crews must not sit in the K4s except when they are on the water.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The Raft Marshall reserves the right to refuse the boat to any youth crew which is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Raft Marshall. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the Raft Marshals Office is open.
- f) Crews must leave a £5 deposit in return for a set of wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

## 13 Protests & Disqualifications

- a) Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will be no appeal against disqualification.
- b) In a National Championship event, a protest must be made by a paddlers Team Leader.
- c) Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official, who if necessary will inform the offending paddlers Team Leader.
- d) Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

## TEAM LEADERS HANDBOOK

### 14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office.

### 15 Car Parking

Team Leaders MUST take an active part to see that club members observe the car parking lines, and no vehicles on the course road rulings. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must not be impeded. The area on the boathouse side of the tower on the waterfront is a No Parking Area.

**Particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats. Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water. Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.**

# WEIL'S DISEASE

## What is it ?

Weil's disease is a very rare illness to which water users may be exposed. Weil's Disease is a bacterial infection carried in rats' urine which contaminates water and wet river banks. The bacteria does not survive long in dry conditions. It can occur in any water, including swift streams and rivers. The likelihood of becoming infected is greater from stagnant or slow moving waterways, particularly in high water conditions.

## How serious is it ?

It can be a serious illness requiring hospital treatment. One patient in 19 dies from it. Weil's disease is a notifiable illness.

## How can I catch it ?

The bacteria are absorbed through the skin mucous membranes of the mouth and eyes. It gets into the blood stream more easily if you have a minor cut in the skin or feet, or if you capsze.

## What should I do about it ?

If you fall ill with the symptoms after water sports, particularly 3 - 19 days following, then you should see your doctor immediately.

The most common symptoms are :- temperature, and influenza-like illness, and joint and muscle pains (pains in the calf muscles are often particularly noticeable.)

## Your Doctor

- During a routine visit to your Doctor advise him that you participate in water sports.
- Advise him of the existence of:  
The Lepto Spirosis Reference Unit  
Public Health Laboratory  
County Hospital  
Hereford HR1 2ER
- Ask him to make note on your personal file.

## Things to do

- Wash or shower immediately after water sports.
- Cover minor scratches and cuts with water proof plaster.
- If you have flu-like symptoms go to your Doctor early, and advise him that you are a water sports participant, and insist in the full ELISA blood test, which can be carried out quickly in a local laboratory.

# Olympic Racing Squad

## Policy

1. In formulating its Olympic preparation policy, the Racing Committee has reaffirmed its confidence in the concept of the Olympic Racing Squad, which it believes provides outstanding opportunities for training and competition that would not be available in any other situation. Scarce and meagre resources may be maximised, for minimal expenditure, the best available conditions are established for the creation of National Crews, the improvement of individual skills and fitness, the supervision and monitoring of performance, and the development of a national perspective.

## Olympic Racing Squad

2. The Committee has agreed that a National Olympic Racing Squad be selected this year to provide for the coaching and training needs of potential competitors at both senior & junior World Championships.  
The Squad will be composed of a maximum of 73 athletes, 12 coaches, one of whom shall be the Chief Coach.
3. Membership of the Squad is by invitation to those athletes who are of a sufficiently high standard, and who are prepared to undertake the sustained training and crewboat preparation that is required.
4. The Squad will function from 1st November to 30th September each year. Members will be selected by the O.R.S. coaches by reference to past conduct and performance during the previous season, and ratified by the B.C.U. Racing Committee.

## Composition

5. The numbers of the various competition categories (i.e. Kayaks, Canoes, Men, Women, Boys, and Girls) will be subject to the circumstances at the time, and within the overall approved limitations :  
Seniors - 41 Juniors - 32 Total - 73
6. To ensure that the concept of a unified national preparation and training programme is maintained, the Olympic Racing Squad will be administered as one unit, with management and coaching personnel available to perform their duties, as from time to time required, for and on behalf of the Racing Squad.

## Objectives

7. The primary objectives of the Olympic Racing Squad will be to develop and improve national standards of performance to a level sufficient to ensure that our competitors perform with distinction.

## Activity

8. The emphasis of all Olympic Racing Squad activity will continue to be placed on crew and team training. Firm direction will be provided regarding the formation of National Crews. Improved arrangements for the provision of personal coaching in the local training environment will be provided by all O.R.S. coaches. Costs of their expenses are to be born by the club or individual requiring their services. (Sports Aid Grants do include the costs of coaching). Help will be given to those members of the Olympic Racing Squad who receive no coaching support by the O.R.S. Chief Coach.
  9. The Racing Committee will, where possible, undertake to meet a proportion of the reasonable travelling expenses of the O.R.S. members from the funds to which it has access. Priority will be given to the O.R.S. training camps and crewboat training. Subject to the funds being available, the following will apply:

One person in a car	25% of the costs
Two people in a car	50% of the costs
Three people in a car	75% of the costs
Four people in a car	100% of the costs
- Payments for training camps will be at the discretion of the Chief Coach or Team Manager. Payments for crew boat training will be at the discretion of the Chief Coach.

## OLYMPIC RACING SQUAD

- 1 Be a fully paid up member of the British Canoe Union.
- 2 Attend all officially designated national Olympic Racing Squad training sessions, other than in unusual and permissible circumstances. Notification of non attendance must be given at the earliest opportunity, so that valuable resources are not wasted. Athletes failing to do this will be asked to pay the full costs of all services that have been booked on their behalf.
- 3 Members of all ORS squads must be prepared to commit themselves to a sustained programme of preparation and training that will ensure the maximisation of their potential performance.

## Selection Policy 1994

The Olympic Racing Squad as shown in the Year Book will form the basis of the teams which will represent Great Britain at the Senior and Junior World Championships. Up and coming paddlers outside the O.R.S. will still be eligible for international team selection provided that they are in serious training. Selection of major international teams will be made by the Competition Committee. Teams for the World Championships will be ratified by the Sprint Racing Committee.

Changes to the Squad may be made during the season, subject to ongoing assessment of both crew and individual performances. The selection of the World Championship Teams, and changes to the Squad can only be made at a meeting of the Competition Committee. Selection of the Teams will be based on the coaches' judgement, and on performances throughout the year.

The following target times have been set by the O.R.S. coaches, and ratified by the Sprint Racing Committee. These can be used as a guide to both paddlers and coaches. They do not represent the time(s) needed to gain selection, but can be used as goals for many paddlers.

To clarify this, the best International Times have been included in brackets. These times have not been revised for 1994 as the international times for last year were unusually slow.

<b>Target Times</b> (Best International Times in brackets)			
		<b>500 m</b>	<b>1000 m</b>
Senior Men Kayak	K1	1.44 (1.39)	3.42 (3.33)

	K2	1.42 (1.34)	3.36 (3.18)
	K4	1.34 (1.24)	3.18 (2.56)

Junior Women Kayak	K1	2.06 (1.59)	
	K2	1.57 (1.46)	
	K4	1.49 (1.37)	

It is the policy of the O.R.S. to support all paddlers and crews who achieve these targets on fair courses in fair conditions. If there are insufficient funds, the members will be asked to contribute to the overall cost of their trip.

Where no paddler or crew reaches the target time, consideration may be given to special cases as presented by the section coach or chief coach at the selection meeting.

## SPORTS AID FOUNDATION

The Sports Aid Foundation is an entirely independent organisation managed by a Board of Governors who volunteer their services. In consideration of grants, the Governors are assisted by a committee of advisers who also volunteer their services. The committee includes members nominated by the Sports Council, and the Sports Council for Scotland, Wales and Northern Ireland, under the Chairmanship and the Vice Chairmanship of two independent members nominated by the Board of Governors.

The Sports Aid Foundation's ability to raise funds through voluntary donations is entirely dependent upon their maintaining public goodwill. It is vital therefore that recognition is given at every opportunity, to their valued assistance. Failure to do so will mean this valuable source of assistance drying up! Any particular enquiries concerning the system, and allocation of grant aid, should always be directed through the liaison officer (O.R.S. Chief Coach) for senior national, and regional grants through the regional Sports Aid officers.

### National Sports Aid Foundation

International Grants are paid to paddlers who are likely to compete with distinction in major international competitions i.e. to be in the top 9 places at World Championships. Those who are eligible will have their name put forward automatically by the Sports Aid Foundation Liaison Officer (the O.R.S. Chief Coach), and will be informed of the outcome of the application. Once an application has been made to National Sports Aid Foundation, no request to a Regional Sports Aid Foundation Company should be made by or on behalf of that person.

### Regional Sports Aid Foundation

Regional grants are available to competitors resident within the area of the Sports Aid Foundation regional company. Paddlers must have already attained regional/county standard and be expected to compete with distinction in:

- a. United Kingdom Championships.
- b. National Championships at senior and junior levels.

and not qualify for Sports Aid Foundation Elite or International grants.

Applications in the first instance to your regional B.C.U. Secretary (name and address from B.C.U. Headquarters).

### Purpose of Grant

In both instances (international and national) help is given, in accordance with personal needs, for the following items.

- a. *Additional* costs incurred by the individual in lodgings for training.
- b. *Additional* costs incurred by the individual for special food.
- c. *Additional* costs incurred by the individual for essential preparatory competition not grant aided.
- d. Transport or travel for training.
- e. Equipment - but only small items of personal equipment including confirmation that the items have been or will be purchased by the individual.
- f. Coaching fees necessarily incurred by the individual.

Paddlers who are fortunate enough to have a National Sports Aid Foundation Grant should be aware that part of their grant is awarded for coaching. In the past coaches used to get their own Sports Aid. This helped towards their own costs, which are often as high as the paddler's own. It would seem that none of the paddlers receiving Sports Aid contribute anything towards the cost of the coaching that they receive. This is clearly wrong, and the situation is under review by the Racing Committee.

## REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the N.W.S.C. to introduce anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination, so then becoming qualified to officiate at World Championships.

**THE BASIC COURSE:** The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

**THE SYMPOSIUM:** This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

### Officials Training Course 1994 - November

Further details for the above will be available nearer the time. Contact Di Lawler at any regatta or write to : Mrs D. Lawler, 93 Chertsey Road, Staines, Middx TW18 3LQ.

  - 2.5 Organisers of National Status Competitions shall declare that the competition is being held under B.C.U. rules.
  - 2.6 National Status Competitions require a permit from the Racing Committee. Application for a Regatta permit shall be directed to the Secretary of the Racing Committee. Such a permit shall require:-

- 24.1 A protest made later (within 31 days from the date when the race in question was held) is only permitted if the officials of the club of the competitor making the protest can prove that the facts on which the protest is based, came to their knowledge later than one hour before the start of the race.
- 24.2 A late protest shall be referred to the B.C.U. Racing Committee accompanied by the prescribed fee (see below).
- 24.3 A protest made during a competition must be addressed to the Competition Committee and be handed to the Chief Official not later than 20 minutes after the Team Leader has been informed by the Chief Official of the protest against his competitor or team. All protests must be made in writing and be accompanied by a fee of £5.00 (International Competitions £15.00) which shall be returnable if the protest is upheld. If the protest is not upheld the fee may not be returned at the discretion of the Competition Committee.

## **Part IV - RACING REGULATIONS**

### 25. **Disqualifications**

Any competitor who attempts to win a race by any other than honourable means, who breaks the Racing Regulations, or who disregards the honourable nature of the Racing Regulations, shall be disqualified for the duration of the race concerned. Should a competitor have completed a race in a kayak or canoe which is shown on inspection not to fulfil the classifications (see Rules 10-13), he shall be disqualified from the race in question. It is forbidden to receive during a race, outside help, or to be accompanied by other boats along the course - even outside the lanes - or by throwing objects into the course. All such acts shall entail the disqualification of the competitor(s) concerned. For National Championships, and where possible all other competitions, all disqualifications by the Competition Committee have to be confirmed in writing immediately with reasons. The Team Leader has to acknowledge the receipt on a copy with the exact time, which is the start of the protest time.

### 26. **Means of Propulsion**

Kayaks shall be propelled solely by means of double bladed paddles. Canadian Canoes shall be propelled solely by means of single bladed paddles. The paddles may not be fixed on the boat in any way. If a paddle is broken (except at the start; see Rule 28) a competitor may not be provided with a new one by a supporter.

### 27. **Heats and Finals**

At least three kayaks or canoes must be entered before a race can be held. If the number of entries in race up to and including 1,000 metres is so great that heats are necessary, the number of kayaks or canoes in each heat and in the final, must not exceed nine. The division of competitors into heats shall be determined by drawing lots.

27.1.1 Where the width of the course permits, eight or nine kayaks or canoes shall participate in the final, (if more than this number have been entered in the entire race the recommended procedure is:-

3 to 9 entries direct final.

10 to 15 entries two heats and three from each to final, rest to 1 semifinal, with 3 through to the final.

16 to 27 entries 3 heats, 1-2 to final : 3-5 to semifinal, with 3 to the final

27.1.2 The division into heats must be made in such a way that at least three competitors proceed to the final (or intermediate heats) from each preceding heat.

- 27.2 When making the draw, the difference between the number of competitors in the heats of the race shall not exceed one.
- 27.3 If the number of competitors in the heats varies, the earlier heats shall have the largest numbers. Any crew which has not taken part in a heat as instructed shall not be allowed to compete in the final. The composition of a crew which has qualified for intermediate heats or for the final must not be changed.
- 27.4 Heats and the final shall be run on the same stretch of water. Participation in the final must depend upon times attained in the heats. For races of more than 1,000 metres, heats shall not be held, and all canoes or kayaks taking part shall start simultaneously.
- 27.5 Should the width of the water not permit a simultaneous start, starts at regular intervals shall be permitted.
- 28. Start**
- Lots shall be drawn to determine the stations of boats at the start. Lane One shall be on the left (when facing the finish), then lane two and so on. In competitions where heats are required, lots must be drawn for each heat separately (opening, intermediate, and final).
- 28.1 Competitors shall be at the start at the time specified in the racing programme. The start shall be given without reference to absentees.
- 28.2 The position of the boats at the start shall be such that the bows of the competing boats are on the starting line.
- 28.3 The starter shall call the attention of the competitors at the start with the words "Attention Please" and if the line is satisfactory shall give the starting signal by a shot. The shot can be replaced by the word "GO". The interval between the word "please" and the starting signal shall be between one and five seconds. If the starter is not satisfied with the line he will call "STOP" and hand over to the aligner for repositioning.
- 28.4 When races start from a pontoon or a dock an assistant holds the stern of the boat and releases it on the word "GO" (shot).
- 28.5 If a boat moves beyond the starting line after the word "Please" and before the starting signal, the competitor(s) has/have made a false start. The starter must immediately warn the offending competitor/s and if two false starts are made by the same competitor/s the starter must exclude him (her) from the race. A repeated warning and subsequent disqualification by the starter applies only to the boat/competitor(s) who caused the false start. Any competitor who disregards the second warning of the starter to take up the correct position at the start, and who keeps ahead of the other competitors, shall be excluded from the race in question.
- 28.6 Should any competitor break his paddle within 25 metres of the start, the starter shall immediately call back all competitors, and a new start shall be made after the broken paddle has been replaced. The team managers of the competing teams are responsible for having reserve paddles available at the start for their respective teams. The recall shall be made by means of a second shot.

**29. Interruptions**

The Umpire has the right to interrupt a correctly started distance race if unforeseen hindrances arise. Such an interruption may be effected in the same way as is prescribed for recall in 28.6 above. The competitors must immediately stop paddling and await further instructions. If a race is declared null and void, no change of the composition of a crew is permitted at the new start. In the event of a capsize the competitor or crew is eliminated from the race if he or they are not able to get in again without outside help.

### **30. Taking Pace and Hanging**

Taking pace or receiving assistance from boats not in the race or by any other means is not permitted. When a race is in progress crews not taking part in the race are strictly forbidden to proceed over whole or part of the course, even outside the marking buoys.

30.1 Races up to 1,000 metres. In races up to 1,000 metres competitors must keep to their lane from the start to the finish of the course. It is forbidden to hang, and no competitor must come nearer than five metres in any direction to another competitor.

30.2 Races of more than 1,000 metres. In races over distances of more than 1,000 metres competitors may deviate from their lane providing they do not impede other competitors.

### **31. Turns**

When a race is run on a course with turning points these shall be passed to port (i.e. in an anti clockwise direction). When going around a turning point, the competitor on the outer course must leave room for the competitor on the inner course if that competitor has the bow of his boat at least level with the front edge of the cockpit of the boat on the outer course. With respect to K2 and K4, this refers to the fore-cockpit. With respect to C1, it refers to the level of the competitor's body, and for C2 it refers to the level of the body of the foremost member of the crew. A competitor will not be disqualified for touching a turning buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning point.

### **32. Overtaking**

When a canoe or kayak is overtaking another canoe or kayak in a race, it is the duty of the overtaking craft to keep clear at all times of the boat being overtaken. On the other hand, the craft being overtaken must not alter its course to make difficulties for the overtaking craft.

### **33. Collision or Damage**

Any competitor who collides with another, or who damages the craft or paddle of another can be disqualified.

### **34. Finish**

The finishing line is reached when the bow of the canoe or kayak with the competitor/s in it passes the line between the red flags. If two or more boats reach the finishing line at the same time they get the same classification in the final. In the case of a dead heat finish for any position which determines the advance to the next level of the competition the following rules will apply:

34.1 Wherever there are sufficient number of lanes available in the next level of the competition, drawing of lots will determine to which race each boat will advance.

34.2 Wherever there are not enough lanes available there will be a re-race between the boats involved 30 minutes after the race (and for International Competitions one hour after the last race of the day, or half day programme)

34.3 In the case of a dead heat in the re-race, drawing of lots will determine the outcome.

### **35. Racing Colours**

Every racing club must register their racing colours with the Racing Committee (and any changes thereto). All competitors from a club must wear the correct colours at all times.

## Part V - SPECIAL RULES FOR NATIONAL CHAMPIONSHIP EVENTS

36. Only members of the B.C.U. who qualify under Rule 9. may participate in National Championship events. The only exceptions to this rule are those exempted under Rule 5.

## INTERNATIONAL MARATHONS

### Review of 1993

The World Cups event in Maribo, was a well organised competition in a small town in the south of Denmark. Conditions on the lake course were rough in parts. The standard overall was the highest in any marathon competition to date, surpassing Australia in 1992.

Ivan Lawler again produced an outstanding performance to win the Men's K1, in a very tight finish in a group of four, Greg Slater just missing a medal finishing 4th.

The men's K2 was a very tactical race, with a very large group together for the first 30km, the pace being kept high throughout, with the lead changing continuously. The Australian crews finished 1st and 2nd, South Africans 3rd and 4th with John Elliott/Steve Harris 5th and Jim Butler/James Block 6th. Mike Mills-Thom took a gold to go with his bronze in the K1.

Sandra Troop had very bad luck and broke her arm badly in a cycle accident after the Round London Grand Prix. We wish her well. We were therefore forced to change our plans for the women's boats for Maribo. Alison Thorogood teamed up with Maria Blumenthal in the K2. They were disappointed to finish 6th.

In K1 Andrea Dallaway gave a determined performance to stay with the current World Champion until the last 5km and hung on to finish 3rd. Hilary Dresser, in her first major event, finished 5th.

Our canoe paddlers, James Lee and Mike Marshall in C1, and Mark Taylor/Steve Brown in C2 gave, excellent performances in their first international season.

The overall excellent team effort gave us the Team Trophy by 2 points from the Hungarians, 104 to 102.

The Junior Grand Prix staged at the same venue produced excellent performances from Anna Hemmings in K1 and David Smith/Brian Hemmings in K2 to win their classes. Malcolm Lane also did well to finish 3rd in C1. The results, together with those from the Round London, gave us the Junior Grand Prix trophy.

In June 1993 we staged the Round London Grand Prix. This proved to be a very successful event, thanks to the help of many of the London area clubs. The main results were Greg Slater's excellent win in the K1: John Elliott/Steve Harris 3rd in K2: Sandra Troop/Maria Blumenthal had joint 2nd in K2: James Lee/Mike Marshall 3rd in C2. Together with our results in Maribo, we finished 2nd, to Hungary, for the Grand Prix trophy.

## PROGRAMME FOR 1994

The 1994 World Championships will be staged in Amsterdam on September 3/4 with the Grand Prix events in Sweden May 29 and Hungary August 20/21.

The main events for the year are therefore:-

Grand Prix 1	Gota Kanal	May 29
Junior Grand Prix 1	Sweden	
Grand Prix II	Szeged, Hungary	August 20/21
World Championships	Amsterdam, Holland	September 3/4
Grand Prix III		
Junior Grand Prix II		

The Grand Prix Trophy is awarded for the best 2 results from the three events. Each country may now enter 3 crews per class, except in Amsterdam, (Men's kayak and Canadian, and Women's kayak) with only the first finisher to count.

In the Junior Grand Prix there are only classes in men's K2, K1, C1 and women's K1.

In addition to the 3 main events, we plan to finance small teams to Eindhoven and the Tour de Gudena. We will also support events in Portugal, Spain, and other countries provided the organisers totally fund our travel and accommodation.

We also plan to support about 10 of our Swedish team to stay on for a further week to train and race at Vaxholm near Stockholm.

### Preseason Events

Those wishing to compete Internationally are encouraged to take part in at least the following preseason events as part of their training programme:-

Richmond K2 - January 9

Royal K1/K2 - January 30

Thameside II - February 7

### Marathon Squad

In order that potential team members can actively seek sponsorship for their International racing, the Committee is continuing with its policy of nominating a National Squad. This does not, of course, preclude anybody else being formally added to the squad and finally selected to teams.

The squad is :

**International Selections**

The composition of the team for each event will depend entirely on paddlers being, and proving that they are of sufficiently high standard. All paddlers, seniors, juniors, women and canoes should race in the Assessment Class unless otherwise instructed. Paddlers wishing to be considered for International events must comply with the following conditions :-

1. They must be comprehensive BCU members throughout the year.
2. They should apply to the International Team Liaison Officer, Jim Rossiter, by completing the application form. This **must** be returned to him by:-

3. They should be prepared to meet all the expenses of the trip, including £50 per person per event as a small contribution towards travel.

**NOTE** For those staying for the two events in Sweden the cost will be a minimum of £100. For the Tour de Gudena each paddler will receive £150 towards the total cost: balance by themselves.

4. They should be prepared to travel and be accommodated in the best interests of the team.
5. They must be prepared to accept the **Team Coach's** direction with regard to training and racing whilst abroad.

6. They should be prepared to dress and conduct themselves in a manner befitting a British Team representative, and promote the good name of British canoeing at home and abroad.
7. They should be prepared to give support to the Sports Council in promotional aspects, in return for Grant Aid provided.

When a competitor changes his club in mid-season, he is permitted to compete for his new club instead of his old, provided that prior consent of the old club be obtained. This consent shall not be withheld unreasonably in the case of a change of residence from one area to another. The agreed change shall be advised to the Race Records Officer, in writing, before points can be allocated to the new club in Hasier Competition.

5. **THE RACING STRUCTURE**

The Marathon Racing system has been designed to encourage all levels of competitor from the raw beginner to top class international competitors.

## THERE ARE FIVE CATEGORIES OF RACE :

### GROUP A

- 5a) Divisional races (under rule B7) approved by the Executive Committee. Promotions between divisions will take place as shown in 7d. For these races a minimum of the range of required classes agreed with the Regional Hasler Adviser must be held.
- 5b) Races and time-trials approved by the Executive Committee not in the Divisional system, such as stage marathons, descents, Royal K1, Richmond K2, Thamesides etc.
- 5c) THE NATIONAL CHAMPIONSHIPS - See Rule 12  

(Certificates must be issued at the events in 5a, 5b, & 5c as they are the race levy and BCU comprehensive membership is needed.)

### GROUP B

- 5d) Those races in the Regions and Clubs not appearing in the calendar. These will include handicap and fun marathons. No promotions will take place at these races.
- 5e) Races approved by the Executive Committee but organised by outside bodies such as the D.W.Committee and the B.W.B.

### 6. SPONSORSHIP AND THE CERTIFICATE SCHEME.

The Certificate scheme offers an ideal platform for the sponsorship of Marathon Racing, the end result being that the Executive Committee are able to promote Marathon canoeing mainly at club level.

The certificate scheme works in the following way :-

Certificates are purchased by the race organiser from the Open Racing Secretary - order at least 14 days before the event from :-

**MONICA OWEN,  
14, MILLDOWN AVENUE, GORING ON THAMES, READING, RG8 OAS**

at 50p each. The race entry fee entitles the paddler to a certificate along with their entry. The race organiser completes the Race and Date section on the counterfoil. A certificate is issued to every paddler at check-in as part of the entry. The paddler completes the counterfoil and places it in the box provided by the organiser, for return to the Racing Scheme Secretary or, the paddler can return the counterfoil directly to the Racing Scheme Secretary. Every three months a draw is made. The winning competitor

receives a new racing canoe or kayak, and the issuing organising club receives a cash prize of £100.

Certificates must be issued at the events in 5a, 5b & 5c publicised in the Racing Handbook. In addition organisers are encouraged to use the certificates for any handicap races in club or region. The Certificates will in effect be the race levy.

## **7. THE DIVISIONAL SYSTEM**

- 7a) There are singles events in Divisions 1-9, and a promotion scheme which provides a challenge for everyone .
- 7b) There are doubles events for Divisions 1/2, 3, 4/5, 6/7, 8/9 K2s, C2 and TC2
- 7c) The events in 7(a) and 7(b):
  - i. Will be the official B.C.U. races which determine a paddlers national ranking.
  - ii. Will require Comprehensive B.C.U. membership.
  - iii. Must be held at all races counting towards the National Team League Championship - The Hasler trophy, except where varied as agreed with the Regional Hasler Adviser.

### **7d PROMOTIONS / DEMOTIONS**

- i. Promotions will normally take place on singles performances. The Executive Committee may decide to promote those who only race doubles.
- ii. The Executive Committee has discretion to promote and demote where this is found to be necessary.
- iii. Status in Canoe will not affect status in Kayak and vice versa.
- iv. Generally no lady or Canoe paddler will be promoted higher than Div 3 and no junior kayak higher than Div 2.
- v. Each year a Divisional List will be published in the Racing Handbook for Divisions 1-8. We recommend that entry into the Divisional system should be based on the standards detailed in the Coaching Scheme Racing Awards ... see index.

- vi. A paddler attaining selection for a Senior Mens National team is at once promoted to Division 1. A paddler attaining Junior Kayak selection is promoted to Division 2. A Canoe paddler attaining selection for a Senior National Team is promoted to Division 3: a Canoe paddler attaining senior selection in a sit down canoe for the National Team is promoted to Division 5. A lady paddler selected for a National Team is promoted to Division 3.
- vii. Promotions between the lower divisions throughout the season will be calculated as follows:-

**Div. 9 & 8** All finishers whose time is equal to or faster than the winning time of the next higher division + 3 minutes are promoted to the higher division provided that there are a minimum of 5 starters in that higher division.

**Div. 7** No promotions will take place unless there is a minimum of 5 starters in the race. Then the winner and all those finishing within 1 minute of the winner will be promoted to Div 6.

**Div. 6 & 5** All finishers whose time is equal to or faster than the winning time of the next higher division + 4 minutes will be promoted to that higher division provided that there are a minimum of 5 starters in that higher division.

Where a finishers time is within 4 minutes of the next higher division but one then they will be promoted to that division provided there is a minimum of 5 starters in that division. Thus for example, it is possible for a Div. 6 paddler with an exceptional time to be promoted to Div. 4.

**Div. 4** Promotions from Div. 4 to Div. 3 will be by agreement between Ranking Officers for Divisions 1-3 and for Divisions 4-9. These can be made at any time.

**NOTE** The lower limit of 5 paddlers to render a race quorate for promotion purposes, as described above, is intended to ensure that the winners time is a realistic one for that division. However, the Regional Hasler Co-ordinator may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.

- viii. Demotions between the lower divisions throughout the season will be calculated as follows:-

**Divs 4,5, & 6** All those finishing with a time slower than the winner of the division + 10% will be designated "D". With 3 "D" notices a paddler may apply to the ranking officer for immediate demotion to the next lower division.

**Divs 7 & 8** Normally there will be no demotions from Divs 7 & 8. If a paddler or his/her club feel that special circumstances warrant a demotion they should contact the ranking officer.

**Note 1** Demotions from any division will not normally be considered by the ranking officer during the period immediately prior to the National Championships and Hasler Final. ie during the months of August and September.

**Note 2** A standard demotion application form is printed within this Handbook to be used or copied by those paddlers seeking demotion.

ix. Promotions and demotions between Div 1, Div 2 and Div 3 will be determined by the ranking officers for Divs 1-3 in conjunction with the national and regional coaches. It will be based on performance in all races. Demotions from Div 3 to Div 4 will be by agreement between the ranking officers for Divs 1-3 and Divs 4-9.

x. Once promoted paddlers MUST race in their correct Division, except under the provision of rule 7e). Any competitor found racing in a lower Division, singles or doubles except under the provision of the above rule, may be disqualified from the event and be banned from Marathon competition for 12 months from the date of the event when the last misdemeanour took place.

TC2 may only be competed by unranked Canoe paddlers and Kayak paddlers ranked Division 7, 8 and 9.

xi. Each year the divisional lists are checked and any paddler not having competed for two successive seasons will be removed from the lists. Each autumn clubs are asked to submit a list of paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.

Any club or competitor who feels that he or she has been placed in the wrong division may apply to the ranking officer for a correction.

7e) **COMPETING IN CREWBOAT**

A paddler who is normally ranked on singles performances, however, when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down) e.g. Paddler A. - Div 3, Paddler B. - Div 8

$$3 + 8 = \frac{11}{2} = 5.1/2$$

The entry would be in Div.5.

When taking advantage of this clause both paddlers MUST show their ranking singles division on the entry forms.

7f) **HANDICAP SYSTEM FOR LOW ENTRIES**

If there are less than three entries in a division then the organiser may transfer those entries to a another division. This will be the next lower division provided the race distance is the same. Otherwise it will be the next higher division. A handicap (if moved down) or an allowance (if moved up) of two minutes for singles and three minutes for doubles per Division, will be used to calculate the results, which will count for Hasler points. Transferred paddlers racing in a different division will count for prizes but not in the calculations for promotions.

7g) **TYPES OF COURSE**

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be:-

**DIV 1/2/3 - Singles and Doubles**

Full Senior course of more than 12 miles(20Km) with any degree of severity.

**DIV 4, 5, & 6 Singles, 4/5 & 6/7 Doubles**

The course of about 8 miles (13Km) which may include portages and/or weir shoots.

**DIV 7, 8 & 9 Singles and 8/9 Doubles**

Course of about 4 miles (6.5Km) with the minimum practical hazards.

7h) **CLUB HANDICAP RACES**

As an introduction to competing in the Divisional system, clubs are encouraged to hold handicap races throughout the year. These should be over a 5 - 10km course, with handicaps based on age experience and type of boat.

7i) Race organisers are encouraged to give prizes for special groups of paddlers. eg. First Under 16, First C1, Canoe in particular they are strongly recommended to **give a prize for the first lady in each division**. This kind of encouragement is particularly important in the divisional system.

8. The organiser of a race must apply for that race to be registered. This must be done in the Autumn of the year preceding the event. The event must be organised and run under the Marathon Racing Rules. Registered races must advertise through the Union and may appeal through the Executive Committee in cases of dispute or difficulty. (see also BCU Disciplinary Code refer to index)

Registration shall be the minimum requirement for a race to be recognised. Registration fee will be by the Certificate levy which will apply to races defined in Rule B5 a) b) and c).

9. The organisers of a Marathon Race may apply for it to be classified as a Group A Race. These Races shall be run with a higher degree of organisation. They shall be properly advertised. Adequate pre-race instruction shall be made available in adequate time. Properly documented results shall be sent to the Executive Committee and to competitors who provide a stamped addressed envelope.

The status of a race shall be decided by the Executive Committee on the basis that a race has been run satisfactorily by the same organisation over essentially the same course.

10. Assessment races will be picked by the Executive Committee from the most suitable races for the events to which British Teams will be going, and advised to the organiser by March 1st. each year, via the Racing Handbook. In these races, assessment classes may be separate from the race classes, and may be over the same or different courses.

e) **GENERAL RULES FOR THE COMPETITION**

- i) All competitors must be Comprehensive B.C.U. members.
- ii) The Clubs Cup will be presented to the club gaining the most points at the Championships.
- iii) The points for the Clubs Cup competition will be awarded per paddler both in singles and doubles events 20, 19, 18 etc and so on down to one point for each finisher.

- iv) There must be at least three entries for a National Championship to take place.
- v) Boat specifications should be those set out by the ICF Marathon Racing Committee and the BCU Marathon Committee.
- vi) Although no automatic promotions will take place, the Committee may exercise their right under Rule 7(d) to promote or demote on the basis of the results. The event will not count as a Regional Hasler Event nor be used to allocate points for Regional Hasler Events.
- vii) With regard to safety refer to Rule 14e, 14g, 14h and 14i.

13. **NATIONAL MARATHON CHAMPIONSHIPS VENUE AND ORGANISATIONAL CRITERIA.**

The Marathon Committee will look to the following ideal criteria when considering applications for the National Championships and the Hasler Final.

**THE COURSE**

- a) The course should be wide enough at the start to provide a fair start for all paddlers. It should also be wide enough throughout its length for competitors to easily overtake and pass each other in opposite directions.
- b) The course should be designed to be paddled in an understern rudder boat.
- c) Portages should allow enough space at each end for four K2s to portage simultaneously. They should not be of excessive number or length.
- d) Access to portage areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting river users.

**ORGANISATION**

- g) The organising club(s) should have a proven track record in organising normal Divisional Marathon races.
- h) There should be adequate parking at start and finish.

- i) There should be adequate covered checking in and refreshment areas at the start and finish, and a result display area.
- j) There should be adequate toilet facilities at start and finish.
- k) The event should continue to be run over the August Bank Holiday.
- l) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- m) There should be a computerised results facility capable of showing Divisional results and team scores immediately after the event.
- n) There should be good prizes.
- o) There should be an adequate PA system at the start, briefing and prize giving areas.
- p) There should be adequate First Aid Cover in appropriate areas.

#### 14. SAFETY

- a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water in the event of capsize.
- b) Race organisers may require life jackets or buoyancy aids to be worn. Such equipment must be provided by the competitors.
- c) On open water adequate spray covers must be worn.
- d) Competitors must be able to swim adequately in the waters on which the race is being held.
- e) The wearing of lifejackets or buoyancy aids is compulsory for Divisions 8 and 9 and TC2.
- f) Team Leaders should **decide** if paddlers under 16 in the higher divisions should wear lifejackets or buoyancy aids.
- g) Race organisers would have the **final** say as to who should wear lifejackets or buoyancy aids, except where this is covered by rules 14e and 14i, depending on weather and water conditions.
- h) The lifejackets/buoyancy aids referred to in b, e, f, g and i will conform to BCU/BCMA STANDARD BA 83
- i) At the National Championships ALL paddlers in the Under 16 and Under 14 classes **WILL** wear life jackets or buoyancy aids as in h).

15. In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
16. To aid the description of races the courses shall be classified as follows:-
  - 'A' shall denote sea, tidal, estuary, lake, or other open water
  - 'B' shall denote fresh water, rivers and canals.
  - 'P' shall denote portages.

A number following the symbol shall denote the length in miles or the number of portages. Thus for example 'A5B6P7' would denote a race of five miles on open water, six of closed water and seven portages.

17. In the event of a tie for any BCU trophy an extra race shall be taken into account, and this repeated as often as is required to settle the matter where this is appropriate. If the matter is still unresolved the trophy shall be held jointly, the order of the inscription being alphabetical and each party holding it for an equal fraction of the year.

#### 18. **DISCIPLINE**

Marathon Racing is subject to the BCU Disciplinary code reproduced in full earlier in this book (see Index).

19. **DRUGS** - Marathon Racing is subject to BCU Doping Control Rules as reproduced in an earlier section of this book (see Index)

### **PART C. - RECOMMENDATIONS**

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

#### **A. ADVANCE INFORMATION**

1. Do not attempt to run a race without visiting a few to find out how things work.
2. Advance information sent out to competitors and clubs should at least set out the following details as shown in the specimen.
  - a) Name, date and status of the race.
  - b) Name of the Organising Body.
  - c) Closing date for entries and whether or not late entries will be accepted.
  - d) Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.
  - e) Entry fees, and to whom these should be payable.

- f) Locations of start and finish, and directions for getting to these places.
- g) Time of start and closure of checking in.
- h) Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
- i) Any special regulations that a competitor should be aware of before he arrives.
- j) Any major changes since last year.
- k) An entry form asking for full details of competitors (A specimen race details and entry form follow these recommendations)

## B. PRE RACE INFORMATION

Every boat should be inspected at check-in to ensure that it is numbered clearly, correctly and durably. Check that water-soluble ink has not been used. Although it is the competitors' responsibility to number his boat, it is your responsibility to ensure that he has done it. One way of doing this is to demand that he presents a clean number plate and then number it yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the course and to emphasise any special regulations.

There may be a wide range of ambitions present at the race some people go for a pleasant paddle, some with Olympic hopes try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions, variations in course for different classes etc should be taken into consideration when arranging the start order.

Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshal should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanours to central control. A marshal's directions should override any prior instructions. A marshal should be clearly identifiable.

## C. STARTING

A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order, but a strong personality is needed to keep those in higher Divisions in good order.

The starter must never lose control of the start, either through physical inability to make himself heard, or through weakness of will. Preferably get an experienced racer to start your race and supply them with a megaphone. Massed starts are good value for bullfighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Group A races, each class of three or more competitors must start separately.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep competitors hanging around unnecessarily. They are often nervous before a race, they may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line then start them without further delay. Say 'READY GO'.

Record the time of the start of each Division.

Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

#### D. **FINISHING AND RESULTS**

Signify a crossing of the finishing line aurally, by bell, whistle or some such device. Mark the finishing line clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.

Have a reliable clock which is readable, and have a backup in case of malfunctions. Make a record of the finishing order of every boat as it passes the finishing line. Have one person making an independent list of boat numbers, another person should make a list of boat numbers and finishing times: this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes record its number and finishing time alongside. Never mind computation at this stage, you will have your hands full enough just recording the finishing order correctly. When a page is full pass it on to someone else to analyse. It is also useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish, and the tape can be used to double check your finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finishers and tell him to 'Talk' every boat over the line, giving number and time. One C60 tape should last for most marathon races.

Have somewhere out of the wind and rain, and away from possible distractions from paddlers, to analyse your finishing results. arrange a

system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them, and they can be queried before prizegiving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list in finishing order with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display .

Have the prize giving as soon as possible and announce any divisional promotions at this stage.

#### E. SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland waters seldom needs a lifejacket, but for a division 8 or 9 paddler it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler, but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescuer can be more of a hinderance than a help.

An important precaution is to make sure that no-one is stranded or lost half way round the course. On open sea races it is important to account for everyone: on calm rivers it is usually sufficient to have a back marker paddle over the course at the tail of the race.

#### F. RESULTS

After the event is over, buckle to and get the final result sheet sorted out. If you put it off, your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.

Result sheets should be arranged by divisions in finishing order. They should include position, unique number, name, club, BCU number, points and promotions to higher divisions. Totals of points scored by clubs should also be included. (These will however be verified by Hasler Advisers) A specimen result sheet extract follows (see index)

The race organiser will record at the top of the result sheet, the number of paddlers who have entered the race. Four copies of the results, will be sent to the Race Records Officer within the 14 days stipulated (Rule 11a iv)

## **THE STARTING OF SELECTION RACES**

There is a necessity to maintain the standard of starting for selection races. The following will apply to all selection races.

### **REQUIREMENTS**

- 1) The startline should be clearly defined on both banks.
- 2) A clearly defined marshalling line must be established about 50 metres behind the start line.
- 3) The race must be started by a person drawn from the approved starters list below, who will have an experienced assistant.
- 4) The marshalling line should be controlled by at least two experienced officials.
- 5) The above should all be equipped with P.A. equipment or loud hailers.
- 6) Where river conditions require it, Division 1 starts will be seeded into 2 or more lines. The starter will liaise with the race organiser prior to the briefing to establish the starting ranks.

### **THE FOLLOWING RULES WILL APPLY TO ALL DIVISIONS AT A SELECTION EVENT.**

- 1) An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have three minutes to get behind it.
- 2) A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler shall go in front of the marshalling line until so instructed by the marshal.
- 3) Once released by the marshal, the paddlers will be under the starters control. Any paddler going in front of the start line before the 'GO' will be penalised.
- 4) For each contravention of the above rules, a two minute penalty will be imposed.

**NOTE** .. The Marathon Team Selectors have been instructed by the Executive Committee that they will use the results **INCLUDING** any penalty, as the basis for selection.

## SPECIMEN RACE DETAILS

The task of keeping records and working out promotions is becoming increasingly more time consuming. To help the records officer to keep on top of the job all race organisers are asked to produce their race details and results in full in the following format. IT IS MOST IMPORTANT THAT A PADDLERS UNIQUE NUMBER IS ENTERED ON ALL ENTRY AND RESULT SHEETS.

# THE RESTRUCTURING OF THE MARATHON RANKING SYSTEM

The purpose of restructuring the system for promotion within the divisional system is to have every paddler competing in the correct division for his/her personal standard and thereby gaining maximum advantage from their racing.

This situation will be more efficiently achieved if all competitors, coaches, Regional and National Hasler Organisers work together towards this common goal.

These initial lists have been compiled in good faith, using the information available, and will inevitably contain some errors. If you feel that the promotion/demotion system will not serve to correct these errors quickly enough, please contact the Records Officer in writing, stating the nature of your problem:

Mr R Lawler, 42, School Rd. East Molesey, Surrey KT8 ODN

# Speed-Stability -Success!

## **SPEED, STABILITY, DISPLACEMENT**

At Kirton we offer a range to suit just about every reasonable variation and advice to help you choose the most suitable craft.

### **First, SPEED**

This is affected by length and resistance due to surface area. The International Rules control the length, therefore surface area is where the designer must work for his improvement in performance. Unfortunately low friction shapes tend to be unstable.

### **Second, STABILITY**

Some paddlers are naturally more stable than others and best performance will only be achieved if the paddler can "work" the boat. For this reason Kirton offer their own stability guide with grade 1 the most "tippy" but potentially the fastest and grade 10 the most

stable but suitable for the novice.

### **Third, DISPLACEMENT**

In order that you may choose the correct displacement volume for your weight we offer this wide range of designs.

### **GRADED DEVELOPMENT FOR THE BEGINNER**

New for 1992 Kirton offer a complete range of development kayaks starting with the **Tarka** for the youngster's first boat, and the **Tercel** for dad's first introduction to a racing kayak. The next progression is to the already well established **Talisman** and then to the **Trainer** before tackling one of the thoroughbred racing machines in our range. All these development kayaks are available in the **NEW CLUB WEIGHT** laminates designed to stand up to the extra knocks.
