EDITORIAL

For the second year running the struggle to produce the year book has reached epic proportions. The main problem being that this year's book had to be completely retyped and fitted in around all the other day to day routine work of this office, all the CANOE 81-Nottingham leaflets and handbooks and bulletins and the February edition of Flat Water - all of which had the same deadline - the Crystal Palace Canoe Exhibition. However, realising the problems we were up against we started work on this edition in early December 1980. Since then the typewriter has run at full speed, five days a week with only a short break over Christmas. Everything going to plan until, bang in the middle of the final push the typewriter went berserk. Our one year old electric typewriter succumbed to metal fatigue, and started typing by itself at the rate of 180 words per minute! (comes of working for CANOE 81)! The replacement machine stood the strain for a day and a half before giving an audible groan and refusing to go on any further (very remissant of my performance in the D/W).

However, the heroes always win in the end, the typewriter finally came back repaired, the work got typed and set-up and the BCU HQ sorted out the printing instructions (hopefully!)

That the book has appeared at all is largely due to the perseverance of Peggy Thorp our typist, without whose services we would be in a sorry state. Thanks must also go to Jim Rossiter and Colin Gray who assembled the copy from the Marathon and Racing sections respectively.

As you can see the format of this edition has changed somewhat from previous years. Coloured paper has been used to a large extent to aid quick indexing. Information common to the two disciplines has been amalgamated and printed in the front (white) section of the book. Addresses appear only once in the book, the number in brackets alongside a name is the reference number of that person in the Directory, pages 9-12. The Team Leaders Handbook has also been incorporated into this edition.

All of these changes will hopefully make the book a more informative and readable document.

Any comments or criticism on content or lay-out would be appreciated from you the reader. Remember, it is only 10 months to the start of the next edition!

Finally I would like to wish all racing paddlers both Marathon and Sprint the best success in the 1981 season

FORWARD BY THE CHAIRMEN

Again in what seems to be an increasingly short 'close' season I am writing a foreword to what I am pleased to say is becoming an increasingly sought after publication.

The fact that it is sought after means pleasure to me because it says that its contents are necessary to an increasing number. In its turn it confirms that both Marathon and Racing are pursuing a path that is finding approval.

The contents, are intended to provide useful information both from the point of competition details and as a record of past achievements. It's really intriguing to look back over the years as to who won what and it helps selections.

It is also a means of communication which any amateur body always seems to be short of. I am always pleased to receive letters or phone calls from any member with a genuine desire to help racing. Any suggestion gets full consideration from the executive committee that meets regularly to ensure that all work is actioned as quickly as necessary.

I look forward to hearing from you in 1981, good paddling.

ALAN LAWS - CHAIRMAN MARATHON COMMITTEE

1981 is potentially the greatest year ever, for those of us involved in Racing. Not only because of the XVIth World Racing Championships which will be held at the Holme Pierrepont, National Water Sports Centre, but because a radical change in the structure and operation of the Section was approved at the Section AGM in January.

These changes have been designed to release the Racing Committee from its pre-occupation, over the past years, of International Team Selection and Management and allow it to concentrate more on the development of "Racing" in its broadest sense. It remains for the Committee itself to produce the detailed blueprint that will make the new structure work and no doubt there will be many hours of debate during the transitional period before the new Competition Committee; the Finance Committee and a re-vamped Regatta Committee, can offer the full range of professional services, seen by far-sighted members of the Section as the way forward for our sport.

It is my intention, as Chairman of the Section, to see that in 1981 full advantage is taken of the opportunities that will present themselves, particularly during CANOE 81, for the long term development of the sport. The acceptance by all, that Racing must be bigger than any individual in it, is fundamental to such development and is essential if we are to expand the base of the Racing pyramid and improve the standards at the top.

In closing I would like to record the Section's thanks and appreciation to the Sports Council; The Nottinghamshire County Council; Sports Aid Foundation and Alka-Seltzer for their generous financial support of Racing in various ways throughout 1980.

Finally I am sure that you would wish me to express the support of all members of the Section to the CANOE 81 organisation in its task of staging the Triple World Championships during July 1981 and to wish all those involved in CANOE 81 every success.

COMPETITION COACHES SCHEME

(RACING)

If YOU are keen to help competitors to succeed, this is for you.

Courses are open to all BCU members who are 18 years of age or over, be they competitors, non-competitors, parents or established instructors.

If you are hesitant about joining a 'formal structure' do not be alarmed - there is no compulsion to sit an examination or accept a 'qualification'. You are quite welcome merely to attend the courses.

Entry to the scheme is by direct application to the organiser concerned.

RACING TRAINER

This is aimed at those introducing paddlers to the lower levels of competition. It is designed to attract competitors and non-competitors, and also non-canoeists such as parents of paddlers.

CONDITONS OF ENTRY

1. Be an individual BCU member (includes family membership)
2. Be 18 years of age or older
3. Pay the appropriate registration fee.

THE COURSE WILL COVER THE FOLLOWING -

- Paddler and/or handling skills and analysis
- Rules and tactics.
- Water reading and/or use of water.
- Equipment.
- Simple training programmes.
- Relevance of gym and weight training sessions.
- Trainer/paddler relationships.
- Canoe safety for trainers.

There is no formal assessment at this level.

On the successful completion of a trainers course the director will endorse the candidates coaching log book.

RACING COACH

This is aimed at those regularly involved in competition coaching within clubs

TRAINING COURSE

CONDITIONS OF ENTRY ARE THE SAME AS FOR THE RACING TRAINER.

THE COURSES WILL COVER THE FOLLOWING -

- The analysis of skills and techniques.
- Techniques, tactics and technical knowledge.
- Training programmes and peaking.
- Physiology of exercise.
- Cardiovascular training.
- Action of muscle and muscular development.
- Diet.
- Tests and measurements.
- Basic Psychology and motivation.
- Coach/paddler relationships and personality.
- Control and safety in the coaching situation.
- Outline of experience required and level of assessment.

ASSESSMENT

Candidates who have satisfied all conditons of entry and training and have

gained experience to the level indicated to them on the training course are eligible to attend an assessment of one day duration. Candidates for Assessment must be B.C.U. Senior Instructors or exempted by the Director of Coaching*

They will be expected to have kept a log book, and the assessment will be based on:

An oral examination.

Practical coaching tests on specific aspects of the syllabus.

* For direct entry at coach level, a candidate should be recommended initially by his club, or an established coach of the type concerned, to the Director of Coaching, who is empowered to issue a "certificate of exemption".

Successful candidates will be issued with a certificate. It will then be valid for five years from the 31st October following the assessment or appointment date, but always subject to the holder remaining a member of the BCU. It can be re-validated for further five year periods provided that the award holder submits a log of his/her competition coaching activity to the Director of Coaching to show that he/she has kept up with developments and that he/she still actively coaches.

RACING ENCOURAGEMENT TESTS

1. These tests are designed to encourage paddlers to master the balance and paddling techniques required to race an international K1.
2. The tests should not be confused with Star or Proficiency Tests. They are not in any way related. Their sole intent is to encourage racing and marathon skills in single-seat international racing kayaks. They are for the use specifically of Racing Trainers and other members of the Coaching Scheme who wish to promote K1 paddling.
3. The existing Espada Award Scheme is not affected. These Racing Encouragement Tests are designed to help a paddler to the point where he or she is capable of entering a ranking race or regatta and thus undertake the 10,000 metre award or continue through the "Espada Awards". Full details of these are contained in the Racing Year Book.
4. Certificates are available in blocks of 10 at a cost of £1.00 to all qualified Senior Instructors or Racing Trainers, or above.
5. Examiners are asked to keep as nearly as possible to the draft syllabus.
6. Any amendments to these tests that may prove necessary in the light of practical experience will not be retrospective, and will not in any way affect candidates who obtain certificates.

TEST REQUIREMENTS

The fee for a Certificate is 20p. There is NO FEE payable for a FAIL.

The Test should be taken on still water, but may NOT be taken in a swimming pool. It is intended that seats should be used, but spray decks are not necessary for Grades I and II, and should NOT be used for Grade I.

For all tests candidates must be able to swim 25m in light clothing. Lifejackets to BSI 3595/69 or Buoyancy Aids to SBBNF and ICF requirements must be worn by all paddlers up to Grade III, and at all times for the purpose of the test by paddlers under the age of 18 years.

No part of the tests may be taken in a swimming pool.

More than one test can be taken at a time but grades should not be skipped. The candidate need only purchase the highest grade certificate.

Examiners should note that the tests are designed to determine skills required in marathon or paddle racing. The demonstrations should reflect this requirement, and not be judged against manœuvres employed in other forms of canoeing.

The tests may be taken in an Espada or any Class I International Racing K1.

The 15 metres distance from the starting line from where the competitors can be called back according to Rule 33 (broken paddle) should be marked by flags.

26. Courses - Before the start of the races the racing course shall be measured and marked by means of clearly visible flags mounted on buoys. The course at the start shall permit a clear width, where possible, of at least 5 metres for each boat. For National Championships the starting and the finishing lines shall be at right angles to the course. The finishing line shall be at least 45 metres long and be marked by two flags. The finishing line judges must be placed as near the finishing line as possible. For National Championships races up to 1,000 metres, the course shall be straight and in one direction.

For races exceeding 1,000 metres, turning points are permitted. In this case the following conditions shall be fulfilled, (unless a special dispensation has been obtained from the Racing Committee)

- a. The distance between the starting line and the first flag of the first turning point shall be straight and at least 1,000 metres.
- b. The distance between the last flag at the last turning point and the finishing line shall be straight and at least 1,000 metres.
- c. The distance between the centres of the turns, shall be at least 1,000 metres. The radius of each turn should, if possible, be at least 40 metres.

For competitions other than National Championships these conditions should be complied with, where possible and Racing Committee approval for the course sought, through the Secretary.

27. Canoe Numbers - All kayaks and canoes shall carry a vertical plate marked with black numbers on a yellow ground indicating the lane. The plates shall be placed on the centre line of the after deck (Canadian canoe foredeck). The approximate size of the number plate shall be 18 x 20cm.

28. Instructions for Competitors - Written instructions shall be available for competitors 2 hours before the beginning of the competition, containing the following information:-

- a. Detailed information of the courses and their markings.
- b. Starting time
- c. Starting line
- d. Finishing line
3. Competitor's racing number

29. Protests - A protest against the right of a crew to take part in a race shall be referred to the Chief Official not later than one hour before the start of the race.

a. A protest made later - within 31 days from the date when the race in question was held - is only permitted if the officials of the club of the competitor making the protest can prove that the facts on which the protest is based, came to their knowledge later than one hour before the start of the race.

b. A late protest shall be referred to the B.C.U. Racing Committee accompanied by the prescribed fee (see below).

c. A protest made during a competition must be addressed to the Competition Committee and be handed to the Chief Official not later than 20 minutes after the team leader has been informed by the Chief Official of the protest against his competitor or team. All protests must be made in writing and be accompanied by a fee of £1.00 which shall be returnable if the protest is upheld. If the protest is not upheld the fee may not be returned at the discretion of the Competition Committee.

IV RACING REGULATIONS

30. Disqualifications - Any competitor who attempts to win a race by any other than honourable means, or who breaks the racing regulations, or who disregards the honourable nature of the racing regulations shall be disqualified for the duration of the race concerned. Should a competitor have completed a race in a kayak or canoe which is shown upon inspection not to fulfil the classifications (Rules 15 to 18), he shall be disqualified from the race in question. It is forbidden to receive during a race, outside help, or to be accompanied by other boats along the course - even outside the lanes - or by throwing objects into the course. All such acts shall entail the disqualification of the competitor/s concerned. For National Championships and where possible for other competitions all disqualifications by the Competition Committee have to be confirmed in writing immediately with the reasons. The team leader has to acknowledge the receipt on a copy with exact time, which is the start of the protest time.

31. Means of Propulsion - Kayaks shall be propelled solely by means of double-bladed paddles. Canadian canoes shall be propelled solely by means of single-bladed paddles. The paddles may not be fixed on the boats in any way. If a paddle is broken (except at the start; see Rule 33) a competitor may not be provided with a new one by a supporter.

32. Heats and Finals - At least three kayaks or canoes must be entered before a race can be held. If the number of entries in races up to and including 1,000 metres is so great that heats are necessary, the number of kayaks or canoes in each heat and in the final must not exceed nine. The division of competitors into heats shall be determined by drawing lots.

a.(i) Where the width of the course permits, eight or nine kayaks or canoes shall participate in the final, (if more than this number have been entered in the entire race the recommended procedure is:-

3 to 9 entries, direct final

10 to 11 entries, two heats and four from each to the final

12 to 27 entries, three heats and three from each to the final

over 27 entries, required number of heats and three intermediate heats. Three from each of the intermediate heats to the final.

a.(ii) The division into heats must be made in such a way that at least three competitors proceed to the final (or intermediate heats) from each preceding heat.

b. When making the draw, the difference between the number of competitors in the heats of a race shall not exceed one.

c. If the number of competitors in the heats varies, the earlier heats shall have the larger numbers. Any crew which has not taken part in a heat as instructed shall not be allowed to compete in the final. The composition of a crew which has qualified for intermediate heats or for the final must not be changed.

d. Heats and the final shall be run on the same stretch of water. Participation in the final must not depend upon times attained in the heats. For races of more than 1,000 metres, heats shall not be held, and all canoes taking part shall start simultaneously.

e. Should the width of the water not permit a simultaneous start, starts at regular intervals shall be permitted.

33. Start - Lots shall be drawn to determine the stations of boats at the start. Number one shall be placed on the left, then number two and so on. In competitions where heats are required, lots must be drawn for each heat separately (Opening, intermediate and final).

a. Competitors shall be at the start at the time specified in the racing programme. The start shall be given without reference to any absentees.

b. The position of the boats at the start shall be such that the bows of the competing boats are on the starting line. Boats must be stationary.

c. The Starter shall give the starting signal by the word "Ready" to be followed by a shot. The shot can be replaced by the word "Go".

d. When races start from a pontoon or dock an assistant holds the stern of the boat and releases it on the word "Go" (shot).

e. If the competitor starts paddling after the word "Ready" and before the shot has been fired, he has made a false start. The Starter must immediately warn the offending competitor/s and if two false starts are made by the same competitor/s the Starter must exclude him(them) from the race. All crews making a false start and not only the competitor/s who caused the false start shall be subject to the same penalties. Any competitor who disregards the second warning of the Starter to take up the correct position at the start, and who keeps ahead of the other competitors, shall be excluded from the race in question.

f. Should any competitor break his paddle within 15 metres from the start, the Starter shall immediately call back all competitors, and a new start shall be made after the broken paddle has been replaced. The team managers of the competing teams are responsible for having reserve paddles available at the start for their respective teams. The recall shall be made by means of a second shot.

34 Interruptions - The Umpire has the right to interrupt a correctly started short distance race if unforeseen hindrances arise. Such an interruption may be effected in the same way as is prescribed for recall in 33 above. The competitors must immediately stop paddling and await further instructions.

If a race is declared null and void, no change of the composition of a crew is permitted at the ~~new~~ start. In the event of a capsized competitor or crew is eliminated from the race if he or they are not able to get in again without outside help.

35. Taking Pace and Hanging - Taking pace or receiving assistance from boats not in the race or by any other means is not permitted. When a race is in progress crews not taking part in the race are strictly forbidden to proceed over the whole or part of the course, even outside the marking buoys.

a. Races up to 1,000 metres - In races up to 1,000 metres competitors must keep their lane from the start to the finish of the course. It is forbidden to hang, and no competitor must come nearer than five metres in any direction to another competitor and derive benefit from his wake.

b. Races of more than 1,000 metres distance - In races over distances of more than 1,000 metres competitors may deviate from their lane, providing they do not impede other competitors. Over the last 1,000 metres the rules as for races up to 1,000 metres, in particular the 5 metres rule, apply. In long distance races every competitor shall be warned by a sound signal (e.g. a bell) when he passes a point 1,000 metres from the finishing line.

36. Turns - When a race is run on a course with turning points, these shall be passed to port (i.e. in an anti-clockwise direction). When going around a turning point, the competitor on the outer course must leave room for the competitor on the inner course if that competitor has the bow of his boat at least level with the front edge of the cockpit of the boat on the outer course. With respect to K-2 and K-4, this refers to the fore-cockpit. With respect to C-1, it refers to the level of the competitor's body, and for C-2 it refers to the level of the body of the foremost member of the crew. A competitor will not be disqualified for touching a turning point buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning points.

37. Overtaking - When a canoe or kayak is overtaking another canoe or kayak in a race, it is the duty of the overtaking craft to keep clear at all times of the boat being overtaken. On the other hand, the craft being overtaken is not allowed to alter its course to make difficulties for the overtaking craft.

38. Collision or Damage - Any competitor who collides with another, or who damages the canoe or kayak or paddle of another, can be disqualified.

39. Finish - The finishing line is reached when the bow of the canoe or kayak with the competitor/s on it has passed the line between the red flags. If two or more boats reach the finishing line at the same time they get the same classification.

40. Racing Colours - A competitor or crew must not change their racing colours during a competition.

V SPECIAL RULES FOR NATIONAL CHAMPIONSHIPS EVENTS

41. Only members of the B.C.U., who qualify under Rule 14, may participate in National Championship Events. The only exceptions to this rule are those exempted by the B.C.U. Racing Committee under Rule 11.

42. All canoes and kayaks must comply with the classes and building rules as laid down in Section II of these rules.

43. Officials:-

Fully in accordance with Rule 19a and 19b and 19e.

44. Competition Committee:-

Fully in accordance with Rule 19c.

45. Competition Jury:-

Fully in accordance with Rule 19d.

48. Disqualifications:-

In accordance with Rule 30.

49. Heats and Finals:-

In the event of there being less than six kayaks or canoes in a National Championship Final then a National Championship Medal will only be awarded to the winner.

RACING REGISTRATION SCHEME

INTRODUCTION

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, Competitors, Officials and Regatta Organisers and its inability to ensure that only B.C.U. members competed at Regattas. The Committee now feels that these shortcomings are being partly over-come by the operation of the Racing Registration Scheme. The Scheme also enables the Committee to establish exactly how many active Racing Canoeists there are in the country, at any one time, and more importantly, be able to contact them, individually whenever the need arises.

Additionally with the installation of the computerised race timing system at the Holme Pierrepont Water Sports Centre the registration number will be the unique numerical identifier for each paddler for programming of the computer to take place.

Only registered competitors will be allowed to compete in regatta committee events at Holme Pierrepont and/or B.C.U. National Championship events.

INITIAL REGISTRATION

All Racing Canoeists including Espada Paddlers are required to register with the Racing Committee. This may be done at the Canoe Exhibition held in February each year, or at the first National Water Sports Centre Regatta attended during the Season, where the Registration Desk will be open for two hours each day. Espada Paddlers who are not B.C.U. members will be required to become Cadet Members of the B.C.U. at a cost of £1.

For other competitors, registration will only be carried out on production of a current B.C.U. Membership card. The details of the competitor (name, address, club, racing status, B.C.U. No etc) will be entered into the Racing Register.

RENEWAL OF REGISTRATION

Registered competitors will remain on the register and retain their racing number until such time as they have not actively competed for two years or their B.C.U. Membership lapses.

Espada paddlers who initially register as Cadet members will remain on the register but should of course join the B.C.U. as full Junior members at the end of their first year. The Registration Officer should be informed of their new B.C.U. Membership number. In B.C.U. National Youth Championship events all Espada competitors must be either Cadet or Junior Members of the B.C.U.

REGISTRATION OFFICER

The Registration Officer for the scheme is - George Oliver, c/o CANOE 81-NOTTINGHAM, 72 Bridgford Road, West Bridgford, Nottingham. Tel: 0602 819879 or 810686.

NOTES FOR TEAM LEADERS

1 APPOINTMENT

Club Secretaries must inform the Race Records Officer who is the Team Leader (and if you wish a nominated reserve) before 1st April each year. If a club is to be represented by another person at a N.W.S.C. regatta organisers should be informed by the approved Team Leader, preferably when the entries are submitted.

2 COMMUNICATION

At ALL regattas organisers will only communicate with the Club Leader or his nominated reserve.

This means in respect of

- (i) Making entries.
- (ii) Making late entries.
- (iii) Communication from the Organisers to his club paddlers - including disqualification.
- (iv) Making Protests.
- (v) Receiving Results (if envelopes provided).

3 SAFETY

The Team Leader is primarily responsible for the Safety of his club members. You should ensure that your paddlers are:-

- a. Suitably dressed for the weather, water and race conditions.
 - b. Are able to perform basic capsize drills and are briefed on what to do when approached by a safety boat.
 - c. Able to swim at least 50 metres, in wet clothing, without a life jacket.
 - d. That all canoes are fitted with buoyancy bow and stern sufficient to ensure the canoe will remain afloat and support the crew in the event of a capsize.
 - e. That all competitors in Junior or Espada classes are in possession of a life jacket or buoyancy aid which conform to the standards of the I.C.F. or S.B.B.N.F.
- IN THE EVENT OF COLD AND/OR WINDY CONDITIONS THE ORGANISERS MAY AT THEIR DISCRETION CANCEL OR POSTPONE A RACE, OR INSIST ON THE WEARING OF LIFEJACKETS OR BUOYANCY AIDS.

4 ENTRIES

Please note all the information on Page 61 of the Year Book.

PLEASE MAKE SURE YOU USE THE OFFICIAL ENTRY FORM (or a photocopy).

5 NOTES ON CLASSES

Please study the racing rules carefully for notes on racing classes.

The following notes explain procedures currently adopted by the regatta committee within the framework of the racing rules.

- (a) A Junior may race in Sen A or Sen B Class but NOT in the NOVICE class.
- (b) A Junior/Novice class is one in which the Junior and Novice paddlers are combined.
- (c) PROMOTIONS from one class to the next. e.g. Senior B Men to Senior A Men or Novice Women to Senior Women is normally done at the end of a season on the basis of a competitors results.
The only exception to this is -

NOVICE MEN KAYAKS

During the season the winner of the Novice Men K1 500m and K1 1000m at any N.W.S.C. regatta will be promoted to Senior B Men for subsequent regattas.

- (d) STATUS of a paddler in a Kayak Class has no bearing on his status in a Canadian Class.
- (e) MIXED EVENTS in which Male and Female competitors race together are permitted.
- (f) OPEN EVENTS. In most distance events (i.e. 10,000, 6,000 and 3,000m) except for National Championship events it will be necessary to combine classes if these events are to be fitted into the programme at all. i.e. Junior Men 6,000 may race with Junior and Senior Women 6,000, as well as Canoes with Kayaks.
Except for National Championship events the organisers reserve the right to combine any long distance events of the same length.
- (g) AGE GROUPING - change on the 1st January of each year.

FOR EXAMPLE:-

CLASS	AGE on 1.1.81	BORN
VETERAN	OVER 35	1945 OR EARLIER
NOVICE	OVER 18	1962 OR EARLIER
JUNIOR	UNDER 18	1963 OR LATER
'C'	UNDER 17	1964 OR LATER
'B'	UNDER 15	1966 OR LATER
'A'	UNDER 13	1968 OR LATER

If you are in any doubt about a paddlers class please consult the Records Officer, George Oliver, 72 Bridgford Road, West Bridgford, NOTTINGHAM.

6 ADVICE ON ENTRIES

With the exception of Juniors in a Novice class Paddlers may race in a more senior class by Status, or age group IF THEY WISH, but they may find there are clashes of races if they enter for more than one class.

Event organisers will arrange the programme so that all the events in each class (e.g. Senior B Men, Boys B, etc) are well spaced out, usually a minimum of 40 minutes between successive races.

There is no reason why a paddler should not enter all of the races in their particular class. IN FACT WE WOULD ADVISE THAT IT IS BETTER TO KEEP YOUNG PADDLERS OCCUPIED BY ENTERING THEM FOR ALL THE EVENTS IN THEIR CLASS RATHER THAN HAVE THEM BORED OR FED UP BECAUSE THEY DO NOT HAVE ENOUGH EVENTS IN WHICH TO COMPETE.

7 CHECK YOUR PROGRAMME

Prior to the Team Leaders meeting it is essential for each team leader to make a careful check of all his entries. It is best to keep a carbon or photocopy of your entry for this purpose.

If there are any omissions or if you wish to make substitutions mark your programme, since the Team Leaders meeting goes VERY QUICKLY.

It is not uncommon for the regatta organisers to make a few mistakes with the entries BUT IT IS YOUR RESPONSIBILITY TO CHECK THE PROGRAMME.

Once a race has been passed during the Team Leaders meeting it is not normal to go back.

8 TEAM LEADERS MEETING

Introduction - It is the intention to hold only one Team Leaders' Meeting per Regatta, at 8.00 am. on the Saturday in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the adjournment announced (usually 7.30 am Sunday morning).

Each club must nominate ONE representative to deal with alterations and late entries at the Team Leaders Meeting. The nominated representative will be responsible for all money owed for the entries he submits; THIS MONEY MUST BE PAID BY 12.00 ON THE SATURDAY-

Failure to pay by 12.00 Saturday will incur a £5.00 surcharge which must be paid by the end of Racing Saturday.

Failure to pay completely by the end of Racing Saturday will result in ALL paddlers from the clubs concerned disqualified from Sunday's racing.

PROCEDURE

- a). Team Leader signs in on arriving.
- b). The Meeting will commence promptly at 8.00 am.
- c). Technical announcements.
- d). If there are any objections to the order of events - they must be raised at this stage of the meeting.
- e). Late entry provision:-
 - i) Events will be dealt with in order.
 - ii) The Competition Director will call out in order each set of Heats (or Finals if there are no heats). Team Leaders should scratch any competitors who do not intend to race or make a suitable substitution (see Rule 23 shown at 12a). They should call out the lane number first and then the competitors name/s.
 - iii) If there are vacant lanes the Competition Director will ask Team Leaders to raise one hand for each late entry. If there are more late entries required than there are vacant lanes a draw will take place.
 - iv) It is not permitted to return to an event which has been concluded.

9 ENTRIES AFTER THE T.L.M.

Entries after the Team Leaders meeting for laned races will only be accepted in exceptional circumstances, at the Competition Directors discretion.

LATE ENTRIES FOR LONG DISTANCE RACES

Late entries will be accepted for Long Distance Races up to one hour before the race ON PAYMENT OF THE APPROPRIATE LATE ENTRY FEE.

Entries can be made on the form as shown above.

10 PROTESTS/DISQUALIFICATIONS

Notification of disqualification will always be made to a Club Team Leader, or his nominated reserve.

Except in National Championships events there will be no appeal against disqualification.

In a National Championship event a protest must be made by the paddlers Team Leader.

Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire this will be reported to the Chief Official, who if necessary, will inform the paddlers' Team Leader.

Often however, infringements will not be observed by the umpires and Team leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what appears to be an arbitrary system of justice.

11 K2/K4 NAMES

The names of crew boats entered at the 1 L.M. or substitutions and last minute changes of crewnames may be made up to 20 minutes before the event in question.

Any crew which has not notified the full list of names, will be allowed to start, but they will not appear in the result, nor will they go into the next round of the draw.

Paddlers who take the place of another paddler, without the proper substitution, will be disqualified for the remainder of the regatta.

Notification of crew names must be to the REGATTA OFFICE **20 MINUTES** before the event.

Team Leaders may ask for multiple copies of the form below - .

CLUB	TIME RECEIVED	:
RACE NO	TIME	
LANE		
CREW		
FEE REC'D \$	SIGNED	
(If Appropriate)	TEAM LEADER	

12 RESULTS

If a copy of the results is required, please send a stamped S.A.E. marked results with your entry, or leave an addressed envelope and appropriate postage at the regatta office.

13 LOAN OF K4,S

Six K4's will be available from the Raft Marshall. They will be available for RACES ONLY, not for practice.

- a). They will be stored on trestles in front of the Raft Marshall's office.
- b). Crews must not sit in the K4's EXCEPT WHEN THEY ARE ON THE WATER.
- c). Young paddlers must be supervised by a responsible adult when handling the fours onto and off the water.
- d). Check your K4 before you use it. If it is not in order please report the fact to the Raft Marshall and the crew that previously used the boat will be held responsible.
- e). K4's can be booked for any race during the course of the day as soon as the raftmarshalls'office is open.
- f). Crews must leave £1 deposit, or a wrist watch in return for a set of wingnuts and toggles when they report to collect the boat they have booked.
- g). Crews MUST use the boat allocated.

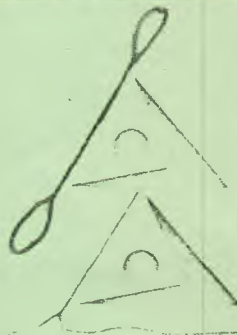

14 CAR PARKING

Team Leaders MUST take an active part to see that club members observe the car parking lines, and no vehicles on the course road ruling.

Failure of competitors to observe these rules will result in centre charges for barrier marshalls which will mean higher entry fees.

TEAM LEADERS CO-OPERATION IS ESSENTIAL TO KEEP ENTRY FEES

SINCE WE HAVE BEEN ABLE TO NEGOTIATE SUCH REASONABLE FEES YOUR CO-OPERATION BY PAYING PROMPTLY WOULD BE GREATLY APPRECIATED.

N.W.S.C. DISCIPLINARY PROCEDURES

To try to clarify regatta disciplinary procedures the following guidelines will be followed for all National Water Sports Centre Regattas during the 1981 Season.

If they prove successful, proposals to alter the Racing Rules will be put to next year's Annual General Meeting in the light of this year's experience.

It is hoped that these procedures will be helpful to Team Leaders, paddlers and officials. By operating a single and double penalty offence system, it should produce a fairer system of "justice".

CHIEF OFFICIAL

The Chief Official will be responsible for all disciplinary matters and the enforcement of the racing rules. Umpires will report to the Chief Official and any matters that Team Leaders wish to raise, with respect of discipline should be directed to the Chief Official not the Competition Director.

IN ALL EVENTS OTHER THAN NATIONAL CHAMPIONSHIPS THE CHIEF OFFICIAL WILL HAVE THE POWER TO DISQUALIFY A COMPETITOR WITHOUT THE RIGHT OF APPEAL.

In National Championship events disqualifications will be dealt with by Competition Jury as defined below.

PROCEDURES

The Chief Official will keep a record of warnings or disqualifications issued to paddlers' Team Leaders.

He will operate according to the following guidelines:-

(1) DISQUALIFICATION WITHOUT FURTHER PENALTY

- (i) Infringement of lane, washbanging or long distance racing rules- Following an Umpires Report.
- (ii) Failure to provide full set of names for a crew boat.
- (iii) If boats are weighed - for racing in an underweight craft.

(2) DOUBLE PENALTY OFFENCE - This will mean AUTOMATIC DISQUALIFICATION for the remainder of the regatta in question - and score two points in the "totting up" procedure.

- (i) Reported incident of dissent or abuse towards a regatta official.
- (ii) For entering a race without an entry or substituting for another paddler, in a single or in a crew boat, without proper notification.
- (iii) Demonstrably unsporting conduct (e.g. pushing the start) or deliberate damage during a race of another members equipment.

(3) SINGLE PENALTY OFFENCE- Team Leaders will be informed when a single penalty warning is used.

This will score one point in the "totting up" procedure.
SINGLE PENALTIES will be awarded for -

- (i) Starting or finishing a race without the correct number properly displayed.
- (ii) Racing without the correct club vest.
- (iii) Not appearing at the start IN A NATIONAL CHAMPIONSHIP EVENT.
- (iv) Failure to observe water zoning procedures (e.g. paddling across the course).

TOTTING UP Club leaders only will be informed when a warning or disqualification is effected.

- (i) When a paddler achieves a total of four points they will then be automatically disqualified from the next full days racing (i.e. In two day regattas if the incident occurs on Saturday the disqualification becomes effective for the Sunday. If the incident occurs on the Sunday the disqualification will be for the Saturday of the Next Regatta.)
- (ii) A paddler who collects a further three points during any one season, making a total of seven in all will be disqualified from the next two days racing at N.W.S.C. events.
- (iii) A paddler who achieves a total of four or seven points during the last regatta of a season will serve his suspension during the first regatta of the next season.
- (iv) All paddlers will start with a clean sheet at the start of a season.

ANTI DOPING CONTROL

An anti-doping control will be established during the 1981 season as part of the preparations for the World Racing Championships.

Since our racing rules, at present, make no clear definitive statement on drug abuse the I.C.F. rules will be followed.

Any paddler who contravenes these rules, or refuses, to provide a sample when directed, will be disqualified from all racing committee events for the duration of 1981, and the Regatta Committee will recommend to B.C.U. Council that the competitor concerned be banned for life.

NATIONAL CHAMPIONSHIP EVENTS

At National Championship events the Chief Official will have the power to use a red or yellow warning, or to disqualify from the event in question.

A protest against his decision, or against another paddler, may be made by a team leader as prescribed in the racing rules.

The protest will be heard by the Jury who will consist of -

- The Chief Official (Chairman).
- The Regatta Organiser.
- The Competition Director.
- The Regatta Administrator.

Who will be appointed by the Regatta Committee.

If any of these four is not available a substitute will be appointed by either the Chief Official, from the list of officials who have passed the I.C.F. exam.

An appeal against the decision of the Jury must be made to the Chairman of the Regatta Committee.

POWERS OF THE REGATTA COMMITTEE

For serious matters concerning paddlers conduct, on or off the water during a N.W.S.C. event, the Chief Official will refer the matter to the Regatta Committee, which will be convened, with a quorum of four, as soon as possible. (Usually during the event).

This committee has the powers to dispense more severe penalties than those outlined above, but, of course, in accordance with the B.C.U.'s rules on disciplinary procedures.

An appeal against the decision of the Regatta Committee must be to the Racing Committee.

THE REGATTA OFFICIALS SCHEME

NEEDS YOU

Regattas don't run on their own.

At an increasing number of venues up and down the country we need many regatta officials to make our sport possible.

Competitors train hard to achieve their standards but they need your support to organise and control their events. The regatta committee provides a programme of training for officials, from the very beginning up to International level.

So if you are a retired paddler, mother, father, boyfriend, girlfriend, or whatever why not get involved, there are jobs suitable for everyone and you won't be forced to do a job you don't think you can manage.

HOW TO START

Don't wait until the end of the Season. Find out who Di Lawler (Officials Liaison) or Colin Gray (Chairman of the Regatta Committee) are at a N.W.S.C. regatta or any regatta organiser elsewhere and offer to help. You should find initially you are training with a more experienced official who will show you the ropes.

There are many jobs to be done and typing up the results is as important as being an umpire or a starter!

COURSES

Every year in either November or December an officials course is held at the N.W.S.C. Holme Pierrepont.

For those who have not been before there is a **BASIC COURSE**

This sets out to deal with all aspects of regatta organisation, and covers them mostly by means of practical example and simulated exercises - rather than lectures.

Over 200 trainee officials have already completed this course that gives an excellent OVERVIEW and the overwhelming opinion is that it provides a worthwhile and enjoyable weekend.

For experienced officials there is usually a **SYMPOSIUM** when the years problems are discussed and plans laid for the future.

By attendance at the courses and by officiating in major regattas (such as NICK) it is possible to take the International Canoeing Federations Officials exam, the passing of which is a pre-requisite to being chosen to officiate in a World or European Championship.

INTERESTED? Then see Di Lawler, Colin Gray, or any regatta organiser - or ring Di Lawler on STAINES (0784) 54772.

OLYMPIC TRAINING SQUAD

POLICY

1. In formulating their Olympic Preparation Policy the Committee has re-affirmed its confidence in the concepts implicit in the National Olympic Training Squad system, which they believe provides outstanding opportunities for training and competition that would not be available in any other training situation. Scarce and expensive resources may be maximally exploited, and for minimal financial expenditure and effort, ideal conditions are established for the creation of National crews, the improvement of individual skills and fitness, the supervision and monitoring of performance and the development of a national perspective.

OLYMPIC TRAINING SQUAD

2. The Committee has agreed therefore that a National Olympic Training Squad be selected this year to provide for the coaching and training needs of potential olympic performers at senior and junior levels. The Squad to be composed of 73 athletes, 11 coaches, 1 director, 1 administrator.
3. Membership of the Squad will be available, on application to those performers who are of a sufficiently high standard, and who are prepared to undertake the sustained training and preparation required.

COMPOSITION

4. The Squad will function from the 1st January to the 30th September each year. Members will be selected annually, by the British Canoe Union Racing Selection Committee, by reference to performances during the previous season and the recommendation of Training Squad Coaches. Junior membership of the Training Squad will be restricted to those in the following age categories-

For 1980/81 - those born in 1963/64/65/66

5. The number of members of the Training Squad falling within the various competition categories, i.e. kayaks, canoes, men, women, boys, girls, will be subject to the circumstances prevailing at the time of training squad selection within the overall approved limitations -

Seniors - 41) 73 Total
Youths - 32)

6. To ensure that the concept of a unified, national preparation training programme is maintained, the National Olympic Training Squad will be administered as one unit, with management and coaching personnel available to perform their duties as from time to time required, for and on behalf of the various categories within the Training Squad.

OBJECTIVES

7. The primary objectives of the British Canoe Union Olympic preparation training programme for the period 1977/1981 will be to develop national standards of performance to a level sufficient to ensure British representation in -
 - a. The first six places in the K1, K2 and K4 10,000m events at the 1981 World Championships.
 - b. The first Twelve places in the C1 and C2 10,000m events at the 1981 World Championships.
 - c. All the 1981 Junior European Championships Mens and Womens Kayak finals, i.e. K1, K2, K4 500m and 1000m events.

- d. All the 1981 Junior European Championships Mens Canoe semi-finals, i.e. C1 and C2 500m and 1000m events.

ACTIVITY

8. The emphasis of all training Squad Activity will continue to be placed upon crew and team training. Firm direction will be provided regarding the formation of national crews. Improved arrangements for the provision of personal coaching in the local training environment will be continued and help will be given to all those members of the Training Squad who receive no coaching support, by the use of Training Squad Coaching Personnel.
9. The Committee will undertake to meet a proportion of the reasonable travelling expenses and accommodation charges of members of the National Olympic Training Squad from the funds to which they have access. Additionally they will seek means of obtaining financial support for the sustenance of those members of the Squad who wish to engage in full time training for that period of time approved by the International and National Olympic Committees, i.e. 60 days in a calendar year.

CONDITIONS OF MEMBERSHIP

All applicants for Membership of the British Canoe Union National Olympic Training Squad, must undertake during membership of the Squad, to:-

1. Commit themselves to a sustained programme of preparation training that will ensure the maximisation of their potential performance.
2. Attend all officially designated National Olympic Training Squad training sessions, other than in unusual and permissible circumstances.
3. Accept direction regarding crew composition and preparation training for crew events.

 - a) To encourage club, regional, national and international marathon events
 - b) To draft rules and make recommendations for the conduct of B.C.U. national marathon races.
 - c) To give advice, guidance and encouragement to sponsors of marathon racing in Great Britain.
 - d) To select, train and administer teams representing Great Britain in international events.
 - e) To confirm and record cross channel canoe record attempts.
 - f) To foster the development of suitable craft and equipment for marathon racing.
 - g) To act as final authority in disputes and protests.
2. The Committee shall consist of a Chairman, a Secretary, a Treasurer, a Race Records Officer, a National Racing Coach, and other such officials as the Committee consider it necessary to elect, together with the representatives appointed by clubs or organisations. Each Canoe Club affiliated to the B.C.U. and having 5 full members of the B.C.U. may appoint two representatives to attend Marathon Racing Committee meetings.
3. Each club or organisation represented on the Committee will be entitled to one vote. The Chairman will not be entitled to vote, except in the case when a casting vote is required by the Chairman. A quorum shall consist of six clubs represented.
4. The Committee may co-opt additional members as they think fit in the interests of the sport, but co-opted members will not be entitled to vote. The Committee may co-opt other members or persons who are full time employees of the Union or who have a commercial interest in canoeing only with the permission of Council.
5. At least two meetings will be held during the winter months and will be called as required.
6. Where clubs wish to raise matters of policy or alteration of existing rules, the proposal must be forwarded to the Secretary by the 20th November. Proposals and matters for discussion shall be promulgated to clubs prior to a meeting.
7. The Committee shall elect an Executive, consisting of the officers and other members up to a total of 12, for the purpose of day to day administration. The quorum of the Executive shall be four voting members. The Executive shall be responsible to the Committee.
8. The officers and members of the Executive Committee shall serve for two years and shall be eligible for re-election, half retiring one year and the other half the following year. Nominations for election shall be in writing, supported by the signatures of two full BCU members and must reach the Secretary before the 20th November before the meeting at which the annual election takes place. If more than one nomination is received for a post, the Committee will elect by ballot. If no nomination is received for a post, the previous officer will be automatically re-elected providing he is willing to stand.

9. The Marathon Racing fund shall be administered by the Executive.
10. The Executive shall approve the list of trophies which are the property of the Committee and are awarded each year. The Executive will also determine and publish the basis of competition for these trophies.
11. Each year the Committee shall organise or nominate a Championship Marathon Race.
 - a) The course must be typical of present courses.
 - b) The winners of the classes shall be considered the National Marathon Racing Champion in the respective spheres.
12. The Treasurer shall keep such books of account as the full Committee shall instruct and produce annual accounts for approval.

MARATHON RACING SCHEME

CANOEING AND KAYAKING IN THE 80's

Throughout the past twenty or more years since marathon racing started there has been a number of changes to meet the needs of a fast growing sport.

There is at present a great opportunity for marathon racing and the competition system has now been changed to suit the needs of today's paddlers.

The coaching scheme, with over four thousand senior instructors is becoming much more interested in competition. Slalom and white water sites are overcrowded, touring canoeists have difficulty with access. Marathon can provide a solution for many of the problems facing our sport.

Marathon can be held on any type of water—canal, river, lake or sea. It can accommodate large numbers without difficulty. It can be run by arrangement with other interested water users. There is no part of the country where marathon cannot be held. It can provide both top class competition and recreational canoeing.

This new structure has been designed to meet these needs.

The scheme is open to all, of whatever age, sex, or the type of boat being used. It is designed to accommodate all levels of ability.

The scheme provides for the thousands of kayak and canoe paddlers who are taught in schools, youth groups, scouts and clubs who wish to take part in simple competitive events. It provides competitive training situations for slalom, white water and sprint paddlers. It provides fitness training for sea and touring paddlers. It provides top class competition for the leading marathon paddlers.

Above all it is a scheme which joins together the pleasures of the recreational and competitive aspects of our sport.

The scheme in 1981 has been sponsored by CAPE INDUSTRIES LIMITED, providing certificates and valuable prizes for competitors and organisers.

PART B RULES FOR COMPETITION—COMMENCING 1-9-80

1. A Marathon Race is a race over distances as set out in Part B 5 (K) of these rules.
2. Competitors shall race in a fair manner.
3. Boat Designs

Any type of canoe or kayak may be used but only within the I.C.F. regulations

for length, breadth and weight, as detailed below.

	<u>max. length.</u>	<u>min beam.</u>
Single Kayak ..	520cm	51 cm
Double Kayak ..	650cm	55 cm
Single Canoe ..	520cm	75 cm
Double Canoe ..	650cm	75 cm

Boats over 460 cm in length must not have concave sections.

Propulsion shall be by paddle only, the paddle being supported solely by the hands.

4. The Marathon Racing system has been designed to encourage all levels of competitor from raw beginner to top class international competitors. There are three categories of race.

(a) The National Championships.

These will be run in the following age groups.

Senior Men - Over 18	Senior Ladies - Over 18
Junior Men - Under 18	Junior Ladies - Under 18

There will be classes for Mens Singles and Doubles Kayak.
Mens Singles and Doubles Canoe.
Ladies Singles and Doubles Kayak.

All Competitors must be B.C.U. Members.

A CLUB CUP will be presented to the club gaining most points at the Championships.

4.(b) Divisional Races - Including Regional Championships Events.

These are split into three groups:

Group (A) Those races nominated by the executive at which promotions between all Divisions may take place.

For these races a minimum all division 1-7 must be held.
These races will count towards the Hasler Trophy for divisions 1-7.

Group (B) Those races approved by the Marathon Committee to run some or all Divisions but which only count for promotions to division 8,7,6,5. These will provide the core of regional racing.

Group (C) Divisions 9,8,7 races approved by the Region.

4.(c) Races approved by the Marathon Committee not in the Divisional System such as Devizes-Westminster.

5. **THE DIVISIONAL SYSTEM**

(a) There are nine singles divisions and a promotion scheme providing a challenge for everyone.

(b) There will be five double events. They will be for:

Division 1 over full senior course
Divisions 2 + 3 " "
Divisions 4 and 5 over course as for singles.
Divisions 6 and 7 " "
Divisions 8 and 9 " "

- (c) Any age of competitor may compete, of either sex, in any canoe or kayak. Those racing in the divisional system for the first time can if:-
- Under sixteen on day of the race start in Division 9.
Sixteen and over on the day of the race start in Division 8.
- (d) Promotions will normally take place on single performances but may be based on doubles. Status in canoe will not affect status in kayak and vice versa.
- (e) Each year a ranking list will be made out for divisions 1-7 based on a handicap points system starting with the top paddler in the country by the Executive Committee.
- (f) Promotion within the season will vary according to Division. These will be:-

Divisions 2 and 3	Winner + 10%
Divisions 4 - 9	Winner + 20%

As the table below

<u>For Divisions 2 and 3</u>	<u>Group A Races Only</u>
<u>No. in race</u>	<u>Promote the following</u>
3 - 9	Winner
10 - 14	Winner + 1
15 - 24	Winner + 2
24 - 34	Winner + 3
35 - 44	Winner + 4
<u>For Divisions 4 - 9</u>	<u>(Div. 4,5. Group A races only)</u>

15 - 24	Winner + 4
25 - 34	Winner + 6
35 - 44	Winner + 8
45 - 54	Winner + 10
and so on	

No lady or 'C' paddler will be promoted higher than Division 3. They may race in higher Divisions if they wish i.e. they will not race the longest course unless they wish.

- (g) There will be a certificate system for all Divisions.
- The certificates are provided for the race organisers from the Secretary of the Marathon Racing Scheme at a fee to be determined each year.
- During 1981 the certificate forms part of a sponsorship scheme.
- The price per certificate as from 1.1.81 is 15p.
- (h) These certificates will in effect be a race levy fee from every competitor.
- All marathon races must issue the certificate and pay the levy.
- See Rule 6.
- (i) Race organisers will be encouraged to give prizes for special classes, e.g., first under 16, first C1, first Espada, etc. In particular they are strongly recommended to give a prize for the first lady in each Division.
- (j) Competitors may not race in a lower Division than their ranking, but may if they so wish enter higher ranking races. Any competitor found racing in a lower Division may be disqualified from that event and be barred from marathon competition for 12 months from the date of the event when the last misdemeanour took place.

(k) Types of course

Course will be adjusted to suit the levels of ability. Whilst there will be variations due to local types of course available, the normal standard will be as follows:

- Div. 1 Full senior course of more than twelve miles with any
- 2 degree of severity.
- Div. 3 Course of about ten miles.
- Div. 4 Course of about eight miles.
- 5
- Div. 6 Course of about six miles
- 7
- Div. 8 Course of up to four miles
- 9

6. The organiser of a race may apply for that race to be registered. The event must be organised and run under the racing rules (See 9). The organising body must be affiliated to the Union. Such registered races may advertise through the Union and may appeal through the Committee in cases of dispute or difficulty. Registration shall be the minimum requirement for a race to be recognised. Registration fee will be by the Certificate Levy, which will apply to Group A, B & C Events - See 5 g & h.
7. The organiser of a Marathon Race may apply for it to be classified as a Group (A) OR (B). These races shall be run with a high degree of organisation. They shall be properly advertised. Adequate pre-race instruction shall be made available in adequate time. Properly documented results shall be sent to the Committee and competitors who provide a stamped addressed envelope.
- The status of a race will be decided by the full Committee on the basis that a race has been run satisfactorily before by the same organisation over essentially the same course.
8. Each year a maximum of 15 races shall be accorded the title of Group (A) by the Executive Committee. These races shall be spread over the racing season. Neither any other selection race nor any other Group (A) race may occur on the same date. In so far as is possible, Group (A) races will be picked from the top Clubs in the previous year's Hasler Trophy table.

A very high standard of organisation shall be demanded of these races. They shall provide a forum for top quality racing.

9. Selection races will be picked by the Executive Committee from the most suitable races for the events to which the British Team will be going and advised to the organiser by February 1st.

Rules pertaining to Selection Races shall be published by the Executive Committee by February 1st.

10. Rules Relating to Races: Group (A) and (B) Races.

- (a) Organisers must be affiliated to the Union.
- (b) Organisers must provide at least Divisions 1-7 inclusive for Group (A) and (B) races.
- (c) Organisers shall issue adequate instructions on request up to one month before the event to prospective competitors or interested group leaders. After the race the organisers shall issue complete results sheets to all competitors who provide stamped addressed envelopes.
- (d) Organisers may charge an entry fee for each competitor. This fee may be reduced for juniors or augmented for late entries.

- (e) Within 14 days of the Group (A) or (B) race, the organisers shall send four copies of the results to the Marathon Scheme Secretary: Mrs Shirley Wickens, 4 Beech Avenue, Drakes Broughton, Nr. Pershore, Worcs.
- (f) Changes of division and late entries shall be permitted if the organiser so wishes. Information regarding late entries and division changes should be available to all competitors at least 30 minutes before the start time of the division concerned.
- (g) Events shall be open to amateur canoeists who are members of an ICF affiliated federation.
- (h) A competitor shall number his boat for a race. The number shall be displayed clearly on white discs of not less than 9" dia. one such disc shall be affixed to fore and aft decks or as instructed by the organiser.
- (i) Competitors may not hang on the washes of powered craft.
- (j) A competitor must not change boats during a race, but he may change paddles in the event of a breakage.
- (k) A competitor may receive food and drink during a race, but no other assistance, unless permitted by the organiser.
- (l) The organisers of a race shall provide a Protest Committee consisting of four officers of members of the organising body to hear and settle all protests by any competitor in that event. The following rules will be observed:
 - (i) The protests must be presented immediately on completion of the racing and before the announcement of the confirmed results. Failure to observe this will invalidate the protest.
 - (ii) The protest must be handed in writing to an officer of the organising body and must give full details of the alleged infringement of the rules.
 - (iii) The protest committee must meet immediately, to hear all the evidence and consider the protest's validity in accordance with BCU and marathon racing committee rules.
- (m) A protest against an organising body may only be dealt with by the Marathon Committee or Executive. Any such protest must be made immediately and in writing to the Secretary of the Marathon Committee and give full details of the alleged infringement of the rules. The person making the protest must also inform the Secretary of the Club or body concerned. Failure to comply with these conditions will invalidate the protest.
- (n) Appeals against the decision of a protest committee are permitted and these will be heard by the Marathon Executive Committee.
- (o) Applications for registration or selection status will normally be called for in the autumn of the year preceeding the event.

11. In events which carry points, points shall be awarded for each competitor, and each crew member in the case of doubles:-
 Note: competitors must be BCU members if racing in divisions 1-6. BCU numbers must be quoted on entries and results. Competitors failing to provide their BCU numbers will not be eligible for points or prizes.

- (a) Points will be awarded on a pro-rata basis on the number of starters in a class with a maximum of 10 points for the winner down to 1 point for everyone who completes the course, e.g. 10 or more starters - 10,9,8, etc., 1,1,1. If only 6 starters - 6,5,4,3,2,1.

Note: Only divisions 1 - 7 count for points.

- (b) The Club gaining the most points will be allocated 10 points, the next club 9 points and so on down to 1 point for each competing Club.

- (c) At the National Championships -

(i) The points available will be doubled i.e. 20,19,18, etc. pro-rata to the number of starters in Senior Mens and Junior Mens classes.

(ii) Club points will be doubled i.e. 20,19,18 down to 1 point for each Club competing.

The Hasler Trophy will be awarded to the Club which obtains the most points from its best 8 races and the National Championships. The Hasler Trophy year will run from September to August.

When a competitor is a member of more than one Club he shall declare before 1st September to the Secretary and the Race Records Officer of the Marathon Committee, the name of the Club in whose name he shall race that year.

When a competitor changes his Club in mid-season, he is permitted to compete for his new Club instead of his old provided that the prior consent of the old Club is obtained. This consent shall not be withheld unreasonably in the case of change of residence from one area to another. The agreed change shall be advised to the Race Records Officers in writing before points can be allocated to the new Club.

12. Safety

- (a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water when capsized.
- (b) Race organisers may require life jackets or buoyancy aids to be worn. Such equipment must be provided by the competitors.
- (b) (i) Life jackets and buoyancy aids must conform as 12 (e) below.
- (c) On open water, adequate spray decks must be worn.
- (d) Competitors must be able to swim adequately in the waters on which the race is held.
- (e) All division 7 - 9 and any other paddlers under the age of 16 must wear life jackets or buoyancy aids which conform to the standards of the ICF or S.B.B.N.F. e.g. must have 6 kilos of inherent buoyancy.

13. In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser may alter the course or postpone or cancel the race. In such cases, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.

14. To aid the description of races, the courses shall be classified as follows:

'A' shall denote sea, tidal estuary, lake or other open water.
'B' shall denote fresh water rivers and canals.
'P' shall denote portages.

A numeral following the symbol shall denote the length in miles or the number of portages. Thus for example, 'A5B6P7' would denote a race of 5 miles on open water, 6 of closed water and 7 portages.

15. In the event of a tie for any B.C.U. trophy an extra race shall be taken into account and this repeated as often as is required to settle the matter. If the matter is still unresolved, the trophy shall be held jointly, the order of inscription being alphabetical, and each party holding it for an equal fraction of the year.

PART C MARATHON RACING RECOMENDATIONS

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

1. Do not attempt to run a race without visiting a few to find out how things work.
2. Advance information sent to competitors and Clubs should at least set out the following details:-
 - a. Name, date and status of race.
 - b. Name of organising body.
 - c. Closing date for entries and whether or not late entries will be accepted.
 - d. Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.
 - e. Entry fees, and the name of an account to which they are payable.
 - f. Locations of start and finish and directions for getting to these places.
 - g. Times of start and closure of checking in.
 - h. Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
 - i. Any special regulations that the competitor should be aware of before he arrives.
 - j. Any major changes since the previous year.
 - k. An entry form asking for full details of competitors (A specimen race details and entry form, follow these recommendations).
3. It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the course and to emphasise any special regulations.
4. There may be a wide range of ambitions present at a race. Some people go for a pleasant paddle, some with Olympic hopes. Try not to let them stumble over each other. Both parties are cross when a fast crew is confronted by a slow crew blocking critical portages. Let the fast classes start first.

Local conditions, variations of course for different classes, should be considered when arranging the starting order.

5. A clean start is important, and difficult to achieve. Most people can start the juniors in good order, but a strong personality is needed to keep the seniors in order. The starter must never lose control of the start, either through physical inability to make himself heard or through weakness of will. Preferably get an experienced racer to start your race. Supply him with an adequate megaphone.

Massed starts are good value for bull fighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand, do not keep competitors hanging around unnecessarily. They are often nervous before a race, they may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line, then start them without further ado. Say 'READY GO'

6. Ensure that the course is clearly marked at all points where there could be doubt. Marshalls should be positioned at turning points and should tick off numbers on a check list. It is desirable to post marshalls at portages and shoots. The marshall should keep the passage clear for competitors, keep spectators and competitors off forbidden land, and report any misdemeanours to the central control. A marshall's directions should override any prior instructions. A marshall must be clearly identifiable.
7. Signify a crossing of the finishing line aurally by Bell, Whistle or some such device. Mark the finish clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.
- 8.(a) Every boat should be inspected at the check-in to ensure that it is numbered clearly, correctly and durably. Check that the water soluble ink has not been used. Although it is the competitors responsibility to number his boat, it is your responsibility to ensure that he has done it. One way of doing this is to demand that the boat be presented with clean number discs and to number them yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithall to number boats and use it when occasion demands.
 - (b) Record the time of the start at each Division.
 - (c) Record the finish of every boat as it occurs. At least you will then know in what order boats finished. Have one person with a pad of paper, with each sheet numbered in advance so that you will know later if any sheet has been lost. On each sheet number mark ten lines say. When a boat finishes record its number and the time on the next available line of the pad. Never mind the computation and collation at this stage: you will have your hands full enough just recording the finishes correctly. When a page is full, pass it on to someone else to analyse. Ten entries per page is a convenient number. Fewer mean that you have too many pieces of paper; more mean that the analysis is held up waiting for a page to be filled.
 - (d) Do not use a system which relies on a set start time. You cannot guarantee starting exactly on the required second.
 - (e) Have somewhere out of the wind and rain to analyse the finishing results. Arrange a system for displaying the results as soon as you know them. The thing the competitors want to see quickly is a list of his class in finishing order, giving name and overall times. Other details, such as start and finish times, are essentially irrelevant to him and only clutter up the display.
 - (f) After the event is over, buckle to and get the final results sheet sorted out. If you put it off your memory will dim, pieces of paper will get lost, your enthusiasm will wane, and the competitors will get very cross.
9. Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland water seldom needs a life jacket but

for a Division 7-9 paddler or one under 16 it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler, but a different story to one who just raced fifteen miles. It is sometimes a good idea to place frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescue can be more of a hinderance than a help.

An important precaution is ensuring that no-one is stranded or lost halfway round the course. On open sea races, it is important to account for everyone; on calm rivers it is usually sufficient to have a back marker paddle over the course at the tail of the race.

10. Results sheets should be arranged by Divisions in finishing order. They should include position, name, club, BCU number where applicable, certificate no. and points for each entry. Totals of points scored by clubs should also be included.
(A specimen results sheet follow these recommendations).

11. Certificates

To save time on the day it is suggested that the organisers should post the certificates to clubs and individuals after the event. The system would work in the following way:

- (a) The organisers would provide A4 envelopes at the race.
- (b) The team manager would fill in his address on the envelope and pay 15p for postage.
- (c) The organisers would fill in the certificates after the event and post them on together with the results.

INTERNATIONAL MARATHONS 1981

The British Team had, for the third successive year, an overwhelming victory in the 1980 Grand Prix Series. Our teams finished in first place in all four events.

The events for the 1981 series have been agreed, they are as follows:-

WATERLANDS	- HOLLAND	27 Km	CANAL & LAKE RACE.
THAMES	- ENGLAND	27 Km	RIVER RACE
SELLA or)			
NALON)	- SPAIN	20 Km	RIVER RACE
GUDENÄ	- DENMARK	120 Km	RIVER & LAKE RACE

For each event an International team will comprise a maximum of three K2's and three K1's in the senior mens class. The first two finishers, in both K1 and K2, of each team count towards the team trophy for each event. A country counts its best two events to decide the winner of the Grand Prix Series.

The Marathon Executive sees the Grand Prix Series as its priority events, and the Sports Council's Grant will be directed towards these races. It is hoped also to support the other events in Poland, Norway, and the additional races in Spain if money is available. Some contributions may be required from paddlers towards travel costs to these events.

The make-up of the team indicated for each event will depend entirely on paddlers being of a sufficiently high standard. Both Seniors and Juniors should paddle in Division 1 and Ladies in Division 3 unless otherwise instructed.

Paddlers wishing to be considered for the events must comply with the following conditions:-

1. They should apply to the International Team Liaison Officer, J. Rossiter, by completing an application form.
2. They should be prepared to travel and be accommodated in the best interests of the team, under the Team Manager's direction.
3. They should be prepared to meet all the costs of the trip, including a small contribution towards travel.
4. They should be prepared to accept the Team Coach's direction with regard to training and racing whilst abroad.
5. They should be prepared to dress and conduct themselves in a manner befitting a British Team Representative, and promote the good name of British Canoeing at home and abroad.
6. They should be prepared to give support to the Sports Council in promotional aspects, in return for the grant provided.
7. They should wear the G.B. track suit provided on all suitable occasions.
8. They should paddle in all of the selection races for each event, or in the K1 or K2 race where applicable.

1981 TRAINING CAMP - SCOTLAND

We will once again be holding a Training Camp on Loch Tay, in September, providing grant aid is forthcoming. We will, however, be taking a smaller party, of twenty. Paddlers will travel to Scotland on Monday 31st August, and will take part in the Tay Marathon as part of the week.

Applications to attend the camp should be submitted to J. Rossiter by 25th July (Royal K1) on the form in the Year Book. Places at the Tay will be granted to those who will give a good return to Marathon Canoeing.

We will also send a small party to a long weekend camp in Dublin, to take part in the Liffey Descent. There will be a selection event for this camp, as indicated below.

COMPETITORS COMPETING ABROAD

Any competitor wishing to compete abroad outside "The British Team", must apply to do so via the governing body i.e. The B.C.U. (I.C.F. Ruling).

For practical purposes these applications must reach the Team Manager for the event concerned, by the last selection race. The applicant will be liable for any costs incurred (e.g. entry fees), even if he does not compete.
