Introduction

There are several changes to the contents this year. The most notable of these may be the new scoring system for the McGregor Paddle. It is hoped that this will simplify your scoring, and enable regular updates on Club positions to be given.

Thanks to Kirton Kayak and the other advertisers for their continued support.

If you have any comments, corrections, or suggestions I would be pleased to hear them.

FOREWORD

The coming year should see a massive change in the way the sport is run in Britain, with a new Academy for Sport, paid athletes and paid coaches. We had hoped to be in a position by now, to say exactly what is happening, but are unable to do so because of the inevitable delays from the Sports Council ; we live in hope !

At international level, congratulations to our Olympic team members in Atlanta, who, against all the odds, kept our sport alive.

The Placid Water Coaching Scheme has continued to move forward during the year, and we hope that many more people will now take the opportunity to become instructors and coaches.

The Regattas at Nottingham continued to be excellently run. Our thanks go to the organisers, who, with diminishing numbers were hard pushed last year. We would welcome more volunteers to help.

We thank all organisers, coaches, parents and supporters for their continued and essential support, and wish our paddlers every success during the coming year.

Good paddling.

THE RACING REGISTRATION SCHEME

Introduction

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas.

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only Registered Paddlers will be allowed to compete in B.C.U. Events at N.W.S.C., Entries submitted without a Registration Number will not be accepted.

Initial Registration

This may be done in one of three ways:-

1. At the Canoe Exhibition (Racing Stand).
2. At any N.W.S.C. Regatta, at the Secretary's desk.
3. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

Renewal of Registration

Competitors will remain on the register and retain their racing number until such times as they have not competed for two years, or their B.C.U. membership has lapsed. on production of a current B.C.U. card, anyone deleted from the register may re-register if they so wish.

Current Lists of Registered Paddlers are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing. If we can keep these lists as up to date as possible, it speeds up the process of compiling the programmes.

Youth paddlers who initially registered as Cadet members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

The Registration Officer, 4 35, Victoria Rd., Guildford, Surrey GU1 4DU

When registering by post please send S.A.E. for the return of your B.C.U. card and the Registration Number.

Club Secretaries must inform the Colours Registration Officer, who is the Team Leader for their club (and if you wish a nominated reserve), before January 1st each year. If a club is to be represented by another person at the N.W.S.C. the regatta organisers should be informed by the registered Team Leader, preferably when the entries are submitted.

5. Notes on Classes

- a) Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These three subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups regardless of age.
- b) Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do NOT automatically start in the "D" group.
- c) The chart "Standards for Sprint Racing", demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on their status in a Canoe.
- e) Mixed Events, in which male and female competitors race together in the mens classes, are permitted, provided the races are of parallel standard to that of their designated classes.

TEAM LEADERS HANDBOOK

- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.
- g) Paddlers must race **ONLY** in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. eg. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out on the facing page. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddlers entry into racing. See chart opposite.
- j) Youth National Championships
Youth Paddlers will race in the following Age Groups
 - UNDER 18(BORN 1979)
 - UNDER 17(BORN 1980)
 - UNDER 16(BORN 1981 or 1982)
 - UNDER 14(BORN 1983 or later)A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.
- k) Promotions/Demotions
 - a) Will be made throughout the year on the basis of standards laid down, and using the race results.
 - b) Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
 - c) Will be notified on the regatta results and should take effect at the next regatta.
- l) Veterans
Paddlers born before 1962 may compete in the Veteran class unless Mens A or B

6. Check your Programme

Prior to the Team Leaders Meeting it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 12.00 Noon on Saturday. Failure to pay on time will incur a £5.00 surcharge which must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

TEAM LEADERS HANDBOOK

Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 a.m.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
 - i. Events will be dealt with in order.
 - ii. The Competition Organiser will call out in order each set of heats(or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
 - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
 - iv. It is not permitted to return to an event which has been concluded.

8. Entries after the Team Leaders Meeting

Entries after the meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser.

Late entries will be accepted for long distance events (3k, 6k, 10k.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form as shown below.

9. Club Colours

Must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.
- b) Clubs racing for the first time at a N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

10. Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the Raft Marshall's office.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fix into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.
- d) Numbers for long distance racing can be obtained from the Raft Marshall, and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left with the Raft Marshall to cover for numbers which will be required for Sundays racing, and would then be returned Sunday evening when all numbers were collected in.
- e) Lost Numbers, will be charged at £2.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the Raft Marshall's office. He will then make up your requirements for collection later in the morning, (after 11.00).

ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS

TEAM LEADERS HANDBOOK

11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 2 penalty points and disqualified from the event.

Team Leaders may ask for multiple copies of the form below.:-

CLUB	Time Received
RACE NO	Time
LANE NO	
CREW	
FEE RECEIVED £	Signed
Team Leader	

12 K4s

- They will be stored on racks outside the Raft Marshals Cabin
- Crews must not sit in the K4s *except when they are on the water*.
- Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The Raft Marshall reserves the right to refuse the boat to any youth crew which is not accompanied by an adult.
- Check your K4 before you use it. If it is not in order please report the fact to the Raft Marshall. The crew that previously used the boat will be held responsible.
- K4s can be booked for any race during the course of the day as soon as the Raft Marshals Office is open.
- Crews must supply their own wing-nuts and toggles when they report to collect the boat they have booked.
- Crews must use the boat allocated.

13 Protests & Disqualifications

- Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will be no appeal against disqualification.
- In a National Championship event, a protest must be made by a paddlers Team Leader.
- Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official, who if necessary will inform the offending paddlers Team Leader.
- Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office.

TEAM LEADERS HANDBOOK

15 Car Parking

Team Leaders **MUST** take an active part to see that club members observe the car parking lines, and no vehicles on the course road rulings. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must **not** be impeded.

The area on the boathouse side of the tower on the waterfront is a No Parking Area.

- ★ **Particular attention is drawn to safety requirements**, especially the need for adequate buoyancy in all boats.
- ★ **Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water.** Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

NATIONAL WATER SPORTS CENTRE REGATTAS

Disciplinary Procedures

The Chief Official

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. at his own discretion, he may issue up to three penalty points for a single offence.

Racing in incorrect or wrong colours	1 point
Racing with incorrect or no number	1 point
Failure to observe water zoning procedures	1-2 points
Unauthorised substitution for another paddler	2 points + Disqualification
Failure to report for Semi-Finals and/or Finals having qualified in the heats (National Championships)	2 points <i>disqualified on 2nd offence</i>
Conduct during racing likely to cause injury or damage to equipment	3 points
Use of bad or offensive language	1-3 points
Underweight Boat	1-3 points+Disqualification
Underweight Boat(2nd offence at same regatta)	Disqualification from regatta ★
Failure to report for boat weighing immediately	1-3 points+Disqualification
Insufficient Buoyancy	2 points ♦
Insufficient Buoyancy(2nd offence at same regatta)	Disqualification from regatta ♦

- ★ Disqualification from the rest of the regatta if the offence is committed on Saturday. Should the offence occur on a Sunday, the offender will be banned from racing on the first day of the next regatta. Weights must be properly fixed to the boat or seat. Stones in bags or any other removable temporary system will not be accepted. A policy of random Boat Weighing will be continued through the year. Boats required for weighing will be notified at either Start or Finish.
- ♦ Random inspections will be made at launching points, and if buoyancy appears inadequate, 2 points will be awarded immediately, and the boat turned back. If the boat goes on to race, without fitting in the correct buoyancy the offender(s) will, if the offence is committed on the Saturday, be disqualified from the rest of the regatta. If the offence is committed on the Sunday, the paddler(s) will be banned from racing on the first day of the next regatta. Persistent offence by paddlers from any one club may eventually result in **ALL** paddlers from that club being banned from a regatta.

'A' Classes will be subject to maximum penalty, and more stringent inspections. An official will be checking both buoyancy and boat weights, and keeping records of his findings. Inspections may be carried out both prior to, and after, craft go afloat.

Totting Up

- a) When a paddler achieves a total of 4 points he/she will be automatically disqualified from the next full days racing. In two day regattas, if the incident occurs on the Saturday the disqualification becomes effective on the Sunday. If the incident occurs on the Sunday the disqualification will be for the Saturday of the next regatta. Penalty points awarded will be notified on the result sheet at the end of each regatta.
- b) A paddler who collects a further 3 points during any one season making a total of 7 in all, will be disqualified for the next two days racing.
- c) A paddler who achieves a total of 4 or 7 points during the last regatta of the season, will serve his suspension at the first regatta of the next season.
- d) All other paddlers will start the new season with a clean sheet.

Team Leaders will be informed when a warning or disqualification is effected. The notification will also appear on the result sheet.

This competition was introduced last year to encourage CLUB efforts and participation. The competition is held over three regattas April, May, and June. The points achieved over all three regattas will be combined, and a sponsor is being sought to provide a prize for the winning club.

ALL FULL CLUB K4 CREWS IN ALL CLASSES B,C, & D WILL SCORE
(A Classes have been ommitted because of squad committments)

Composite Crews are welcome to enter, but will not score.

THE MCGREGOR PADDLE COMPETITION

A simplified scoring system will be introduced for 1997.

Under the following system most clubs should have an equal opportunity to achieve a winning score:

1. Each Club will automatically score 1 point for every paddler competing in the Inter Club Regatta.
2. Each Club will score 1 point for each promotion accredited to their paddlers during the four previous Regattas i.e. April, May, June, & July of the same year.
3. The scoring at the Inter Club Regatta will be on the following basis:

Each Club will score its best	12	K1/C1 results in all finals
	6	K2/C2 results in all finals
	3	K4 results in all finals

Scores will be awarded, provided there at least three crews participating, on the following basis:

- | | |
|-----|------------------|
| 1st | 20 points |
| 2nd | 19 points |
| 3rd | 18 points....etc |

4. Notes:

- a) Composite crews, with members from more then one Club, do not score.
- b) At least 50% of the crew must be registered in the class in which they are racing.
i.e. 2 paddlers K4, and 1 paddler K2. Crews may be made up with paddlers from a lower ability group with the following exceptions:
 - i) Men may not paddle in Womens races.
 - ii) Boys may not paddle in Girls races.
 - iii) Seniors may not paddle in Junior races.
- c) No one may enter any singles class other than their designated class as shown on the Registration File.

PLACID WATER RACING AWARDS

The Placid Water Scheme was set up as a coaching scheme to develop marathon and sprint racing, and fast touring. The various *skill*, *racing*, and *coaching awards* are designed to offer a progressive coaching and paddling structure to support clubs based on placid water. Outlined below are the RACING awards currently available in the Placid Water Scheme(PWS).

PLACID WATER MARATHON & SPRINT RACING AWARDS

The Racing Tests are designed to encourage paddlers to improve performance and recognises their progress in racing kayak and canoe. They are also useful to indicate the class or division to which paddlers should enter in sprint and marathon racing. There are three types of award:

- 1) The 500m Awards
- 2) The Marathon and Half Marathon Awards
- 3) The Time Trial Awards

The awards can be examined by Placid Water Teacher, Instructor, Senior Instructor, Competition Race Trainer, Competition Coach, Club Official. They can be taken in any kayak or canoe.

1 The 500m Award Standards (Times in minutes - single canoe/kayak)

Kayak Men	Kayak Women	Canoe	Award
4.00	4.20	5.00	Green
3.30	3.45	4.00	Blue
3.05	3.20	3.20	Bronze
2.45	3.00	3.05	Silver
2.30	2.45	2.45	Gold

1.1 Marathon Entry Guidelines

To promote fair racing, and as a guideline for coaches, team leaders, and paddlers, the following standards are suggested as the entry levels into divisional marathon competition:

Award	Kayak Men	Kayak Women	Canoe
Green	Fun Race	Fun Race	Fun Race
Blue	Division 9	Division 9	Division 9
Bronze	Division 8	Division 9	Division 9
Silver	Division 7	Division 8	Division 8
Gold	Division 6	Division 7	Division 7

1.2 Sprint Entry Guidelines

The Sprint Entry Guidelines are for clubs wishing to enter paddlers in Sprint Regattas held at the National Water Sports Centre, Holme Pierrepont. A Coaching Scheme Certificate, or photocopy, must be sent to the Race Registration Officer when a paddler registers for Sprint Racing. The certificate should state the actual time taken to make sure that paddlers are entered into the correct class.

Kayak Men	Kayak Women	Canoe
Senior Men - Gold	Senior Women - Silver	All Classes - Silver
Junior Men - Bronze	Junior Women - Bronze	
Veteran Men - Bronze		

Note: To qualify for National Regattas, the standards must be achieved in a modern racing single canoe(in high kneeling position), or single kayak(with seat).

PLACID WATER RACING AWARDS

2 THE MARATHON AND HALF MARATHON AWARDS

These are a number of races in the National Calendar which provide a suitable venue for the testing of these awards. The standards may be adjusted to take account of courses slightly longer than the award distance, flow, and portages(allow 3 minutes per portage).

STANDARDS(Time in Hours and Minutes)						
Half Marathon(13 miles)				Marathon(26 miles)		
Boat	Bronze	Silver	Gold	Bronze	Silver	Gold
Single Canoe	Finish Course	3hrs 15min	2hrs 45min	Finish Course	6hrs 30min	5hrs 30min
Double Canoe	Ditto	2hrs 45min	2hrs 15min	Ditto	5hrs 30min	4hrs 30min
Single Kayak	Ditto	2hrs 45min	2hrs 15min	Ditto	5hrs 30min	4hrs 30min
Double Kayak	Ditto	2hrs 15min	2 hrs	Ditto	4hrs 40min	4 hrs

3 TIME TRIAL AWARDS

The Time Trial Award can be tested over any distance from 2000 to 10,000 metres, and is awarded on the basis of speed(minutes per 1000 metres), and can be attempted in any type of canoe or kayak. The award is designed to be flexible, to suit whatever placid water is available. Testing can be organised as part of a fun race, a club handicap race, or a specially organised time trial.

Award	Single Kayak	Double Kayak	Single Canoe	Double Canoe
Blue	10	9	12	10
Bronze	9	8	11	9
Silver	8	7	10	8
Gold	7	6	9	7

REGISTRATION OF THE AWARDS

In 1995 there has been an important change in the administration of the RACING AWARDS. The **Placid Water Coaching Development Committee** is responsible for the administration and promotion of the PW Racing Awards on behalf of the BCU Coaching Service.

For the examiner to register Placid Water Racing Award with the BCU, they must fill in a BCU Coaching Scheme Counterfoil available from the address below, and return it completed together with the fee (£2.50/test, payable to BCU PW Coaching Development) to:

PW Coaching Administrator
c/o B.C.U. Office
Adbolton Lane
West Bridgford
Nottingham NG2 5AS

All monies raised by these awards will be retained by The Placid Water Competition Coaching Development Committee. It is, therefore, in the interest of racing clubs to make sure that the scheme is a success.

PLACID WATER COACHING AWARDS

Coaching is a most important factor in improving participation, performance, and excellence levels of the paddlers involved in Marathon and Sprint racing. The BCU Placid Water Scheme was designed specifically to support and develop the levels of coaching in racing clubs. The Placid Water Coaching Award Courses offer an opportunity to develop and recognise technical knowledge, safe practice, and coaching skills for both canoe and kayak racing.

The awards fall into two broad groups:

1 The Competition Coaching Awards

The Competition Awards are intended to support those people who are coaching individuals and groups of paddlers to greater success in competition on an ongoing basis. There are two award courses available. The *Competition Trainer* provides a good introduction to sports coaching for Marathon and Sprint racing, but does not involve or require any paddling ability. The *Competition Coach* builds on experience gained in practical coaching following Competition Trainer, and covers the coaching of clubs and individual paddlers within clubs in more detail. The *Senior Competition Coach* is an honorary award for National Level Coaches, and is awarded by the Director of Coaching after consultation with the Sprint and Marathon Committees.

2 The Instructional Coaching Awards

The Instructional Awards are intended for those introducing beginners, instructing and organising activities within a placid water club. There are three awards in the progression. The *Placid Water Teacher* is the introductory level coaching award, and it is recommended to all entering either competition or instructional Placid Water Coaching. The *Placid Water Instructor* covers the instruction of groups, and the *Placid Water Senior Instructor* includes introduction, instruction, and club leadership.

Anyone requiring further information on the Placid Water Coaching Awards should contact BCU headquarters for a leaflet giving a full explanation of the awards.

Regional Development of Placid Water Coaching

To support the renewed development of the Placid Water Scheme around the country, there is a series of Regional Representatives that make up the Placid Water Coaching Panel. They hold up to date information on Competition and Instructional Coaching Courses in their region. The regional representatives, whose full addresses are shown in the directory at the front of this book, are:

WEIL'S DISEASE

What is it ?

Weil's disease is a very rare illness to which water users may be exposed. Weil's Disease is a bacterial infection carried in rats' urine which contaminates water and wet river banks. The bacteria does not survive long in dry conditions. It can occur in any water, including swift streams and rivers. The likelihood of becoming infected is greater from stagnant or slow moving waterways, particularly in high water conditions.

How serious is it ?

It can be a serious illness requiring hospital treatment. One patient in 19 dies from it. Weil's disease is a notifiable illness.

How can I catch it ?

The bacteria are absorbed through the skin mucous membranes of the mouth and eyes. It gets into the blood stream more easily if you have a minor cut in the skin or feet, or if you capsized.

What should I do about it ?

If you fall ill with the symptoms after water sports, particularly 3 - 19 days following, then you should see your doctor immediately.

The most common symptoms are :- temperature, and influenza-like illness, and joint and muscle pains (pains in the calf muscles are often particularly noticeable.)

Your Doctor

- During a routine visit to your Doctor advise him that you participate in water sports.
- Advise him of the existence of:
The Lepto Spirosis Reference Unit
Public Health Laboratory
County Hospital
Hereford HR1 2ER
- Ask him to make note on your personal file.

Things to do

- Wash or shower immediately after water sports.
- Cover minor scratches and cuts with water proof plaster.
- If you have flu-like symptoms go to your Doctor early, and advise him that you are a water sports participant, and insist in the full ELISA blood test, which can be carried out quickly in a local laboratory.

OLYMPIC RACING SQUAD

Policy

1. In formulating its Olympic preparation policy, the Racing Committee has reaffirmed its confidence in the concept of the Olympic Racing Squad, which it believes provides outstanding opportunities for training and competition that would not be available in any other training situation. Scarce and meagre resources may be maximised, for minimal financial expenditure, and the best available conditions are established for the creation of National Crews, the improvement of individual skills and fitness, the supervision and monitoring of performance, and the development of a national perspective.

Olympic Racing Squad

2. The Committee has agreed that a National Olympic Racing Squad be selected this year to provide for the coaching and training needs of potential competitors at both senior & junior World Championships.
The Squad will be composed of a maximum of 73 athletes, 12 coaches, one of whom shall be the Chief Coach.
3. Membership of the Squad is by invitation to those athletes who are of a sufficiently high standard, and who are prepared to undertake the sustained training and crewboat preparation that is required.
4. The Squad will function from 1st November to 30th September each year. Members will be selected by the O.R.S. coaches by reference to past conduct and performance during the previous season, and ratified by the B.C.U. Racing Committee.

Composition

5. The numbers of the various competition categories (i.e. Kayaks, Canoes, Men, Women, Boys, and Girls) will be subject to the circumstances at the time, and within the overall approved limitations :

Seniors - 41	Juniors - 32	Total - 73
--------------	--------------	------------
6. To ensure that the concept of a unified national preparation and training programme is maintained, the Olympic Racing Squad will be administered as one unit, with management and coaching personnel available to perform their duties, as from time to time required, for and on behalf of the Racing Squad.

Objectives

7. The primary objectives of the Olympic Racing Squad will be to develop and improve national standards of performance to a level sufficient to ensure that our competitors perform with distinction.

Activity

8. The emphasis of all Olympic Racing Squad activity will continue to be placed on crew and team training. Firm direction will be provided regarding the formation of National Crews. Improved arrangements for the provision of personal coaching in the local training environment will be provided by all O.R.S. coaches. Costs of their expenses are to be born by the club or individual requiring their services. (Sports Aid Grants do include the costs of coaching). Help will be given to those members of the Olympic Racing Squad who receive no coaching support by the O.R.S. Chief Coach.

OLYMPIC RACING SQUAD

9. The Racing Committee will, where possible, undertake to meet a proportion of the reasonable travelling expenses of the O.R.S. members from the funds to which it has access. Priority will be given to the O.R.S. training camps and crewboat training. Subject to the funds being available, the following will apply:

One person in a car	25% of the costs
Two people in a car	50% of the costs
Three people in a car	75% of the costs
Four people in a car	100% of the costs

Payments for training camps will be at the discretion of the Chief Coach or Team Manager.
Payments for crew boat training will be at the discretion of the Chief Coach.

Conditions of Membership

- 9a. All paddlers accepting the benefits of membership of the O.R.S. must undertake during their membership to:

1. Be a fully paid up member of the British Canoe Union.
2. Attend all officially designated national Olympic Racing Squad training sessions, other than in unusual and permissible circumstances. Notification of non attendance must be given at the earliest opportunity, so that valuable resources are not wasted. Athletes failing to do this will be asked to pay the full costs of all services that have been booked on their behalf.
3. Members of all ORS squads must be prepared to commit themselves to a sustained programme of preparation and training that will ensure the maximisation of their potential performance.
4. Accept direction regarding crew composition in order to form their own, and to assist in forming other crews.

Junior Development Squads

In addition to the Junior ORS, the Junior Development Squad, which was established in 1993/4, will continue to operate on a regional basis.

JDS (North) Coach
JDS (South) Coach

Graham Campbell
David Howie

01386 870072
01276 475030

Aims

1. To encourage the development of junior racing.
2. To provide a formal link with the Junior ORS.
3. To provide early experience of international competition at an appropriate level.
4. To monitor the training of promising Junior paddlers through liaison with their club coaches.
5. To encourage the development of crew boats through inter club co-ordination.

Objectives

There will be regular training days during the winter on a national and regional basis at various venues. These will be open to all members of the JDS (i.e. all Junior Boys A, B, & C and Junior Girls A, B, & C and all Junior Canoe paddlers who are not in the Junior ORS).

Selected JDS crews which have been developed during the winter training will be sponsored for entries in 500m and 1000m events at the April, May, and June regattas at Holme Pierrepont. Selected members of the JDS will also have the opportunity to compete at up to two international regattas. Although all age groups will be represented on these international trips, the priority for selection will be given to Under 16, then Under 14, and finally Under 18 paddlers.

Further details are available from the JDS Coaches.

Selection Policy 1997

The Olympic Racing Squad as shown in the Year Book will form the basis of the teams which will represent Great Britain at the Senior and Junior World Championships. Up and coming paddlers outside the O.R.S. will still be eligible for international team selection provided that they are in serious training. Selection of major international teams will be made by the Competition Committee. Teams for the World Championships will be ratified by the Sprint Racing Committee.

Changes to the Squad may be made during the season, subject to ongoing assessment of both crew and individual performances. The selection of the World Championship Teams, and changes to the Squad, can only be made at a meeting of the Competition Committee. Selection of the Teams will be based on the coaches' judgement, and on performances throughout the year.

It is the policy of the O.R.S. to support all paddlers and crews who achieve these targets on fair courses in fair conditions. If there are insufficient funds, the members will be asked to contribute to the overall cost of their trip.

Where no paddler or crew reaches the target time, consideration may be given to special cases as presented by the section coach or chief coach at the selection meeting.

SPORTS AID FOUNDATION GRANTS

The Sports Aid Foundation is a charity, run as an entirely independent organisation, devoted to raising funds in order to assist with costs which an athlete incurs on top of their normal living expenses. It is managed by a Board of Governors who volunteer their services, assisted by a committee of voluntary advisers. The Committee includes members nominated by the Sports Councils for Wales, Scotland, and Northern Ireland under the chairmanship and vice chairmanship of two independent members nominated by the Board of Governors.

Canoeists have received a good deal of support from the S.A.F. over the years, and we are most grateful for their generosity. This has hopefully been justified by the level and range of results which our paddlers have achieved.

International Grants

International grants are available to paddlers who are likely to perform with distinction at world championships, and other major events. Each year those names which are worth submitting for consideration are put forward by the discipline concerned.

Individuals should not apply to S.A.F. in London direct. If you have a query, please take it up initially with your National Coach.

Regional Grants

Each region is autonomous, and the available funds vary from area to area. The main criterion is that the individual concerned should be showing good potential to achieve national honours at either junior or senior level. Each Region in England, and each National Association, has a liaison officer, who can be requested to put a paddler's name forward for consideration. Alternatively, the S.A.F. in the region can be contacted direct, and they will refer back to the regional/national officer for confirmation. A standard form is available from the regional S.A.F., regional/national S.A.F. liaison officer, or the B.C.U. office.

Purpose of Grant

In both instances (international and regional) help is given, in accordance with personal needs, for the following items.

- a. *Additional costs incurred by the individual in lodgings for training.*
- b. *Additional costs incurred by the individual for special food.*
- c. *Additional costs incurred by the individual for essential preparatory competition not grant aided.*
- d. *Transport or travel for training.*
- e. *Equipment - but only small items of personal equipment including confirmation that the items have been or will be purchased by the individual.*
- f. *Coaching fees necessarily incurred by the individual.*

Paddlers who are fortunate enough to have a National Sports Aid Foundation Grant should be aware that part of their grant is awarded for coaching. In the past coaches used to get their own Sports Aid. This helped towards their own costs, which are often as high as the paddler's own. It would seem that none of the paddlers receiving Sports Aid contribute anything towards the cost of the coaching that they receive. This is clearly wrong, and the situation is under review by the Racing Committee.

STOP PRESS !

SPORTS AID FOUNDATION

The new situation.

Existing National/International Sports Aid Foundation grants will carry through until March 1997. After that it is anticipated that the new revenue grants from the National Lottery will take over.

Governing bodies have been asked to submit their Squads lists for consideration for grants, and these have been sent in by all the disciplines in the B.C.U.

Although the exact process and machinery has still to be established at the time of going to press, it is anticipated that applications on behalf of younger paddlers, and any that are considered to fall short of the criteria for a grant from the National Lottery, will be automatically referred to the Sports Aid Foundation (nationally).

Applications which they consider below their criteria will then be referred on to the Regional SAF companies.

As further information becomes available members will be informed through "Canoe Focus" and their coaches.

REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the N.W.S.C. to introduce anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination, so then becoming qualified to officiate at World Championships.

THE BASIC COURSE: The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

THE SYMPOSIUM: This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

Officials Training Course 1997 - 16/17 November 1997

Further details for the above will be available nearer the time. Contact Di Lawler at any regatta or write to : Mrs D. Lawler, 93 Chertsey Lane, Staines, Middx TW18 3LQ.

DOPING CONTROL RULES

June 1995

Do you use a Ventolin Inhaler?

If you have been prescribed a Ventolin Inhaler, and compete at a level which might make you subject to a doping test, you are invited to register the fact with the B.C.U.'s Medical Officer.

Ventolin inhalers involve a drug called Salbutomal which is a banned substance under the International Olympic Committee's rules. It has been agreed, however, that users of inhalers, who register the fact with their governing body, will not be subject to the normal disciplinary procedures which follow the identification of a banned substance, if the amount detected is consistent with the declared use of a Ventolin inhaler.

Please send to the B.C.U. office for a registration form for completion by your general practitioner. Upon its return to the B.C.U. office, receipt will be acknowledged and the team doctor of your discipline will be informed. Should you be subject to a doping test the fact that your use on an inhaler has been declared should be made known to the officials concerned.

Banned Substances

The list of permitted and prohibited drugs is constantly changing. Members of national squads should received a card giving some basic advice. On no account should a member of a national squad take a new medication without first checking that it is not on the banned list.

Some medications on the banned list will be allowed if the athlete has registered them with the B.C.U.'s Medical Officer. This particularly applies to Ventolin inhalers.

Athletes and coaches requiring further advice on medication should ring the Sports Council Advice Line.

MARATHON SECTION

FORWARD

1996 was a World Championship year as far as the Senior Squad was concerned. All the team members produced excellent results and we came away with 2 Gold medals and 2 Silver. Last year we had an exceptional result from our ladies squad and this year was a repeat. Anna Hemmings second place by only inches against a multiple World and Olympic Champion showed not only her wonderful skill but also her determination having been dropped from the wash at the last portage only a mile and a half from the end, sheer character enabled her to come back and challenge once again.

I must also mention Steve Harris and Ivan Lawler for their K2 gold, Stephen and Andrew Train's C2 gold making them all multiple World Champions. I hope Golder and Chapman's medal in the Junior Grand Prix spurs them on to many more.

As far as Overall Nation is concerned we remain at the top but will not continue to do so without further dedication and effort from all concerned. Changes in the Grant Aid system with the introduction of new Lottery Funding will also require further commitment from all concerned paddlers, coaches and administrators. We have a remarkable team further strengthened by the addition of Alan Bennett who is to help the ladies.

This year we have seen further growth in the numbers of competitors at home and they have all played their part in our development. We must never forget that our sport includes all levels of ability. All paddlers intentions are not the same, many want only to enjoy healthy exercise some to improve their skill level some to become World Champion. Whatever it is all are important to our discipline.

We want to succeed.

Good paddling in the coming year.

Alan Laws
Chairman.

BCU MEMBERSHIP AND EVENT TICKETS

In the three categories of marathon races indicated BCU membership is mandatory for all competitors in Divisions 1-9 inclusive. Race Organisers MUST check BCU current membership either by photocopy of membership with entry or see the card on the day of the race.

If the card is unavailable or forgotten the paddler may purchase an "Event Ticket" as a "stop gap" but only once per season. A check on event ticket issue is carried out for all race results by the records officer and those paddlers abusing this system will be penalised.

The system is as follows

1. The tickets are for use by non-members at the entry level only of National Competitions requiring membership ie Divisional Racing.
2. For use at a BCU event when the organiser believes a participant may be a member but the member cannot provide proof by way of a membership card.
3. Fees are set by event organisers, minimum £2.00, maximum £5.00. In every case £1.50 will be sent to the organisers regional treasurer and the rest kept by the organising committee
4. Event Ticket fees are not refundable
5. The overall consideration is to encourage, in the best possible way, membership of the Country's Governing Body for Canoesport.

INTERNATIONAL MARATHONS

REVIEW OF 1996

The Stockholm Archipelago provided the beautiful setting for the World Championships in Vaxholm Sweden. The course wound 17 miles around islands and among lakes, with a short artificial portage in front of the grandstand at the start and finish.

Ivan Lawler and Steve Harris had a tough battle to retain their World Championship status. Steve and Andy Train continued their dominance over the 1994 Gold medalists from Hungary, to win the C2 event convincingly.

Anna Hemmings was magnificent in the Womens K1 taking the silver medal. She took Susanne Gunnarsson the defending World Champion and Olympic Sprint Gold medalist from Sweden right to the wire, giving her the toughest race of her life.

Sonja Bapty and Trica Davey had an excellent race to finish 5th in the womens K2, the other ladies crew of Alison Thorogood and Helen Gilby finishing 8th. Greg Slater and Simon Dark dominated the second group in the mens K2, closing all the time on the leaders and finishing an excellent 6th. James Lee in the C1 class put in his best performance ever to finish 9th.

Overall our best ever World Championship results, combined with superb weather and large enthusiastic crowds a very memorable event.

The Junior Grand Prix event also gave us two excellent results. The K2 pair of Daniel Golder and Damien Chapman finishing in the silver position after a last minute burn by the Swedish pair and Ross Sabberton took 5th place in the K1 event.

Neal Coleman and Conor Holmes had a great result in the major Grand Prix in Spain coming through on the line to take Gold and Silver. Unfortunately they were unable to repeat this performance in Sweden coming 18th and 9th respectively.

PROGRAMME FOR 1997

The 1997 World Cups event in Bagsvard, Copenhagen on August the 30/31st will be the last one. The ICF have agreed to a World Championships very year from 1998. PRIVATE ENTRIES COMPETING ABROAD

For practical purposes these applications must reach the Team manager (Chairman for Sella Descent) by the final selection date. The applicant will be liable for any costs incurred, eg entry fees (even if he does not subsequently compete). It is regretted that no private travel arrangements may be made by the Marathon Committee.

MARATHON RACING

PART A - CONSTITUTION AND ADMINISTRATION

1. The Marathon Racing Section of the BCU interests itself in all matters arising out of Marathon Racing in Great Britain.

Its aims are as follows :-

- (a) To encourage Club, Regional, National and International Marathon Events.
- (b) To draft rules and make recommendations for the conduct of National and Regional marathons.
- (c) To give advice, guidance, and encouragement to sponsors of Marathon racing in Great Britain.
- (d) To select, train and administer teams representing Great Britain in International events.
- (e) To select, train and administer teams representing England in International events.
- (f) To confirm and record cross channel canoe and kayak record attempts.
- (g) To foster the development of suitable craft and equipment for Marathon Racing.
- (h) To act as final authority in disputes and protests.

2. Annual General Meetings shall consist of a Chairman, Secretary, Treasurer, National Racing Coach and other such officials as the Annual General Meeting consider it necessary to elect, together with the representatives appointed by the clubs and organisations. Each canoe club affiliated to the BCU, and having five full members of the BCU, may appoint two representatives to attend the Marathon Racing Annual Meetings. Under current arrangements the Race Records Officer has a clerical function only and is not an elected member of the Executive Committee.
3. Each club or organisation affiliated to the BCU and represented at an AGM will be entitled to one vote. The Chairman will not be entitled to vote, except in the case where a casting vote is required. A quorum shall consist of six represented clubs.
4. The AGM or Executive Committee may co-opt additional members as they think fit in the interests of the sport, but co-opted members will not be entitled to vote. The AGM or Executive Committee may co-opt members or persons who are full time employees of the Union or who have a commercial interest in canoeing only with the permission of Council.
5. At least one meeting will be held during the year in addition to the AGM. Where clubs wish to raise alterations or additions to the 'Rules for Competition' at this half year meeting, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two individual members by 12th June. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting. Any additions or alterations to the 'Rules for Competition' agreed by the meeting will come into force on 1st September following the meeting.

6. 5. THE RACING STRUCTURE

The Marathon Racing system has been designed to encourage all levels of competitor from the raw beginner to top class international competitors.

THERE ARE FIVE CATEGORIES OF RACE :

GROUP A

- 5a) Divisional races (under rule B7) approved by the executive Committee. promotions between division will take place as shown in 7d. For these races a minimum of the required classes agreed with the Regional Hasler Advisor must be held.
- 5b) Races and time-trials approved by the executive Committee not in the Divisional system, such as stage marathons, descents, Royal K1, Richmond K2, Thameside etc.
- 5c) THE NATIONAL CHAMPIONSHIPS - see rule 12

(The race levy must be paid for events in 5a, 5b and 5c and BCU Comprehensive membership is required)

GROUP B

- 5d) Those races in the regions and clubs not appearing in the calendar. These will include handicap and fun marathons. No promotions will take place at these races.
- 5e) Races approved by the Executive Committee but organised by outside bodies such as the DW committee and the BWB.

6. RACE LEVY SCHEME

At all races in 5a, 5b, and 5c, published in the Racing Handbook the race organiser is to remit the race levy of 60p per head for each paddler booked in (irrespective of whether they start or finish the race) to the regional Hasler Advisor together with the race results. This levy is to be sent within 14 days of the race. Cheques to be made payable to the Marathon Racing Committee.

7. THE DIVISIONAL SYSTEM

- 7a) There are singles events in division 1-9, and a promotion scheme which provides a challenge for everyone.
- 7b) There are doubles events for division 1/2, 3/4, 5/6, 7/8 and 9.
- 7c) The events in 7a) and 7b) :
 - i Will be the official BCU race which determines a paddlers National Ranking.

- ii Will require Comprehensive BCU membership.
- iii Must be held at all races counting towards the National Team League Championship
- The Hasler Trophy, except where varied as agreed with the Regional Hasler Advisor.

7d) PROMOTIONS / DEMOTIONS

- i Promotions may take place on either singles or doubles performances.
- ii The executive Committee has discretion to promote and demote where this is found to be necessary.
- iii Status in Canoe will not affect status in Kayak and vice versa.
- iv Generally no lady or canoe paddler will be promoted higher than division 3 and no junior kayak higher than division 2.
- v Each year a divisional list will be published in the Racing Handbook for division 1- 8. We recommend that entry into the Divisional system should be based on the standards detailed in the section 'standards for racing'.
- vi Promotions between the lower divisions throughout the season will be calculated as follows.

Divisions 8 & 9

All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 3 minutes, are promoted to the higher division provided there are a minimum of 5 starters in that higher division.

Division 7

Promotions will be made at the discretion of the Regional Hasler Adviser of the region in which the race takes place. The Regional Adviser's decision will take into account the performance of the paddler compared with the regional division 6 paddlers. If any paddler or team leader feels that this has resulted in an inappropriate promotion they should appeal to the ranking officer to correct the situation.

Divisions 5 & 6

All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 4 minutes, are promoted to that higher division provided there are a minimum of 5 starters in that higher division.

Division 4

Promotions from division 4 to division 3 will be decided by the ranking officer for divisions 1-3 and can be made at any time.

Note 1

Promotions are not limited to one division. For example a Division 9 paddler with a time within 3 minutes of the division 7 winner would be promoted straight to division 7. Similarly a division 6 paddler with an appropriate time could be promoted to division 4.

Note 2

The lower limit of 5 paddlers to render a race quorate for promotion purposes as described as above, is intended to ensure that the winners time is a realistic one for that division. However the regional Hasler Advisor may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.

Note 3

Since there are not usually any promotions from division 7 to division 6 or from division 4 to division 3 on the day, it is normally the winner of division 7 whose time is used for calculating promotions from division 8 to 7 and the winner of division 4 whose time is used for calculating promotions from division 5 to 4. These promotion calculations hold good even if subsequently the ranking officer does promote the winner of division 7 and others to division 6 and the winner of division 4 and other to division 3.

- vii Demotions between the lower divisions throughout the season will be calculated as follows:-

All those finishing with a time slower than the fastest paddler in the division not promoted, + 10% will be designated 'D'. With 3 'D' notices a paddler will automatically be demoted to the next lower division.

Note 1

Demotions from any division will not normally be considered by the ranking officer immediately prior to the National Championships and the Hasler Final ie during the months of July and September.

Note 2

All paddlers, both from within the region and from other regions are eligible for promotions and 'D' notices. The only exceptions are paddlers transferred from another division under rule 7(f).

- viii Promotions and demotions between divisions 1, 2, 3, & 4 will be determined by the ranking officer for divisions 1-3 in conjunction with the national and regional coaches. It will be based on performance in all races.
- ix Once promoted paddlers MUST race in their correct division, or higher division except under the provision of rule 7e). Any competitor found racing in a lower division, singles or doubles except under the provision of the above rule, may be disqualified from the event and be banned from Marathon competition for 12 months from the date of the event when the misdemeanour took place.
- x Each year the divisional lists are checked and any paddler not having competed for two successive seasons will be removed from the lists. Each autumn clubs are asked to submit a list of the paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.

7e COMPETING IN A CREW BOAT

A paddler is normally ranked on singles performances. However when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down).

eg. Paddler A - Div 3, Paddler B - Div 8

$$3 + 8 = \frac{11}{2} = 5 \frac{1}{2}$$

The entry would be division 5.

ALL PADDLERS COMPETING IN CREW BOATS must show their singles ranking in the entry form and these rankings MUST be shown on all results. Paddlers not declaring their singles rankings will not be eligible for Hasler Points (see note to Rule 12A).

7f) HANDICAP SYSTEM FOR LOW ENTRIES

If there are less than three entries in a division then the organiser may transfer those entries to another division. This will be the next lower division provided the race distance is the same. Otherwise it will be the next higher division. A handicap (if moved down) or an allowance (if moved up) will be used to calculate the results which will count for Hasler points. The handicap or allowance to be :-

12 mile course. 3 minutes singles ; 6 minutes doubles.

8 mile course. 2 minutes singles ; 4 minutes doubles

4 mile course. 1 minute singles ; 2 minutes doubles

Note - transferred paddlers racing in a different division will count for prizes and Hasler points but will be ignored in calculating promotions and 'D' notices.

7g) TYPES OF COURSE

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be :-

DIV 1, 2, & 3 Singles, 1/2 & 3/4 Doubles.

Full senior course of more than 12 miles (20Km) with any degree of severity.

DIV 4, 5, & 6 Singles, 5/6 Doubles.

Course of about 8 miles (13Km) which may included portages and/or weir shoots.

DIV 7, 8, & 9 Singles, 7/8 & 9 Doubles.

Course of about 4 miles (6.5 Km) with the minimum practical hazards.

7h) CLUB HANDICAP RACES

As an introduction to competing in the divisional system, clubs are encouraged to hold handicap races throughout the year. These should be over a 5 -10 Km course, with handicaps based on age, experience and type of boat.

7i) SPECIAL PRIZES

Race Organisers are encouraged to give prizes for special groups of paddlers. eg. First under 16, First C1, in particular they are strongly recommended to give a prize for the first lady in each division and for the highest placed TC2. This kind of encouragement is particularly important in the divisional system.

8. The organiser of a race must apply for that race to be registered. This must be done in the Autumn of the year preceding the event. The event must be organised and run under the Marathon Racing rules. Registered races may advertise through the Union and may appeal through the Executive Committee in cases of dispute or difficulty. (See also BCU Disciplinary Code - see index)
Registration shall be the minimum requirement for a race to be recognised. Registration fee will be by the levy which will apply to races defined in Rule B5 a), b), and c).
9. The organisers of a Marathon Race may apply for it to be classified as a Group A Race. These races shall be run with a higher degree of organisation. They shall be properly advertised. Adequate pre-race instruction shall be made available in adequate time. Properly documented results shall be sent to the Executive Committee and to competitors who provide a stamped addressed envelope.

The status of a race shall be decided by the Executive Committee on the basis that a race has been run satisfactorily by the same organisation over essentially the same course.

10. Assessment races will be picked by the Executive Committee from the most suitable races for the events to which British Teams will be going, and advised to the organiser by March 1st each year, via the Racing Handbook. In these races, assessment classes may be separated from the race classes, and may be run over the same or different courses.

 - h) The life Jackets/buoyancy aids referred to on b,e,f,g, and i will conform to BCU/BCMA STANDARD BA 83.
 - i) At the National Championships ALL paddlers in the under 16 and under 14 classes WILL wear life jackets or buoyancy aids as in h).
- 15 In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
- 16 To aid the description of races the courses shall be classified as follows:-
 'A' shall denote sea, tidal, estuary, lake or other open water.
 'B' shall denote fresh water, river and canals.
 'T' shall denote portages.
- 17 In the event of a tie for any BCU trophy an extra race shall be taken into account, and this repeated as often as is required to settle the matter where this is appropriate. If the matter is still unresolved the trophy shall be held jointly, the order of the inscription being alphabetical and each party holding it for an equal fraction of the year.

18 DISCIPLINE

Marathon racing is subject to the BCU Disciplinary code reproduced in full earlier in this book (see index).

19 DRUGS

Marathon racing is subject to BCU Doping Control Rules as reproduced in an earlier section of this book (see index).

PART C RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

A ADVANCE INFORMATION

- 1 Do not attempt to run a race without visiting a few to find out how things work.
- 2 Advance information sent out to competitors and clubs should at least set out the following details as shown in the specimen.
 - a) Name date and status of the race.
 - b) Name of the organising body.
 - c) Closing date for entries and whether or not late entries will be accepted.
 - d) Address to which entries and enquires should be sent, and if possible a corresponding telephone number.
 - e) Entry fees, and to whom they these should be payable.
 - f) Locations of start and finish, and directions for getting to these places.
 - g) Time of start and closure of checking in.
 - h) Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
 - i) Any special regulations that a competitor should be aware of before he arrives.
 - j) Any major changes since last year.
 - k) An entry form asking for full details of competitors. (A specimen race details follow these recommendations).

B PRE RACE INFORMATION

Every boat should be inspected at check-in to ensure that it is numbered clearly, correctly and durably. Check that water-soluble ink has not been used. Although it is the competitors responsibility to number his boat, it is your responsibility to be sure that he has done it. One way of doing this is to ask that he presents a clean number plate and then number it yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the race course and to emphasise any special regulations.

There may be a wide range of ambitions present at the race, some people go for a pleasant paddle, some with Olympic hopes, try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions, variations in the course for different classes etc should be taken into consideration when arranging the start order. Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshal should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanours to central control. A marshals directions should override any prior instructions. A marshal should be clearly identifiable.

C STARTING

A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order but a strong personality is needed to keep those in higher divisions in good order.

The starter must never lose control of the start, either through physical inability to make himself heard, or through weakness of will. Preferably get an experienced racer to start your race and supply them with a megaphone. Massed starts are good value for bullfighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Group A races, each class of three or more competitors must start separately.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep competitors hanging around unnecessarily. They are often nervous before a race, may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line then start them without further delay. Say 'READY GO'.

Record the time of the start of each Division.

Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

D FINISHING AND RESULTS

Signify a crossing of the line audibly, by bell, whistle or some such device. Mark the finishing line clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.

Have a reliable clock which is readable, and have a backup in case of malfunctions. Make a record of the finishing order of every boat as it passes the finishing line. Have one person making an independent list of boat numbers, another should make a list of boat numbers and finishing times: this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes record its number and finishing time alongside.

Never mind computation at this stage, you will have your hands full enough just recording the finishing order correctly. When a page is full pass it on to someone else to analyse. It is also useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish, and the tape can be used to double check your finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finishers and tell him to 'talk' every boat over the line, giving number and time. One C60 tape should last for most marathon races.

Have somewhere out of the wind and rain, and away from possible distractions from paddlers, to analyse your finishing results. Arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them, and they can be queried before prize giving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list of finishing order with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display.

Have the prize giving as soon as possible and announce any divisional promotions at this stage.

E SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland waters seldom needs a life jacket, but for a division 8 or 9 paddler it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescuer can be more of a hindrance than a help.

An important precaution is to make sure that no-one is stranded or lost halfway round the course. On open sea races it is important to account for everyone: on calm waters it is usually sufficient to have a back marker paddler over the course at the tail of the race.

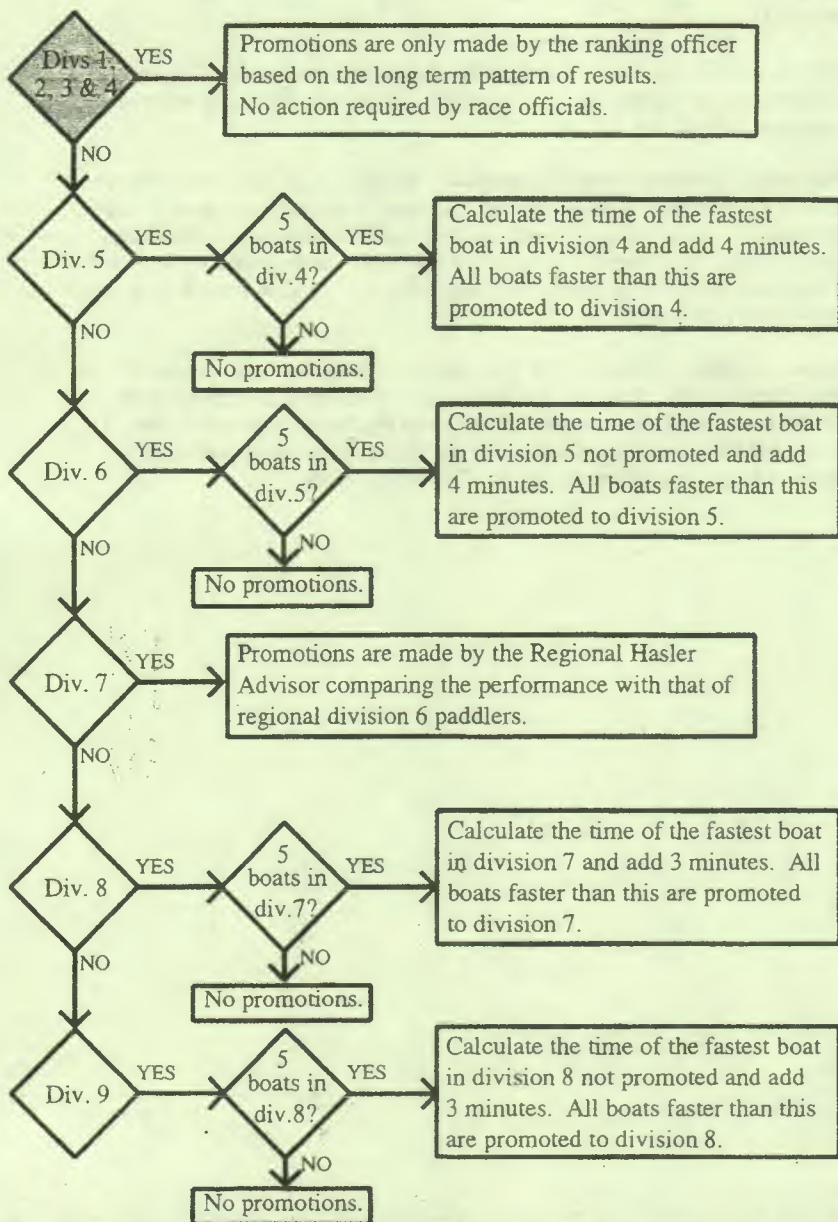

F RESULTS

After the event is over, buckle to and get the final result sheet sorted out. If you put it off, your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.

Result sheets should be arranged by divisions in finishing order. They should include position, name, division ranking, club, BCU number, points and promotions to higher divisions. (Three flow charts follow this section to aid the calculation of promotions, demotions and Hasler points). Totals of points scored by clubs should also be included. (These however will be verified by the Hasler Advisers). A specimen result sheet extract follows. (see Index).

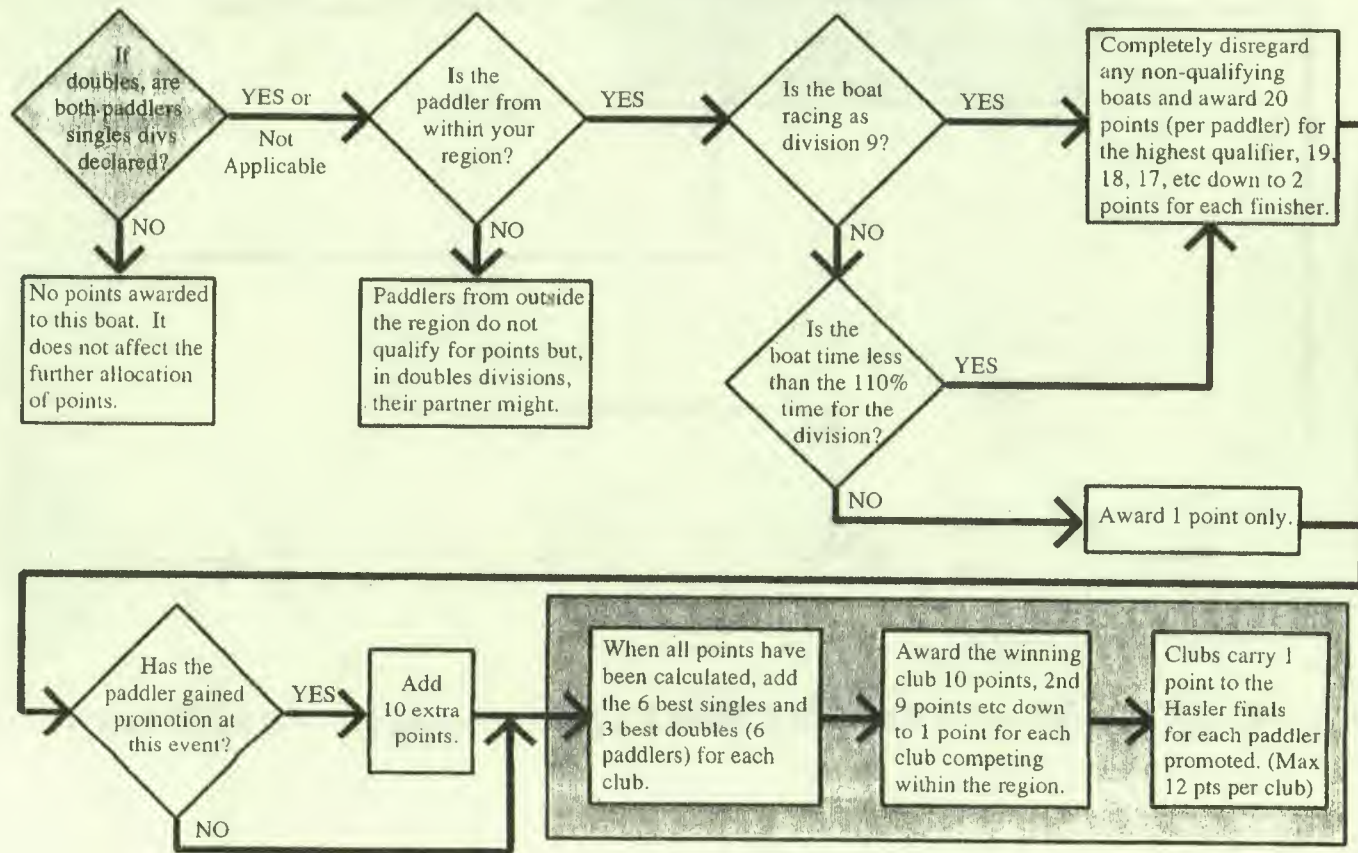

The race organiser will record at the top of the result sheet, the number of paddlers who have entered the race. Five copies of the results, will be sent to the regional Hasler Advisor within the 14 days stipulated (Rule 11a iv) together with the Race Levies. The advisor will then check/correct promotions and Hasler Points before sending on the results to the Records officer and the two Divisions Advisors.

Calculating Promotions (singles divisions only).

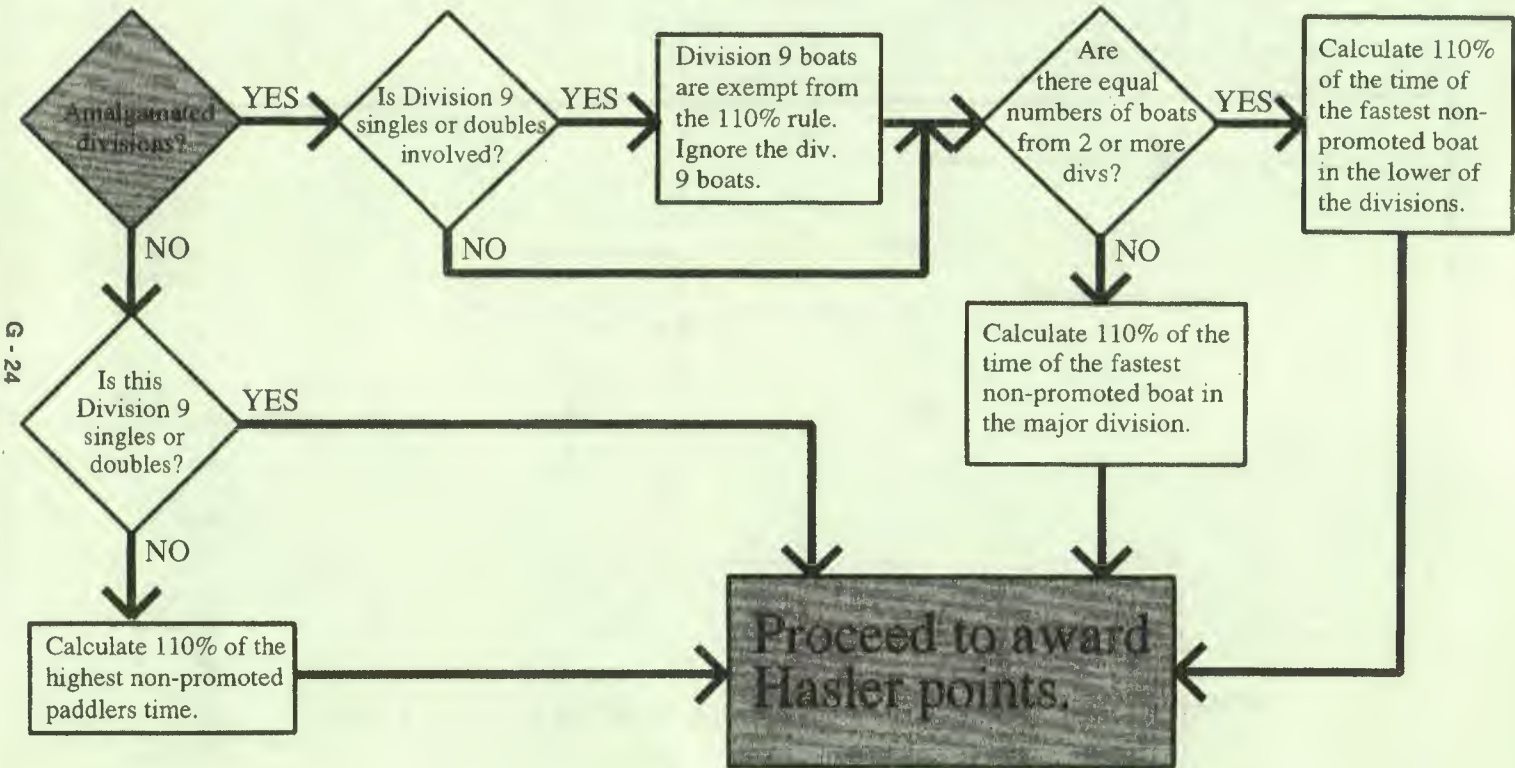

Check whether boats in division 6 qualify for promotion to division 4.
Also check whether boats in division 9 qualify for promotion to division 7.

Awarding Hasler Points - Singles & doubles.

Calculating the 110% for Hasler points - Singles & doubles.

THE STARTING OF ASSESSMENT RACES

There is a necessity to maintain the standard of starting for selection races. The following will apply to all assessment races.

REQUIREMENTS

- 1 The startline should be clearly defined on both banks.
- 2 A clearly defined marshalling line must be established about 50 metres behind the start line.
- 3 The race must be started by a person drawn from the approved starters list below, who will have an experienced assistant.
- 4 The marshalling line should be controlled by at least two experienced officials.
- 5 The above should all be equipped with PA Equipment or loud hailer.
- 6 Where river conditions require it, Division 1 starts will be seeded into 2 or more lines. The starter will liaise with the race organiser prior to the briefing to establish the starting ranks.

THE FOLLOWING RULES WILL APPLY TO ALL DIVISIONS AT AN ASSESSMENT EVENT

- 1 An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have three minutes to get behind it.
- 2 A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler to go in front of the marshalling line until so instructed by the marshal.
- 3 Once released by the marshal, the paddlers will be under the starters control. Any paddler going in front of the start line before the 'GO' will be penalised.
- 4 For each contravention of the above rules, a two minute penalty will be imposed.

NOTE .. The Marathon Team Selectors have been instructed by the Executive Committee that they will use the results INCLUDING any penalty, as the basis for selection.

THE MARATHON RANKING SYSTEM

The purpose of the promotional system within the divisional system is to have every paddler competing in the correct division for his/her personal ability and thereby gaining maximum advantage from their racing.

The administration of the system has seen continued improvement during the 1996 season and with continued co-operation of the regional and national advisors, race organisers and club team leaders this should continue in 1997. One area which still needs improvement is the prompt return of the race results and levies to the Hasler advisors, the quicker these are received the quicker they can be processed through the system and confirmation of promotions made before paddlers race again.

The divisional lists have been updated after each set of results have been received by the records officer during 1996. However not all club listings (just over 50%) were returned by the club team leaders by the closing date for inclusion in this year book so inevitably there will be some errors. If you feel that the promotion/demotion system will not serve to correct these errors quickly enough please contact the divisions advisor concerned for that division (address listed elsewhere in this handbook) stating the nature of the problem.

Speed-Stability Success!

SPEED, STABILITY, DISPLACEMENT

At Kirton we offer a range to suit just about every reasonable variation and advice to help you choose the most suitable craft.

First, SPEED

This is affected by length and resistance due to surface area. The International Rules control the length, therefore surface area is where the designer must work for his improvement in performance. Low friction shapes tend to be unstable.

Second, STABILITY

Some paddlers are naturally more stable than others and best performance will only be achieved if the paddler can "work" the boat. For this reason Kirton offer their own stability guide with grade 1 the most "tippy" but potentially the fastest and grade 10 the most stable but suitable for the novice.

Third, DISPLACEMENT

In order that you may choose the correct displacement volume for your weight we offer this wide range of designs.

GRADED DEVELOPMENT FOR THE BEGINNER

Since 1992 Kirton have offered a complete range of development kayaks starting at the **Tarka** for the youngster's first boat, and the **Tercel** for dad's first introduction to a racing kayak. The next progression is to the already well established **Talisman** and then to the **Trainer** before tackling one of the thoroughbred racing machines in our range. All these development kayaks are available at budget prices on our Kirton Portugal Label.

New for 1995, the **K1 Talon** has been added to this label.
