CANOEING

With the elimination of the minimum width requirements, the new **NELO** models have a much more harmonious shape.

Much attention has been paid to design, both on the drawing board and in the testing process.

All of these boats have a distinctive **NELO** look and feel.

The new Scorpion models for the 2001 season will be available from the factory in Portugal.

K1's mid January
K2's mid February
K4's mid March

SPRINT SECTION

Foreword

For a while I thought that we were going to survive an Olympic year unscathed. This illusion was soon shattered when, at the end of the season, a small group of our section began leveling unsubstantiated allegations and personal criticisms at Olympic selection, coaching, and management personnel.

Notwithstanding, our small band of athletes, coaches, and management all performed magnificently, and we gained our first Olympic medal in Sydney: a medal which was no accident of fate, but the result of years of work by equally important voluntary and professional personnel. This may ensure our Lottery funding until the next games, and with the additional professional coaches, we should strive to increase our Olympic representation from 1 to 7 women, 2-6 canadian paddlers, and 4-10 mens kayak. With extra athletes we can compete in all classifications.

Many of you are doing a sterling job in your volunteer roles. We know that we cannot go forward without you. A special thank you the Racing Committee, Regatta Committee, and all those involved in keeping the Clubs active. Let us all try to build on our Olympic success, recruit more youngsters to our sport, train more coaches to support them, increase the number of local/regional regattas, and try to produce those extra sixteen team members.

Best wishes for a successful 2001 and onwards.....

THE RACING REGISTRATION SCHEME

Introduction

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas.

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only Registered Paddlers will be allowed to compete in B.C.U. Events at N.W.S.C., Entries submitted without a Registration Number will not be accepted.

Initial Registration

This may be done in one of three ways:-

1. At any N.W.S.C. Regatta, at the Secretary's desk.
2. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

Renewal of Registration

Competitors will remain on the active register until such times as they have not competed for two years, or their B.C.U. membership has lapsed. On production of a current B.C.U. card, anyone not listed on the active register may apply to be reinstated.

Current Lists of Registered Paddlers are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing.

Youth paddlers who initially registered as Cadet members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

The Registration Officer, 17 Springfield Road, Guildford, Surrey GU1 4DW

When registering by post please send S.A.E. for the return of your B.C.U. card and the Registration Number.

- a) Making entries
- b) Making late entries.
- c) Communication from the organisers to his/her club paddlers - including disqualifications.
- d) Making protests.
- e) Receiving results.

3. Safety

- c) able to swim at least 50 metres in wet clothing without a lifejacket.

- e) that all competitors in Junior or Youth classes are in possession of a lifejacket or buoyancy aid which conforms to the standard of the I.C.F or S.B.B.N.F.

In the event of cold and/or windy conditions the organisers may at their discretion cancel or postpone a race, or insist on the wearing of buoyancy aids.

4. Entries

Please note all the information given on the completion of the Official Entry Form which appears on the following page.

All entries must be made on the Official Form. Please do not break up the form. Send the complete form, even if you are making only one entry. Please ensure that you use the correct form.

5. Notes on Classes

- a) Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These three subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups regardless of age.
- b) Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do NOT automatically start in the "D" group.
- c) The chart "Standards for Sprint Racing", demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on their status in a Canoe.
- e) Mixed Events, in which male and female competitors race together in the men classes, are permitted, provided the races are of parallel standard to that of their designated classes.
- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.
- g) Paddlers must race ONLY in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. e.g. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out on the facing page. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddlers entry into racing.
- j) Youth National Championships
Youth Paddlers will race in the following Age Groups
 UNDER 18(BORN 1983)
 UNDER 17(BORN 1984)
 UNDER 16(BORN 1985 or 1986)
 UNDER 14(BORN 1987 or later)
A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.
- k) Promotions/Demotions
 - a) Will be made throughout the year on the basis of standards laid down, and using the race results.
 - b) Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
 - c) Will be notified on the regatta results and should take effect at the next regatta.
- l) Veterans
Paddlers born before 1966 may compete in the Veteran class unless Men's A or B

6. Check your Programme

Prior to the Team Leaders Meeting, it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

TEAM LEADERS HANDBOOK

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 12.00 Noon on Saturday. Failure to pay on time will incur a £5.00 surcharge that must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 a.m.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
 - i. Events will be dealt with in order.
 - ii. The Competition Organiser will call out in order each set of heats(or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
 - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
 - iv. It is not permitted to return to an event that has been concluded.

8. Entries after the Team Leaders Meeting

Entries after the meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser.

Late entries will be accepted for long distance events (3 km, 6 km, 10 km.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form available from the regatta secretary's desk.

9. Club Colours

Must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.

TEAM LEADERS HANDBOOK

- b) Clubs racing for the first time at an N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

10. Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the regatta secretary's desk.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fit into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.
- d) Numbers for long distance racing must be obtained from the regatta secretary's desk, and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left at the desk to cover for numbers which will be required for Sundays racing, and would then be returned Sunday evening when all numbers were collected in.
- e) Lost Numbers, will be charged at £5.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the regatta secretary's desk. He will then make up your requirements for collection later in the morning, (after 11.00).

ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS

11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 2 penalty points and disqualified from the event.

12 K4s

- a) They will be stored on racks outside the boathouse.
- b) Crews must not sit in the K4s *except when they are on the water*.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The K4 Official reserves the right to refuse the boat to any youth crew that is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Official. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the boathouse is open, and the K4 Official is present.
- f) Crews must supply their own wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

TEAM LEADERS HANDBOOK

13 Protests & Disqualifications

- a) Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will be no appeal against disqualification.
- b) In a National Championship event, a protest must be made by the paddlers Team Leader.
- c) Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official who will, if necessary, inform the offending paddlers Team Leader.
- d) Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office. A fee of £1.00 is payable for each copy.

15 Car Parking

Team Leaders MUST take an active part to see that club members observe the car parking lines. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must NOT be impeded.

The pontoon on the seating side of the tower on the waterfront is a No Parking Area, and must not be used by competitors. This area is solely for the use of safety boats.

Particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats.

Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water. Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

NATIONAL WATER SPORTS CENTRE REGATTAS

Disciplinary Procedures

The Chief Official

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. At his/her own discretion, he/she may issue up to three penalty points for a single offence.

Racing in incorrect or wrong colours	1 point
Racing with incorrect or without number	1 point
Failure to observe water zoning procedures	1-2 points
Unauthorised substitution for another paddler	2 points + Disqualification
Failure to report for Semi-Finals and/or Finals having qualified in the heats	2 points
Conduct during racing likely to cause injury or damage to equipment	3 points + Disqualification
Use of bad or offensive language	1-3 points
Underweight Boat	1-3 points+Disqualification
Underweight Boat(2nd offence at same regatta)	Regatta Disqualification
Failure to report for boat weighing immediately	1-3 points+Disqualification
Insufficient Buoyancy	2 points
Insufficient Buoyancy(2nd offence at same regatta)	Regatta Disqualification

Disqualification from the rest of the regatta if the offence is committed on Saturday. Should the offence occur on a Sunday, the offender will be banned from racing on the first day of the next regatta. Weights must be properly fixed to the boat or seat. Stones in bags or any other removable temporary system will not be accepted. A policy of random Boat Weighing will be continued through the year. Boats required for weighing will be notified at either Start or Finish.

Random inspections will be made at launching points, and if buoyancy appears inadequate, 2 points will be awarded immediately, and the boat turned back. If the boat goes on to race, without fitting in the correct buoyancy the offender(s) will, if the offence is committed on the Saturday, be disqualified from the rest of the regatta. If the offence is committed on the Sunday, the paddler(s) will be banned from racing on the first day of the next regatta. Persistent offence by paddlers from any one club may eventually result in **ALL** paddlers from that club being banned from a regatta.

'A' Classes will be subject to maximum penalty, and more stringent inspections. An official will be checking both buoyancy and boat weights, and keeping records of his findings. Inspections may be carried out both prior to, and after, craft go afloat.

Totting Up

- a) When a paddler achieves a total of 4 points he/she will be automatically disqualified from the next full days racing. In two day regattas, if the incident occurs on the Saturday the disqualification becomes effective on the Sunday. If the incident occurs on the Sunday the disqualification will be for the Saturday of the next regatta. Penalty points awarded will be notified on the result sheet at the end of each regatta.
- b) A paddler who collects a further 3 points during any one season making a total of 7 in all, will be disqualified for the next two days racing.
- c) A paddler who achieves a total of 4 or 7 points during the last regatta of the season, will serve his suspension at the first regatta of the next season.
- d) All other paddlers will start the new season with a clean sheet.

Team Leaders will be informed when a warning or disqualification is effected. The notification will also appear on the result sheet.

NATIONAL WATER SPORTS CENTRE REGATTAS

Disciplinary Procedures

Disciplinary Matters of a More Serious Nature.

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Racing Rules which include penalties in accordance with B.C.U. Rules or the Racing Section Disciplinary Regulations.

- N.B.** A reported incidence of dissent/abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under the Section Disciplinary Regulations.

2000 system for the membership for Juniors of a B.C.U. Affiliated Club.

A junior club member need not be a full member of the B.C.U. in order to race in Junior D Classes. He or She must be a member of his or her club, and the number used for his or her identification will be club's affiliation number followed by his or her own individual club number.

Should he or she be promoted, however, to 'C' or above, he or she must then become a full member of the B.C.U. in his or her own right.

It is the responsibility of the Team Leader to advise the Registration Officer of the full B.C.U. Number.

THE MCGREGOR PADDLE COMPETITION

A simplified scoring system was introduced in 1997.

Under the following system most clubs should have an equal opportunity to achieve a winning score:

1. Each Club will automatically score 1 point for every paddler competing in the Inter Club Regatta.
2. Each Club will score 1 point for each promotion accredited to their paddlers during the four previous Regattas i.e. April, May, June, & July of the same year.
3. The scoring at the Inter Club Regatta will be on the following basis:
Each Club will score its best

12	K1/C1 results in all finals
6	K2/C2 results in all finals
3	K4 results in all finals

Scores will be awarded, provided there at least three crews participating, on the following basis:

- | | |
|-----|------------------|
| 1st | 20 points |
| 2nd | 19 points |
| 3rd | 18 points....etc |

4. Notes:

- a) Composite crews, with members from more then one Club, do not score.
- b) At least 50% of the crew must be registered in the class in which they are racing.
i.e. 2 paddlers K4, and 1 paddler K2. Crews may be made up with paddlers from a lower ability group with the following exceptions:
 - i) Men may not paddle in Womens races.
 - ii) Boys may not paddle in Girls races.
 - iii) Seniors may not paddle in Junior races.
- c) No one may enter any singles class other than their designated class as shown on the Registration File.

THE BCU YOUTH PROGRAMME AND PADDLESPOUT DEVELOPMENT OFFICERS

The aim of the youth programme is to get more young people paddling more regularly and taking part in more events. To this end the BCU has adopted a new membership category - 'Youth Section' which gives young people the opportunity to access events (up to 'C' class in sprint regattas and Division 6 in marathon) without paying a taster fee.

Another aspect of the programme is the appointment of Paddlesport Development Officers. It is their role to help develop more events suitable for young people of different abilities. Please contact them if you need support with your event or to discuss any issues related to young people.

PLACID WATER RACING AWARDS

The Placid Water Scheme was set up as a coaching scheme to develop marathon and sprint racing, and fast touring. The various *skill, racing, and coaching awards* are designed to offer a progressive coaching and paddling structure to support clubs based on placid water. Outlined below are the RACING awards currently available in the Placid Water Scheme(PWS).

PLACID WATER MARATHON & SPRINT RACING AWARDS

The Racing Tests are designed to encourage paddlers to improve performance and recognises their progress in racing kayak and canoe. They are also useful to indicate the class or division to which paddlers should enter in sprint and marathon racing. There are three types of award:

- 1) The 500m Awards
- 2) The Marathon and Half Marathon Awards
- 3) The Time Trial Awards

The awards can be examined by Placid Water Teacher, Instructor, Senior Instructor, Competition Race Trainer, Competition Coach, Club Official. They can be taken in any kayak or canoe.

1 The 500m Award Standards (Times in minutes - single canoe/kayak)

Kayak Men	Kayak Women	Canoe	Award
4.00	4.20	5.00	Green
3.30	3.45	4.00	Blue
3.05	3.20	3.20	Bronze
2.45	3.00	3.05	Silver
2.30	2.45	2.45	Gold

1.1 Marathon Entry Guidelines

To promote fair racing, and as a guideline for coaches, team leaders, and paddlers, the following standards are suggested as the entry levels into divisional marathon competition:

Award	Kayak Men	Kayak Women	Canoe
Green	Fun Race	Fun Race	Fun Race
Blue	Division 9	Division 9	Division 9
Bronze	Division 8	Division 9	Division 9
Silver	Division 7	Division 8	Division 8
Gold	Division 6	Division 7	Division 7

1.2 Sprint Entry Guidelines

The Sprint Entry Guidelines are for clubs wishing to enter paddlers in Sprint Regattas held at the National Water Sports Centre, Holme Pierrepont. A Coaching Scheme Certificate, or photocopy, must be sent to the Race Registration Officer when a paddler registers for Sprint Racing. The certificate should state the actual time taken to make sure that paddlers are entered into the correct class.

Kayak Men	Kayak Women	Canoe
Senior Men - Gold	Senior Women - Silver	All Classes - Silver
Junior Men - Bronze	Junior Women - Bronze	
Veteran Men - Bronze		

Note: To qualify for National Regattas, the standards must be achieved in a modern racing single canoe(in high kneeling position), or single kayak(with seat).

PLACID WATER RACING AWARDS

2 THE MARATHON AND HALF MARATHON AWARDS

These are a number of races in the National Calendar which provide a suitable venue for the testing of these awards. The standards may be adjusted to take account of courses slightly longer than the award distance, flow, and portages(allow 3 minutes per portage).

STANDARDS(Time in Hours and Minutes)						
Half Marathon(13 miles)Marathon(26 miles)						
Boat	Bronze	Silver	Gold	Bronze	Silver	Gold
Single Canoe	Finish Course	3hrs 15min	2hrs 45min	Finish Course	6hrs 30min	5hrs 30min
Double Canoe	Ditto	2hrs 45min	2hrs 15min	Ditto	5hrs 30min	4hrs 30min
Single Kayak	Ditto	2hrs 45min	2hrs 15min	Ditto	5hrs 30min	4hrs 30min
Double Kayak	Ditto	2hrs 15min	2 hrs	Ditto	4hrs 40min	4 hrs

3 TIME TRIAL AWARDS

The Time Trial Award can be tested over any distance from 2000 to 10,000 metres, and is awarded on the basis of speed(minutes per 1000 metres), and can be attempted in any type of canoe or kayak. The award is designed to be flexible, to suit whatever placid water is available. Testing can be organised as part of a fun race, a club handicap race, or a specially organised time trial.

Award	Single Kayak	Double Kayak	Single Canoe	Double Canoe
Blue	10	9	12	10
Bronze	9	8	11	9
Silver	8	7	10	8
Gold	7	6	9	7

REGISTRATION OF THE AWARDS

In 1995 there was an important change in the administration of the RACING AWARDS. The **Placid Water Coaching Development Committee** is responsible for the administration and promotion of the PW Racing Awards on behalf of the BCU Coaching Service.

For the examiner to register Placid Water Racing Award with the BCU, they must fill in a BCU Coaching Scheme Counterfoil available from the address below, and return it completed together with the fee(£2.50/test, payable to BCU PW Coaching Development) to:

PW Coaching Administrator
c/o B.C.U. Office
Adbolton Lane
West Bridgford
Nottingham NG2 5AS

All monies raised by these awards will be retained by The Placid Water Competition Coaching Development Committee. It is, therefore, in the interest of racing clubs to make sure that the scheme is a success.

PLACID WATER COACHING AWARDS

Coaching is a most important factor in improving participation, performance, and excellence levels of the paddlers involved in Marathon and Sprint racing. The BCU Placid Water Scheme was designed specifically to support and develop the levels of coaching in racing clubs. The Placid Water Coaching Award Courses offer an opportunity to develop and recognise technical knowledge, safe practice, and coaching skills for both canoe and kayak racing.

The awards fall into two broad groups:

1 The Competition Coaching Awards

The Competition Awards are intended to support those people who are coaching individuals and groups of paddlers to greater success in competition on an ongoing basis. There are two award courses available. The *Competition Trainer* provides a good introduction to sports coaching for Marathon and Sprint racing, but does not involve or require any paddling ability. The *Competition Coach* builds on experience gained in practical coaching following Competition Trainer, and covers the coaching of clubs and individual paddlers within clubs in more detail. The *Senior Competition Coach* is an honorary award for National Level Coaches, and is awarded by the Director of Coaching after consultation with the Sprint and Marathon Committees.

2 The Instructional Coaching Awards

The Instructional Awards are intended for those introducing beginners, instructing and organising activities within a placid water club. There are three awards in the progression. The *Placid Water Teacher* is the introductory level coaching award, and it is recommended to all entering either competition or instructional Placid Water Coaching. The *Placid Water Instructor* covers the instruction of groups, and the *Placid Water Senior Instructor* includes introduction, instruction, and club leadership. Anyone requiring further information on the Placid Water Coaching Awards should contact BCU headquarters for a leaflet giving a full explanation of the awards.

Regional Development of Placid Water Coaching

To support the renewed development of the Placid Water Scheme around the country, there is a series of Regional Representatives that make up the Placid Water Coaching Panel. They hold up to date information on Competition and Instructional Coaching Courses in their region. The regional representatives, whose full addresses are shown in the directory at the front of this book, are:

Leptospirosis and the Canoeist

Leptospirosis

This is an animal infection, but after recovery the animal continues to excrete the organisms in the urine. These survive for days or even weeks in moist conditions, but for only a few hours in salt water. Humans catch the infection by direct contact with the urine, or the urine polluted environment. Bacteria enter through skin abrasions or via the eyes, nose, or mouth.

The Illness

The usual incubation is 7 to 12 days. Normally a 'flu-like illness occurs which resolves in 2-3 weeks. There may be fever, severe headache, pains in the back and calf and prostration. A few cases develop jaundice, when the condition is known as Weil's disease. Although death may occur in about 15% of the jaundiced patients, death without jaundice is virtually unknown. Antibiotics during the first few days may help in limiting infection. Many cases recover without specific treatment.

What to do

If you think you may have the infection, go to your doctor and tell him/her that there may be a small risk of leptospirosis. The diagnosis is by clinical suspicion. Blood tests can rarely confirm the illness in time to affect treatment. They may subsequently confirm it.

The microbiologist at your local hospital is the best source of advice.

Prevention

1. Cover all cuts and abrasions with waterproof plasters.
2. Always wear footwear to avoid cutting the feet.
3. Avoid capsizing drill or rolling practice in inland waters.
4. Shower as soon as possible after canoeing.
5. If in doubt, contact your doctor early.

Remember, simple precautions can reduce your risk.

OLYMPIC RACING SQUAD

Policy

1. In formulating its Olympic preparation policy, the Racing Committee has reaffirmed its confidence in the concept of the Olympic Racing Squad, which it believes provides outstanding opportunities for training and competition that would not be available in any other training situation. Scarce and meagre resources may be maximised, for minimal financial expenditure, and the best available conditions are established for the creation of National Crews, the improvement of individual skills and fitness, the supervision and monitoring of performance, and the development of a national perspective.

Olympic Racing Squad

2. The Committee has agreed that a National Olympic Racing Squad be selected this year to provide for the coaching and training needs of potential competitors at both senior & junior World Championships.

The Squad will be composed of a maximum of 73 athletes, 12 coaches, one of whom shall be the Chief Coach.

3. Membership of the Squad is by invitation to those athletes who are of a sufficiently high standard, and who are prepared to undertake the sustained training and crewboat preparation that is required.
4. The Squad will function from 1st November to 30th September each year. Members will be selected by the O.R.S. coaches by reference to past conduct and performance during the previous season, and ratified by the B.C.U. Racing Committee.

Composition

5. The numbers of the various competition categories (i.e. Kayaks, Canoes, Men, Women, Boys, and Girls) will be subject to the circumstances at the time, and within the overall approved limitations :

Seniors - 41	Juniors - 32	Total - 73
--------------	--------------	------------

6. To ensure that the concept of a unified national preparation and training programme is maintained, the Olympic Racing Squad will be administered as one unit, with management and coaching personnel available to perform their duties, as from time to time required, for and on behalf of the Racing Squad.

Objectives

7. The primary objectives of the Olympic Racing Squad will be to develop and improve national standards of performance to a level sufficient to ensure that our competitors perform with distinction.

Activity

1. The emphasis of all Olympic Racing Squad activity will continue to be placed on crew and team training. Firm direction will be provided regarding the formation of National Crews. Improved arrangements for the provision of personal coaching in the local training environment will be provided by all O.R.S. coaches. Costs of their expenses are to be born by the club or individual requiring their services. (Sports Aid Grants do include the costs of coaching).

9. The Racing Committee will, where possible, undertake to meet a proportion of the reasonable travelling expenses of the O.R.S. members from the funds to which it has access. Priority will be given to the O.R.S. training camps and crewboat training. Subject to the funds being available, the following will apply:

One person in a car	25% of the costs
Two people in a car	50% of the costs
Three people in a car	75% of the costs
Four people in a car	100% of the costs

Payments for training camps and crew boat training may be provided subject to available funding at the discretion of the National Performance Manager.

OLYMPIC RACING SQUAD

Conditions of Membership

9a. All paddlers accepting the benefits of membership of the O.R.S. must undertake during their membership to:

1. Be a fully paid up member of the British Canoe Union.
2. Attend all officially designated national Olympic Racing Squad training sessions, other than in unusual and permissible circumstances. Notification of non attendance must be given at the earliest opportunity, so that valuable resources are not wasted. Athletes failing to do this will be asked to pay the full costs of all services that have been booked on their behalf.
3. Members of all ORS squads must be prepared to commit themselves to a sustained programme of preparation and training that will ensure the maximisation of their potential performance.
4. Accept direction regarding crew composition in order to form their own, and to assist in forming other crews.

Junior Development Squads

In addition to the Junior ORS, the Junior Development Squad, which was established in 1993/4, will continue to operate on a regional basis.

JDS (North) Coach
JDS (South) Coach

Graham Campbell
Bev Hunter

01386 870072
020 8408 3834

Aims

1. To encourage the development of junior racing.
2. To provide a formal link with the Junior ORS.
3. To provide early experience of international competition at an appropriate level.
4. To monitor the training of promising Junior paddlers through liaison with their club coaches.
5. To encourage the development of crew boats through inter club co-ordination.

Objectives

There will be regular training days during the winter on a national and regional basis at various venues. These will be open to all members of the JDS (i.e. all Junior Boys A, B, & C and Junior Girls A, B, & C and all Junior Canoe paddlers who are not in the Junior ORS).

Selected JDS crews which have been developed during the winter training will be sponsored for entries in 500m and 1000m events at the April, May, and June regattas at Holme Pierrepont. Selected members of the JDS will also have the opportunity to compete at up to two international regattas. Although all age groups will be represented on these international trips, the priority for selection will be given to Under 16, then Under 14, and finally Under 18 paddlers.

Further details are available from the JDS Coaches and the junior team Co-ordinator L Oliver

OLYMPIC RACING SQUAD

Selection Policy 2001.

10. General Notes on Selection

As an outdoor sport that can be affected by weather conditions and lane draws, it will be necessary to operate a policy of continuous assessment. Athletes achieving satisfactory results at National events can be considered for selection to GBR and English teams.

10.1 Selection Committee

The BCU Sprint Racing Committee has established a Selection Committee. The Selection committee comprises the BCU Performance Director, the National Performance Manager (Sprint Racing), the National Performance Coach (Sprint Racing), the relevant National Squad Coach and a nominated member of the Sprint Racing Committee. The National Performance Manager will normally chair selection meetings

10.2 Competition Programme

The National Performance Manager for Sprint Racing in conjunction with the National Performance Coach will prepare a draft training and competition programme for approval by the BCU Performance Director and the Sprint Racing Committee. This Programme will be published in the yearbook.

10.3 Teams for Major Internationals

Teams for all major international events, World Cups, World and European Championships must comply with the rules of the International Canoe Federation and the European Canoe Association. Entry to these events is restricted to National Governing bodies affiliated to the ICF and the ECA. Restrictions also apply to the number of entries each country may place. Selections for these competitions will be made by the Selection Committee as shown in 10.1.

10.4 Teams for the World and European Championships will be submitted to the Sprint Racing Committee for ratification.

10.5 Teams for Minor Internationals

The National Performance Manager, in consultation with the National Performance Coach and the relevant National Squad Coach, may select teams for minor internationals.

10.6 Olympic Games

Entry to the Olympic Games is subject to qualification rules as agreed between the International Canoe Federation and the IOC. The Selection Committee as defined at 10.1 will select the G.B. Olympic Canoe and Kayak Sprint Racing Team. This team will be submitted to the Sprint Racing Committee for ratification and then to the British Olympic Association for approval.

10.7 Funding

International team selections will be subject to available funding, this means that funding may influence the size and number of our international teams. Athletes who are not on World Class Programmes will be asked to contribute an amount determined by the National Performance Manager and approved by the BCU Racing Committee. These contributions will only be used to support the international Competition Programme.

The Sprint Racing Committee is currently considering the introduction of an appeals procedure.

WORLD CLASS POTENTIAL PROGRAMME

Introduction

You will be aware that the BCU received money from the Sport England Lottery Fund in April 2000. As from 1 November, we have now moved into our first full year of operation. There are 28 athletes involved in the programme. Nine of these are juniors. A full programme review occurs in Sept/ Oct with a mini review in April.

There are 3 full time coaches working on the programme

Head Coach – Claudine Le Roux

Mens Senior Kayak coach – London – Imre Kemecey

Mens Canoe coach and Junior Kayak coach – Alex Nikonorov

Following below is guidance on the key criteria for the programme. If you have any questions, please do not hesitate to speak to one of the coaches or contact Anne Ferguson (Acting Programme Manager) on 0115 9822094.

GUIDELINES - WORLD CLASS POTENTIAL INCLUSION CRITERIA

The priority criteria remain:

a) Performances (times and finishing position)

- International Sprint results at significant events
- Domestic results in particular
 - at least 2x K1/ C1 performances at 500/1000m
 - at least 1x K2/ C2 performance at 500/ 1000m
- International marathon results at significant events

In an attempt to compensate for factors such as weather conditions, slow and fast courses, the coaches have now started to use a factoring system in order to provide a more objective method of comparison

b) Other factors

As the programme covers a wide range of athletes of various ages and stages, other factors that will be taken into consideration are:

- consistency of results
- rate of progression (over the last 2 seasons)
- age (related to progress and standard)
- commitment to training and the programme

WORLD CLASS POTENTIAL PROGRAMME

Guideline times

During September/ October, the coaches operating within the WCPI programme conducted a review of the Sprint Racing **guideline standards**. Please note these are for Guidance ONLY are based upon the current winning time of the World Champion on a course in ideal conditions

Canoe paddlers should follow the women's times for guidance.

For further guidance contact Claudine Le Roux - Head Coach

Achieving a time as per above, **does not** guarantee any athlete's inclusion within the programme but should give a benchmark as to whether they will be considered for inclusion.

By the same token, the BCU may include paddlers not within the target times to encourage the development of particular classes

REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the N.W.S.C. to introduce anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination, so then becoming qualified to officiate at World Championships.

THE BASIC COURSE: The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

THE SYMPOSIUM: This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

Officials Training Course - November 2001

Further details for the above will be available nearer the time. Contact Peter Davey at any regatta or write to : Peter Davey, 41 Old Claygate Lane, Claygate, Esher, Surrey KT10 0ER

With respect to K2 and K4, this refers to the fore-cockpit. With respect to C1, it refers to the level of the competitor's body, and for C2 it refers to the level of the body of the foremost member of the crew. A competitor will not be disqualified for touching a turning buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning point.

32. Overtaking

DOPING CONTROL RULES

Do you use a Ventolin Inhaler?

If you have been prescribed a Ventolin Inhaler, and compete at a level which might make you subject to a doping test, you are invited to register the fact with the B.C.U.'s Medical Officer.

Ventolin inhalers involve a drug called Salbutomal which is a banned substance under the International Olympic Committee's rules. It has been agreed, however, that users of inhalers, who register the fact with their governing body, will not be subject to the normal disciplinary procedures which follow the identification of a banned substance, if the amount detected is consistent with the declared use of a Ventolin inhaler.

Please send to the B.C.U. office for a registration form for completion by your general practitioner. Upon its return to the B.C.U. office, receipt will be acknowledged and the team doctor of your discipline will be informed. Should you be subject to a doping test the fact that your use on an inhaler has been declared should be made known to the officials concerned.

Banned Substances

The list of permitted and prohibited drugs is constantly changing. Members of national squads should receive a card giving some basic advice. On no account should a member of a national squad take a new medication without first checking that it is not on the banned list.

Some medications on the banned list will be allowed if the athlete has registered them with the B.C.U.'s Medical Officer. This particularly applies to Ventolin inhalers.

Athletes and coaches requiring further advice on medication should ring the Sports Council Advice Line.

Race Coaching (Sprint and Marathon)

1. Introduction

The Placid Water Progression was set up as a coaching scheme to develop marathon racing, sprint racing and fast touring in directionally stable canoes and kayaks with open cockpits.

Outlined below are the current *coaching, skill and racing* awards designed to support a progressive coaching and paddling scheme for clubs based on "placid water".

2. The Placid Water Awards

Coaching Awards

The Placid Water (PW) coaching awards split into two closely linked coaching progressions; instructional coaching and competition coaching. The instructional awards are geared to those coaches introducing, instructing, organising and leading a Placid Water based Club or Centre. The syllabus requires the coach to have both personal paddling as well as coaching skills - the coach would normally instructs from a canoe or kayak.

The Placid Water Competition coaching awards are intended for those people who wish to help paddlers improve their performance in Sprint and Marathon racing (it does not require the coach to have personal paddling skills).

The suggested entry point for new coaches into the Placid Water awards is the Level 1 instructional coach (Bell Boat Helm or Level 1 PW Coach). It is possible for prospective new coaches who are non paddlers to start with the Level 2 Racing Coach award, but is hoped that they will follow up with a Level 1 award in due course.

	Instructional Awards	Competition Awards
Level 1	Bell Boat Helm & Placid Water Coach (Teacher) A basic introduction to PW coaching for all. Club / Centre based for those new to paddlesport	No award
Level 2	Placid Water Coach (Instructor) Aimed at those instructing paddlers at a club / centre based on Placid Water. Entry point to coaching (instructional) for established paddlers.	Racing Coach (Race Trainer) Aimed at those coaching paddlers (senior and junior) in Marathon Divisions 9 - 5 (men), 9 - 6 (women) and or the sprint equivalent.
Level 3	Placid Water Coach (Senior Instructor) Aimed at those instructing, leading and organising at a club / centre based on Placid Water. Coaches at this will require a broad knowledge and experience of PW including competition.	Racing Coach (Competition Coach) Aimed at those coaching paddlers (seniors) in racing in the Divisions 5 - 2 (men), 6 - 4 women ability range, juniors upto and including development squads and providing assistance to Level 2 Coaches.
Level 4	Placid Water Coach (new award) Aimed at those taking on a wider developmental role either in coach education or at regional / national development	Racing Coach (Senior Competition Coach) Aimed at those coaching national squad level athletes as part of the squad system or as part of a club.
Level 5	No award	Racing Coach (new award) By appointment for National Coaches

For further information contact the BCU English Coaching Office.

Race Coaching (Sprint and Marathon)

• Skill Awards

The Placid Water Star tests provide four progressive skill development awards for canoe and kayak. They can be used either as a basis to encourage skill development for paddlers or as an indicator of the appropriate levels of skill for aspirant coaches in the PW instructional coaching awards.

Further information available from BCU English Coaching Office.

• Racing Awards

The racing tests were designed to recognise and encourage paddlers to improve performance. They are also useful to indicate the class or division to which paddlers should enter into sprint and marathon racing (especially the Sprint Awards).

There are three types of award:

- 1. The Sprint (500 metre) awards**
- 2. The Marathon (full and half) marathon awards**
- 3. The Time Trial Awards**

The awards can be examined by any BCU Coach (Level 1 - 5) or Club Official and can be taken in any kayak or canoe.

To request further information contact the BCU English Coaching Office, CDO or RCO.

3. More information

To set up a coaching course or to discuss club coaching / development issues there are three Coaching Development Officers each covering a section of the country available to assist voluntary officers (RCO / LCO's) clubs and centres. They are:

BRITISH CANOE UNION MARATHON RACING COMMITTEE

Chairman's Foreword

The coming year holds great promise for our discipline of the sport. Although the increase in participation has slowed over the last few years it still continues on an upward trend.

My understanding is that there are more youngsters coming into the sport and competing for the fun and enjoyment of canoeing which is a strong part of its existence. The Lightning series has played a great part in this. I and your committee hope to be able to develop this till further.

We look forward to the end of the season on the **International** front as we are to stage the World Marathon Championships in Stockton over the period 30/8 to 2/9.

The event has been heightened by the decision of the last ICF Congress to award World Championship status to the Junior Marathon event. This means that this World Championship will be the first Junior Worlds. This will repeat the fact that the BCU staged the first ever World Marathon Championship in 1988. Also in the programme will be a full set of Masters events.

Dave Enoch and Jim Rossiter are already hard at work together with their colleague in Stockton Gerry Rodgers but will need as much support as you can give in doing the less glamorous jobs as well as the high profile portage marshalling. Please contact them and offer some time if you can.

Supporters on the day will be essential and I hope you will book the time in your diaries.

I would also like to acknowledge the tremendous support given to us by the Borough of Stockton Council, UK Sports Council, Sport England, Lottery Funding, and British Waterways.

Your committee are dedicated *volunteers* and there are times when this seems to be forgotten. Whilst they accept the responsibility of their jobs, there has been a trend lately for criticism to be of a very personal nature and not always aimed directly at solving the point in hand, rather the individual. Not all the decisions made will suit all people, but they are always made on a democratic basis.

I believe we need to value the volunteers of all kinds, as they are the backbone of the organisation of our sport and enable the paddlers to enjoy the sport. Mine and the committees' thanks therefore to all the race organisers and the club leaders and helpers whose work goes towards making this sport of ours work for the paddlers.

My personal thanks go to:

The committee members who have worked tirelessly over the last year to such good effect

The Racing Committee for all their help and assistance, especially Peter Davey and his team for the Hasler Trophy

John Anderson and his team at HQ

All the others who work for our sport with little recognition.

Thanks, and may I wish you another good seasons paddling

Alan Laws

INTERNATIONAL MARATHONS

SELECTION POLICY FOR GREAT BRITAIN REPRESENTATIVE TEAMS

Objectives

- 1 To win medals at World, European Championships, and World Cup events.
- 2 To maintain a position as a top nation in international competition.
- 3 To ensure the long-term athlete development required for international success.

This policy may be amended or supplemented by the BCU Marathon Racing Committee at its discretion in order to achieve the above objectives to cover exceptional circumstances. Every effort will be made to ensure as much notice as possible is given to all persons affected by any change.

Process of Selection

- 1 Each year, the ICF publish an International Calendar from which a programme of International Events to be attended, is selected. Due regard being given to the Objectives and to budgets. Some events may be designated "Development". The programme is specified in the Year Book.
- 2 The basic team composition for each event will be detailed in the Year Book. Changes may be necessary to suit all the factors affecting team size and budgets.
- 3 The selection of teams for **all** internationals will be made on a **continuous assessment, open to all basis**. The composition of the team for each event will depend entirely on paddlers being and proving that they are of sufficiently high standard.

(The system of **continuous assessment** as opposed to system of 'first passed the post' at a nominated selection event, has been in operation for several years and has operated very well. It allows the selectors to consider an athlete who has under performed in any one race. This could be due to illness or equipment failure. It also means that consideration can be given to improving athletes who may not be winning but show potential for the future.)

- 4 Teams will be selected from results at the Assessment races, as detailed in the Year Book, while accepting that there can be many variations of circumstances to affect performance. In marginal cases, previous competition results may be taken into consideration.
- 5 All Senior and Junior Kayak Men should race in the Assessment classes, and Senior and Junior Women, and Canoes, in Division 3 unless otherwise instructed.
- 6 Athletes wishing to be considered for International Events must comply with the following conditions.
 - 6.1 They must be Comprehensive BCU members, throughout the year.
 - 6.2 Having due regard to their availability for selection and their preferred programme, they should apply to the Team Manager, by completing fully, the Application Form, and returning it by the dates specified in the Year Book.
 - 6.3 They should be prepared to meet all assembly costs and pay a contribution towards food, as detailed in the Year Book.

MARATHON SECTION

INTERNATIONAL MARATHONS

- 6.4 They should be prepared to travel and be accommodated in the best interest of the team.
- 6.5 They must be prepared to accept the Team Coach's direction with regard to training and racing while abroad.
- 6.6 They must be prepared to dress and conduct themselves in a manner befitting a British Team representative, and promote the good name of British canoeing both at home and abroad.
- 6.7 They should be prepared to give support to the Sport UK and Sport England in promotional aspects, in return for the Grant Aid received.
- 6.8 They should wear the GB tracksuit and team clothing provided, on all suitable occasions.
- 6.9 They should compete in the appropriate Assessment events, and make themselves available for at least one World Cups or European Championships event, if they wish to be considered for the World Championship.

PERFORMANCES IN ASSESSMENT EVENTS, AND INTERNATIONAL EVENTS WILL HAVE A STRONG BEARING ON ALL TEAM SELECTIONS.

- 7 The principles guiding the Selection Committee will be as follows.
The best team available to represent Great Britain will be selected having regard to the following.
 - A To win medals at World, & European Championships, and World Cup events.
 - B National Team points.
 - C Experience enhancement and development potential commensurate with the level of the Competition.
 - D Available budget for an event that supports the overall Marathon programme.
- 8 The Selection Committee shall consist of the following
 - The BCU Marathon Racing Committee selectors comprising
 - Chairman BCU Marathon Racing Committee who will Chair all selection meetings
 - Marathon Team Manager
 - 4 additional members nominated by the BCU MRC.
 - The BCU Performance Director
 - The BCU Flat Water National Performance ManagerSelectors are required to make every effort to attend all Domestic Assessment events, to ensure that a true and accurate assessment of current abilities can be made.

At the time of going to press, the overall funding for our programme from the Lottery, has not been finally resolved. It is clear, however, that the money will be supplied from different sources, which will mean tight restrictions on its use. It is the Committee's intention to provide as full a programme as possible for 2001, within the restraints. The World Championships will be in Stockton-on-Tees, in the first weekend in September. 2001 will be the first World Championships for Juniors. The only World Cups event is in Spain and the European Championships in Hungary.

MARATHON SECTION

2001 INTERNATIONAL PROGRAMME

The main events for the year, for both Seniors and Juniors, are therefore: -

World Cups 1	Zamora, Spain	June 9/10
European Championships	Gyor, Hungary	July 14/15
World Championships (WC2)	Stockton-on-Tees, Great Britain	September 1/2

The World Cups Trophy this year will be awarded for the total results from the two events. Each country can enter 3 crews, (2 at World Championships) in each class, with only the first finisher to count. In the Junior World Cups there are classes for Men K2, K1, C1 and Women K1& K2

In addition to the 3 main events, we plan to finance small teams to Crestuma, Pontevedra K4 and the Tour de Gudenaa, depending on the assistance we receive from the Organisers. We will also support other events, where the Organisers provide total finance.

MARATHON SQUAD

The BCU Performance Department, in consultation with the Marathon Committee and within the constraints imposed by the Lottery Panel, has nominated potential team members to form a National Marathon Squad. They are recognised in the Performance and Potential Plans. The list is not available for publication at the time of going to press, but the Committee will assist all squad members to seek additional personal sponsorship.

Its aims are as follows :-

 - (b) To draft rules and make recommendations for the conduct of National and Regional marathons.
 - (c) To give advice, guidance, and encouragement to sponsors of Marathon racing in Great Britain.
 - (d) To select, train and administer teams representing Great Britain in International events.
 - (e) To select, train and administer teams representing England in International events.
 - (f) To confirm and record cross channel canoe and kayak record attempts.
 - (g) To foster the development of suitable craft and equipment for Marathon Racing.
 - (h) To act as final authority in disputes and protests.
2. Annual General Meetings shall consist of a Chairman, Secretary, Treasurer, National Racing Coach and other such officials as the Annual General Meeting consider it necessary to elect, together with the representatives appointed by the clubs and organisations. Each canoe club affiliated to the BCU, and having five full members of the BCU, may appoint two representatives to attend the Marathon Racing Annual Meetings. Under current arrangements the Race Records Officer has a clerical function only and is not an elected member of the Executive Committee.
3. Each club or organisation affiliated to the BCU and represented at an AGM will be entitled to one vote. The Chairman will not be entitled to vote, except in the case where a casting vote is required. A quorum shall consist of six represented clubs.
4. The AGM or Executive Committee may co-opt additional members as they think fit in the interests of the sport, but co-opted members will not be entitled to vote. The AGM or Executive Committee may co-opt members or persons who are full time employees of the Union or who have a commercial interest in canoeing only with the permission of Council.
5. At least one meeting will be held during the year in addition to the AGM. Where clubs wish to raise alterations or additions to the 'Rules for Competition' at this half year meeting, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two individual members by 12th June. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting. Any additions or alterations to the 'Rules for Competition' agreed by the meeting will come into force on 1st September following the meeting.
6. Where clubs wish to raise matters of policy or alteration of existing rules at the AGM, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two full individual BCU members by 12th October. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting.
7. The AGM shall elect an Executive Committee, consisting of officers and other members up to a total of 12, for the purpose of day to day administration. The quorum of the Executive Committee shall be four voting members. The Executive shall be responsible to the AGM.
8. The officers and members of the Executive Committee shall serve for two years and shall be eligible for re-election, half retiring one year and the other half the following year. If no nomination is received for a post the previous officer will be automatically re-elected provided they are willing to stand.
9. Marathon racing funds shall be administered by the Executive Committee.
10. The Executive Committee shall approve the list of trophies which are the property of the committee and are awarded each year. The executive will also determine and publish the basis for competition for these trophies.

MARATHON RACING

11. Each Year the Executive Committee shall organise or nominate a Championship Marathon event
 - a) The course must be typical of present courses.
 - b) The winners of the classes shall be considered the National Marathon Racing Champions in their respective classes.
 - c) Clubs wishing to stage the National Marathon Racing Championships should apply to the marathon Executive (by the end of May two years preceding the Championships). The venue for the following year shall be announced at the half year meeting.
 - d) The Marathon Executive shall appoint a Chief Official from outside the organising club to oversee the running of the National Championships. He/she will be the liaison between the marathon Executive and the organising club, and will be empowered to approve such things as courses, entry fees, distance and the difficulty of courses, start times etc.

4. CLUB MEMBERSHIP

When a competitor changes his club in mid season, he is permitted to compete for his new club, instead of his old, provided that prior consent of the old club be obtained. This consent shall not be withheld unreasonably, particularly in the case of a change of residence from one area to another. The agreed change must be advised to the Race Records Officer in writing before points can be allocated to the new club in club competitions.

5. SAFETY

- Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water in the event of a capsize.
- Competitors must be able to swim adequately in the waters on which the race is being held.
- On open water adequate spray covers must be worn.
- All paddlers are required to render assistance to other competitors in distress.

- Life jackets and buoyancy aids will conform to BCU/BCMA STANDARD BA83.

Team Leader responsibility

- Team Leaders should decide if paddlers, under 16 years of age, in the higher divisions should wear life jackets or buoyancy aids.

Race Organiser responsibility

- Race organisers may require life jackets or buoyancy aids to be worn and will have the FINAL say as to who should wear them (except where this is covered by rule 5e) depending on weather and water conditions. Such equipment must be provided by the competitors.

6. DISCIPLINE

Marathon racing is subject to the BCU Disciplinary Code [see index].

7. DRUGS

Marathon racing is subject to the BCU Doping Control Rules [see index].

8. BROKEN PADDLES/BOAT

A competitor must not change boats during a race, but may change paddles in the case of breakage.

9. WASH HANGING

MARATHON RACING

11. BOAT DESIGNS

Kayaks shall be propelled solely by means of double bladed paddles.

Canoes shall be propelled solely by means of single bladed paddles.

The paddles must not be attached to the boat in any way, being supported only by the hands.

For GROUP A races boats must comply with the ICF regulations as detailed below :-

single kayak	max length 520cm
double kayak	max length 650cm
single canoe	max length 520cm
double canoe	max length 650cm
double touring canoe	max length 550cm

Boats over 460cm in length must not have concave sections unless classified as Wild Water Racing boats and falling within the ICF regulations for such boats.

12. BCU MEMBERSHIP

All competitors in GROUP A races must be COMPREHENSIVE BCU, WCA, SCA or CANI members. Membership numbers must be quoted on entries and results and a valid membership card or photocopy **must** be produced at race check in. Those unable to prove membership will be required to pay an extra Event Fee of a minimum of £2.00 and a maximum of £5.00. This covers the organisers for insurance purposes.

The exceptions are juniors ranked in divisions 7, 8 & 9 who are members of clubs with registered junior sections who should produce their registered junior section card instead.

13. RACE LEVY SCHEME

At all GROUP A races, published in the Canoe Racing Handbook, there will be a race levy of £1.00 for each senior paddler by age, as recognised by their BCU, WCA, SCA or CANI membership, & 50p for each junior paddler by age, as recognised by their membership. The levy to be charged on all paddlers booked in irrespective of whether they start or finish the race. For divisional races (3a) the race organiser is to remit the race levy together with the race results to the Regional Hasler Adviser. For other races (3b) and (3c) the race organiser is to remit the race levy together with the race results direct to the Race Records Officer. **All levies to be sent within 7 days of the race.** Cheques to be made payable to the BCU Marathon Racing Committee.

14. RACE REGISTRATION

The organiser of a GROUP A race must apply for that race to be registered. This must be done by the Autumn of the year preceding the event. The event must be organised and run under the Marathon Racing Rules. Registered races may advertise through the Union and may appeal through the Executive Committee in cases of dispute or difficulty. *[See also BCU Disciplinary Code].*

The registration fee will be the race levy described in rule 13.

15. BOAT NUMBERING

At all GROUP A races a competitor shall number his boat for a race in the following manner. The number plate will be yellow and displayed vertically in a slot placed on the middle of the back deck about 500cm behind the cockpit in the case of kayaks and on the front deck in the case of canoes. The slot will be fitted with a locking pin. The characters on the vertical number plate will be the same standard as a car number plate. The dimensions of the plate will be 200mm long x 150mm high with the top corners rounded to a 10mm radius.

Paddlers ranked in divisions 1-8 not displaying vertical number plates will not score club points. Paddlers ranked in Division 9, club and fun race paddlers may alternatively use 225mm diameter white discs which should be displayed on fore and aft decks or as directed by the organiser.

16. ASSESSMENT RACES

Assessment races will be picked by the Executive Committee as the most suitable races for determining the members of British teams and the race organisers will be advised by March 1st each year via the Canoe Racing Handbook. At these races, assessment classes may be separated from other race classes and may be run over the same or different courses.

MARATHON RACING

17. ORGANISATION OF GROUP A RACES

- a) Organisers **must** be affiliated to the British Canoe Union.
- b) The race shall be open to amateur canoeists who are members of an ICF affiliated federation.
- b) The race shall be properly advertised and the organisers shall issue adequate instructions on request, up to one month before the event, to prospective competitors or interested group leaders.
- c) After the race the organisers shall issue complete results sheets to all competitors who provide stamped, addressed envelopes.
- d) In the event of circumstances which render it impossible or unsafe to run the race as planned, the organisers shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
- e) Organisers shall charge an entry fee for each competitor to include the levy cost. This fee may be reduced for juniors or augmented for late entries.
- f) **WITHIN 7 DAYS OF THE RACE** the organisers must remit the race levy together with the race results in accordance with rule 13.
- g) Changes of class/division and late entries shall be permitted if the organiser so wishes. Information regarding late entries and class/division changes should be available to competitors at least 30 minutes before the start time of the class/division concerned.
- h) The race organisers shall provide a Protest Committee consisting of four officials or members of the organising body to hear and settle all protests by any competitor in that event. The following rules will be observed :-
 - i) The protests must be received within 30 minutes of completion of the relevant race and before the announcement of the final results. Failure to observe this will invalidate the protest.
 - ii) The protest must be in writing to an officer of the organising body and must give full details of the alleged infringement of the rules.
 - iii) The Protest Committee must meet immediately to hear all the evidence and to consider the protest's validity in accordance with the BCU and Marathon Racing Rules.
- i) A protest against an organising body may only be dealt with by the Executive Committee. Any such protest must be made immediately and in writing to the Secretary of the Executive Committee and give full details of the alleged infringement of the rules. The person making the protest must also inform the secretary of the club or body concerned. Failure to comply with these conditions will invalidate the protest.
- j) Appeals against the decision of the Protest Committee are permitted and these will be heard by the Executive Committee.

18. ORGANISATION OF GROUP B RACES

- a) For these races competitors do not have to be BCU, WCA, SCA or CANI members, there is no levy and no requirement to submit results to the race records officer. Race advertising, entry fees and classes are at the discretion of the organiser. The formal requirements to register club membership and for protest procedures are not necessary.
- b) Rules 1, 2, 5, 6, 7, 8, 9, 10, and 11 shall apply to all GROUP B races.

Rules Applying to Regional Divisional Races

19. Regional divisional races are GROUP A races and all of rules 1 -17 above shall apply.

20. THE DIVISIONAL SYSTEM

- a) At a divisional event there are separate singles races for each of divisions 1 - 9 and separate doubles races for divisions 1/2, 3/4, 5/6, 7/8 and 9.
- b) It is recommended that entry into the divisional system should be based on the standards detailed in the Sprint Section "Standards for Racing".
- c) Each year a divisional list will be published in the Racing Handbook for divisions 1-8. These lists are checked and any paddler not having competed for two successive seasons is removed from the lists. Each autumn clubs are asked to submit a list of the paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.

MARATHON RACING

21. TYPES OF COURSE

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be :-

Div.1, 2 & 3 Singles, 1/2 & 3/4 Doubles

Full senior course of about 20km with any degree of severity.

Div.4, 5 & 6 Singles, 5/6 Doubles

Course of about 13km which may include portages and/or weir shoots.

Div.7, 8 & 9 Singles, 7/8 & 9 Doubles

Course of about 6.5km with the minimum practical hazards.

22. SPECIAL PRIZES

Race organisers are encouraged to give prizes for special groups of paddlers. eg. First under 16, First C1. In particular they are strongly recommended to give a prize for the first woman in each division and for the highest placed TC2. This kind of encouragement is particularly important in the divisional system.

23. SEPARATE STARTS

Each class of six or more starters must start separately.

24. HANDICAP SYSTEM FOR LOW ENTRIES

If there are less than three entries in a division then the organiser will transfer those entries to another division. Where possible they should be transferred to a race of the same distance so that paddlers are not required to race further than they originally entered. Where there is a choice, transfer to a lower division is preferable to transfer to a higher division. A handicap (if moved down) or an allowance (if moved up) will be used to calculate the results. Transferred paddlers racing in a different division will count for prizes but will be ignored in calculating promotions and 'D' notices. The handicap or allowance, per division moved, to be :-

20km course	3 minutes for singles ; 6 minutes for doubles
13km course	2 minutes for singles ; 4 minutes for doubles
6.5km course	1 minute for singles ; 2 minutes for doubles

25. COMPETING IN A CREW BOAT

A paddler is normally ranked on singles performances. However when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down). All paddlers competing in crew boats must show their singles ranking on the entry form and these rankings **must** be shown on the results.

eg. Paddler A = Div.5 and Paddler B = Div.8

$5 + 8 = 13$ $Average = 13/2 = 6\frac{1}{2}$ so the competition ranking = 6
and the entry would be div.5/6

26. PROMOTIONS

- The Executive Committee has discretion to promote at any time when it is found to be necessary. This duty is delegated to the Ranking Officer.
- Promotions may take place on either singles or doubles performances.
- Status in canoe will not affect status in kayak and vice versa.
- Generally no woman or canoe paddler will be promoted higher than division 3 and no junior kayak paddler higher than division 2.
- Promotions between the divisions throughout the season will be calculated as follows on the basis of singles results

Divisions 8 & 9

All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 3 minutes, are promoted to the higher division provided that there are a minimum of 5 starters in that higher division.

Division 7

Promotions will be made at the discretion of the Regional Hasler Adviser of the region in which the race takes place. The Regional Adviser's decision will take into account the performance of the paddler compared with the regional division 6 paddlers. If any paddler or team leader feels that this has resulted in an inappropriate promotion they should appeal to the ranking officer to correct the situation.

MARATHON RACING

Divisions 5 & 6 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 4 minutes, are promoted to that higher division provided that there are a minimum of 5 starters in that higher division.

Divs. 1, 2, 3 & 4 Promotions between divisions 1, 2, 3 and 4 will be decided by the ranking officer and can be made at any time. They will be determined in conjunction with the national and regional coaches and will be based on performance in all races.

- f) Promotions are not limited to one division. For example, a division 9 paddler with a time within 3 minutes of the division 7 winner would be promoted straight to Division 7. Similarly a Division 6 paddler with an appropriate time could be promoted to division 4.
 - g) The lower limit of 5 paddlers to render a race quorate for promotion purposes, as described above, is intended to ensure that the winners time is a realistic one for that division. However the Regional Hasler Adviser may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.
 - h) Since there are not usually any promotions from division 7 to division 6 or from division 4 to division 3 on the day, it is normally the winner of division 7 whose time is used for calculating promotions from division 8 to 7 and the winner of division 4 whose time is used for calculating promotions from division 5 to 4. These promotion calculations hold good even if subsequently the ranking officer does promote the winner of division 7 and others to division 6 and the winner of division 4 and others to division 3.
 - i) Once promoted paddlers **must** race in their correct division, or higher division, except under the provisions of rules 24 or 25. Any competitor found racing in a lower division, singles or doubles, except under the provisions of rules 24 and 25, may be disqualified from the event and be banned from marathon competition for 12 months from the date of the event when the misdemeanor took place.
 - j) All paddlers, both from within the region and from other regions are eligible for promotions. The only exceptions are paddlers transferred from another division under rule 24 (handicap system for low entries).
27. **DEMOTIONS**
- a) The Executive Committee has discretion to demote where this is found to be necessary.
 - b) Demotions between divisions 4 to 9 throughout the season will be calculated as follows.
All those finishing a singles race with a time slower than the fastest paddler in the division not promoted, + 10% will be designated 'D'. With 3 'D' notices a paddler will be automatically demoted to the next lower division.
 - c) Demotions between divisions 1, 2, 3 & 4 will be determined by the ranking officer in conjunction with the national and regional coaches. It will be based on performance in all races.
 - d) All paddlers, both from within the region and from other regions are eligible for 'D' notices. The only exceptions are paddlers transferred from another division under rule 24.

Rules Applying to Regional Hasler Races

28. Regional Hasler races are GROUP A Divisional races and all of rules 1-17 and 19-27 above shall apply.

29. **THE HASLER TROPHY**

The Hasler Trophy is the National Team League Championships and is competed for throughout the season (1st September-31st August) on a regional basis. These is a national Hasler Final after the end of the season, usually in late September.

30. **REGIONS**

The regions are defined as the Sport England regions for England plus Scotland East, Scotland West, and Wales. Each region will run its own league championships throughout the year and will decide how many results are to be counted by clubs. It is hoped that eventually there will be enough races in each region for clubs to count their best 8 or 9 results from the total number of races.

31. **DIVISIONS**

Races for singles divisions 1-9 and doubles divisions 1/2, 3/4, 5/6, 7/8 and 9 must be held at all events except where varied as agreed with the Regional Hasler Advisor.

MARATHON RACING

32. COMPETITORS

- a) Each club will be allowed as many competitors as it wishes.
- b) A paddler can only compete in one race in a qualifying event.

33. POINTS

- a) In regional races only those clubs within the region will score points. Paddlers from other regions will not be taken into account when calculating points except that their time will be used for the 110% or 115% calculations if they are the fastest boats not promoted.
- b) To be included for points, clubs must be affiliated to the British Canoe Union.
- c) All competitors in both singles and doubles **must** show their singles ranking at race check-in. Competitors not doing so will not score points in the regional competition and may not count the race as eligibility to compete in the final.
- d) The points system will be as follows.
 - i) Divisions 1-9 singles and 1/2, 3/4, 5/6, 7/8 & 9 doubles will count for points.
 - ii) Points will be awarded per paddler in both singles and doubles - 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish a singles race within 110% of the time of the fastest boat not promoted or who finish a doubles race within 115% of the time of the fastest boat not promoted. One point only for paddlers who finish outside the 110% or the 115% limit irrespective of their position. This to apply to all races except division 9 singles and doubles which will receive 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish.
 - iii) Transferred paddlers racing in a different division under the provisions of rule 24 will count for Hasler points.
 - iv) Paddlers in a separate assessment race at a Regional Hasler event will not score Hasler points.
 - v) Each club will count its six best scoring singles boats from any divisions and its three best scoring doubles boats from any divisions. Only the scores from three doubles boats can be counted even if some of these boats contain just one paddler who is eligible for Hasler points for a particular club.
 - vi) At each event the club with the highest score will get 10 regional points in the regional competition, 9 for 2nd and so on.

Rules Applying to the Hasler Final

- 34. The Hasler Final is a GROUP A Divisional race and all of rules 1-17 and 19-27 above shall apply except rule 25 (crew boats) which is replaced by rule 38.

35. CLUB ELIGIBILITY

- a) The top 4 scoring clubs from each region (8 clubs from the combined Midlands region) as determined by the regional Hasler competitions, plus a team from the organising host club (where there are 2 organising clubs then both qualify, as of right) the Combined Services and the Isle of Wight, may compete in the Hasler Final at the end of the season.
- b) Each eligible club will be allowed as many competitors in the final as it wishes.

36. PADDLER ELIGIBILITY

- a) A paddler must compete in 3 qualifying events at his or her current ranking, during the season (Sept 1st-Aug.31st), to be eligible for the final. The exceptions are Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes who must compete in 2 qualifying events.
- b) Qualifying events are regional Hasler races including assessment classes. Also a paddler may count competing in the National Championships on one or both days as one qualifying race. The previous Hasler Final does **not** count as a qualifying race.
- c) The qualification must be in the same type of boat (ie canoe or kayak).
- d) Paddlers are only eligible to paddle in a singles race at the Hasler Final if they have competed in 3 qualifying events in singles. The exceptions are paddlers already ranked in their highest division (Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes) although they must still comply with rule 36a.
- e) Regional Champions are eligible to compete in the final, provided they have complied with rule 36a, even if their club has not qualified for the final.
- f) A paddler can only compete in one race at the final.

MARATHON RACING

- g) The Regional Hasler Adviser will check the eligibility of paddlers from his region for the final. The Race Records Officer will be able to produce listings on request to help clubs and Hasler Advisers carry out this task.

37. CLASSES

There will be races for singles divisions 1-9 and doubles divisions 1/2, 3/4, 5/6, 7/8 & 9.

38. COMPETING IN CREW BOATS

At the Hasler Final where crew members in doubles races are ranked in separate divisions they must race in the classification of the highest ranked paddler.

39. POINTS

- a) All competitors in singles and doubles **must** show their singles ranking on the entry form. Competitors not doing so will not score points.
- b) Clubs qualifying for the final will start the final competition with 1 point for each promotion gained by any of their members during the season (Sept. 1st - Aug. 31st), up to a maximum of 12 points, irrespective of whether the promoted paddlers are racing in the final or not. These promotions may be automatic from race results, or discretionary by the Hasler Adviser or Ranking Officer and can be from regional races or the National Championships. There will be no promotion points from promotions at the previous Hasler Final.
- c) Point scoring at the final will be as described in rule 33d (i), (ii) & (iii).

40. TROPHIES

- a) The *Hasler Trophy* will be awarded to the club scoring the most points at the final including promotion points under rule 39b.

These will be the individuals scoring the highest number of points, in the appropriate division for the final trophy award, in their own regional races. These Regional Champions are eligible for the following trophies at the final :-
 - i) The *Rhodes White Trophy* which will be awarded to the Senior Regional Champion who gains the most points in Div.1 at the final.

13 NATIONAL MARATHON CHAMPIONSHIPS VENUE AND ORGANISATIONAL CRITERIA

The Marathon committee will look to the following ideal criteria when considering applications for the National Championships and the Hasler Final.

Any club wishing to host the National Championships or Hasler Final will be expected to make a short presentation to the half year meeting outlining their proposals for the course and organisation to meet these criteria.

THE COURSE

- a) The course should be wide enough at the start to provide a fair start for all paddlers. It should also be wide enough throughout its length for competitors to easily overtake and pass each other in opposite directions.
- b) The course should be designed to be paddled in an understern rudder boat.
- c) Portages should allow a minimum of 12 metres at the 'get out' and 'put in' points. Portages should not be of excessive number or length.
- d) Access to portages areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting river users.

ORGANISATION

- g) The organising club(s) should have a proven track record in organising normal Divisional Marathon Events.
- h) There should be adequate parking at start and finish.
- i) There should be adequate covered checking in and refreshment areas at the start and finish, and a result display area.
- j) There should be adequate toilet facilities at start and finish.
- k) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- l) There should be a computerised results facility capable of showing Divisional results and team scores immediately after the event.
- m) Prizes at the National Championships will be the official BCU National Marathon Championship medals. At the Hasler Finals there should be good prizes.
- n) There should be an adequate PA system at the start, briefing and prize giving areas.
- o) There should be adequate First Aid cover in appropriate areas.
- p) The starting of all races is to be as the procedure set out on page G25.

MARATHON RACING

14 SAFETY

- a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water in the event of capsizing.
- b) Race organisers may require life jackets or buoyancy aids to be worn. Such equipment must be provided by the competitors.
- c) On open water adequate spray covers must be worn.
- d) Competitors must be able to swim adequately in the waters on which the race is being held.
- e) The wearing of life jackets or buoyancy aids is compulsory for division 8 and 9.
- f) Team Leaders should decide if paddlers under 16 in the higher divisions should wear life jackets or buoyancy aids.
- g) Race organisers would have the FINAL say as to who should wear life jackets or buoyancy aids, except where this is covered by rules 14e and 14i, depending on weather and water conditions.
- h) The life jackets/buoyancy aids referred to on b,e,f,g, and i will conform to BCU/BCMA STANDARD BA 83.
- i) At the National Championships ALL paddlers in the U16 and U14 classes and in the Division 7/8/9 classes WILL wear life jackets or buoyancy aids as in h).
15. In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
- 16 To aid the description of races the courses shall be classified as follows:-
'A' shall denote sea, tidal, estuary, lake or other open water.
'B' shall denote fresh water, river and canals.
'P' shall denote portages.
- 17 In the event of a tie for any BCU trophy an extra race shall be taken into account, and this repeated as often as is required to settle the matter where this is appropriate. If the matter is still unresolved the trophy shall be held jointly, the order of the inscription being alphabetical and each party holding it for an equal fraction of the year.

18 DISCIPLINE

Marathon racing is subject to the BCU Disciplinary code reproduced in full earlier in this book (see index).

19 DRUGS

Marathon racing is subject to BCU Doping Control Rules as reproduced in an earlier section of this book (see index).

PART C RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

A ADVANCE INFORMATION

- 1 Do not attempt to run a race without visiting a few to find out how things work.
- 2 Advance information sent out to competitors and clubs should at least set out the following details as shown in the specimen.
 - a) Name date and status of the race.
 - b) Name of the organising body.
 - c) Closing date for entries and whether or not late entries will be accepted.
 - d) Address to which entries and enquires should be sent, and if possible a corresponding telephone number.
 - e) Entry fees, and to whom they these should be payable.
 - f) Locations of start and finish, and directions for getting to these places.
 - g) Time of start and closure of checking in.
 - h) Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
 - i) Any special regulations that a competitor should be aware of before he arrives.
 - j) Any major changes since the previous year.
 - k) An entry form asking for full details of competitors. (A specimen race detail sheet follows these recommendations).

MARATHON RACING

B PRE-RACE INFORMATION

Every boat should be inspected at check-in to ensure that it is numbered clearly, correctly and durably. Check that water-soluble ink has not been used. Although it is the competitors responsibility to number his boat, it is your responsibility to be sure that he has done it. One way of doing this is to ask that he presents a clean number plate and then number it yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the race course and to emphasise any special regulations.

There may be a wide range of ambitions present at the race, some people go for a pleasant paddle, some with Olympic hopes, try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions, variations in the course for different classes etc should be taken into consideration when arranging the start order. Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshal should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanours to central control. A marshals directions should override any prior instructions. A marshal should be clearly identifiable.

C STARTING

A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order but a strong personality is needed to keep those in higher divisions in good order.

The starter must never lose control of the start, either through physical inability to make himself heard, or through weakness of will. Preferably get an experienced racer to start your race and supply them with a megaphone. Massed starts are good value for bullfighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Group A races, each class of three or more competitors must start separately.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep competitors hanging around unnecessarily. They are often nervous before a race, may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line than start them without further delay. Say 'READY GO'.

Record the time of the start of each Division. Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

D FINISHING AND RESULTS

Signify a crossing of the line audibly, by bell, whistle or some such device. Mark the finishing line clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.

Have a reliable clock which is readable, and have a backup in case of malfunctions. Make a record of the finishing order of every boat as it passes the finishing line. Have one person making an independent list of boat numbers, another should make a list of boat numbers and finishing times: this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes record its number and finishing time alongside.

Never mind computation at this stage, your hands will be full recording the finishing order correctly.

When a page is full pass it on to someone else to analyse. It is also useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish, and the tape used to check the finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finishers and tell him to 'talk' every boat over the line, giving number and time. One C60 tape should last for most marathon races.

Have somewhere out of the wind and rain, and away from possible distractions from paddlers, to analyse your finishing results. Arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them, and they can be queried before prize giving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list of finishing order with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display.

Have the prize giving as soon as possible and announce any divisional promotions at this stage.

MARATHON RACING

E SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland waters seldom needs a life jacket, but for a division 8 or 9 paddler it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescuer can be more of a hindrance than a help.

An important precaution is to make sure that no-one is stranded or lost halfway round the course. On open sea races it is important to account for everyone: on calm waters it is usually sufficient to have a back marker paddler over the course at the tail of the race.

F RESULTS

After the event is over, buckle to and get the final result sheet sorted out. If you put it off, your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.

Result sheets should be arranged by divisions in finishing order. They should include position, name, division ranking, club, BCU number, points and promotions to higher divisions. (Three flow charts follow this section to aid the calculation of promotions, demotions and Hasler points). Totals of points scored by clubs should also be included. (These however will be verified by the Hasler Advisers). A specimen result sheet extract follows. (see Index).

The race organiser will record at the top of the result sheet, the number of paddlers who have entered the race. Four copies of the results, will be sent to the regional Hasler Advisor within the 14 days stipulated (Rule 11a iv) together with the Race Levies. The advisor will then check/correct promotions and Hasler Points before sending on the results to the Records officer and the Divisions Advisor.

THE STARTING OF ASSESSMENT RACES, HASLER FINAL & NATIONAL CHAMPIONSHIPS

There is a necessity to maintain the standard of starting for selection races. The following will apply to all assessment races.

REQUIREMENTS

- 1 The startline should be clearly defined on both banks.
- 2 A clearly defined marshalling line must be established about 50 metres behind the start line.
- 3 The race must be started by a person drawn from the approved starters list below, who will have an experienced assistant.
- 4 The marshalling line should be controlled by at least two experienced officials.
- 5 The above should all be equipped with PA Equipment or loud hailers which it is the responsibility of the race organiser to provide.
- 6 Where river conditions require it, Division 1 starts will be seeded into 2 or more lines. The starter will liaise with the race organiser prior to the briefing to establish the starting ranks.

THE FOLLOWING RULES WILL APPLY TO ALL DIVISIONS AT AN ASSESSMENT EVENT, HASLER FINAL AND TO ALL RACES AT THE NATIONAL CHAMPIONSHIPS

- 1 An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have three minutes to get behind it.
- 2 A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler to go in front of the marshalling line until so instructed by the marshal.
- 3 Once released by the marshal, the paddlers will be under the starters control. Any paddler going in front of the start line before the 'GO' will be penalised.

MARATHON RACING

- 4 For each contravention of the above rules, a two minute penalty will be imposed.

NOTE .. The Executive Committee has instructed the Marathon Team Selectors that they will use the results INCLUDING any penalty, as the basis for selection.

BCU MEMBERSHIP AND EVENT TICKETS

2000 saw the first full year of the new system of membership for junior members of a BCU Affiliated Club.

A junior club member need not be a full member of the BCU in order to race in the lower divisions (7,8 & 9) of the Marathon racing system or in the other 2 categories of marathon races. He must however be a member a club with a registered junior section and the number used for his or her identification will be the clubs affiliation number followed by his own individual club number. This method of recording the juniors numbers on the result sheet has proved cumbersome so it is advised that the club abbreviation followed by the paddlers club number is easier and preferred by the Records Officer both for identification and ease of recording. ie LIN/005, CHE/017.

Should he be promoted however into a higher division (6 & upwards) he must then become a full member of the BCU in his or her own right.

Race Organisers **MUST** still check that his or her membership is current either by photocopy of membership with entry or seeing the card on the day of the race.

If the card is unavailable or forgotten the paddler may purchase an "Event Ticket" as a "stop gap" but only once per season. The records officer carries out a check on event ticket issue for all race results and those paddlers abusing this system will be penalised.

The system is as follows

1. The tickets are for use by non-members at the entry level only of National Competitions requiring membership ie Divisional Racing.
2. For use at a BCU event when the organiser believes a participant may be a member but the member cannot provide proof by way of a membership card.
3. Event organisers set fees, minimum £2.00, maximum £5.00. In every case £1.50 will be sent to the organisers regional treasurer and the rest kept by the organising committee
4. Event Ticket fees are not refundable
5. The overall consideration is to encourage, in the best possible way, membership of the Country's Governing Body for Canoesport.

The Ranking System

The purpose of the promotional system within the divisional system is to have every paddler competing in the in the correct division for his/her personal ability, and thereby gaining maximum advantage from their racing.

The administration of the system has seen continued improvement over the last few years, and with continued co-operation of the Regional and National Advisors, Race Organisers, and Club Team Leaders, this should continue into 2001. The prompt return of the race results and levies by the Race Organisers to the Hasler Advisers is **crucial**, and the one area which still continues to need improvement. The quicker these are received(using a fax or e-mail are the quickest methods), the quicker they can be processed through the system, and confirmation of promotions made before paddlers race again.

The Divisional Lists have been updated after each set of results has been received by the Records Officer during 2000. However, not all Club Listings (55 out of 105a slight improvement on last year) were returned by the Club Team Leaders by the closing date for inclusion in the Year Book so inevitably there will be some errors. If you feel that the promotion/demotion system will not serve to correct these errors quickly enough, please contact the Divisions Officer(address elsewhere in this handbook) stating the nature of the problem.

If you think that your divisional updates and the Marathon Newsletter are not getting to the Team Leader of your club. please let the Records Officer know so that the records can be updated.

In addition, by request from Race Organisers, a list of clubs with abbreviations used by the Marathon Committee has been included. Please note that these differ in some cases from those used by the Sprint Racing Committee. This is with the approval of the clubs concerned to avoid confusion between clubs with similar names. It is hoped that all abbreviations will be agreed during the year as BCU HQ also hopes to include the information on their database.

Plastex anticipated the new rule eliminating the width restriction before the meeting of Congress in Warsaw and were able to show their latest model K1 Athena with a bolt on wing extension so that delegates to the Congress could see the effect of the proposed rule changes.

K1 Athena is designed for paddlers at 65 kg and is already available for sale. All the new models will follow shortly and be available in time for the 2001 season.

New Rules

At the ICF Congress in November 1999 the BCU proposal to modify the racing canoe and kayak rules was passed. The rule was designed to eliminate the unsightly wings that have appeared on many craft in recent years and **KIRTON KAYAKS** now feel ready to re-enter the market with a new range of designs to compete on the world stage.

The KI Teknik will be available in early Spring and will be shortly followed by other models both K1 and K2.

KIRTON KAYAKS will in addition continue to offer the range of craft from **NELO** and **PLASTEX** and will also manufacture many of the **NELO** designs under licence.
