KIRTON TEKNIK (above)

For the heavier paddler. Has had a successful International Season in 2002.

KIRTON TACTIC (below)

For the lighter paddler. Deck cut-aways make for good paddle entry. In spite of its narrow beam it provides a wider cockpit dimension than the Teknik. A fast and comfortable design.

KIRTON TOR (not illustrated)

This high volume design offers a more stable paddling platform yet has good paddle entry. This kayak is designed to give confidence to those who find the more unstable kayaks difficult to race.

Acknowledgements

I would like to record my thanks to all those who have inundated me with information to go into the Racing Handbook this year and to all those who have agreed to advertise. Thank you to Howard Blackman, Ken DD, Dave Enoch, Anne Ferguson, David Green, Suzy Hornby, Roland Lawler, Christine Laws, Jim Rossiter, Graham Simpkin, Richard Ward and Alan Williams for their contributions. Not forgetting the Dynamic Duo of Peters (Davey and Morley), who kept coming up with more bits just when I thought I was winning!

Many thanks also to Chris and Margaret at Black Cat Printers for all their help.

SPRINT SECTION

Foreword

This year could be vital for our sport. Results in Olympic qualification events and Junior World Championships may determine the future funding for our World Class Programmes. Athletes, coaches and management at the top competition levels will need all our support.

Our professional coaches, currently setting our competition philosophy, will be judged on the international results their athletes achieve, and will therefore be concentrating on the athletes in their programmes. This, as many of us have experienced, can have a negative effect on the development of the sport as a whole.

Again I stress the importance of all those of us who operate voluntarily in clubs, regions and at competitions up and down the country. We will need to work as hard as we always have, or harder, to maintain the development of canoe racing. The clubs and all the local events and activity that go with them are the lifeblood of the sport: they are the one vital asset which we cannot afford to lose.

The National Regattas at Nottingham are currently running at a loss and this cannot continue indefinitely. I would like to see us solve this problem by increased participation at all levels. If we wish these events to continue (and there is little point in training to race if there are no competitions) it is the responsibility of all clubs, paddlers and coaches to pursue a positive policy of attending these events. Every class needs regular support otherwise the downward spiral will continue. This message goes out to every one of you. No-one is too important, no-one too insignificant.

Good luck with all your efforts in 2003.

THE RACING REGISTRATION SCHEME

Introduction

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas.

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only Registered Paddlers will be allowed to compete in B.C.U. events at the National Watersports Centre. Entries submitted without a Registration Number will not be accepted.

Initial Registration

This may be done in one of two ways:-

1. At any N.W.S.C. Regatta, at the Secretary's desk.
2. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

Renewal of Registration

Competitors will remain on the active register until such time as they have not competed for two years, or their B.C.U. membership has lapsed. On production of a current B.C.U. card, anyone not listed on the active register may apply to be reinstated.

Current Lists of Registered Paddlers are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing.

Youth paddlers who initially registered as Cadet Members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

The Registration Officer, 17 Springfield Road, Guildford, Surrey GU1 4DW

When registering by post please send S.A.E. for the return of your B.C.U. card and the Registration Number.

5. Notes on Classes

- a) Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These three subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups.
- b) Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do **not** automatically start in the "D" group.
- c) The chart 'Standards for Racing' on page B19 demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on his status in a canoe.
- e) Mixed Events, in which male and female competitors race together in the Men classes, are permitted, provided the races are of parallel standard to that of their designated classes.
- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.
- g) Paddlers must race **ONLY** in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. E.g. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out in the Standards for Racing. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddler's entry into racing.
- j) Youth National Championships
Youth Paddlers will race in the following Age Groups
 UNDER 18 (BORN 1985)
 UNDER 17 (BORN 1986)
 UNDER 16 (BORN 1987 or 1988)
 UNDER 14 (BORN 1989 or later)
A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.
- k) Promotions/Demotions
 - Will be made throughout the year on the basis of standards laid down, and using the race results.
 - Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
 - Will be notified on the regatta results and should take effect at the next regatta.
- l) Veterans
Paddlers born before 1968 may compete in the Veteran class unless Men's A or B

6. Check your Programme

Prior to the Team Leaders Meeting, it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

TEAM LEADER'S HANDBOOK

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 12.00 Noon on Saturday. Failure to pay on time will incur a £5.00 surcharge that must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 a.m.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
 - i. Events will be dealt with in order.
 - ii. The Competition Organiser will call out in order each set of heats (or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
 - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
 - iv. It is not permitted to return to an event that has been concluded.

8. Entries after the Team Leaders Meeting

Entries after the meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser. Late entries will be accepted for long distance events (2.5 km, 5 km, 10 km.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form available from the regatta secretary's desk.

9. Club Colours

Club colours must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.

TEAM LEADER'S HANDBOOK

- b) Clubs racing for the first time at an N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

10. Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the regatta secretary's desk.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fix into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.
- d) Numbers for long distance racing must be obtained from the regatta secretary's desk and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left at the desk to cover for numbers which will be required for Sunday's racing, and would then be returned Sunday evening when all numbers were collected in.
- e) Lost Numbers will be charged at £5.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the regatta secretary's desk. He will then make up your requirements for collection later in the morning, (after 11.00).

ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS

11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 1 penalty point and disqualified from the event.

12 K4s

- a) They will be stored on racks outside the boathouse.
- b) Crews must not sit in the K4s *except when they are on the water*.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The K4 Official reserves the right to refuse the boat to any youth crew that is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Official. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the boathouse is open and the K4 Official is present.
- f) Crews must supply their own wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

TEAM LEADER'S HANDBOOK

13 Protests & Disqualifications

- a) Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will be no appeal against disqualification.
- b) In a National Championship event, a protest must be made by the paddler's Team Leader.
- c) Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official who will, if necessary, inform the offending paddler's Team Leader.
- d) Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office. A fee of £1.00 is payable for each copy.

15 Car Parking

Team Leaders **MUST** take an active part to see that club members observe the car parking lines. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must **NOT** be impeded.

The pontoon on the seating side of the tower on the waterfront is a No Parking Area, and must not be used by competitors. This area is solely for the use of safety boats.

Particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats.

Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water. Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

'Tiddly Winks' and Boards

Coloured counters (known affectionately as Tiddly Winks) are awarded for the first three places in all Finals 1 in junior classes. These can be collected by the paddler from the Secretary's desk.

Also available, at a cost of approximately £4.50, is a small engraved wooden board on which the self adhesive counters can be mounted for posterity!

TEAM LEADER'S HANDBOOK

Disciplinary Procedures

Offences Incurring Penalty Points

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. At his/her discretion, he/she may issue one penalty point to each paddler involved in each of the following offences. These offences are considered to be detrimental to the efficient operation of regattas and/or potentially hazardous.

- Racing in incorrect colours
- Racing with incorrect or missing number
- Failure to observe water zoning procedures
- Unauthorised substitution for another paddler
- Failure to report, having qualified, for semi-finals or finals
- Conduct during racing likely to cause injury or damage to equipment
- Use of offensive language
- Underweight boat (see note 1)
- Failure to report for boat weighing immediately (see note 2)
- Insufficient buoyancy (see note 3)

Notes

1. Weights must be properly fixed to the boat or seat. Stones in bags or any other temporary system will not be accepted.
2. Boats required for weighing will be notified either shortly before the start of the race or shortly after the finish of the race.
3. Buoyancy will be checked by both systematic and random inspections at launching points. If a boat is found to have insufficient buoyancy, it will be turned back.

Accumulation of Penalty Points and Penalty Fines

1. When a paddler accumulates a total of 4 or more penalty points, he/she is liable for a fine of £10 per point in excess of 3 points.
2. Fines are to be paid at the Regatta Office.
3. A paddler liable for a fine cannot race until the fine has been paid.
4. Penalty points are accumulated over 4 consecutive regattas and are not restricted to a single year. Thus, for example, penalty points incurred in the last regatta of the year will remain active until the start of the 4th regatta of the following year.

Notification

Team leaders will be notified when a penalty point has been issued to a paddler from his/her team. This notification will also be recorded on the end of regatta results sheet.

Approved by the Sprint Racing Committee on 9 November 2002.

Disciplinary Matters of a More Serious Nature.

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Racing Rules which include penalties in accordance with B.C.U. Rules or the Racing Section Disciplinary Regulations.

N.B. A reported incidence of dissent/abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under the Section Disciplinary Regulations.

TEAM LEADER'S HANDBOOK

THE MCGREGOR PADDLE COMPETITION

A simplified scoring system was introduced in 1997.

Under the following system most clubs should have an equal opportunity to achieve a winning score:

1. Each Club will automatically score 1 point for every paddler competing in the Inter Club Regatta.
2. Each Club will score 1 point for each promotion accredited to their paddlers during the four previous Regattas i.e. April, May, June, & July of the same year.
3. The scoring at the Inter Club Regatta will be on the following basis:
Each Club will score its best

12	K1/C1 results in all finals
6	K2/C2 results in all finals
3	K4 results in all finals

Scores will be awarded, provided there at least three crews participating, on the following basis:

1st	20 points
2nd	19 points
3rd	18 points....etc

4. Notes:
 - a) Composite crews, with members from more then one Club, do not score.
 - b) At least 50% of the crew must be registered in the class in which they are racing.
i.e. 2 paddlers K4, and 1 paddler K2. Crews may be made up with paddlers from a lower ability group with the following exceptions:
 - i) Men may not paddle in Women's races.
 - ii) Boys may not paddle in Girls races.
 - iii) Seniors may not paddle in Junior races.
 - c) No one may enter any singles class other than their designated class as shown on the Registration File.

System for the membership for Juniors of a B.C.U. Affiliated Club.

A junior club member need not be a full member of the B.C.U. in order to race in Junior D Classes. He or she must be a member of his or her club, and the number used for his or her identification will be the club's affiliation number followed by his or her own individual club number.

Should he or she be promoted, however, to 'C' or above, he or she must then become a full member of the B.C.U. in his or her own right.

It is the responsibility of the Team Leader to advise the Registration Officer of the full B.C.U. Number.

REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the N.W.S.C. to introduce anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination, thus becoming qualified to officiate at World Championships.

THE BASIC COURSE: The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

THE SYMPOSIUM: This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

Leptospirosis and the Canoeist

TEAM LEADER'S HANDBOOK

Leptospirosis

This is an animal infection, but after recovery the animal continues to excrete the organisms in the urine. These survive for days or even weeks in moist conditions, but for only a few hours in salt water. Humans catch the infection by direct contact with the urine, or the urine polluted environment. Bacteria enter through skin abrasions or via the eyes, nose, or mouth.

The illness

The usual incubation is 7 to 12 days. Normally a 'flu-like illness occurs which resolves in 2-3 weeks. There may be fever, severe headache, pains in the back and calf and prostration. A few cases develop jaundice, when the condition is known as Weil's disease. Although death may occur in about 15% of the jaundiced patients, death without jaundice is virtually unknown. Antibiotics during the first few days may help in limiting infection. Many cases recover without specific treatment.

What to do

If you think you may have the infection, go to your doctor and tell him/her that there may be a small risk of leptospirosis. The diagnosis is by clinical suspicion. Blood tests can rarely confirm the illness in time to affect treatment. They may subsequently confirm it.

The microbiologist at your local hospital is the best source of advice.

Prevention

1. Cover all cuts and abrasions with waterproof plasters.
2. Always wear footwear to avoid cutting the feet.
3. Avoid capsizing drill or rolling practice in inland waters.
4. Shower as soon as possible after canoeing.
5. If in doubt, contact your doctor early.

Remember, simple precautions can reduce your risk

SRC Cups 2003

1. Introduction

The SRC-Cups 2003 is a competition set up by the BCU Sprint Racing Committee to encourage clubs and paddling organisations to run and take part in Local Sprint events. In creating more events there will be more opportunity for paddlers to take part in Sprint Racing.

We have defined Sprint Racing for the SRC Cups as a race between paddlers on the water over a measured course of between 50m and 1000m. The competition is therefore designed to be flexible enough to enable the inclusion of a wide range of boats, event formats and venues. In so doing we also hope to introduce Sprint Racing to more paddlers, coaches and clubs.

2. Competition Prizes

Prizes for each race within the regatta is at the discretion of the organiser. The SRC-Cups annual prize will be a trophy and cash prize of £150 to the winning club in each region (more than one winner per region the £150 prize money is shared).

3. Rules of the Competition

The intention is to keep the rules to a minimum. To achieve this aim it is essential to base the competition on fair play and common sense.

3.1 The event:

For the event to qualify it must satisfy all the following criteria:

- ◆ The club must be affiliated to the BCU
- ◆ At least 2 separate clubs must take part.
- ◆ Each club must have a minimum of 4 paddlers competing in the event.
- ◆ There must be at least 2 separate races.
- ◆ The event registration form must be completed and sent to the National SRC-Cups co-ordinator (Peter Bland).
- ◆ The event runs between 1st September 2002 and 31st August 2003.

3.2 Points scoring

Points are scored in qualifying events as follows:

- ◆ 10 points are scored by the club hosting the event, plus a further 5 points for each eligible club participating.
- ◆ Each other club participating scores 5 points (NB Points can be scored out of region).

3.3 Prizes

- ◆ The regional winner will be the club with the most recorded SRC-Cup points in their region.
- ◆ Prizes will be presented at the September Regatta 2003.

3.4 Sanctions

- ◆ Any club found to be cheating the SRC-Cup rules will be disqualified from the event.

P (Promotions) / D (Demotions) are possible on 1000m and/or 500m and marathon results.

The H.C. is the number of seconds longer that it takes to paddle the distance a zero paddler covers in one minute. Placid Water Racing Tests show recommended starting standards.

RACING STANDARDS AND COACHING

1. Introduction

The Placid Water Progression was set up as a coaching scheme to develop marathon racing, sprint racing and fast touring.

2. The Placid Water Progression

Outlined below are the current *skill, racing and coaching awards* designed to support a progressive coaching & paddling scheme for clubs based on placid water using open cockpit canoes and kayaks.

2.1 Skill Development Awards for paddlers

The Placid Water Star tests provide four progressive levels of award for canoe and kayak. They can be used either as a basis to encourage skill development for paddlers or as an indicator of the appropriate level of skill for aspirant coaches in the instructional coaching awards.

Details of the complete syllabus is contained in a free leaflet "Placid Water Star Tests for Kayak and Canoe" (ref: CT011/00/1) available from BCU Office.

2.2 Racing Awards for paddlers

The Racing tests are designed to encourage paddlers to improve performance and recognise their progress in racing kayak and canoe. The Sprint Awards also provide a useful guide to indicate the class or division to which paddlers should enter into sprint and marathon racing.

The awards can be examined by any BCU Coach (Level 1 – 5) or Club Official & can be taken in any kayak or canoe.

There are three types of Racing Award:

- **The Sprint (500M) Awards**

In each case the paddler must equal or beat the times below to achieve the standard.

Award	Kayak Men	Kayak Women	Canoe
Green	4.00	4.20	5.00
Blue	3.30	3.45	4.00
Bronze	3.05	3.20	3.20
Silver	2.45	3.00	3.05
Gold	2.30	2.45	2.45

Note: Time in minutes and seconds – in single canoe or kayak

RACING STANDARDS AND COACHING

Guidelines for entry into Sprint & Marathon Racing

To promote fair racing and as a guide for coaches, team leaders and paddlers, the following standards, based on the "Sprint (500m) Awards", are suggested as the entry levels into Divisional Marathons and Sprint Regattas held at the National Watersports Centre, Holme Pierrepont:

Award	Marathon			Sprint
	Kayak Men	Kayak Women	Canoe	All Classes
Green	Fun Race	Fun Race	Fun Race	Lightning Races (Under 13's)
Blue	Div 9	Div 9	Div 9	
Bronze	Div 8	Div 9	Div 9	Juniors (Men & Women) & Veterans
Silver	Div 7	Div 8	Div 8	Senior Women & All Canoe Classes
Gold	Div 6	Div 7	Div 7	Senior Men

Note: To qualify for National Regattas, the standards must be achieved in a modern racing single canoe (in high kneeling position) or single kayak (with seat). See team leaders' notes for more details.

- **The Marathon, Half Marathon**

Details of the standard times are available contained in a free leaflet "The Placid Water Racing Awards" (CT/012/00/1).

- **The Time Trial Awards**

Details of the standard times are available contained in a free leaflet "The Placid Water Racing Awards" (CT/012/00/1).

For a copy of leaflet CT/012/00/1, contact BCU Head Office.

2.3 Coaching Awards

The Placid Water coaching awards split into two closely linked coaching progressions; instructional coaching and competition coaching.

The instructional awards are geared to support those coaches introducing instructing, leading and organising a Placid Water Club or Centre. The syllabus requires the coach to have personal paddling skills as well as coaching skills – where the coach would normally instruct from a canoe or kayak.

The competition awards are intended to support those people who wish to help paddlers improve their performance in Sprint and Marathon racing (it does not require the coach to have any personal paddling skills).

The suggested entry point into coaching for new coaches is as a Level 1 "instructional" coach (Bell Boat helm or Level 1 Placid Water Coach). It is possible for non-paddlers to enter directly into the Level 2 Racing Coach, but it is hoped that they will follow up the course with a Level 1 Placid Water Coach Award in due course.

RACING STANDARDS AND COACHING

	Instructional	Competition
Level 1	Bell Boat Helm & Placid Water Coach (Teacher) A basic introduction to PW coaching for all. Club / Centre based – especially non-established paddlers.	No award
Level 2	Placid Water Coach (Instructor) Aimed at those instructing paddlers at clubs / centres. Entry point to coaching (instructional) for established paddlers	Racing Coach (Race Trainer) Aimed at those coaching paddlers (senior and junior) in Marathon Divisions 9 – 5 (men), 9 – 6 (women) and or the sprint equivalent.

3. BCU Coach Update (by September 2003)

In 1999 the BCU National Coaching Committee introduced a programme of revalidation for all BCU Qualified Coaches. The BCU programme is set up to provide:

- A system to enable long term training support for coaches
- A means to share good practice
- Improved BCU Coaching Service contact and communication with coaches

The original drive to establish the revalidation programme was external pressure from Sport England to set up a coach licensing scheme for sports coaches and a desire to improve the quality of coaches.

RACING STANDARDS AND COACHING

“Coach Update” now involves all BCU coaches – competition and recreation.

Originally called revalidation, Coach Update requires coaches to put in a minimum of 6 hours of training during in any 3-year period. There are four ways for coaches to become updated:

- Attending a BCU Regional or Local Coach Update Forum
- Participating in a BCU Coaching Awards Course
- Completing a “Continuous Coach Development Record” and sending it in to BCU Head Office (for your copy see CoDe No.102, December 2001)
- Completing the above form online, via the BCU Website
www.bcu.org.uk/coaching

The first 3-year period for Competition Coaches started in September 2000. Therefore **September 2003** is the first deadline for competition coaches to update by.

4.First Aid for Racing & Placid Water Coaches

All coaches are now required to hold a current first Aid Certificate to maintain their BCU Coaching Award. The level of First Aid Training is as follows:

4 hour Certified Course:

Bell Boat Helm, Placid Water Level 1 & 2 Coach, Level 2 Racing Coach.

8 hour Certified Course:

All Level 3, 4 & 5 Coaches (Placid Water or Racing)

For BCU Coaches to maintain the BCU insurance cover they must hold an up to date and certificated First Aid qualification (appropriate level of their award). Most First Aid awards have a 3-year lifespan. It is the responsibility of each coach to make sure the BCU Coaching Service is sent a photocopy of his or her new certificate when the qualification is renewed.

YOUTH PROGRAMME

THE BCU YOUTH PROGRAMME AND PADDLESORT DEVELOPMENT OFFICERS

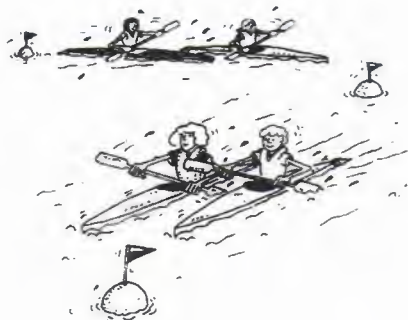

The aim of the youth programme is to get more young people paddling more regularly and taking part in more events. To this end the BCU has adopted a new membership category - 'Youth Section' which gives young people the opportunity to access events (up to 'C' class in sprint regattas and Division 6 in marathon) without paying a taster fee. The Youth programme is also developing more opportunities for young people through the Lightning Scheme to progress into racing. For more details see the Lightning pages which follow in this book.

Another aspect of the programme is the appointment of Paddlesort Development Officers. It is their role to help develop more events suitable for young people of different abilities.

Please contact them if you need support with your event or to discuss any issues related to young people.

The Lightning has been an exciting development for racing – a boat that is designed to meet the needs of young people and the clubs and centres where they are introduced to the sport. Ideally sized for 8 – 12 year olds it aims to encourage the development of skills and participation in sprint and marathon racing, thereby laying long-term foundations for the future of racing.

The BCU with various partners have initiated the development of the Lightning through a successful Sport England Lottery grant to support the supply of equipment nationally. A second bid was submitted in autumn 2002. As part of the Young People's Programme a series of Pyranha Lightning Cup events are run regionally and nationally to support and nurture the development of Young people enjoying the Challenge of Racing.

Guidance for Local/Club Event Organisers

The BCU young people's programme would like to encourage Clubs and Event organisers to follow an event format for Lightning's that provides an enjoyable challenge for children, normally aged 8 – 12 years, as outlined below. The emphasis of the event should be to encourage the participants to train, develop basic paddling skills and improve. Further progressions would be to link events to the Lightning Cup Series and existing regional and national events.

Race Formats	Flexible programme options have been developed to fit local, regional & national events aiming to make them easy to organise & appealing to young people.		
Local 3 in 1	Mini Marathon 2 Km race: Mass start or in heats*	+ Team relay e.g Portage relay / Star test relay / velocano*	+ Mini Sprint 100m – 200m: in groups of equal ability*
Regional & National	Lighting events can be run alongside Sprint Regattas – local, regional or National - and incorporated in existing Divisional Marathons, run as part of the Pyranha Lightning Marathon Cup Series.		
Safety:	<i>It is essential that there is sufficient safety cover for the numbers of participants and the water involved.</i> <i>ALL COMPETITORS MUST WEAR BUOYANCY AIDS.</i>		
Event Promotion:	Organisers should make full use of the use of local media in promoting their events and any Sport England "Lottery Sports Fund" promotional information which may apply. Suggested maximum entry fee: £3.00		
Classes:	➤ Under 10/12 boys and under 10/12 girls on 1st January 2003 who are outside the published ranking list i.e. paddlers below Division 8 standard. ➤ Extra age group categories are encouraged where there are sufficient entries. Inclusion of extra categories is at the discretion of the organiser Note: The defining factor should be the size and ability of the child		
Results:	Organisers are requested to send event results to the BCU Youth programme at BCU Head Office. Please also send copies of all press coverage from your event.		
Prizes:	All competitors should receive a Certificate of Participation Organisers are encouraged to provide prizes to 1 st , 2 nd and 3 rd placed competitors in each identified class, girls and boys.		
Paddler Promotion:	Paddlers may be approached and recommended for promotion by nominated regional coaches. Their decision will be based on a comparison of performance to the "Standards for Racing" published in the BCU Racing Handbook (regional variation may occur)

WORLD CLASS PROGRAMME

British Canoe Union – World Class Directorate

www.worldclass-canoeing.org.uk

The BCU World Class Directorate takes full responsibility for the World Class Programmes. With a combined budget of £2.5 million it employs 25 full time staff as well as part-time and event-based staff, on a regular basis.

The main offices are at The Elms at the National Water Sports Centre in Nottingham. The majority of the Sprint coaches are based from their home offices or clubs in the West Thames area. The World Class Potential men's kayak coach and National Junior Coach are based at the Elms.

World Class Performance

The programme currently supports 12 Sprint athletes in their training and competition programmes with the aim to win medals in significant international competitions within the next 2 years.

The programme is funded through until March 2005 and the Performance Director (John Anderson) has overall responsibility for managing and directing the Programme. The BCU is accountable to UK Sport for this programme. The PD also provides the overall strategic direction for all of the World Class Programmes.

2003 Key Races for Assessing Performance – Seniors

All paddlers hoping to be selected for GB teams should read the 2003 Selection policy and the timetable for selecting international teams. This information is essential to preparing a training programme.

World Class Potential (WCPL)

The World Class Potential Programme is funded by Sport England for **English** development athletes. Sport England defines the programme as follows:

'To assist the development of talented performers with the potential to win medals in significant* future international competitions within the next 10 years.' (* Note: BCU defines significant events as the European or World Championships)

Full Review

In October each year the WCPL coaches and Programme Manager of the BCU carry out a full review of athletes included on the WCPL programme along with those who may not yet be included but who may be of the appropriate standard. The outcome of this review is that a paper detailing this information plus the recommendations of the coaches as to the athlete's status within the programme for the incoming year is then prepared for formal approval by the BCU World Class Programmes Management Group. This paper is then submitted to Sport England for their final consideration and agreement. The final decision is with Sport England, which funds the programme.

The programme reserves the right to make changes to status after the first April selection regatta.

WORLD CLASS PROGRAMME

Athletes and Coaches

There are 16 athletes included within the racing programme. As from 01 November 2002 these are:

MK1		WK1
Paul Burgoyne	Nathan Johnson	Becci Hunter
Edward Cox	Andrew Kelly	
Ben Farrell	Adam Kennedy	
Nick Fowler	Keith Moule	C1

Programme Manager	Anne Ferguson	(0115 9822094)

Principles

- Age and Junior Athletes

Athletes to be included in the programme will be principally within the age range of 18 – 23 years old. If a junior athlete is achieving the performance standards for an athlete of 18 or older, then they will be considered for the programme. If a junior is included in the programme then they will receive only their personal funding from it. All of their training /competition needs and costs will be funded from the WCS junior programme.

- The programme recognises that the Women's Kayak and Canoes are development classes and that entry criteria will reflect this, particularly within the Under 20 age range
- The number of athletes included within the programme at any one time is dependent upon the finance and resources allocated by Sport England and Lottery Funding.
- Sprint racing results remain the priority selection criteria, however Marathon results from World or European Championships will be taken into account to support Sprint racing results.

Criteria

There are 3 main ways of inclusion onto the WCPL squads:

1. Selection for and performance at the Senior World Championships
Any athlete within the designated age range and selected for and achieving a Top 15 position in an Olympic or non-Olympic event will be guaranteed their place on the WCPL programme

WORLD CLASS PROGRAMME

2. Selection for and performance at the Junior World Championships
Any athlete selected for and achieving a final at the Junior World Championships will be guaranteed their place on WCPL
3. Year End Review
An athlete not achieving either 1 or 2 will be assessed against the following criteria:
 - a. Programme Standards
Guideline minimum times (in ideal conditions) for inclusion in this programme are as follows:

Banding – Athletes banding within the programme will be subject to all of the above criteria

WORLD CLASS PROGRAMME

World Class Start (WCS)

The World Class Start Programme is funded by Sport England for **English** development athletes. Sport England defines the programme as follows:

'To help in the identification and nurturing of a specific number of performers who have the necessary characteristics to achieve future World Class success.'

Athletes will principally be in the age range 13-18 and the programme is largely based in the clubs and regions. It covers the preparation and racing of junior international Great Britain U18 teams and junior development teams.

The Programme has the flexibility to define two levels within the programme:

- Junior Elite
- Talented Juniors

Full Review

In October each year the WCS coaches and Programme Manager of the BCU carry out a full review of all athletes. The recommendations of the coaches are then prepared for formal approval by the BCU World Class Programmes Management Group. This paper is then submitted to Sport England for their final consideration and agreement. The final decision is with Sport England, which funds the programme.

After April selection events, the programme retains the right to modify status and groups as progress dictates.

WORLD CLASS PROGRAMME

¹ Selection Policy 2003.

(5.11.02)

10. General Notes on Selection

As an outdoor sport that can be affected by weather conditions and lane draws, it will be necessary to operate a policy of continuous assessment within an agreed and published framework. Athletes achieving satisfactory results at National events can be considered for selection to GBR and English teams

10.1 Any athlete wishing to be selected must complete an availability form supplied by the programme manager. They must also complete an athlete's agreement.

10.2 Selection Committee

The BCU Sprint Racing Committee has established a Selection Committee. The Selection Committee comprises the BCU Performance Director, the National Performance Manager (Sprint Racing), the National Performance Coach (Sprint Racing), the relevant National Squad Coach and a nominated member of the Sprint Racing Committee. The National Performance Manager will normally chair selection meetings

10.3 Competition Programme

The National Performance Manager for Sprint Racing in conjunction with the National Performance Coach will prepare a draft training and competition programme for approval by the BCU Performance Director and the Sprint Racing Committee. This Programme will be published in the Racing Handbook.

10.4 Teams for Major Internationals

Teams for all major international events, World Cups, World and European Championships must comply with the rules of the International Canoe Federation and the European Canoe Association. Entry to these events is restricted to National Governing bodies affiliated to the ICF and the ECA. Restrictions apply to the number of entries each country may place. Selections for these competitions will be made by the Selection Committee as shown in 10.2

10.5 Teams selected for the World or European Championships will be submitted to the Sprint Racing Committee for ratification.

10.6 Teams for Minor Internationals

The National Performance Manager, in consultation with the Senior or Junior National Coaches and the relevant National Squad Coach, may select teams for minor internationals.

10.7 Special rules for Olympic Games

Entry to the Olympic Games is subject to qualification rules as agreed between the International Canoe Federation and the IOC. The Selection Committee as defined at 10.2 will select a G.B. Olympic Canoe and Kayak Sprint Racing Team. This team will be submitted to the Sprint Racing Committee for ratification and then to the British Olympic Association for approval.

10.8 Funding

International team selections are subject to available funding; this means that funding could influence the size and number of our international teams. Athletes who are not on World Class Programmes will be asked to contribute an amount determined by the National Performance Manager and approved by the BCU Racing Committee. These contributions will only be used to support the international Competition Programme

WORLD CLASS PROGRAMME

Framework for Continuous Assessment Process:

Results from international competitions and the domestic regattas shown above will be used for assessment during the year. Paddlers wishing to be assessed should compete in the following National regattas.

- Seniors: April and June.
- Juniors: April, May and July.

In cases where a selection is not clear cut the selectors may also look at previous competition results and use this information to assist in the selection process. The Racing Committee reserves the right to vary selection dates if unforeseen circumstances disrupt the selection timetable. If this becomes necessary every effort will be made to inform athletes as soon as possible. The SRC may select other international teams during the year.

Paddlers and coaches should also take note of the information provided concerning crew boats

Additional Notes on Selection issues and crew boats:

Winter training camps are for programme athletes only. The SRC does not have sufficient funding to support non-programme athletes through the winter training programme. The SRC will support any non-programme athlete selected for the Seville warm weather camp. Inclusion to this camp will be on the recommendation of the National Coaches. A decision on numbers for this camp will be made following the second round of testing scheduled for 1st -2nd March 2003

Winter Testing Programme:

National coaches will hold two formal testing weekends, which will be open to non-programme athletes who have achieved the following minimum standard:

Men's A	Women's A & B	Canoe A & B
----------------	--------------------------	------------------------

The purpose of the testing is to determine base fitness and strength levels at the start of the winter training period and to measure improvements through the winter. Paddlers should be aware that results from the testing programme combined with other factors shown below will be taken into consideration when selections are made for training camps and crew boats.

Criteria to be considered when selecting crew boats:

- | | |
|---|---|
| • Ability | Competition Results |
| • K1 Test Results | November and March for Seville Camp |
| • K1 Test Results | Seville for consideration for crew boats |
| • Strength and Fitness | March Testing Weekend |

WORLD CLASS PROGRAMME

April and June Regatta:

Coaches will continue to assess paddler's individual performance throughout the season. Paddlers wanting to be assessed for crew boats should race in singles at the April and June regattas.

Assessment in singles: Senior Men 500 and 1000: Senior Women K1 500

This is to establish that paddlers have a base level of speed and fitness that is essential to be able to train in crew boats. Paddlers should be aware that the additional points shown above will also be used when forming crew boats.

Flat Water Squad Testing Gym Protocols

It is important for all concerned that the testing undertaken at the squad weekends is fair, repeatable, comparable between individuals, uses exercises which are both specific to paddling and minimises the risk of injury, and has continuity through the development programmes (Start and Potential). The exercises and protocols outlined in this document aim to meet all of the above criteria, whilst also adhering to Health and Safety, and Duty of Care guidelines as set out by our fellow governing body the British Weight Lifting Association.

The table below outlines the weights to be lifted in each of the exercises.

	Time of test	Senior Men	Junior Men	Senior Women	Junior Women
Bench Press	Max in 2 mins	50kg	40kg	35kg	30kg
Bench Pull	Max in 2 mins	50kg	40kg	35kg	30kg
Rotation	Max in 1 min	20kg	Medicine Ball	10kg	Medicine Ball

The Junior Men and Junior testing weights are for 17/18 year olds and may not be applicable to younger juniors.

Bench Pull

- The bar must not be put down, until failure is reached. Rest can be taken, but the bar must be held. Putting the bar down will signal the end of the test if 2 minutes has not been achieved.
- The lift starts from arms extended, to the bar touching the bench, to arms extended. If the arms do not extend, one warning will be given. If further repetitions are made with the arms not extending to a straight position, they will not be counted.
- To prevent a swinging action taking place, the bar is not allowed any further forward than a vertical line which is positioned where it bisects the ear.
- Legs may be held to aid stability.

14.5 Duties of Officials

- 14.5.1 The Chief Official, who is also the Chairman of the Competition Committee, shall observe and supervise the races and decide on all matters arising during the actual contest which are not dealt with in these Rules. With the confirmation of the Competition Committee, he may disqualify any competitor who behaves improperly or who, by his conduct or speech, shows contempt towards the competition officials, other competitors or onlookers.
- 14.5.2 The Competition Organiser is responsible for organising the competition and producing the competition programme. He should chair the Team Leaders Meeting and is responsible for the smooth running of the competition and the general co-ordination of officials and competitors during the competition. When required to do so by the Competition Committee (or Jury in the case of National Championship Competitions) he shall, with the assistance of the measurer, ensure that regulations concerning measurements are complied with. He shall make certain that the announcer gives the onlookers all the necessary information about the races such as the starting order, the names of competitors failing to start and the result.
- 14.5.3 The Competition Secretary shall be responsible for recording the results of the races, arranging the draws for intermediate rounds and finals and distributing the results and draws to those Officials who require them.
- 14.5.4 The Starter decides all questions concerning the start of the races, and is alone responsible for decisions as to false starts. His decision is final. He shall see that the starting gun or pistol or other starting device is in good working order. By means of a signal, he shall communicate with the officials at the finish line and, after having received a signal from there that all is ready, he shall order the competitors to their places and carry out the start according to the Racing Rules.
- 14.5.5 The Aligner is to bring the boats to the starting line with the least possible delay, to check the competitors' attire and the competitors' number. When all boats are level he shall notify the starter by raising a white flag.
- 14.5.6 The Course Umpire shall see to it that during a race the rules are complied with. If the rules are broken, the Umpire shall report to the Chief Official, who in turn shall refer it to the Competition Committee. The Competition Committee shall decide whether any of the competitors concerned shall be disqualified or not. If the Umpire has a report of an infraction of the rules he shall show a red flag after the race and shall make a report before the next race takes place. In such a case, the Competition Committee make known its decision immediately and before the result of the race is announced. If there is no infraction to report, the Umpire shall show a white flag. In races of 500 and 1,000 metres, the Umpire shall follow the race in a motorboat. He shall be completely unhampered during the race. No one except the Umpire and the driver shall be admitted to the boat reserved for him. When a motorboat is not used, one or more Umpires shall be placed in such positions from which they can ensure that the rules are being complied with. In long distance races with many competitors, more than one Umpire may be nominated. One of the Umpires shall, if possible, follow the leading group in the race, but without disturbing the other competitors. In case of hindrances the Course Umpire must stop the competition passing all boats in the race and waving the red flag or using a sound signal until all boats have stopped paddling. After this all boats shall return to the start. The Course Umpire shall report immediately the infraction to the Competition Committee.
- 14.5.7 The Turning Point Umpires, when a race is run along a course with one or more turning points, one or more Umpires and one recorder must be stationed at each turning point, where they gain the best view of the turn. The Turning Point Umpire shall see that the competitors turn according to the rules. The recorder shall make a list of all who pass the turning point. Immediately after the race, the Turning Point Umpire shall report to the Competition Committee as to who has turned and if any infraction of the rules has taken place.
- 14.5.8 The Finishing Line Judges decide the order in which the competitors passed the finishing line. The Judges shall be placed at the finishing post. If the Judges differ regarding the placing of two or more of the competitors the dispute in the absence of photo finish, shall be decided by simple majority. In the case of equal voting, the Chief Judge has a casting vote. When the photo finish is used, the result determined by the Finish Line Judges shall be compared with it, with the photo finish being decisive.
- 14.5.9 The Timekeepers are responsible for recording the times. This shall be done by means of stopwatches or suitable electronic equipment. It is the responsibility of the Chief

SPRINT RACING SECTION RULES

Timekeeper to ensure that the timing equipment is working correctly. The Chief Timekeeper shall divide the work amongst the timekeepers. At the end of each race, he shall compare the official times with the other timekeepers and immediately inform the Competition Organiser (or Manager) of them. Each race shall be timed by at least two watches. When the watches have not recorded the same time, the longest (worst) time shall be taken as correct. The stopwatches are to be started when the electronic or optical signal from the start is received. Timekeepers may also officiate as Finish Line Judges.

14.5.10 The Announcer shall, on the instructions of the Competition Organiser, announce the start of each race, the order of the starting and the position of the competitors during the race. After the race is finished, he will announce the results.

14.5.11 The Media Officer must supply all the necessary information to the representatives of the press, radio and television about the race and its progress. Late entries shall not normally be accepted. The acceptance of late entries shall be at the discretion of the Competition Committee who may charge up to double the entry fee.

17. Acceptance of Entries

Confirmation that the entry has been accepted, together with notification of the result of the draw and time of events, shall be sent to the entrant on written request by him and on production by the entrant to the Competition Organiser of a "stamped addressed" envelope.

18. Alterations to Entries and Withdrawals

Any competitor named in the final entry or at the Team Leaders Meeting may substitute for any other in the given type of racing (kayak men, kayak ladies, canoe men). Notification of alterations in the entries must be given in written form to the Chief Official at least one hour before the first race of the morning or afternoon session. The withdrawal from a race is considered final and no renewed entry of the same crew is allowed. Every competitor whose entry has been confirmed by his own club, at the time of the meeting of the team leaders, called for this purpose, is obliged to take part in the due event. If the competitor does not start, and has no valid reason approved by the Competition Committee, he shall be disqualified for the whole competition. A competitor who arrives too late at the start, shall be considered to have voluntarily withdrawn and shall be disqualified from taking any further part in the event, under this rule.

19. Alterations in the sequence of events

The sequence of races given in the programme and the intervals between races as given in the

SPRINT RACING SECTION RULES

racing programme are binding on the organisers. Alterations cannot be made unless the respective Team Managers at the competition give their consent.

20. Marking Signs

For National Championships and where possible for other competitions the turning points shall be marked by at least six flags (or buoys) which shall be readily distinguishable and shall, if possible be diagonally divided with one half in red and the other half in yellow. Both the start and the finishing lines shall be marked with red flags or buoys, at the points where these lines intersect the outer limits of the course.

21. Courses

Before the start of the races the racing course shall be measured and marked by means of clearly visible flags mounted on buoys. The course at the start shall permit a clear width where possible, of at least 5 metres for each boat. For National Championships the starting and finishing lines shall be at right angles to the course. The finishing line shall be at least 45 metres long and be marked by two flags. The Finishing Line Judges must be placed as near to the finishing line as possible. For National Championship races up to 1,000 metres, the course must be straight and in one direction. For races exceeding 1,000 metres turning points are permitted. In this case the following conditions should be fulfilled, (unless a special dispensation has been obtained from the Racing Committee).

- 21.1.5 The radius of each turn should, if possible be at least 40.5 metres.
- 21.1.6 Both the start and the finish of the race shall be in front of the finish tower.
- 21.1.7 The red flags of the finish line shall be placed as much to the outside possible in order to get the widest possible finish line.
- 21.1.8 The starting pontoons for the 500 metre races are to be removed if possible.

21.2 For competitions other than National Championships these conditions should be complied with, where possible, and the Racing Committee approval for the course sought through the Secretary.

22. Canoe Numbers

All kayaks and canoes shall carry a vertical number plate marked with black numbers on yellow ground indicating the lane. The plates shall be placed on the centre line of the after deck (Canadian Canoe foredeck). The approximate size of the number plate shall be 18 x 20 cm.

A protest against the right of a crew to take part in a race shall be referred to the Chief Official not later than one hour before the start of the race.

- 24.1 A protest made later (within 31 days from the date when the race in question was held) is only permitted if the officials of the club of the competitor making the protest can prove that the facts on which the protest is based, came to their knowledge later than one hour before the start of the race.
- 24.2 A late protest shall be referred to the B.C.U. Racing Committee accompanied by the prescribed fee (see below).

SPRINT RACING SECTION RULES

- 24.3 A protest made during a competition must be addressed to the Competition Committee and be handed to the Chief Official not later than 20 minutes after the Team Leader has been informed by the Chief Official of the protest against his competitor or team. All protests must be made in writing and be accompanied by a fee of £5.00 (International Competitions £15.00) which shall be returnable if the protest is upheld. If the protest is not upheld the fee may not be returned at the discretion of the Competition Committee.

Part IV - RACING REGULATIONS

25. Disqualifications

Any competitor who attempts to win a race by any other than honourable means, who breaks the Racing Regulations, or who disregards the honourable nature of the Racing Regulations, shall be disqualified for the duration of the race concerned. Should a competitor have completed a race in a kayak or canoe which is shown on inspection not to fulfil the classifications (see Rules 10-13), he shall be disqualified from the race in question. It is forbidden to receive during a race, outside help, or to be accompanied by other boats along the course - even outside the lanes - or by throwing objects into the course. All such acts shall entail the disqualification of the competitor(s) concerned. For National Championships, and where possible all other competitions, all disqualifications by the Competition Committee have to be confirmed in writing immediately with reasons. The Team Leader has to acknowledge the receipt on a copy with the exact time, which is the start of the protest time.

26. Means of Propulsion

Kayaks shall be propelled solely by means of double bladed paddles. Canadian Canoes shall be propelled solely by means of single bladed paddles. The paddles may not be fixed on the boat in any way. If a paddle is broken a competitor may not be provided with a new one by a supporter.

27. Heats and Finals

At least three kayaks or canoes must be entered before a race can be held. If the number of entries in a race up to and including 1,000 metres is so great that heats are necessary, the number of kayaks or canoes in each heat and in the final must not exceed nine. The division of competitors into heats shall be determined by drawing lots.

- 27.1.1 Where the width of the course permits, eight or nine kayaks or canoes shall participate in the final. If more than this number has been entered in the entire race the recommended procedure is:-
3 to 9 entries direct final.
10 to 15 entries two heats and three from each to final, rest to 1 semifinal, with 3 through to the final.
16 to 27 entries 3 heats, 1-2 to final: 3-5 to semifinal, with 3 to the final
- 27.1.2 The division into heats must be made in such a way that at least three competitors proceed to the final (or intermediate heats) from each preceding heat.
- 27.2 When making the draw, the difference between the number of competitors in the heats of the race shall not exceed one.
- 27.3 If the number of competitors in the heats varies, the earlier heats shall have the largest numbers. Any crew which has not taken part in a heat as instructed shall not be allowed to compete in the final. The composition of a crew which has qualified for intermediate heats or for the final must not be changed.
- 27.4 Heats and the final shall be run on the same stretch of water. For races of more than 1,000 metres, heats shall not be held, and all canoes or kayaks taking part shall start simultaneously. The procedure for selecting competitors to race in finals will be on the basis of one of two criteria: either times or positions obtained in heats. The criterion used for each event will be decided by the B.C.U. Racing Committee and published in advance of the event.
- 27.5 Should the width of the water not permit a simultaneous start, starts at regular intervals shall be permitted.

28. Start

Lots shall be drawn to determine the stations of boats at the start. Lane One shall be on the left (when facing the finish), then lane two and so on. In competitions where heats are required, lots must be drawn for each heat separately (opening, intermediate, and final).

SPRINT RACING SECTION RULES

- 28.1 Competitors shall be at the start at the time specified in the racing programme. The start shall be given without reference to absentees.
 - 28.2 The position of the boats at the start shall be such that the bows of the competing boats are on the starting line. Boats must be stationary.
 - 28.3 The Starter will announce to the competitors the time remaining to the start by "START WITHIN TEN SECONDS", when he is satisfied he will give the starting signal by a shot or a short powerful sound.
 - 28.4 In the long distance races the starter shall declare "START WITHIN ONE MINUTE" when he is satisfied he will give the starting signal by a shot or a short powerful sound.
 - 28.5 The starting signal can also be the word "GO".
 - 28.6 If the Starter is not satisfied with the line-up he will call "STOP", and hand over to the Aligner for repositioning.
 - 28.7 If the competitor starts paddling ahead after the words "START WITHIN TEN SECONDS or ONE MINUTE", and before the starting signal has been given, he has made a false start.
 - 28.8 The starter must immediately fire two shots and warn the offending competitor/s. If two false starts are made by the same competitor/s the starter must exclude him/them from the race. A warning and subsequent disqualification by the starter applies only to the boat/competitor which/who caused the false start.
29. **Interruptions**
The Umpire has the right to interrupt a correctly started race if unforeseen hindrances arise. Such an interruption may be effected by the course umpires with a red flag and sound signal. The competitors must immediately stop paddling and await further instructions. If a race is declared null and void, no change of the composition of a crew is permitted at the new start. In the event of a capsized competitor or crew is eliminated from the race if he or they are not able to get in again without outside help.
30. **Taking Pace and Hanging**
Taking pace or receiving assistance from boats not in the race or by any other means is not permitted. When a race is in progress crews not taking part in the race are strictly forbidden to proceed over whole or part of the course, even outside the marking buoys.
- 30.1 Races up to 1,000 metres. In races up to 1,000 metres competitors must keep to their lane from the start to the finish of the course. They shall keep as far as possible the centre of their lane. No competitor must come nearer than five metres in any direction to another competitor.
 - 30.2 Races of more than 1,000 metres. In races over distances of more than 1,000 metres competitors may deviate from their lane providing they do not impede other competitors.
31. **Turns**
When a race is run on a course with turning points these shall be passed to port (i.e. in an anti clockwise direction). When going around a turning point, the competitor on the outer course must leave room for the competitor on the inner course if that competitor has the bow of his boat at least level with the front edge of the cockpit of the boat on the outer course. With respect to K2 and K4, this refers to the fore-cockpit. With respect to C1, it refers to the level of the competitor's body, and for C2 it refers to the level of the body of the foremost member of the crew. A competitor will not be disqualified for touching a turning buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning point.
32. **Overtaking**
When a canoe or kayak is overtaking another canoe or kayak in a race, it is the duty of the overtaking craft to keep clear at all times of the boat being overtaken. On the other hand, the craft being overtaken must not alter its course to make difficulties for the overtaking craft.
33. **Collision or Damage**
Any competitor who collides with another, or who damages the craft or paddle of another can be disqualified and can be required to pay damages.
34. **Finish**
The finishing line is reached when the bow of the canoe or kayak with the competitor/s in it passes the line between the red flags. If two or more boats reach the finishing line at the same

SPRINT RACING SECTION RULES

time they get the same classification in the final. In the case of a dead heat finish for any position which determines the advance to the next level of the competition the following rules will apply:

- 34.1 Wherever there are sufficient number of lanes available in the next level of the competition, drawing of lots will determine to which race each boat will advance. If possible it may also use lane number 10.
 - 34.2 Wherever there are not enough lanes available there will be a re-race between the boats involved 30 minutes after the race (and for International Competitions one hour after the last race of the day, or half day programme)
 - 34.3 In the case of a dead heat in the re-race, drawing of lots will determine the outcome.
35. **Racing Colours**
Every racing club must register their racing colours with the Racing Committee (and any changes thereto). All competitors from a club must wear the correct colours at all times.

 - 45.6.4 To recommend to the B.C.U. Council that a suspension should be for a longer period, or that the member should be suspended from all B.C.U. membership rights, or expelled from the Union, or that some other specified penalty should be imposed by the Council.
Where the complaint was originally lodged by the Section Executive Committee itself, it shall not impose a penalty under 6.3.1 or 6.3.2 above, but may recommend that the penalty be imposed by Council.
- 45.7 The Section Executive Committee shall notify the member by recorded delivery post of its findings of fact and of its decision or recommendation and shall inform him of his right of appeal under regulation 45.8 below, where applicable, and shall send a copy of the notification to the B.C.U. Council.
- 45.8 In the case of a decision falling under regulation 6.3 or 6.4 or involving a recommendation under regulation 6.2, the individual member concerned may appeal to the B.C.U. Council within 10 days of the date of notification, setting out the grounds for appeal in writing: where an appeal is made the penalty shall be treated as in abeyance pending consideration of the appeal by Council.
- 45.9 The B.C.U. Council shall consider, within 30 days of being notified of the complaint, the Section Executive Committee's findings and decision and give the member an opportunity within a specified time to make orally any further explanation or defence that he desires to submit.
- 45.10 The B.C.U. Council's functions under regulation 9 may be performed by a standing Committee appointed for the purpose under Article 42 of the Articles of Association of the B.C.U.
- 45.11 **Immediate Discipline**
Organisers of events or training facilities in the Section's programme may, without prejudice to the making of complaints under Regulations 45.2-45.10 above, summarily exclude or disqualify members or competitors for violent or very unreasonable behaviour from the event or session concerned or from subsequent events or facilities held at the same site within 2 months of the offence.
- 45.12 **Code of Ethics**
Everyone within the BCU Sprint Racing Section is subject to the conditions and ethics as given in Section 5 of the BCU 'Coaching Code' published by the BCU UK Coaching Service, and are required to operate under the same general Sport and Recreation Code of Ethics.
- 45.13 **Regatta Officials**
 - 45.13.1 It is vital for the honourable nature of the Sport that Officials are not subjected to any act that may compromise their position.
 - 45.13.2 Regatta Officials must not be threatened or subjected to harassment, intimidation or abuse. No attempt should be made to persuade Regatta Officials to take an action which is dishonest or contrary to the Official's code of ethics or honourable nature of the Racing Regulations. This applies at anytime, in or out of competition. It is incumbent on each Official to report all such acts.

SPRINT RACING SECTION RULES

- 45.13.3 The report should be in writing and sent without delay to the Racing Committee (through the Section Secretary) who will consider the matter in accordance with the Section's Disciplinary Regulations.
- 45.13.4 In the event of an action taken immediately prior to or during a BCU Regatta, the Official should hand their written report to the Chief Official. The Chief Official with the Regatta Committee must take action in accordance with the Section's Disciplinary Regulations.

Notes to the Racing Regulations.

Interpretation of Rule 30.1 - Races up to 1000 metres (including the 5 metre rule)

The rule requires competitors to keep to their lane from the start to the finish of the course and for their boat not to come nearer than five metres in any direction to another boat. Rule 42.1 in the Rules for World Championships requires the lanes along the length of the course to be marked by buoys not more than 25 metres apart.

This means that the competitor may progress along the course in any part of their lane provided that their boat does not come within five metres of another boat. Their boat must pass between all the buoys that mark their lane along the length of the course.

For a boat to momentarily deviate out of the line marked by the buoys but still pass between all the buoys is not an infraction provided that the boat does not come within five metres of another boat. However, it is reportable and a red flag must be shown at the end of the race with a written report in the normal way.

The rule also says, "They shall keep as far as possible the centre of their lane." The wording appears to conflict with the first part of the rule - "Keep their lane." However, it is not intended to. Competitors are not permitted to race down the side of their lane following the line of buoys that mark the lane. They must follow a line as close to the centre of the lane as they find they are able to do. If a competitor should race very close to the buoy line for 100 metres or more, that is an infraction.

MARATHON SECTION

BRITISH CANOE UNION MARATHON RACING COMMITTEE

Chairman's Foreword

The 50th Anniversary Year of Marathon Canoe Racing is now over and we look forward to the start of a new era. Successful commemoration races were held by the Viking Kayak Club at Bedford and by the Chelmsford Canoe Club, although the very full racing calendar did limit entries to both events. The National Championships were held in fine sunny weather at Bedford and the event was graced by a visit by members of the Dutch National team. Wey Kayak Club ran the Hasler Trophy event from the racing facilities at Eton, using both the lake and the Thames making for a new and exciting course. Both events were well organised and our thanks must go out to these clubs for all their hard work. It must be noted that the numbers in the Hasler Final this year were down on expectations and your committee are looking at ways and means to encourage more paddlers to participate in this, our major celebration of club racing.

On the International front, we sent teams to all the major events. The World Championships which were to have taken place in the Czech Republic had to be cancelled at the eleventh hour due to the exceptional flooding that was taking place in Central Europe. The Spanish authorities stepped in and offered the Zamora course and the event was run just a few weeks after the original date. It proceeded without a hitch which is a great tribute to the Spanish Federation's organising ability and one which augurs well for the World Championships 2003 which are to take place at Valladolid at the end of September. On the same weekend as the Zamora championships we sent several busloads of junior paddlers to race on the Loire in France and I feel sure that the experience gained will stand them in good stead in their future racing careers.

During the past year sport's funding has moved one further step away from Marathon Racing, the paying authorities no longer recognise the close connection between Marathon and Sprint and it did appear at one stage that they actively sought to sever all ties. However, the two committees have strived to maintain the strong bond and the home calendar has been so arranged as to allow those paddlers who so wish to take part in the assessment races without jeopardising their sprint potential. We will continue to work together for the good of our sport and look forward to a wonderful season in 2003.

Good paddling.

David Green
Chairman.

MARATHON SECTION

INTERNATIONAL MARATHONS

SELECTION POLICY FOR GREAT BRITAIN REPRESENTATIVE TEAMS

Objectives

- 1 To win medals at World, European Championships, and World Cup events.
- 2 To maintain a position as a top nation in international competition.
- 3 To ensure the long-term athlete development required for international success.

This policy may be amended or supplemented by the BCU Marathon Racing Committee at its discretion in order to achieve the above objectives to cover exceptional circumstances. Every effort will be made to ensure as much notice as possible is given to all persons affected by any change.

Process of Selection

- 1 Each year, the ICF publish an International Calendar from which a programme of International Events to be attended, is selected. Due regard being given to the Objectives and to budgets. Some events may be designated "Development". The programme is specified in the Racing Handbook.
- 2 The basic team composition for each event will be detailed in the Racing Handbook. Changes may be necessary to suit all the factors affecting team size and budgets.
- 3 The selection of teams for **all** internationals will be made on a **continuous assessment and open-to-all basis**. The composition of the team for each event will depend entirely on paddlers being, and proving that they are, of sufficiently high standard.

(The system of **continuous assessment** as opposed to system of 'first past the post' at a nominated selection event has been in operation for several years and has operated very well. It allows the selectors to consider an athlete who has under performed in any one race. This could be due to illness or equipment failure. It also means that consideration can be given to improving athletes who may not be winning but show potential for the future.)

- 4 Teams will be selected from results at the Assessment races, as detailed in the Racing Handbook, while accepting that there can be many variations of circumstances to affect performance. In marginal cases, previous competition results may be taken into consideration.
- 5 All Senior and Junior Kayak Men should race in the Assessment classes, and Senior and Junior Women, and Canoes, in Division 3 unless otherwise instructed.

MARATHON SECTION

- 6 Athletes wishing to be considered for International Events must comply with the following conditions.
- 6.1 They must be Comprehensive BCU members, throughout the year.
 - 6.2 Having due regard to their availability for selection and their preferred programme, they should apply to the Team Manager by completing fully the Application Form, and returning it by the dates specified in the Racing Handbook.
 - 6.3 They should be prepared to meet all assembly costs and pay a contribution towards food, as detailed in the Racing Handbook.
 - 6.4 They should be prepared to travel and be accommodated in the best interest of the team.
 - 6.5 They must be prepared to accept the Team Coach's direction with regard to training and racing while abroad.
 - 6.6 They must be prepared to dress and conduct themselves in a manner befitting a British Team representative, and promote the good name of British canoeing both at home and abroad.
 - 6.7 They should be prepared to give support to the Sport UK, Sport England and the Lottery in promotional aspects, in return for the Grant Aid received.
 - 6.8 They should wear the GB tracksuit and team clothing provided, on all suitable occasions.
 - 6.9 They should compete in the appropriate Assessment events, and make themselves available for at least one World Cup event if they wish to be considered for the World Championship.

PERFORMANCES IN ASSESSMENT EVENTS AND INTERNATIONAL EVENTS WILL HAVE A STRONG BEARING ON ALL TEAM SELECTIONS.

- 7 The principles guiding the Selection Committee will be as follows.

The best team available to represent Great Britain will be selected having regard to the following.

- A To win medals at World and European Championships and World Cup events.
- B National Team points.
- C Experience enhancement and development potential consummate with the level of the Competition.
- D Available budget for an event that supports the overall Marathon programme.

MARATHON SECTION

- 8 The Selection Committee shall consist of the following

The BCU Marathon Racing Committee selectors comprising

Chairman BCU Marathon Racing Committee who will Chair all selection meetings

Marathon Team Manager

Up to 4 additional members nominated by the BCU MRC.

The BCU Performance Director

The BCU Flat Water National Performance Manager

Selectors are required to make every effort to attend all Domestic Assessment events, to ensure that a true and accurate assessment of current abilities can be made.

2003 INTERNATIONAL PROGRAMME

At the time of going to press, the overall funding for our programme from the Lottery and BCU exchequer fund has not been finally resolved. It is clear however that the money will be supplied from different sources, which will mean tight restrictions on its use. It is the Committee's intention to provide as full a programme as possible for 2003, within the restraints. The World Championships for Seniors and Juniors will be in Spain. The European Championships for Seniors and Juniors will be in Poland. The 2 World Cup events are in Norway and the Czech Republic.

The main events for the year, for both Seniors and Juniors, are therefore: -

World Cup 1	Bergen, Norway	June 21/22
European Championships	Gdansk, Poland	July 12/13
World Cup 2	Tyn nad Vltavou, Czech Republic	August 16/17
World Championships (WC3)	Valladolid, Spain	Sept 20/21

The World Cup Trophy will be awarded for the best total results from the two events. Each country can enter 3 crews, (2 at World Championships) in each class, with only the first finisher to count. In the Junior World Cup there are classes for Men K2, K1, C1 and Women K1& K2. For the European Championships, which is not a World Cup, 2 boats per class are permitted.

In addition to the 3 main events, we plan to send small teams to Crestuma, Pontrevedra K4 and a development team to local European competitions depending on the assistance we receive from the Organisers. We will also support other events, where the Organisers provide total finance.

MARATHON SQUAD

The BCU Performance Department, in consultation with the Marathon Committee and within the constraints imposed by the Lottery Panel, has nominated potential team members to form a National Marathon Squad. They are recognised in the Performance, Potential & Start Plans. The list is not available for publication at the time of going to press, but the Committee will assist all squad members to seek additional personal sponsorship.

MARATHON RACING

PART A. - CONSTITUTION AND ADMINISTRATION

1. The Marathon Racing Section of the BCU interests itself in all matters arising out of Marathon Racing in Great Britain.
Its aims are as follows: -
 - (a) To encourage Club, Regional, National and International Marathon Events.
 - (b) To draft rules and make recommendations for the conduct of National and Regional marathons.
 - (c) To give advice, guidance, and encouragement to sponsors of Marathon racing in Great Britain.
 - (d) To select, train and administer teams representing Great Britain in International events.
 - (e) To select, train and administer teams representing England in International events.
 - (f) To confirm and record cross channel canoe and kayak record attempts.
 - (g) To foster the development of suitable craft and equipment for Marathon Racing.
 - (h) To act as final authority in disputes and protests.
2. Annual General Meetings shall consist of a Chairman, Secretary, Treasurer, National Racing Coach and other such officials as the Annual General Meeting consider it necessary to elect, together with the representatives appointed by the clubs and organisations. Each canoe club affiliated to the BCU, and having five full members of the BCU, may appoint two representatives to attend the Marathon Racing Annual Meetings. Under current arrangements the Race Records Officer has a clerical function only and is not an elected member of the Executive Committee.
3. Each club or organisation affiliated to the BCU and represented at an AGM will be entitled to one vote. The Chairman will not be entitled to vote, except in the case where a casting vote is required. A quorum shall consist of six represented clubs.
4. The AGM or Executive Committee may co-opt additional members as they think fit in the interests of the sport, but co-opted members will not be entitled to vote. The AGM or Executive Committee may co-opt members or persons who are full time employees of the Union or who have a commercial interest in canoeing only with the permission of Council.
5. At least one meeting will be held during the year in addition to the AGM. Where clubs wish to raise alterations or additions to the 'Rules for Competition' at this half year meeting, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two individual members by 12th June. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting. Any additions or alterations to the 'Rules for Competition' agreed by the meeting will come into force on 1st September following the meeting.
6. Where clubs wish to raise matters of policy or alteration of existing rules at the AGM, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two full individual BCU members by 12th October. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting.
7. The AGM shall elect an Executive Committee, consisting of officers and other members up to a total of 12, for the purpose of day to day administration. The quorum of the Executive Committee shall be four voting members. The Executive shall be responsible to the AGM.
8. The officers and members of the Executive Committee shall serve for two years and shall be eligible for re-election, half retiring one year and the other half the following year. Nominations for election shall be in writing supported by the signatures of two full BCU Members and must reach the Secretary before October 12th prior to the meeting at which the annual election takes place. If more than one nomination is received for a post, the AGM will elect by ballot. If no nomination is received for a post the previous officer will be automatically re-elected provided they are willing to stand.
9. Marathon racing funds shall be administered by the Executive Committee.
10. The Executive Committee shall approve the list of trophies which are the property of the committee and are awarded each year. The executive will also determine and publish the basis for competition for these trophies.
11. Each Year the Executive Committee shall organise or nominate a Championship Marathon event
 - a) The course must be typical of present courses.

MARATHON RACING

- b) The winners of the classes shall be considered the National Marathon Racing Champions in their respective classes.
 - c) Clubs wishing to stage the National Marathon Racing Championships should apply to the marathon Executive (by the end of May two years preceding the Championships). The venue for the following year shall be announced at the half year meeting.
 - d) The Marathon Executive shall appoint a Chief Official from outside the organising club to oversee the running of the National Championships. He/she will be the liaison between the Marathon Executive and the organising club, and will be empowered to approve such things as courses, entry fees, distance and the difficulty of courses, start times etc.
 - e) The organising club will provide a set of accounts of the event to the Marathon Committee by the end of December.
 - f) Sponsorship deals for the event shall be approved by the Marathon Committee.
 - g) The event shall be called the British National Open Marathon Racing Individual and Team Championship.
12. The treasurer shall keep such books of account as the executive shall instruct, and produce annual accounts for approval.

PART B - RULES FOR COMPETITION

General Rules Applying to All Races

1. DEFINITION

A marathon race can be raced over any distance: usually between 3km and 200km.

2. BEHAVIOUR

- a) Canoeing is a non contact sport and competitors shall race in a fair manner.
- b) All paddlers will wear appropriate clothing when racing. This is a minimum of singlet and shorts. These should preferably be in club racing colours.

3. THE RACING STRUCTURE

The marathon racing system has been designed to encourage all levels of competitor from the raw beginner to top class internationals. There are five categories of race: -

GROUP A

These races will appear in the Canoe Racing Handbook calendar. For these races the race levy must be paid and competitors need to be BCU, WCA, SCA or CANI comprehensive members.

- a) Divisional races approved by the Executive Committee.
Promotions between divisions will take place based on the results of these races.
- b) Races and time trials approved by the Executive Committee but not in the divisional system such as stage marathons, descents, Royal K1, Richmond K2, Thameside etc.
- c) The National Championships.

GROUP B

- d) Those races in the regions and clubs not appearing in the calendar. These will include handicap and fun marathons and junior *Lightning* races [see Contents for *Lightning event notes*]. No promotions will take place at these races.

Clubs are encouraged to hold handicap races throughout the year as an introduction to competing in the divisional system. These should be over a 3-10km course with handicaps based on age, experience and type of boat.

GROUP C

- e) Races approved by the Executive Committee but organised by outside bodies such as the D.W. Committee.

4. CLUB MEMBERSHIP

When a competitor is a member of more than one club, he shall declare before 1st September to the Race Records Officer of the Executive Committee the name of the club for whom he will race that year. When a competitor changes his club in mid season, he is permitted to compete for his new club, instead of his old, provided that prior consent of the old club be obtained. This consent shall not be withheld unreasonably, particularly in the case of a change of residence from one area to another. The agreed change must be

MARATHON RACING

advised to the Race Records Officer in writing before points can be allocated to the new club in club competitions.

5. SAFETY

Competitor responsibility

- a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water in the event of a capsized.
- b) Competitors must be able to swim adequately in the waters on which the race is being held.
- c) On open water adequate spray covers must be worn.
- d) All paddlers are required to render assistance to other competitors in distress.
- e) The wearing of life jackets or buoyancy aids is compulsory for all paddlers ranked in divisions 7, 8 and 9 irrespective of the race they are entered in. This applies to singles and doubles races. The penalty for breaking this rule is disqualification from the race.
- f) Life jackets and buoyancy aids will conform to BCU/BCMA STANDARD BA83.

Team Leader responsibility

- g) Team Leaders should decide if paddlers, under 16 years of age, in the higher divisions should wear life jackets or buoyancy aids.

Race Organiser responsibility

- h) Race organisers may require life jackets or buoyancy aids to be worn and will have the FINAL say as to who should wear them (except where this is covered by rule 5e) depending on weather and water conditions. Such equipment must be provided by the competitors.

6. DISCIPLINE

Marathon racing is subject to the BCU Disciplinary Code *[see contents]*.

7. DRUGS

Marathon racing is subject to the BCU Doping Control Rules *[see contents]*.

8. BROKEN PADDLES/BOAT

A competitor must not change boats during a race, but may change paddles in the case of breakage.

9. WASH HANGING

Competitors must not hang on the washes of powered craft.

10. ASSISTANCE TO COMPETITORS

A competitor may receive food and drink during a race, but no other assistance unless permitted by the organiser. This applies particularly to help at portages.

11. BOAT DESIGNS

Any type of canoe or kayak can be used.

Kayaks shall be propelled solely by means of double bladed paddles.

Canoes shall be propelled solely by means of single bladed paddles.

The paddles must not be attached to the boat in any way, being supported only by the hands.

For GROUP A races boats must comply with the ICF regulations as detailed below :-

12. BCU MEMBERSHIP

All competitors in GROUP A races must be COMPREHENSIVE BCU, WCA, SCA or CANI members. Membership numbers must be quoted on entries and results and a valid membership card or photocopy **must** be produced at race check in. Those unable to prove membership will be required to pay an extra Event Fee of a minimum of £2.00 and a maximum of £5.00. This covers the organisers for insurance purposes.

MARATHON RACING

The exceptions are juniors ranked in divisions 7, 8 & 9 who are members of clubs with registered junior sections who should produce their registered junior section card instead.

Upon promotion to Division 6 there is a period of grace of 4 weeks during which a junior, racing with a registered junior section card, must become an individual comprehensive member of the BCU/WCA/SCA/CANI.

13. RACE LEVY SCHEME

At all GROUP A races, published in the Canoe Racing Handbook, there will be a race levy of £1.00 for each senior paddler by age, as recognised by their BCU, WCA, SCA or CANI membership, & 50p for each junior paddler by age, as recognised by their membership. The levy to be charged on all paddlers booked in irrespective of whether they start or finish the race. For divisional races (3a) the race organiser is to remit the race levy together with the race results to the Regional Hasler Adviser. For other races (3b) and (3c) the race organiser is to remit the race levy together with the race results direct to the Race Records Officer. **All levies to be sent within 7 days of the race.** Cheques to be made payable to the BCU Marathon Racing Committee.

14. RACE REGISTRATION

The organiser of a GROUP A race must apply for that race to be registered. This must be done by the autumn of the year preceding the event. The event must be organised and run under the Marathon Racing Rules. Registered races may advertise through the Union and may appeal through the Executive Committee in cases of dispute or difficulty. *[See also BCU Disciplinary Code].*

The registration fee will be the race levy described in rule 13.

15. BOAT NUMBERING

At all GROUP A races a competitor shall number his boat for a race in the following manner. The number plate will be yellow and displayed vertically in a slot placed on the middle of the back deck about 500cm behind the cockpit in the case of kayaks and on the front deck in the case of canoes. The slot will be fitted with a locking pin. The characters on the vertical number plate will be the same standard as a car number plate. The dimensions of the plate will be 200mm long x 150mm high with the top corners rounded to a 10mm radius.

Paddlers ranked in divisions 1-8 not displaying vertical number plates will not score club points. Paddlers ranked in Division 9, club and fun race paddlers may alternatively use 225mm diameter white discs which should be displayed on fore and aft decks or as directed by the organiser.

16. ASSESSMENT RACES

Assessment races will be picked by the Executive Committee as the most suitable races for determining the members of British teams and the race organisers will be advised by March 1st each year via the Canoe Racing Handbook. At these races, assessment classes may be separated from other race classes and may be run over the same or different courses.

17. ORGANISATION OF GROUP A RACES

- Organisers **must** be affiliated to the British Canoe Union.
- The race shall be open to amateur canoeists who are members of an ICF affiliated federation.
- The race shall be properly advertised and the organisers shall issue adequate instructions on request, up to one month before the event, to prospective competitors or interested group leaders.
- After the race the organisers shall issue complete results sheets to all competitors who provide stamped, addressed envelopes.
- In the event of circumstances which render it impossible or unsafe to run the race as planned, the organisers shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
- Organisers shall charge an entry fee for each competitor to include the levy cost. This fee may be reduced for juniors or augmented for late entries.
- WITHIN 7 DAYS OF THE RACE** the organisers must remit the race levy together with the race results in accordance with rule 13.
- Changes of class/division and late entries shall be permitted if the organiser so wishes. Information regarding late entries and class/division changes should be available to competitors at least 30 minutes before the start time of the class/division concerned.
- The race organisers shall provide a Protest Committee consisting of four officials or members of the organising body to hear and settle all protests by any competitor in that event. The following rules will be observed:-
 - The protests must be received within 30 minutes of completion of the relevant race and before the announcement of the final results. Failure to observe this will invalidate the protest.

MARATHON RACING

- ii) The protest must be in writing to an officer of the organising body and must give full details of the alleged infringement of the rules.
- iii) The Protest Committee must meet immediately to hear all the evidence and to consider the protest's validity in accordance with the BCU and Marathon Racing Rules.
- i) A protest against an organising body may only be dealt with by the Executive Committee. Any such protest must be made immediately and in writing to the Secretary of the Executive Committee and give full details of the alleged infringement of the rules. The person making the protest must also inform the secretary of the club or body concerned. Failure to comply with these conditions will invalidate the protest.
- j) Appeals against the decision of the Protest Committee are permitted and these will be heard by the Executive Committee.

18. ORGANISATION OF GROUP B RACES

- a) For these races competitors do not have to be BCU, WCA, SCA or CANI members, there is no levy and no requirement to submit results to the race records officer. Race advertising, entry fees and classes are at the discretion of the organiser. The formal requirements to register club membership and for protest procedures are not necessary.
- b) Rules 1, 2, 5, 6, 7, 8, 9, 10, and 11 shall apply to all GROUP B races.

Rules Applying to Regional Divisional Races

19. Regional divisional races are GROUP A races and all of rules 1 -17 above shall apply.

20. THE DIVISIONAL SYSTEM

- a) At a divisional event there are separate singles races for each of divisions 1 - 9 and separate doubles races for divisions 1/2, 3/4, 5/6, 7/8 and 9.
- b) It is recommended that entry into the divisional system should be based on the standards detailed in the Sprint Section "Standards for Racing".
- c) Each year a divisional list will be published in the Racing Handbook for divisions 1-8. These lists are checked and any paddler not having competed for two successive seasons is removed from the lists. Each autumn clubs are asked to submit a list of the paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.

21. TYPES OF COURSE

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be:-

Div.1, 2 & 3 Singles, 1/2 & 3/4 Doubles

Full senior course of about 20km with any degree of severity.

Div.4, 5 & 6 Singles, 5/6 Doubles

Course of about 13km which may include portages and/or weir shoots.

Div.7, 8 & 9 Singles, 7/8 & 9 Doubles

Course of about 6.5km with the minimum practical hazards.

22. SPECIAL PRIZES

Race organisers are encouraged to give prizes for special groups of paddlers. eg. First under 16, First C1. In particular they are strongly recommended to give a prize for the first woman in each division and for the highest placed TC2. This kind of encouragement is particularly important in the divisional system.

23. SEPARATE STARTS

Each class of six or more starters must start separately.

24. HANDICAP SYSTEM FOR LOW ENTRIES

If there are less than three entries in a division then the organiser will transfer those entries to another division. Where possible they should be transferred to a race of the same distance so that paddlers are not required to race further than they originally entered. Where there is a choice, transfer to a lower division is preferable to transfer to a higher division. A handicap (if moved down) or an allowance (if moved up) will be used to calculate the results. Transferred paddlers racing in a different division will count for prizes but will be ignored in calculating promotions and 'D' notices. The handicap or allowance, per division moved, to be:-

20km course	3 minutes for singles ; 6 minutes for doubles
13km course	2 minutes for singles ; 4 minutes for doubles
6.5km course	1 minute for singles ; 2 minutes for doubles

MARATHON RACING

25. COMPETING IN A CREW BOAT

A paddler is normally ranked on singles performances. However when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down). All paddlers competing in crew boats must show their singles ranking on the entry form and these rankings **must** be shown on the results.

eg. Paddler A = Div.5 and Paddler B = Div.8. $5 + 8 = 13$, average = $6\frac{1}{2}$ so the competition ranking = 6 and the entry would be div.5/6

26. PROMOTIONS

- a) The Executive Committee has discretion to promote or to withhold promotion at any time when it is found to be necessary. This duty is delegated to the Ranking Officer.
- b) Promotions may take place on either singles or doubles performances.
- c) Status in canoe will not affect status in kayak and vice versa.
- d) Generally no woman or canoe paddler will be promoted higher than division 3 and no junior kayak paddler higher than division 2.
- e) Promotions between the divisions throughout the season will be calculated as follows on the basis of singles results, subject to the exercise of the discretion in Rule 26(a).

Divisions 8 & 9

All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 3 minutes, are promoted to the higher division provided that there are a minimum of 5 starters in that higher division.

Division 7

Promotions will be made at the discretion of the Regional Hasler Adviser of the region in which the race takes place. The Regional Adviser's decision will take into account the performance of the paddler compared with the regional division 6 paddlers. If any paddler or team leader feels that this has resulted in an inappropriate promotion they should appeal to the ranking officer to correct the situation.

Divisions 5 & 6

All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 4 minutes, are promoted to that higher division provided that there are a minimum of 5 starters in that higher division.

Divs. 1, 2, 3 & 4

Promotions between divisions 1, 2, 3 and 4 will be decided by the ranking officer and can be made at any time. They will be determined in conjunction with the national and regional coaches and will be based on performance in all races.

- f) Promotions are not limited to one division. For example, a division 9 paddler with a time within 3 minutes of the division 7 winner would be promoted straight to Division 7. Similarly a Division 6 paddler with an appropriate time could be promoted to division 4.
- g) The lower limit of 5 paddlers to render a race quorate for promotion purposes, as described above, is intended to ensure that the winner's time is a realistic one for that division. However the Regional Hasler Adviser may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.
- h) Since there are not usually any promotions from division 7 to division 6 or from division 4 to division 3 on the day, it is normally the winner of division 7 whose time is used for calculating promotions from division 8 to 7 and the winner of division 4 whose time is used for calculating promotions from division 5 to 4. These promotion calculations hold good even if subsequently the ranking officer does promote the winner of division 7 and others to division 6 and the winner of division 4 and others to division 3.
- i) Once promoted, paddlers **must** race in their correct division, or higher division, except under the provisions of rules 24 or 25. Any competitor found racing in a lower division, singles or doubles, except under the provisions of rules 24 and 25, may be disqualified from the event and be banned from marathon competition for 12 months from the date of the event when the misdemeanor took place.
- j) All paddlers, both from within the region and from other regions are eligible for promotions. The only exceptions are paddlers transferred from another division under rule 24 (handicap system for low entries).

27. DEMOTIONS

- a) The Executive Committee has discretion to demote where this is found to be necessary.
- b) Demotions between divisions 4 to 9 throughout the season will be calculated as follows.
All those finishing a singles race with a time slower than the fastest paddler in the division not promoted, + 10% will be designated 'D'. With 3 'D' notices a paddler will be automatically demoted to the next lower division.
- c) Demotions between divisions 1, 2, 3 & 4 will be determined by the ranking officer in conjunction with the national and regional coaches. It will be based on performance in all races.
- d) All paddlers, both from within the region and from other regions are eligible for 'D' notices. The only exceptions are paddlers transferred from another division under rule 24.

MARATHON RACING

Rules Applying to Regional Hasler Races

The story behind the Hasler Trophy

One of the most daring raids of World War Two took place on the night of 11 December 1942 in the enemy-occupied port of Bordeaux in France. Operation Frankton involved 12 men in six canoes being taken by submarine to a position 10 miles south of the Gironde estuary on 7th December. One of the canoes was ripped passing through the hatch of the submarine, but the other five then had an 85 mile paddle ahead of them. Two boats were lost in the tidal race and the remaining three carried on for three days, paddling in darkness and lying up during the day. One more boat hit a submerged rock and sank and the final two boats went on to Bordeaux harbour, where they attached their limpet mines and, assisted by the ebb tide, paddled silently back down the river. The mines detonated and severely damaged four vessels and sunk one. The four remaining men beached before reaching the sea, scuttled their canoes and traveled overland to try to reach safety. Two were captured, but Major 'Blondie' Hasler and Marine Bill Sparks made their way to Spain – the only two of the original ten who survived. Hasler was awarded the DSO and Sparks the DSM.

After the war, Hasler went on to found the Single Handed Transatlantic Yacht race after a bet with his friend Francis Chichester. The Hasler Trophy was presented by Lloyds Underwriters to commemorate the raid of the so-called 'Cockleshell Heroes' and has been competed for since 1957. Major Hasler died in 1987 and Bill Sparks died on 30th November 2002, only ten days short of the sixtieth anniversary of the raid. For 2003 the Marathon Committee has decided to inaugurate a new trophy named in honour of Bill Sparks, which will go to the highest placed veteran K2 boat competing at the Hasler Final.

28. Regional Hasler races are GROUP A Divisional races and all of rules 1-17 and 19-27 above shall apply.

29. THE HASLER TROPHY

The Hasler Trophy is the National Team League Championships and is competed for throughout the season (1st September-31st August) on a regional basis. There is a national Hasler Final after the end of the season, usually in late September.

30. REGIONS

The regions are defined as the Sport England regions for England plus Scotland East, Scotland West, and Wales. Each region will run its own league championships throughout the year and will decide how many results are to be counted by clubs. It is hoped that eventually there will be enough races in each region for clubs to count their best 8 or 9 results from the total number of races.

31. DIVISIONS

Races for singles divisions 1-9 and doubles divisions 1/2, 3/4, 5/6, 7/8 and 9 must be held at all events except where varied as agreed with the Regional Hasler Advisor.

32. COMPETITORS

- a) Each club will be allowed as many competitors as it wishes.
- b) A paddler can only compete in one race in a qualifying event.

33. POINTS

- a) In regional races only those clubs within the region will score points. Paddlers from other regions will not be taken into account when calculating points except that their time will be used for the 110% or 115% calculations if they are the fastest boats not promoted.
- b) To be included for points, clubs must be affiliated to the British Canoe Union.
- c) All competitors in both singles and doubles **must** show their singles ranking at race check-in. Competitors not doing so will not score points in the regional competition and may not count the race as eligibility to compete in the final.
- d) The points system will be as follows.
 - i) Divisions 1-9 singles and 1/2, 3/4, 5/6, 7/8 & 9 doubles will count for points.
 - ii) Points will be awarded per paddler in both singles and doubles - 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish a singles race within 110% of the time of the fastest boat not promoted or who finish a doubles race within 115% of the time of the fastest boat not promoted. One point only for paddlers who finish outside the 110% or the 115% limit irrespective of their position. This to apply to all races except division 9 singles and doubles which will receive 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish.
 - iii) Transferred paddlers racing in a different division under the provisions of rule 24 will count for Hasler points.

MARATHON RACING

- iv) Paddlers in a separate assessment race at a Regional Hasler event will not score Hasler points.
- v) Each club will count its six best scoring singles boats from any divisions and its three best scoring doubles boats from any divisions. Only the scores from three doubles boats can be counted even if some of these boats contain just one paddler who is eligible for Hasler points for a particular club.
- vi) At each event the club with the highest score will get 10 regional points in the regional competition, 9 for 2nd and so on.

36. PADDLER ELIGIBILITY

- b) Qualifying events are regional Hasler races including assessment classes. Also a paddler may count competing in the National Championships on one or both days as one qualifying race. The previous Hasler Final does **not** count as a qualifying race.
- c) The qualification must be in the same type of boat (ie canoe or kayak).
- d) Paddlers are only eligible to paddle in a singles race at the Hasler Final if they have competed in 3 qualifying events in singles. The exceptions are paddlers already ranked in their highest division (Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes) although they must still comply with rule 36a.
- e) **All** paddlers including Regional Champions are eligible to compete in the final, provided they have complied with rules 36a-d, even if their club has not qualified for the final. Such paddlers are eligible for medals and trophies but will not score Hasler Final points. They will be ignored in calculating the Hasler Trophy clubs competition results.
- f) A paddler can only compete in one race at the final.
- g) The Regional Hasler Adviser will check the eligibility of paddlers from his region for the final. The Race Records Officer will be able to produce listings on request to help clubs and Hasler Advisers carry out this task.

These promotions may be automatic from race results or discretionary by the Hasler Adviser or Ranking Officer and can be from regional races or the National Championships. There will be no promotion points from promotions at the previous Hasler Final.

MARATHON RACING

PART C - THE STARTING OF ASSESSMENT RACES, NATIONAL CHAMPIONSHIPS RACES AND HASLER FINALS RACES

There is a necessity to maintain the standard of starting at assessment races and major championships. The following will apply to all assessment races, to all races at the National Championships and to all races at the Hasler Finals.

1. REQUIREMENTS

- a) The start line should be clearly defined on both banks.
- b) A clearly defined marshalling line must be established behind the start line.
- c) The race must be started by a person drawn from the approved starters list, who will have an experienced assistant.

- e) The above should all be equipped with PA equipment or loud hailer that it is the responsibility of the race organiser to provide.

2. STARTING PROCEEDURE

PART D - RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the provision of acceptable races.

1. ADVANCE INFORMATION

Do not attempt to run a race without visiting a few to find out how things work. Advance information sent out to competitors and clubs should at least set out the following details.

- a) Name, date and status of the race.
- b) Name of the organising body.
- c) Closing date for entries and whether or not late entries will be accepted.
- d) Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.

- f) Locations of start and finish, and directions for getting to these places.
- g) Time of start and closure of checking in.
- h) Brief description of the course, sufficient to give a newcomer the general picture of the type of course and warning of any details of the course that they should inspect in advance.
- i) Any special regulations that competitors should be aware of before they arrive.
- j) Any major changes since last year.
- k) An entry form asking for full details of competitors. (Specimen race details are on pages F16 to F23).

MARATHON RACING

2. SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. It is a stipulation that all paddlers ranked in Divisions 7, 8 and 9 wear a buoyancy aid [Rule B5 (e)]. On the open sea it is probably wise to insist on buoyancy aids for all. On open water, rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that all rescuers are competent. An incompetent rescuer can be more of a hindrance than a help.

An important precaution is to make sure that no-one is stranded or lost halfway round the course. On open water races it is important to account for everyone. On calm water it is usually sufficient to have a back marker paddle over the course at the tail of the race.

3. BRIEFING AND CONTROL

a) There may be a wide range of ambitions present at the race - some people go for a pleasant paddle, some with Olympic hopes. Try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions and variations in the course for different classes should be taken into consideration when arranging the start order.

b) Every boat should be inspected at check-in to ensure it is numbered clearly, correctly and durably. Although it is the competitor's responsibility to number their boat, it is human nature that some will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

c) It is customary to deliver a briefing shortly before the race. This is the time to explain the starting procedure and order, to describe any special features of the race course and to emphasise any special regulations.

d) Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshals should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanors to race control. A marshal's directions should override any prior instructions. A marshal should be clearly identifiable.

4. STARTING

a) A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order but a strong personality is needed to keep those in higher divisions in good order. The starter must never lose control of the start, either through physical inability to make himself heard, or through weakness of will. Preferably get an experienced racer to start your race and supply him with a megaphone. Do not be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep the competitors hanging around unnecessarily. They are often nervous before a race, may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions.

If you have got them into a fair line then start without further delay. Say 'READY GO'.

b) Massed starts are good value for bullfighting addicts but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Regional Divisional races each class of six or more boats must start separately [Rule 23].

c) Record the time of the start of each class. Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

5. FINISHING & RESULTS

a) Mark the finishing line clearly and signify a crossing of the line audibly, by bell, whistle or some such device. It is not always obvious to the paddler exactly where the finishing line is, particularly as they may be exhausted.

b) Have a reliable clock which is readable and have a backup in case of malfunctions. Make a record of the finishing order of every boat as it passes the finishing line. Have one person making an independent list of boat numbers. Another should make a list of boat numbers and finishing times: this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark, say, ten lines. When a boat finishes, record its number and finishing time alongside. Never mind computation at this stage, your hands will be full recording the finishing order correctly. When a page is full pass it to someone else to analyse.

c) It is useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish and the tape can be used to check the finish order and timing if for

MARATHON RACING

any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finish team and tell them to 'talk' every boat over the line, giving number and time.

d) Have someone out of the wind and rain and away from possible distraction from paddlers to analyse your finishing results. Arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them, and they can be queried before prize giving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list of finishing order with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display. Have the prize giving as soon as possible and announce any divisional promotions at this stage.

6. AFTER THE EVENT

- a) After the event is over, buckle to and get the final result sheet sorted out. If you put it off, your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.
- b) Result sheets should be arranged by divisions in finishing order and should show position, name, division ranking, club, BCU number, points and promotions to higher divisions. Three flow charts follow this section to aid the calculation of promotions, demotions and Hasler points. Totals of points scored by clubs should also be shown although these will be verified by the Hasler Advisor. [A specimen results sheet extract follows].
- c) The race organiser should record at the top of the result sheet the number of paddlers who have entered the race. For regional Hasler races, four copies of the results, together with the race levy, should be sent to the regional Hasler Advisor. The Advisor will check/correct promotions and Hasler points before sending the results on to the Race Records Officer and the Ranking Officer. For other races the results and levy should be sent direct to the Race Records Officer. Results and levy in either case to be sent within the 7 days stipulated [Rule 13].

PART E - VENUE AND ORGANISATIONAL CRITERIA FOR THE NATIONAL CHAMPIONSHIPS AND THE HASLER FINALS

The Marathon Committee will look to the following ideal criteria when considering applications for the hosting of the National Championships and the Hasler Finals. Any club wishing to host the National Championships or the Hasler Finals will be expected to make a short presentation to the half year meeting outlining their proposals for the course and organisation to meet these criteria.

1. THE COURSE

- a) The course should be wide enough at the start to provide a fair start for all paddlers. It should also be wide enough throughout its length for competitors to overtake and pass each other in opposite directions.
- b) The course should be capable of being paddled in an understem rudder boat.
- c) Portages should allow a minimum of 12 metres at the 'get out' and 'get in' points. Portages should not be of excessive number or length.
- d) Access to portage areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting water users.

2. ORGANISATION

- a) The organising club(s) should have a proven track record in organising normal Divisional marathons.
- b) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- c) There should be adequate camping facilities nearby, particularly for the two day National Championships.
- d) There should be adequate parking at the start and finish.
- e) There should be adequate covered checking-in and refreshment areas at the start and finish and a results display area.
- f) There should be adequate toilet facilities at the start and finish areas.
- g) There should be an adequate PA system at the start, briefing and prize giving areas.
- h) There should be adequate First Aid cover in appropriate areas.
- i) The starting of all races is to be as the procedure set out in PART C.
- j) There should be a computerised results facility capable of showing class results and team scores immediately after the races.
- k) Prizes at the National Championships will be the official BCU National Marathon Championship medals and Divisional medals.
- l) Prizes at the Hasler Finals will be the official BCU Hasler Finals medals.

MARATHON RACING

BCU MEMBERSHIP AND EVENT TICKETS

All seniors must be full members of the BCU if they wish to race in a Marathon event that has been advertised in the Calendar. Juniors who are ranked in division 6 or above must also hold full youth membership.

A junior club member need not be a full member of the BCU in order to race in the lower divisions (7,8 & 9) of the Marathon racing system or in the other 2 categories of marathon races. He must, however, be a member a club with a registered junior section and the number used for his or her identification will be the club's affiliation number followed by his own individual club number. This method of recording the juniors' numbers on the result sheet has proved cumbersome so it is advised that the club abbreviation followed by the paddler's club number is easier and preferred by the Records Officer, both for identification and ease of recording. i.e. LIN/005, CHE/017.

Should he be promoted however into a higher division (6 & upwards) he must then become a full member of the BCU in his or her own right.

Race Organisers **MUST** still check that his or her membership is current either by photocopy of membership with entry or seeing the card on the day of the race.

If the card is unavailable or forgotten the paddler may purchase an "Event Ticket" as a "stop gap" but only once per season. The records officer carries out a check on event ticket issue for all race results and those paddlers abusing this system will be penalised.

The system is as follows:

1. The tickets are for use by non-members at the entry level only of National Competitions requiring membership i.e. Divisional Racing.
2. For use at a BCU event when the organiser believes a participant may be a member but the member cannot provide proof by way of a membership card.
3. Event organisers set fees, minimum £2.00 and maximum £5.00. In every case £1.50 will be sent to the organiser's regional treasurer and the rest kept by the organising committee
4. Event Ticket fees are not refundable
5. The overall consideration is to encourage, in the best possible way, membership of the Country's Governing Body for Canoesport.

MARATHON RANKINGS SYSTEM

The purpose of promotions within the divisional system is to have every paddler competing in the correct division for his/her personal ability and thereby gaining maximum advantage from their racing.

The introduction of the Hasler Results Programme has helped the continued improvement over the previous years and with continued co-operation of the regional and national advisors, race organisers and club team leaders this should continue into 2003. The prompt return of the race results and levies by the race organisers to the Hasler advisors is CRUCIAL and the one area which still needs improvement. The quicker these are received by the Regional Hasler Advisors for checking (using a fax or e-mail are the quickest methods) the quicker they can be processed through the system and confirmation of promotions made before paddlers race again. Results can also be e-mailed direct to the Records Officer and the promotions officer.

The divisional lists have been updated to include Christian Names this year to aid race organisers in extracting the correct paddlers from the results programme. However the return of club listings to the records officer has again been poor, (50 returned out of 99 sent out) despite the increased importance for the results programme. Some were even returned without the requested inclusions of Christian names and BCU numbers, so inevitably there will still be some errors. If you feel that the promotion/demotion system will not serve to correct any divisional errors quickly enough please contact the Rankings Officer (address listed on page F15) stating the nature of the problem.

If you think your divisional updates and the Flat Water Newsletter are not getting to the Team Leader of your club please let the Records Officer know so that the records can be updated.

In addition, by request from race organisers, a list of clubs and their abbreviations as used by the Marathon & Sprint Committees has been included. These abbreviations are with approval from the clubs concerned so as to avoid confusion between clubs with similar names.
