## **Acknowledgements**

This year a special thanks needs to go to Rowland Jones who has spent a very long time rewriting the racing rules, just in time for the ICF to do a revamp in April!

Thanks also to Graham Simpkin, Roland Lawler, Peter Morley, Peter Davey, Sue Hornby, Howard Blackman, Alan Williams, Ken DD, Brian Gandy, David Enoch, David Green, Jim Rossiter and Christine Laws for all their information.

I'm grateful for the support of the advertisers, both new and old. If you want your company or canoe club in these pages next year do give me a call.

Finally an acknowledgement of all the hard work put in by Paul, Jo, Ros and Dan – checking and designing – and Chris and Margaret at Black Cat Printers for all their help.

# SPRINT SECTION

## Foreword

**T**his year, 2004, is an Olympic year - a year when our Team needs all the help and support we can give them. I am sure everyone would join with me in wishing them every success in their Olympic quest.

We are very grateful for the obvious benefits which Lottery funding has provided for the Team, but for the rest of the sport there are serious problems caused by the application of this money. In my "Foreword" for 1999, I pointed out the constraints of the Sports Council policy of "results by Friday" and how this, in my opinion, prevented us from using the Lottery funding in the most beneficial way.

In 2000 I asked all of you in the sport to back our professional staff and help them to raise standards so that we could improve the number of paddlers qualifying for the Olympic Team from 1 woman, 2 Canadians and 4 men.

From 2001-2003 I recorded my growing worry that the ever widening divide between the Performance Department and the rest of our sport was definitely detrimental to the overall development of canoeing.

Although this may be a premature judgement, my guess is that our team to Athens will be 1 woman, 0 Canadians and 3 men: a reduction from 7 to 4. Having spent millions of pounds of Lottery money on administration, coaching and athlete support we are no further forward. "Results by Friday" does not work. The damage to the sport, (envisaged by our previous chairman) is not a price worth paying for the results we are achieving.

At the 2003 AGM I asked the section to give me a stronger mandate with the Performance Department. With more backing I will endeavor to get the Performance Department to interact with, and be more supportive of, the sport, its clubs, coaches and competition organisers. Through consultation with slalom and the BCU let's try to make the Sports Council realise the serious flaws in their current policy.

Without your support I cannot pursue this course. If it is not your wish that I follow my conscience on this matter, please choose another Chairman.

## **THE RACING REGISTRATION SCHEME**

### **Introduction**

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas.

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only Registered Paddlers will be allowed to compete in B.C.U. events at the National Watersports Centre. Entries submitted without a Registration Number will not be accepted.

### **Initial Registration**

This may be done in one of two ways:-

1. At any N.W.S.C. Regatta, at the Secretary's desk.
2. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

### **Renewal of Registration**

Competitors will remain on the active register until such time as they have not competed for two years, or their B.C.U. membership has lapsed. On production of a current B.C.U. card, anyone not listed on the active register may apply to be reinstated.

Current Lists of Registered Paddlers are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing.

Youth paddlers who initially registered as Cadet Members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

The Registration Officer, 17 Springfield Road, Guildford, Surrey GU1 4DW  
When registering by post please send S.A.E. for the return of your B.C.U. card and the Registration Number.

## 1. Appointment

Club Secretaries must inform the Colours Registration Officer who is the Team Leader for their club (and if you wish a nominated reserve), before January 1st each year. If a club is to be represented by another person at the N.W.S.C. the regatta organiser should be informed by the registered Team Leader, preferably when the entries are submitted.

## 5. Notes on Classes

- a) Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These two subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups.
- b) Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do **not** automatically start in the "D" group.
- c) The chart '**Standards for Racing**' on **page B1** demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on his status in a canoe.
- e) Mixed Events, in which male and female competitors race together in the Men classes, are permitted, provided the races are of parallel standard to that of their designated classes.
- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.
- g) Paddlers must race **ONLY** in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. E.g. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out in the Standards for Racing. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddler's entry into racing.
- j) Youth National Championships  
Youth Paddlers will race in the following Age Groups  
    UNDER 18 (BORN 1986)  
    UNDER 17 (BORN 1987)  
    UNDER 16 (BORN 1988 or 1989)  
    UNDER 14 (BORN 1990 or later)

A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.

### k) Promotions/Demotions

- Will be made throughout the year on the basis of standards laid down, and using the race results.
- Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
- Will be notified on the regatta results and should take effect at the next regatta.
- l) Veterans  
Paddlers born before 1969 may compete in the Veteran class unless Men's A or B

## 6. Check your Programme

Prior to the Team Leaders Meeting, it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

## SPRINT SECTION - TEAM LEADER'S HANDBOOK

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

### 7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 4.00 p.m. on Saturday. Failure to pay on time will incur a £10.00 surcharge that must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

#### Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 a.m.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
  - i. Events will be dealt with in order.
  - ii. The Competition Organiser will call out in order each set of heats (or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
  - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
  - iv. It is not permitted to return to an event that has been concluded.

### 8. Entries after the Team Leaders Meeting

Entries after the meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser.

Late entries will be accepted for long distance events (2.5 km, 5 km, 10 km.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form available from the regatta secretary's desk.

### 9. Club Colours

Club colours must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.
- b) Clubs racing for the first time at an N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

### 10. Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the regatta secretary's desk.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fix into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.

## SPRINT SECTION - TEAM LEADER'S HANDBOOK

- d) Numbers for long distance racing must be obtained from the regatta secretary's desk and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left at the desk to cover for numbers which will be required for Sunday's racing, and would then be returned Sunday evening when all numbers were collected in.
- e) Lost Numbers will be charged at £5.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the regatta secretary's desk. He will then make up your requirements for collection later in the morning, (after 11.00).

### ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS

#### 11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 1 penalty point and disqualified from the event.

#### 12 K4s

- a) They will be stored on racks outside the boathouse.
- b) Crews must not sit in the K4s *except when they are on the water*.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The K4 Official reserves the right to refuse the boat to any youth crew that is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Official. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the boathouse is open and the K4 Official is present.
- f) Crews must supply their own wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

#### 13 Protests & Disqualifications

- a) Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will be no appeal against disqualification.
- b) In a National Championship event, a protest must be made by the paddler's Team Leader.
- c) Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official who will, if necessary, inform the offending paddler's Team Leader.
- d) Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

#### 14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office. A fee of £1.00 is payable for each copy.

## 15 Car Parking

Team Leaders MUST take an active part to see that club members observe the car parking lines. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must NOT be impeded.

The pontoon on the seating side of the tower on the waterfront is a No Parking Area, and must not be used by competitors. This area is solely for the use of safety boats.

**Particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats.**

**Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water.** Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

## BCU Regatta "Liability" Statement

November 2003

Canoeing and Kayaking are assumed-risk water-contact sports. Participation in these sports carries an inherent risk of injury to competitors and damage to property. Participants should be aware of the risks involved in these sports and are responsible for their own actions and their involvement in these sports.

In all cases competitors compete entirely at their own risk.

Each of the Regatta Organisation, the Sprint Racing Executive, the British Canoe Union exclude liability for any loss or damage that may occur to competitors or property during participation in canoeing and kayaking to the fullest extent permitted by law.

All competitors must be current comprehensive members of the British Canoe Union except for juniors ranked in 'Girls D' or 'Boys D' who are members of clubs with registered juniors sections.

Regatta Entries are accepted on the basis that each competitor and Parent/Guardian of a junior is aware of and has accepted the above conditions. Team Leaders are requested to ensure that all of their club competitors are aware of and accept the above statements.

## 'Tiddly Winks' and Boards

Coloured counters (known affectionately as Tiddly Winks) are awarded for the first three places in all Finals 1 in junior classes. These can be collected by the paddler from the Secretary's desk.

Also available, at a cost of approximately £4.50, is a small engraved wooden board on which the self adhesive counters can be mounted for posterity!

## Disciplinary Procedures

### Offences Incurring Penalty Points

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. At his/her discretion, he/she may issue one penalty point to each paddler involved in each of the following offences. These offences are considered to be detrimental to the efficient operation of regattas and/or potentially hazardous.

- Racing in incorrect colours
- Racing with incorrect or missing number
- Failure to observe water zoning procedures
- Unauthorised substitution for another paddler
- Failure to report, having qualified, for semi-finals or finals
- Conduct during racing likely to cause injury or damage to equipment
- Use of offensive language
- Underweight boat (see note 1)
- Failure to report for boat weighing immediately (see note 2)
- Insufficient buoyancy (see note 3)

### Notes

1. Weights must be properly fixed to the boat or seat. Stones in bags or any other temporary system will not be accepted.
2. Boats required for weighing will be notified either shortly before the start of the race or shortly after the finish of the race.
3. Buoyancy will be checked by both systematic and random inspections at launching points. If a boat is found to have insufficient buoyancy, it will be turned back.

### Accumulation of Penalty Points and Penalty Fines

1. When a paddler accumulates a total of 4 or more penalty points, he/she is liable for a fine of £10 per point in excess of 3 points.
2. Fines are to be paid at the Regatta Office.
3. A paddler liable for a fine cannot race until the fine has been paid.
4. Penalty points are accumulated over 4 consecutive regattas and are not restricted to a single year. Thus, for example, penalty points incurred in the last regatta of the year will remain active until the start of the 4<sup>th</sup> regatta of the following year.

### Notification

Team leaders will be notified when a penalty point has been issued to a paddler from his/her team. This notification will also be recorded on the end of regatta results sheet.

*Approved by the Sprint Racing Committee on 9 November 2002.*

### Disciplinary Matters of a More Serious Nature.

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Racing Rules which include penalties in accordance with B.C.U. Rules or the Racing Section Disciplinary Regulations.

**N.B.** A reported incidence of dissent/abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under the Section Disciplinary Regulations.

## SPRINT SECTION - TEAM LEADER'S HANDBOOK

### THE MCGREGOR PADDLE COMPETITION

Under the following system most clubs should have an equal opportunity to achieve a winning score:

1. Each Club will automatically score 1 point for every paddler competing in the Inter Club Regatta.
2. Each Club will score 1 point for each promotion accredited to their paddlers during the four previous Regattas i.e. April, May, June, & July of the same year.
3. The scoring at the Inter Club Regatta will be on the following basis:

|                               |    |                             |
|-------------------------------|----|-----------------------------|
| Each Club will score its best | 12 | K1/C1 results in all finals |
|                               | 6  | K2/C2 results in all finals |
|                               | 3  | K4 results in all finals    |

Scores will be awarded, provided there are at least three crews participating, on the following basis:

|     |                  |
|-----|------------------|
| 1st | 20 points        |
| 2nd | 19 points        |
| 3rd | 18 points....etc |

#### **New for 2004:**

**Penalty points accrued by paddlers during the regatta will be deducted from their team's score.**

4. Notes:
  - a) Composite crews, with members from more than one Club, do not score.
  - b) At least 50% of the crew must be registered in the class in which they are racing. i.e. 2 paddlers K4, and 1 paddler K2. Crews may be made up with paddlers from a lower ability group with the following exceptions:
    - i) Men may not paddle in Women's races.
    - ii) Boys may not paddle in Girls races.
    - iii) Seniors may not paddle in Junior races.
  - c) No one may enter any singles class other than their designated class as shown on the Registration File.

#### **System for the membership for Juniors of a B.C.U. Affiliated Club.**

A junior club member need not be a full member of the B.C.U. in order to race in Junior D Classes. He or she must be a member of his or her club, and the number used for his or her identification will be the club's affiliation number followed by his or her own individual club number.

Should he or she be promoted, however, to 'C' or above, he or she must then become a full member of the B.C.U. in his or her own right.

It is the responsibility of the Team Leader to advise the Registration Officer of the full B.C.U. Number.

## REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the N.W.S.C. to introduce anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination, thus becoming qualified to officiate at World Championships.

**The basic course** -The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

**The symposium** - This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

## **LEPTOSPIROSIS AND THE CANOEIST**

### **Leptospirosis**

This is an animal infection, but after recovery the animal continues to excrete the organisms in the urine. These survive for days or even weeks in moist conditions, but for only a few hours in salt water. Humans catch the infection by direct contact with the urine or the urine polluted environment. Bacteria enter through skin abrasions or via the eyes, nose or mouth.

### **The Illness**

The usual incubation is 7 to 12 days. Normally 'flu-like illness occurs which resolves in 2 -3 weeks. There may be fever, severe headache, pains in the back and calves and prostration. A few cases develop jaundice, when the condition is known as Weil's disease. Although death may occur in about 15% of the jaundiced patients, death without jaundice is virtually unknown. Antibiotics during the first few days may help to limit the infection. Many cases recover without specific treatment.

### **What to do**

If you think you may have the infection, go to your doctor and tell him or her that there may be a risk of Leptospirosis. The diagnosis is by clinical suspicion. Blood tests can rarely confirm the illness in time to affect treatment, though they may subsequently confirm it. The microbiologist at your local hospital is the best source of advice.

### **Prevention**

1. Cover all cuts and abrasions with waterproof plasters
2. Always wear footwear to avoid cutting the feet.
3. Avoid capsize drill or rolling practice in inland waters.
4. Shower as soon as possible after canoeing.
5. If in doubt, consult your doctor early.

**Remember that simple precautions can reduce your risk.**

# THE YOUNG PEOPLE'S PROGRAMME

One of the primary aims of the Young People's Programme is to get more young people paddling more regularly and taking part in more events. To this end the BCU has adopted a "Youth Section" membership category for Clubs which gives young people the opportunity to access events (up to 'C' class in sprint regattas and Division 6 in marathon) without paying a taster fee. In addition the programme organizes small local and feeder events to link to the national race programmes. The Young People's Programme is also developing more opportunities for young people through the Lightning Scheme to progress into racing. For more details see the Lightning details in this book.

In 2004 we hope that Phase 2 of the BCU Placid Water Junior Boat Project will take effect. This will help with the number of Lightnings available for racing and the number of events. It will also support the establishment and development of Junior K2 racing.

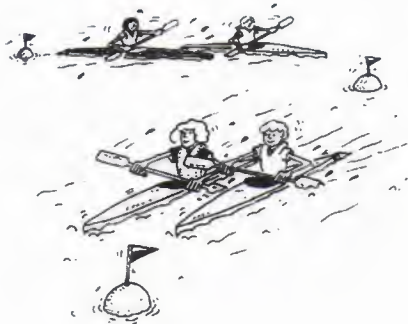

Another aspect of the programme is the appointment of Paddlesport Development Officers (PDOs). It is their role to help develop more events suitable for young people of different abilities. Please contact them if you need support with your event or to discuss any issues related to young people. At the time of going to print we are in the process of recruiting for some areas – so please check the web site for update of our PDOs if this applies to your region – [www.bcu.org.uk/youth](http://www.bcu.org.uk/youth).

# ***LIGHTNING***

# 2004

The Lightning continues to be an exciting development for racing – a boat that is designed to meet the needs of young people and the clubs and centres where they are introduced to the sport. Ideally sized for 8 – 12 year olds it aims to encourage the development of skills and participation in sprint and marathon racing, thereby laying long-term foundations for the future of racing.

The BCU with various partners have initiated the development of the Lightning through a successful Sport England Lottery grant to support the supply of equipment nationally. A second bid was submitted in autumn 2002, with equipment available this season. As part of the Young People's Programme a series of Pyranha Lightning Cup events are run regionally and nationally to support and nurture the development of Young people enjoying the Challenge of Racing.

### Guidance for Local/Club Event Organisers

The BCU young people's programme would like to encourage Clubs and Event organisers to follow an event format for Lightning's that provides an enjoyable challenge for children, normally aged 8 – 12 years, as outlined below. The emphasis of the event should be to encourage the participants to train, develop basic paddling skills and improve. Further progressions would be to link events to the Lightning Cup Series and existing regional and national events.

P (Promotions) / D (Demotions) are possible on 1000m and/or 500m and marathon results.

The H.C. is the number of seconds longer that it takes to paddle the distance a zero paddler covers in one minute. Placid Water Racing Tests show recommended starting standards.

# RACING STANDARDS AND COACHING

## 1. Introduction

The Placid Water Progression was set up as a coaching scheme to develop marathon racing, sprint racing and fast touring.

## 2. The Placid Water Progression

Outlined below are the current **skill, racing and coaching awards** designed to support a progressive coaching & paddling scheme for clubs based on placid water using open cockpit canoes and kayaks.

### 2.1 Skill Development Awards for paddlers

The Placid Water Star tests provide four progressive levels of award for canoe and kayak. They can be used either as a basis to encourage skill development for paddlers or as an indicator of the appropriate level of skill for aspirant coaches in the instructional coaching awards.

Details of the complete syllabus is contained in a free leaflet "Placid Water Star Tests for Kayak and Canoe" (ref: CT011/00/1) available from BCU Office.

### 2.2 Racing Awards for paddlers

The Racing tests are designed to encourage paddlers to improve performance and recognise their progress in racing kayak and canoe. The Sprint Awards also provide a useful guide to indicate the class or division to which paddlers should enter into sprint and marathon racing.

The awards can be examined by any BCU Coach (Level 1-5) or Club Official and can be taken in any canoe or kayak

There are three types of Racing Award:

- **The Sprint (500m) Awards**

In each case the paddler must equal or beat the times below to achieve the standard.

| Award         | Kayak Men | Kayak Women | Canoe |
|---------------|-----------|-------------|-------|
| <b>Green</b>  | 4.00      | 4.20        | 5.00  |
| <b>Blue</b>   | 3.30      | 3.45        | 4.00  |
| <b>Bronze</b> | 3.05      | 3.20        | 3.20  |
| <b>Silver</b> | 2.45      | 3.00        | 3.05  |
| <b>Gold</b>   | 2.30      | 2.45        | 2.45  |

Note: Time in minutes and seconds – in single canoe or kayak

### Guidelines for entry into Sprint & Marathon Racing

To promote fair racing and as a guide for coaches, team leaders and paddlers, the following standards, based on the "Sprint (500m) Awards", are suggested as the entry levels into Divisional Marathons and Sprint Regattas held at the National Watersports Centre, Holme Pierrepont:

| Award         | Marathon  |             |          | Sprint                  |
|---------------|-----------|-------------|----------|-------------------------|
|               | Kayak men | Kayak Women | Canoe    |                         |
| <b>Green</b>  | Fun Race  | Fun Race    | Fun Race | Lightning under 13      |
| <b>Blue</b>   | Div 9     | Div 9       | Div 9    | Lightning under 13      |
| <b>Bronze</b> | Div 8     | Div 9       | Div 9    | Junior M & F & Veterans |
| <b>Silver</b> | Div 7     | Div 8       | Div 8    | Senior Women & Canoes   |
| <b>Gold</b>   | Div 6     | Div 7       | Div 7    | Senior Men              |

Note: To qualify for National Regattas, the standards must be achieved in a modern racing single canoe (in high kneeling position) or single kayak (with seat).

See team leaders' notes for more details.

## 2.3 Coaching Awards

The Placid Water coaching awards split into two closely linked coaching progressions; instructional coaching and competition coaching.

The instructional awards are geared to support those coaches introducing instructing, leading and organising a Placid Water Club or Centre. The syllabus requires the coach to have personal paddling skills as well as coaching skills – where the coach would normally instruct from a canoe or kayak.

The competition awards are intended to support those people who wish to help paddlers improve their performance in Sprint and Marathon racing (it does not require the coach to have any personal paddling skills).

The suggested entry point into coaching for new coaches is as a Level 1 "instructional" coach (Bell Boat helm or Level 1 Placid Water Coach). It is possible for non-paddlers to enter directly into the Level 2 Racing Coach, but it is hoped that they will follow up the course with a Level 1 Placid Water Coach Award in due course.

### 3. BCU Coach Update

In 1999 the BCU National Coaching Committee introduced a programme of revalidation for all BCU Qualified Coaches. The BCU programme is set up to provide:

- A system to enable long term training support for coaches
- A means to share good practice
- Improved BCU Coaching Service contact and communication with coaches

The original drive to establish the revalidation programme was external pressure from Sport England to set up a coach licensing scheme for sports coaches and a desire to improve the quality of coaches.

**“Coach Update”** now involves all BCU coaches – competition and recreation.

Originally called revalidation, Coach Update requires coaches to put in a minimum of 6 hours of training in any 3-year period. There are four ways for coaches to become updated:

- Attending a BCU Regional or Local Coach Update Forum
- Participating in a BCU Coaching Awards Course
- Completing a “Continuous Coach Development Record” and sending it in to BCU Head Office
- Completing the above form online, via the BCU Website  
[www.bcu.org.uk/coaching](http://www.bcu.org.uk/coaching)

The first 3-year period for Competition Coaches started in September 2000. Therefore **September 2003** was the first deadline for competition coaches to update by.

# RACING STANDARDS AND COACHING

## 4. First Aid for Racing & Placid Water Coaches

All coaches are now required to hold a current First Aid Certificate to maintain their BCU Coaching Award. The level of First Aid Training is as follows:

### 4 hour Certified Course:

Bell Boat Helm, Placid Water Level 1 & 2 Coach, Level 2 Racing Coach.

### 8 hour Certified Course:

All Level 3, 4 & 5 Coaches (Placid Water or Racing)

For BCU Coaches to maintain the BCU insurance cover they must hold an up to date and certificated First Aid qualification (appropriate level of their award). Most First Aid awards have a 3-year lifespan. It is the responsibility of each coach to make sure the BCU Coaching Service is sent a photocopy of his or her new certificate when the qualification is renewed.

## 5. More information

To set up a coaching course or to discuss club coaching issues there are a number of Coaching Development Officers covering a large section of the country who are available to assist voluntary officers in supporting coaching. They are:

## Have you tried our latest boats?

### The Alpha:

This exciting new original shape has produced an incredibly fast hull with good stability, allowing the paddler to work to the max even when exhausted and under pressure. Time trials have shown an improvement over existing designs of 4-10 seconds in a three minute period.

### The Beta:

The slender machine for the lighter paddler. A combination of less flotation volume, combined with a 35mm reduction in the width of the boat at the seat produces a well balanced, fine fast race craft.

### The Delta:

All the sleek lines and performance of the Alpha and Beta's but twice the fun—The newest of our K2's—coming in Spring 2004

### World Class Potential Programme - WCPI

#### Introduction

The World Class Potential Programme is funded by Sport England for **English** development athletes. Sport England defines the programme as follows:

'to assist the development of talented performers with the potential to win medals in significant\* future international competitions within the next 10 years. (\* Note: BCU defines significant events as the European or World Championships). There is an annual review and an interim review which takes place after the first selection point

#### Athletes and Coaches

There are 11 athletes included within the racing programme who will help us achieve our goals in 2004. These are:

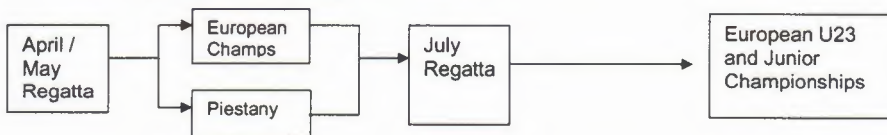

| MK1                  |              | WK1           |
|----------------------|--------------|---------------|
| Edward Cox           | Andrew Kelly | Jenny Spencer |
| Richard Darby-Dowman | Keith Moule  |               |
| Ben Farrell          | Tim Mumford  | C1            |
| Nick Fowler          | John Sawers  | Matt Lawrence |
| Liam Heath           |              |               |

Senior Men's Kayak Coach - Alex Nikonorov (0115 9822094 ext 5)  
Assistant Coaches: Royal - Trevor Hunter (07903419633)  
Elmbridge - Mark Greville-Giddings (0208 979 6592)

#### Strategy

Work over the winter will be K1 focussed. The spring camps will enable crew boat trials. Coaches Alex Nikonorov and Trevor Hunter will advise crews to race at the first selection point – April regatta. This regatta will give non-programme athletes the chance to be seen and invited for trials in crews. It is envisaged that the team selected for Piastany will race in K1 and K2.

#### 2004 Key Races for Assessing Performance – U23s

During the May – July period, crew boat work will be the focus with the proposed crews racing at the July regatta for selection for the European Championships. For further information, please see the selection policy and talk to either Alex or Trevor.

## Principles and Criteria for inclusion onto the World Class Potential Programme

### Principles

- **Age Range and Junior Athletes**  
Athletes to be included in the programme will be principally within the age range of 18 – 23 years old. If a junior athlete is achieving the performance standards for an athlete of 18 or older, then they will be considered for the programme. If a junior is included in the programme then they will receive only their personal funding from it. All of their training /competition needs and costs will be funded from the WCS junior programme.
- The programme recognises that the women's kayak and Canoes are development classes and that entry criteria will reflect this- particularly within the Under 20 age range
- The number of athletes included within the programme at any one time is dependent upon the finance and resources allocated by Sport England and Lottery Funding.
- Sprint Racing results remain the priority selection criteria, however Marathon results from World Championships will be taken into account to support Sprint racing results.

### Criteria

There are 4 main ways of inclusion onto the WCPI squads:

1. Selection for and performance at the Senior European Championships in 2004  
Any athlete within the designated age range and selected for and achieving a Top 15 position in an Olympic or non-Olympic event will be guaranteed their place on the WCPI programme
2. Selection for and performance at the European U23 Championships in 2004  
Any athlete within the designated age range achieving a Top 9 position in any 500/ 1000m event will be guaranteed their place on the WCPI programme
3. Selection for and performance at the Junior European Championships  
Any athlete selected for and achieving a Top 9 position at the Junior European Championships will be guaranteed their place on WCPI

### World Class Start - WCS

#### **Introduction**

The World Class Start Programme is funded by Sport England and is defined as follows:

'to help in the identification and nurturing of a specific number of performers who have the necessary characteristics to achieve future World Class success.

Athletes will principally be in the age range 13-18 and the programme is largely based in the clubs and regions. It covers the preparation and racing of junior international Great Britain U18 teams and junior development teams.

The Programme has the flexibility to define two levels within the programme:

- Junior Elite
- Talented Juniors

#### **Full Review**

In October each year the WCPI coaches and Programme Manager of the BCU carry out a full review of all athletes. The recommendations of the coaches are then prepared for formal approval by the BCU World Class Programmes Management Group. This paper is then submitted to Sport England for their final consideration and agreement. The final decision is with Sport England, which funds the programme.

After April selection events, the programme retains the right to modify status and groups as progress dictates.

# SPRINT SECTION – SELECTION POLICY

## Sprint Racing Selection Policy General Rules.

(Revised 3<sup>rd</sup> Nov 2003)

10. General Notes on Selection  
As an outdoor sport that can be affected by weather conditions and lane draws, it will be necessary to operate a policy of continuous assessment within an agreed and published framework. Athletes achieving satisfactory results at National events can be considered for selection to GBR and English teams
- 10.1 Any athlete wishing to be selected must complete an availability form supplied by the programme manager. They must also complete an athlete's agreement.
- 10.2 Selection Committee  
The BCU Sprint Racing Committee has established a Selection Committee. The Selection Committee comprises the BCU Performance Director, the National Performance Manager (Sprint Racing), the National Performance Coach (Sprint Racing), the relevant National Squad Coach and a nominated member of the Sprint Racing Committee. The National Performance Manager will normally chair selection meetings
- 10.3 Competition Programme  
The National Performance Manager for Sprint Racing in conjunction with the National Performance Coach will prepare a draft training and competition programme for approval by the BCU Performance Director and the Sprint Racing Committee. This Programme will be published in the Racing Handbook.
- 10.4 Teams for Major Internationals  
Teams for all major international events, World Cups, World and European Championships must comply with the rules of the International Canoe Federation and the European Canoe Association. Entry to these events is restricted to National Governing bodies affiliated to the ICF and the ECA. Restrictions apply to the number of entries each country may place. Selections for these competitions will be made by the Selection Committee as shown in 10.2
- 10.5 Teams selected for the World or European Championships will be submitted to the Sprint Racing Committee for ratification.
- 10.6 Teams for Minor Internationals  
The National Performance Manager, in consultation with the Senior or Junior National Coaches and the relevant National Squad Coach, may select teams for minor internationals.
- 10.7 Special rules for Olympic Games  
Entry to the Olympic Games is subject to qualification rules as agreed between the International Canoe Federation and the IOC. The Selection Committee as defined at 10.2 will select a G.B. Olympic Canoe and Kayak Sprint Racing Team. This team will be submitted to the Sprint Racing Committee for ratification and then to the British Olympic Association for approval.
- 10.8 Funding  
International team selections are subject to available funding; this means that funding could influence the size and number of our international teams. Athletes who are not on World Class Programmes will be asked to contribute an amount determined by the National Performance Manager and approved by the BCU Racing Committee. These contributions will only be used to support the international Competition Programme

## Supplementary information for Olympic Games and Senior European Championships:

### **Sprint Racing's Timetable for Assessment Competitions for Olympic Games 2004:**

The Olympic Games in Athens start on 12<sup>th</sup> August 2004. The canoe racing events take place over a six day period with the first day of competition on 23<sup>rd</sup> August and the last day of competition on 28<sup>th</sup> August.

The ICF has nominated the senior European Championships as the second round Olympic-qualifying event in Europe. This event combined with results from the 2003 World Championships and the results from our national regattas scheduled for 3-4 April 2004 and 8-9 May 2004 will be used as assessments for our European Championships and Olympic teams.

**The ICF 2004 Sprint Racing calendar is a working sheet that can still be changed. This could affect the competition programme prior to the Games but should not affect the events chosen as assessment for the GB team.**

In considering the assessment process the SRC have taken account of the following:

- The number and timing of events that can be used in the assessment process.
- The need for paddlers to train in order to have the best possible chance of qualifying.
- Provision for paddlers to challenge for selection without compromising other athlete's preparations.
- Pre selections issues and the need for crew boat training
- The timing of events within the ICF, IOC rules.
- The timetable agreed by the BCU and the BOA.

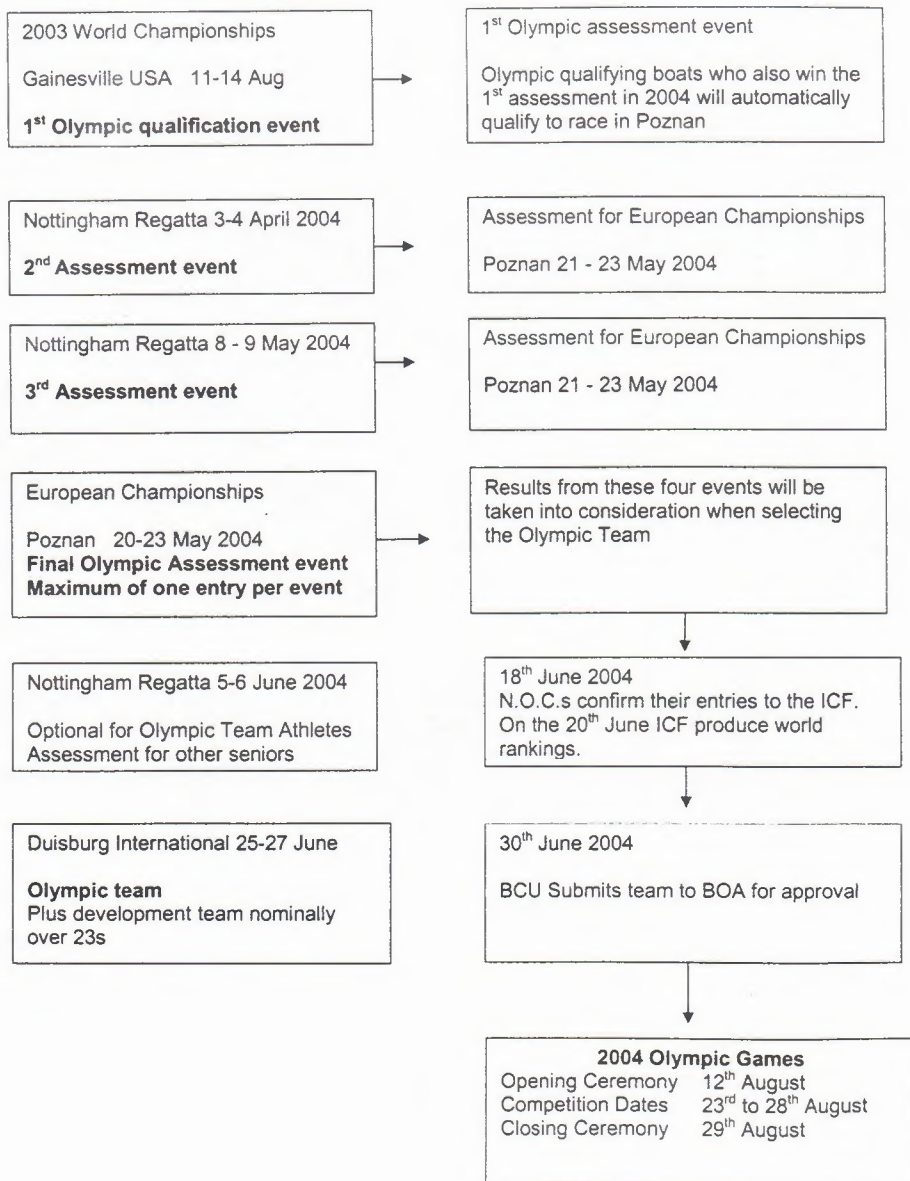

**Selection for the 2<sup>nd</sup> Round Olympic Qualification event and the Olympic Games will be based on results from the following competitions.**

- **Step 1:** Results from the first round of Olympic qualification in 2003  
**Any athlete qualifying a place in Gainesville who then goes on to win in the same event at the April assessment will not need to compete in further assessments for Poznan.**
- **Step 2:** Results from the April Regatta 2004
- **Step 3:** Results from the May Regatta 2004
- **Step 4:** Results from all three competitions and other issues such as injury or fitness problems will be used by selectors when selecting the team for the second round Olympic qualification event at Poznan. The date for this event is 21-23 May 2004.
- **Step 5:** Following the second round Olympic Qualifying event in Poznan a provisional Olympic team will be selected for submission to SRC. Results from the 2003 World Championships, the April and May National regattas and the senior European Championships will be taken in to consideration when selecting this team.
- **Step 6:** On the 20 June 2004 the ICF will announce the reallocation of any additional quota places.
- **Step 7:** On the 30<sup>th</sup> June the BCU has agreed to nominate its Olympic team to the BOA. Changes to this team would only happen in the case of illness, injury or a disciplinary matter.

This policy was approved by SRC on 6<sup>th</sup> September 2003.

## Assessment and Competitions for U23 European Championships:

The main focus event in 2004 for the U23s is the European U23 Championships in Poznan. It is expected to send a team of an appropriate level to this event. Appropriate level means having the ability to make A final. A guide to probable times needed for Olympic events are shown below.

|          |      |          |      |          |      |           |      |
|----------|------|----------|------|----------|------|-----------|------|
| K1 500   | 1.41 | K1 1000m | 3.36 | WK1 500  | 1.57 | WK1 1000m | 4:00 |
| K 2 500m | 1.32 | K2 1000m | 3.17 | WK2 500m | 1.48 | WK2 1000m | 3:45 |
| K4 500m  | 1.26 | K4 1000m | 2.58 | WK4 500  | 1:38 | WK4 1000m | 3:30 |
| C1 500   | 1.57 | C1 1000m | 4.00 |          |      |           |      |

Notwithstanding the above guide to times, the SRC selection committee will also review results by athletes in non Olympic events such as the 5000, 3000 and 200 metre events.

Preparation for the U23 Championships will predominantly include competing at the Piestany regatta or the Senior European Championships in May (*in accordance with the selection process for Olympic Games.*) The focus here will be K1/C1 and K2/ C2 events. After these events U23 athletes should focus on preparing for the July regatta which is the final selection event for the U23 European Championships.

### Note:

- Any U23 athletes selected for the Olympic Games will follow the Olympic preparation programme. They will have automatic access to racing at the U23 European Championships if it is deemed in the best interests of their Olympic preparation by their class coach.
- The training programme for athletes preparing for the U23 European Championships would normally preclude their availability for the Duisburg International.
- Athletes wishing to be considered for the U23 European Championships team should follow the process below:

### Step 1:

#### April Regatta

Selection for Piestany regatta (K1/ C1, K2/C2 only)

You are expected to compete in either the K1 500m or K1 1000m plus the crew boat event of your choice

#### May Regatta

See Assessment Competition for Olympic Games & Senior European Championship

### Step 2:

Compete at either Piestany or Senior European Championships. After these events the coach will choose a squad for training and crew development through to the July regatta.

### Step 3:

#### July Regatta

Final selection of the European U23 team.

You are expected to compete in either the K1 500m or K1 1000m plus the crew boat event of your choice, as directed by the coach.

## Have you tried our latest boats?

### The Alpha:

This exciting new original shape has produced an incredibly fast hull with good stability, allowing the paddler to work to the max even when exhausted and under pressure. Time trials have shown an improvement over existing designs of 4>10 seconds in a three minute period.

### The Beta:

The slender machine for the lighter paddler. A combination of less flotation volume, combined with a 35mm reduction in the width of the boat at the seat produces a well balanced, fine fast race craft.

### The Delta:

All the sleek lines and performance of the Alpha and Beta's but twice the fun—The newest of our K2's—coming in Spring 2004

# BCU FLATWATER RACING COMPETITION RULES

## Notes to the BCU Flatwater Racing Competition Rules

### **Races Exceeding 1,000 Metres at the National Water Sports Centre Nottingham, Rules 21.4 and 21.5**

Because of limitations at the National Water Sports Centre - mainly the start pontoon being fixed for the Start of two 5000 metre and one 2500 metre events - it is not possible to comply with the Rule and provide the three courses required. The 2nd leg under the Rule is 47.75 metres too long. The requirements given in the Rule are those of the ICF, which the BCU must shadow in its own Rules.

### **Long Distance Courses at the National Water Sports Centre, approved by the RC**

To provide flexibility there are four turning points with the start and finish of the turns as follows:

1. 10 metres beyond the finish line
2. 450 metres from the finish line
3. 1123 metres from the finish line
4. 1796 metres from the finish line.

#### **International Rules Course - 1 long lap + 1 short lap**

(Avoiding pontoons at 500 metres which would need to be parked as far back as possible)

|                                                                        |                |

NB With a fixed start position and by using the same turning buoys for the 5000 metre course an exact 2500 metre course cannot be obtained. It is 20.5 metres short.

### **Interpretation of Rule 27.3 - Races up to 1000 metres (including the 5 metre rule)**

The rule requires competitors to keep to their lane from the start to the finish of the course and for their boat not to come nearer than five metres in any direction to another boat. Rule 42.1 in the Rules for World Championships requires the lanes along the length of the course to be marked by buoys not more than 25 metres apart.

This means that the competitor may progress along the course in any part of their lane provided

## BCU FLATWATER RACING COMPETITION RULES

that their boat does not come within five metres of another boat. Their boat must pass between all the buoys that mark their lane along the length of the course.

For a boat to momentarily deviate out of the line marked by the buoys but still pass between all the buoys is not an infraction provided that the boat does not come within five metres of another boat. However, it is reportable and a red flag must be shown at the end of the race with a written report in the normal way.

The rule also says, "They shall keep as far as possible the centre of their lane." The wording appears to conflict with the first part of the rule - "Keep their lane." However, it is not intended to. Competitors are not permitted to race down the side of their lane following the line of buoys that mark the lane. They must follow a line as close to the centre of the lane as they find they are able to do. If a competitor should race very close to the buoy line for 100 metres or more, that is an infraction.

## BCU Racing Section - DISCIPLINARY REGULATIONS

*By a directive of the BCU Council, these regulations may be applied without alteration to any Specialist Section of the BCU by means of a resolution passed by a general meeting of the Section Specialist Committee. The Racing Section adopted this code of practice at a Special General Meeting in April 1989.*

### General procedure

- 1.1 A complaint that an individual member of the Union has behaved in a manner that is, or is likely to be, prejudicial to the conduct of a Section event or of a Section training facility, or to the interests of the Section, or to the general interests of canoeing, may be lodged by means of a statement of complaint signed as provided below and setting out the facts on which this complaint is grounded.
- 1.2 A complaint by an affiliated club or by a committee organising an event or training facility shall be signed by two members of the club or organising committee who are BCU members, one of whom must be the chairman or secretary of the club or committee.
- 1.3 A complaint by any other person shall be signed by the person concerned and state that person's address.
2. The complaint shall be sent to the chairman or secretary of the Specialist Executive Committee, who shall take immediate steps to convene the Executive Committee within 30 days to consider the complaint and any rebutting or mitigating statement furnished by the alleged offender.
3. The Section Executive Committee shall ensure that a copy of the complaint is or has been handed personally to the individual member to whom it relates, or has been sent by recorded delivery post to that member, together with an invitation to furnish in writing within 21 days any rebutting facts or mitigating explanation or submission and a notification of the date when the Section Executive will meet to consider them. At the same time the member shall be asked whether he wishes to be present, in which case he may be asked questions, when the complaint is being considered, and informed that if no reply is received within a period of 21 days the section Executive will consider the complaint in his absence on the basis of the facts and statements in their possession. The Section Executive may invite the complainant to comment on the member's reply, and shall supply a copy of any such comments to the member before the meeting.
4. At the meeting the Section Executive Committee shall consider the complaint and any statement made in writing or orally by the member concerned. If the member has asked to be present at the meeting he must have been invited to attend. The Section Executive Committee may question either party, if present, or call on them to supply additional evidence. If the section Executive Committee has not completed its consideration of the complaint within 30 days from the date of the meeting referred to in Regulation 2. above it

# BCU FLATWATER RACING COMPETITION RULES

shall be taken to have rejected it, but the complainant may in that event address a complaint to the BCU Council for consideration under Article 8 of the Articles of Association of the British Canoe Union.

5. On completing consideration the Section Executive Committee shall draw up its findings of fact, and may decide:
  - 5.1 To reject the complaint.
  - 5.2 To warn or reprimand the individual member concerned.
  - 5.3 To suspend the individual member from participating in specified section events or training facilities either -
    - 5.3.1 For a period not exceeding 3 months, starting at least 10 days after notification of the decision to the member, or
    - 5.3.2 For a specified number of such events or facilities, not exceeding five in number, consecutively where all that number would not have taken place within the period specified in 5.3.1 above.
  - 5.4 To recommend to the BCU Council that a suspension should be for a longer period, or that the member should be suspended from all BCU membership rights, or expelled from the Union, or that some other specified penalty should be imposed by the Council.
- Where the complaint was originally lodged by the Section Executive Committee itself, it shall not impose a penalty under 5.3 above, but may recommend that the penalty be imposed by Council.
6. The Section Executive Committee shall notify the member by recorded deliver post of its findings of fact and of its decision or recommendation and shall inform him of his right of appeal under regulation 8 below, where applicable, and shall send a copy of the notification to the BCU Council.
7. In the case of a decision falling under regulation 5.3.1 or 5.3.2 or involving a recommendation under regulation 5.4, the individual member concerned may appeal to the BCU Council within 10 days of the date of notification, setting out the grounds for appeal in writing: where an appeal is made the penalty shall be treated as in abeyance pending consideration of the appeal by Council.
8. The BCU Council shall consider, within 30 days of being notified of the complaint, the Section Executive Committee's findings and decision and give the member an opportunity within a specified time to make orally any further explanation or defence that he desires to submit.
9. The BCU Council's functions under regulation 8. may be performed by a standing Committee appointed for the purpose under Article 42 of the Articles of Association of the BCU.
10. **Immediate Discipline**

Organisers of events or training facilities in the Section's programme may, without prejudice to the making of complaints under Regulations 1. to 9. above, summarily exclude or disqualify members or competitors for violent or very unreasonable behaviour from the event or session concerned or from subsequent events or facilities held at the same site within 2 months of the offence.

***The BCU Racing Committee adopted additional regulations on 1 January 2001 as follows:***

11. **Code of Ethics**

Everyone within the BCU Racing Section is subject to the conditions and ethics as given in Section 5 of the BCU 'Coaching Code' published by the BCU UK Coaching Service, and are required to operate under the same general Sport and Recreation Code of Ethics.
12. **Regatta Officials**
  - 12.1 It is vital for the honourable nature of the Sport that Officials are not subjected to any act that may compromise their position.
  - 12.2 Regatta Officials must not be threatened or subjected to harassment, intimidation or abuse. No attempt should be made to persuade Regatta Officials to take an action which is

# BCU FLATWATER RACING COMPETITION RULES

dishonest or contrary to the Official's code of ethics or honourable nature of the Racing Regulations. This applies at anytime, in or out of competition. It is incumbent on each Official to report all such acts.

- 12.3 The report should be in writing and sent without delay to the Racing Committee (through the Section Secretary) who will consider the matter in accordance with the Section's Disciplinary Regulations.
- 12.4 In the event of an action taken immediately prior to or during a BCU Regatta, the Official should hand their written report to the Chief Official. The Chief Official with the Regatta Committee must take action in accordance with the Section's Disciplinary Regulations.

## A brief explanation of

## DOPING RULES OF THE BRITISH CANOE UNION

1. The British Canoe Union (BCU) is the governing body of the Sport and Recreation of Canoeing (the Sport) in the United Kingdom under the jurisdiction of the International Canoe Federation (ICF).
2. The Rules were adopted by the Board of the BCU pursuant to Article 34(b) of its Articles of Association on 28 September 2002.
3. The purpose of the Rules is to prohibit doping (which is defined by the ICF as the administration or use of prohibited classes of drugs and of banned methods) in order to protect the rights and health of participants in the Sport and to protect the values of fair play in the Sport.
4. The BCU, further to the powers set out in its Memorandum and Articles of Association, regulates the prohibition and control of doping in the Sport within the United Kingdom and makes, maintains and enforces the Rules.
5. The list of prohibited classes of substances and prohibited methods is extensive. Any related substances not on the list are included. Also prohibited are medicines administered orally as cough suppressor or painkiller in association with decongestants and/or anti-histamines. In addition, there are specific regulations for the use of an inhaler prescribed by a physician to prevent and/or treat asthma and exercise-induced asthma.
6. Membership of the BCU requires full compliance by all members with the Rules. Athletes must ensure that any medicine, supplement, over-the-counter preparation or any other substance they use does not contain any Prohibited Substance. A proven doping offence can result in severe penalties for the offender.

# MARATHON SECTION

## Foreword

Firstly, I would like to acknowledge some fine achievements at the World Championships in Spain. Congratulations go to Ben Brown, gold medallist and Britain's first Junior K1 World Champion; to Hayleigh Mason, bronze medallist in the Junior Ladies K1; to Jenny Spencer, bronze medallist in the Ladies K1, and to the junior team for winning the World Cup Junior Team Trophy. Thanks and congratulations are also due to the support team - the coaches, physios, and drivers. It is they who create the right team environment for such achievements.

Your committee continues to work closely with the Sprint Committee to foster flat water racing in both disciplines. We could not work without the support of those of you in clubs and regions who organise and help at races, coach and train paddlers throughout the year. Thank you all for your hard work and the encouragement you give to paddlers at all levels. Thanks also to those paddlers who supported events by racing and, finally, particular thanks to Worcester and Reading Canoe Clubs, who very successfully ran the Nationals and Hasler Finals respectively. Your efforts are very much appreciated.

However, one of the questions for all of us to ask, it seems to me, is "How do we grow the sport of Marathon racing?" The number of registered racing paddlers has fallen slightly but the numbers actually racing has fallen by about 20% in the five years to 2002. We need to encourage all registered paddlers to race and to encourage new people into the sport. The bigger the numbers the better the races, giving better support for the clubs and for the sport generally.

The number racing at the Hasler Finals was the lowest for many years, despite opening up the competition to non-qualifying clubs. That was a decision that drew criticism and your committee has reverted to the original rules for 2004. The committee's decision was not unanimous, but it is true to say that the whole committee shares the concern over falling numbers. We will continue to explore ways of attracting a larger attendance at the Final and at regional races.

That brings me to another point. If you or your club has ideas to make the sport more attractive, please let us know. And why are most of you shy of attending the committee's annual meetings?

The BCU this year established new principles for the conduct of its committees, such as the MRC. The rules for the MRC have yet to be finalised, but one of the principles is that AGMs now become Annual Consultative Meetings. You vote members on to (and off!) the committee but any other matters debated are for consultation only and the committee decides whether or not to adopt proposals put to the committee. This has been criticised by some as being undemocratic. I don't agree and your involvement is essential if we are to make racing more attractive at all levels. So please do not let this put your club off from raising matters and putting proposals to the committee. Your involvement is needed in all aspects of the sport and we look forward to seeing you at the general meeting at the Nationals in July.

I wish you success in your racing in 2004. Most of all, though, enjoy it.

Brian Gandy

## **MARATHON SECTION**

### **INTERNATIONAL MARATHONS**

#### **SELECTION POLICY FOR GREAT BRITAIN REPRESENTATIVE TEAMS**

##### **Objectives**

- 1 To win medals at World, European Championships, and World Cup events.
- 2 To maintain a position as a top nation in international competition.
- 3 To ensure the long-term athlete development required for international success.

This policy may be amended or supplemented by the BCU Marathon Racing Committee at its discretion in order to achieve the above objectives to cover exceptional circumstances. Every effort will be made to ensure as much notice as possible is given to all persons affected by any change.

##### **Process of Selection**

- 1 Each year the ICF publish an International Calendar from which a programme of International events to be attended is selected. Due regard is given to the Objectives and to budgets. Some events may be designated "Development". The programme is specified in the Racing Handbook.
- 2 The basic team composition for each event will be detailed in the Racing Handbook. Changes may be necessary to suit all the factors affecting team size and budgets.
- 3 The selection of teams for **all** internationals will be made on a **continuous assessment, open to all basis**. The composition of the team for each event will depend entirely on paddlers being and proving that they are of sufficiently high standard.

The system of **continuous assessment** as opposed to system of 'first past the post' at a nominated selection event has been in operation for several years and has operated very well. It allows the selectors to consider an athlete who has under performed in any one race. This could be due to illness or equipment failure. It also means that consideration can be given to improving athletes who may not be winning but show potential for the future.

- 4 Teams will be selected from results at the Assessment races, as detailed in the Racing Handbook, while accepting that there can be many variations of circumstances to affect performance. In marginal cases, previous competition results may be taken into consideration.
- 5 All Senior and Junior Kayak Men should race in the Assessment classes, and Senior and Junior Women, and Canoes, in Division 3 unless otherwise instructed.
- 6 Athletes wishing to be considered for International Events must comply with the following conditions.
  - 6.1 They must be Comprehensive BCU members, throughout the year.
  - 6.2 Having due regard to their availability for selection and their preferred programme, they should apply to the Team Manager, by completing fully the Application Form, and returning it by the dates specified in the Racing Handbook.
  - 6.3 They should be prepared to meet all assembly costs and pay a contribution towards food, as detailed in the Racing Handbook.
  - 6.4 They should be prepared to travel and be accommodated in the best interest of the

## MARATHON SECTION

team.

- 6.5 They must be prepared to accept the Team Coach's direction with regard to training and racing while abroad.
- 6.6 They must be prepared to dress and conduct themselves in a manner befitting a British Team representative and promote the good name of British canoeing both at home and abroad.
- 6.7 They should be prepared to give support to Sport UK, Sport England and the Lottery in promotional aspects, in return for the Grant Aid received.
- 6.8 They should wear the GB tracksuit and team clothing provided, on all suitable occasions.
- 6.9 They should compete in the appropriate Assessment events.

**PERFORMANCES IN ASSESSMENT EVENTS AND INTERNATIONAL EVENTS WILL HAVE A STRONG BEARING ON ALL TEAM SELECTIONS.**

- 7 The principles guiding the Selection Committee will be as follows.

The best team available to represent Great Britain will be selected having regard to the following.

- A To win medals at World and European Championships, and World Cup events.
- B National Team points.
- C Experience enhancement and development potential consummate with the level of the Competition.
- D Available budget for an event that supports the overall Marathon programme.

- 8 The Selection Committee shall consist of the following

The BCU Marathon Racing Committee selectors comprising

Chairman BCU Marathon Racing Committee who will Chair all selection meetings

Marathon Team Manager

Up to 4 additional members nominated by the BCU MRC.

The BCU Performance Director

The BCU Flat Water National Performance Manager

Selectors are required to make every effort to attend all Domestic Assessment events, to ensure that a true and accurate assessment of current abilities can be made.

## 2004 INTERNATIONAL PROGRAMME

At the time of going to press, the overall funding for our programme from the Lottery and BCU exchequer fund has not been finally resolved. It is clear however that the money will be supplied from different sources, which will mean tight restrictions on its use. It is the Committee's intention to provide as full a programme as possible for 2004, within the restraints. The World Championships for

## MARATHON SECTION

Seniors and Juniors will be in Norway. The 2 World Cup events are in France and Portugal.

The main events for the year, for both Seniors and Juniors, are therefore: -

|                           |                    |                   |
|---------------------------|--------------------|-------------------|
| World Cup 1               | Tremolat, France   | May 29/30         |
| World Cup 2               | Crestuma, Portugal | June 19/20        |
| World Championships (WC3) | Bergen, Norway     | July 31/ August 1 |

The World Cup Trophy will be awarded for the best total results from the two events. Each country can enter 3 crews, (2 at World Championships) in each class, with only the first finisher to count. In the Junior World Cup there are classes for Men K2, K1, C1 and Women K1& K2.

In addition to the 3 main events, we plan to send small team to the Pontrevedra K4 Series and development teams to a training camp in Spain and the Loire marathon in France, depending on the assistance we receive from the Organisers. We will also support other events, where the Organisers provide total finance.

### MARATHON COMMITTEE SUPPORT

The Marathon Committee will assist all potential team members in seeking personal sponsorship.

6. Where clubs wish to raise matters of policy or alteration of existing rules at the AGM, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two full individual BCU members by 12th October. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting.

Any such protest must be made immediately and in writing to the Secretary of the Executive Committee and give full details of the alleged infringement of the rules. The person making the protest must also inform the secretary of the club or body concerned. Failure to comply with these conditions will invalidate the protest.
- j) Appeals against the decision of the Protest Committee are permitted and these will be heard by the Executive Committee.

### 18. ORGANISATION OF GROUP B RACES

- a) For these races competitors do not have to be BCU, WCA, SCA or CANI members, there is no levy and no requirement to submit results to the race records officer. Race advertising, entry fees and classes are at the discretion of the organiser. The formal requirements to register club membership and for protest procedures are not necessary.
- b) Rules 1, 2, 5, 6, 7, 8, 9, 10, and 11 shall apply to all GROUP B races.

## Rules Applying to Regional Divisional Races

19. Regional divisional races are GROUP A races and all of rules 1 -17 above shall apply.

### 20. THE DIVISIONAL SYSTEM

- a) At a divisional event there are separate singles races for each of divisions 1 - 9 and separate doubles races for divisions 1/2, 3/4, 5/6, 7/8 and 9.
- b) It is recommended that entry into the divisional system should be based on the standards detailed in the Sprint Section "Standards for Racing".
- c) Each year a divisional list will be published in the Racing Handbook for divisions 1-8. These lists are checked and any paddler not having competed for two successive seasons is removed from the lists. Each autumn clubs are asked to submit a list of the paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.

### 21. TYPES OF COURSE

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be:-

Div.1, 2 & 3 Singles, 1/2 & 3/4 Doubles

Full senior course of about 20km with any degree of severity.

Div.4, 5 & 6 Singles, 5/6 Doubles

Course of about 13km which may include portages and/or weir shoots.

Div.7, 8 & 9 Singles, 7/8 & 9 Doubles

Course of about 6.5km with the minimum practical hazards.

### 22. SPECIAL PRIZES

Race organisers are encouraged to give prizes for special groups of paddlers. eg. First under 16, First C1. In particular they are strongly recommended to give a prize for the first woman in each division and for the highest placed TC2. This kind of encouragement is particularly important in the divisional system.

## MARATHON RACING

### 23. SEPARATE STARTS

Each class of six or more starters must start separately.

### 24. HANDICAP SYSTEM FOR LOW ENTRIES

If there are less than three entries in a division then the organiser will transfer those entries to another division. Where possible they should be transferred to a race of the same distance so that paddlers are not required to race further than they originally entered. Where there is a choice, transfer to a lower division is preferable to transfer to a higher division. A handicap (if moved down) or an allowance (if moved up) will be used to calculate the results. Transferred paddlers racing in a different division will count for prizes but will be ignored in calculating promotions and 'D' notices. The handicap or allowance, per division moved, to be:-

|              |                                               |
|--------------|-----------------------------------------------|
| 20km course  | 3 minutes for singles ; 6 minutes for doubles |
| 13km course  | 2 minutes for singles ; 4 minutes for doubles |
| 6.5km course | 1 minute for singles ; 2 minutes for doubles  |

### 25. COMPETING IN A CREW BOAT

A paddler is normally ranked on singles performances. However when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down). All paddlers competing in crew boats must show their singles ranking on the entry form and these rankings **must** be shown on the results.

eg. Paddler A = Div.5 and Paddler B = Div.8.  $5 + 8 = 13$ , average =  $6\frac{1}{2}$  so the competition ranking = 6 and the entry would be div.5/6

### 26. PROMOTIONS

- The Executive Committee has discretion to promote or to withhold promotion at any time when it is found to be necessary. This duty is delegated to the Ranking Officer.
- Promotions may take place on either singles or doubles performances.
- Status in canoe will not affect status in kayak and vice versa.
- Generally no woman or canoe paddler will be promoted higher than division 3 and no junior kayak paddler higher than division 2.
- Promotions between the divisions throughout the season will be calculated as follows on the basis of singles results, subject to the exercise of the discretion in Rule 26(a).

Divisions 8 & 9 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 3 minutes, are promoted to the higher division provided that there are a minimum of 5 starters in that higher division.

Division 7 Promotions will be made at the discretion of the Regional Hasler Adviser of the region in which the race takes place. The Regional Adviser's decision will take into account the performance of the paddler compared with the regional division 6 paddlers. If any paddler or team leader feels that this has resulted in an inappropriate promotion they should appeal to the ranking officer to correct the situation.

Divisions 5 & 6 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 4 minutes, are promoted to that higher division provided that there are a minimum of 5 starters in that higher division.

Divs. 1, 2, 3 & 4 Promotions between divisions 1, 2, 3 and 4 will be decided by the ranking officer and can be made at any time. They will be determined in conjunction with the national and regional coaches and will be based on performance in all races.

- Promotions are not limited to one division. For example, a division 9 paddler with a time within 3 minutes of the division 7 winner would be promoted straight to Division 7. Similarly a Division 6 paddler with an appropriate time could be promoted to division 4.
- The lower limit of 5 paddlers to render a race quorate for promotion purposes, as described above, is intended to ensure that the winner's time is a realistic one for that division. However the Regional Hasler Adviser may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.
- Since there are not usually any promotions from division 7 to division 6 or from division 4 to division 3 on the day, it is normally the winner of division 7 whose time is used for calculating promotions from division 8 to 7 and the winner of division 4 whose time is used for calculating promotions from division 5 to 4. These promotion calculations hold good even if subsequently the ranking officer does promote the winner of division 7 and others to division 6 and the winner of division 4 and others to division 3.
- Once promoted, paddlers **must** race in their correct division, or higher division, except under the provisions of rules 24 or 25. Any competitor found racing in a lower division, singles or doubles, except under the provisions of rules 24 and 25, may be disqualified from the event and be banned from marathon competition for 12 months from the date of the event when the misdemeanor took place. A

## MARATHON RACING

paddler is deemed to be promoted when his club receives written notification from the Race Records Officer.

The exception is for promotions made towards the end of the season at races designated as being part of the following Hasler season. These promotions will not apply at the Hasler Final of the current season but will apply to all other races. (E.g. A div. 6 paddler promoted to div. 5 in September 2004 at a race designated as H2005 can still race in div. 6 at the 2004 Hasler Final but must race in div. 5 at all other races.)

- j) All paddlers, both from within the region and from other regions are eligible for promotions. The only exceptions are paddlers transferred from another division under rule 24 (handicap system for low entries).

### 27. DEMOTIONS

- a) The Executive Committee has discretion to demote where this is found to be necessary.
- b) Demotions between divisions 4 to 9 throughout the season will be calculated as follows.  
All those finishing a singles race with a time slower than the fastest paddler in the division not promoted, + 10% will be designated 'D'. With 3 'D' notices a paddler will be automatically demoted to the next lower division.
- c) Demotions between divisions 1, 2, 3 & 4 will be determined by the ranking officer in conjunction with the national and regional coaches. It will be based on performance in all races.
- d) All paddlers, both from within the region and from other regions are eligible for 'D' notices. The only exceptions are paddlers transferred from another division under rule 24.

### Rules Applying to Regional Hasler Races

#### The story behind the Hasler Trophy

One of the most daring raids of World War Two took place on the night of 11 December 1942 in the enemy-occupied port of Bordeaux in France. Operation Frankton involved 12 men in six canoes being taken by submarine to a position 10 miles south of the Gironde estuary on 7<sup>th</sup> December. One of the canoes was ripped passing through the hatch of the submarine, but the other five then had an 85 mile paddle ahead of them. Two boats were lost in the tidal race and the remaining three carried on for three days, paddling in darkness and lying up during the day. One more boat hit a submerged rock and sank and the final two boats went on to Bordeaux harbour, where they attached their limpet mines and, assisted by the ebb tide, paddled silently back down the river. The mines detonated and severely damaged four vessels and sunk one. The four remaining men beached before reaching the sea, scuttled their canoes and traveled overland to try to reach safety. Two were captured, but Major 'Blondie' Hasler and Marine Bill Sparks made their way to Spain – the only two of the original ten who survived. Hasler was awarded the DSO and Sparks the DSM.

After the war, Hasler went on to found the Single Handed Transatlantic Yacht race after a bet with his friend Francis Chichester. The Hasler Trophy was presented by Lloyds Underwriters to commemorate the raid of the so-called 'Cockleshell Heroes' and has been competed for since 1957. Major Hasler died in 1987 and Bill Sparks died on 30<sup>th</sup> November 2002, only ten days short of the sixtieth anniversary of the raid. In 2003 the Marathon Committee decided to inaugurate a new trophy named in honour of Bill Sparks, which goes to the highest placed veteran K2 in the highest division at the Hasler Final.

28. Regional Hasler races are GROUP A Divisional races and all of rules 1-17 and 19-27 above shall apply.

### 29. THE HASLER TROPHY

The Hasler Trophy is the National Team League Championships and is competed for throughout the season on a regional basis. The Hasler season is defined by the races designated 'H' in the Racing Calendar of this Handbook. Races relating to the following season are designated 'H2005'. There is a national Hasler Final which in 2004 will be held on October 3<sup>rd</sup> in Nottingham.

### 30. REGIONS

The regions are defined as the Sport England regions for England plus Scotland East, Scotland West, and Wales. Each region will run its own league championships throughout the year and will decide how many results are to be counted by clubs. It is hoped that eventually there will be enough races in each region for clubs to count their best 8 or 9 results from the total number of races.

### 31. DIVISIONS

Races for singles divisions 1-9 and doubles divisions 1/2, 3/4, 5/6, 7/8 and 9 must be held at all events except where varied as agreed with the Regional Hasler Adviser.

## MARATHON RACING

### 32. COMPETITORS

- a) Each club will be allowed as many competitors as it wishes.
- b) A paddler can only compete in one race in a qualifying event.

### 33. POINTS

- a) In regional races only those clubs within the region will score points. Paddlers from other regions will not be taken into account when calculating points except that their time will be used for the 110% or 115% calculations if they are the fastest boats not promoted.
- b) To be included for points, clubs must be affiliated to the British Canoe Union.
- c) All competitors in both singles and doubles **must** show their singles ranking at race check-in. Competitors not doing so will not score points in the regional competition and may not count the race as eligibility to compete in the final.
- d) The points system will be as follows.
  - i) Divisions 1-9 singles and 1/2, 3/4, 5/6, 7/8 & 9 doubles will count for points.
  - ii) Points will be awarded per paddler in both singles and doubles - 20 for 1<sup>st</sup>, 19 for 2<sup>nd</sup>, 18 for 3<sup>rd</sup> and so on down to 2 points for all paddlers who finish a singles race within 110% of the time of the fastest boat not promoted or who finish a doubles race within 115% of the time of the fastest boat not promoted. One point only for paddlers who finish outside the 110% or the 115% limit irrespective of their position. This to apply to all races except division 9 singles and doubles which will receive 20 for 1<sup>st</sup>, 19 for 2<sup>nd</sup>, 18 for 3<sup>rd</sup> and so on down to 2 points for all paddlers who finish.
  - iii) Transferred paddlers racing in a different division under the provisions of rule 24 will count for Hasler points.
  - iv) Paddlers in a separate assessment race at a Regional Hasler event will not score Hasler points.
  - v) Each club will count its six best scoring singles boats from any divisions and its three best scoring doubles boats from any divisions. Only the scores from three doubles boats can be counted even if some of these boats contain just one paddler who is eligible for Hasler points for a particular club.
  - vi) At each event the club with the highest score will get 10 regional points in the regional competition, 9 for 2<sup>nd</sup> and so on.

### Rules Applying to the Hasler Final

- 34. The Hasler Final is a GROUP A Divisional race and all of rules 1-17 and 19-27 above shall apply except rule 25 (crew boats) that is replaced by rule 38.

### 35. CLUB ELIGIBILITY

- a) The top 4 scoring clubs from each region (8 clubs from the combined Midlands region) as determined by the regional Hasler competitions, plus a team from the Combined Services and from the Isle of Wight, may compete in the Hasler Final at the end of the season. Additionally a team from the host club (or from each host club if there are two organising clubs) may compete if they have not qualified from the regional competition.
- b) Each eligible club will be allowed as many competitors in the final as it wishes.

### 36. PADDLER ELIGIBILITY

- a) A paddler must compete in 3 qualifying events at his or her current ranking, during the season to be eligible for the final. The exceptions are Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes who must compete in 2 qualifying events.
- b) Qualifying events are regional Hasler races for that season, including assessment classes. This does not include races designated for the following Hasler season. Also a paddler may count competing in the National Championships on one or both days as one qualifying race. The previous Hasler Final does **not** count as a qualifying race.
- c) The qualification must be in the same type of boat (ie canoe or kayak).
- d) Paddlers are only eligible to paddle in a singles race at the Hasler Final if they have competed in 3 qualifying events in singles. The exceptions are paddlers already ranked in their highest division (Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes) although they must still comply with rule 36a.
- e) Regional Champions are eligible to compete in the final, provided they have complied with rules 36a-d, even if their club has not qualified for the final. Regional Champions are eligible for medals and trophies but will not score Hasler Final points. They will be ignored in calculating the Hasler Trophy clubs competition results.
- f) A paddler can only compete in one race at the final.

## MARATHON RACING

- g) The Regional Hasler Adviser will check the eligibility of paddlers from his region for the final. The Race Records Officer will be able to produce listings on request to help clubs and Hasler Advisers carry out this task.

### 39. POINTS

- a) All competitors in singles and doubles **must** show their singles ranking on the entry form. Competitors not doing so will not score points.
- b) Clubs qualifying for the final will start the final competition with 1 point for each promotion gained by any of their members during the season, up to a maximum of 12 points, irrespective of whether the promoted paddlers are racing in the final or not. These promotions may be automatic from race results or discretionary by the Hasler Adviser or Ranking Officer and can be from regional races or the National Championships. There will be no promotion points from promotions at the previous Hasler Final. Promotion points from races designated for the following season can only be used at that following season's Hasler Final.
- c) Point scoring at the final will be as described in rule 33d (i), (ii), (iii) & (v).

### 40. TROPHIES

- a) The *Hasler Trophy* will be awarded to the club scoring the most points at the final including promotion points under rule 39b.

## PART C - THE STARTING OF ASSESSMENT RACES, NATIONAL CHAMPIONSHIPS RACES AND HASLER FINALS RACES

There is a necessity to maintain the standard of starting at assessment races and major championships. The following will apply to all assessment races, to all races at the National Championships and to all races at the Hasler Finals.

### 1. REQUIREMENTS

- a) The start line should be clearly defined on both banks.
- b) A clearly defined marshalling line must be established behind the start line.
- c) The race must be started by a person drawn from the approved starters list, who will have an experienced assistant.
- d) The marshalling line should be controlled by at least two experienced officials.
- e) The above should all be equipped with PA equipment or loud hailer that it is the responsibility of the race organiser to provide.

### 2. STARTING PROCEDURE

- a) An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have 3 minutes to get behind it.
- b) A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler is to go in front of the marshalling line until instructed by the marshal.
- c) Once released by the marshal, the paddlers will be under the starter's control. Any paddler going in front of the start line before the 'GO' will be penalised.
- d) For each contravention of the above rules, a 2 minute penalty will be imposed.
- e) Note that the Marathon Team selectors have been instructed by the Executive Committee that they should use the results INCLUDING any penalty, as the basis for selection.

## PART D - RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the provision of acceptable races.

### 1. ADVANCE INFORMATION

Do not attempt to run a race without visiting a few to find out how things work. Advance information sent out to competitors and clubs should at least set out the following details.

- a) Name, date and status of the race.
- b) Name of the organising body.
- c) Closing date for entries and whether or not late entries will be accepted.
- d) Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.
- e) Entry fees and to whom these should be payable.
- f) Locations of start and finish, and directions for getting to these places.
- g) Time of start and closure of checking in.
- h) Brief description of the course, sufficient to give a newcomer the general picture of the type of course and warning of any details of the course that they should inspect in advance.
- i) Any special regulations that competitors should be aware of before they arrive.
- j) Any major changes since last year.
- k) An entry form asking for full details of competitors.
- l) See *Contents* for 'Specimen Race Details'.

### 2. SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. It is a stipulation that all paddlers ranked in Divisions 7, 8 and 9 wear a buoyancy aid [Rule B5 (e)]. On the open sea it is probably wise to insist on buoyancy aids for all. On open water, rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that all rescuers are competent. An incompetent rescuer can be more of a hindrance than a help.

An important precaution is to make sure that no-one is stranded or lost halfway round the course. On open water races it is important to account for everyone. On calm water it is usually sufficient to have a back marker paddle over the course at the tail of the race.

### 3. BRIEFING AND CONTROL

a) There may be a wide range of ambitions present at the race - some people go for a pleasant paddle, some with Olympic hopes. Try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions and variations in the course for different classes should be taken into consideration when arranging the start order.

b) Every boat should be inspected at check-in to ensure it is numbered clearly, correctly and durably. Although it is the competitor's responsibility to number their boat, it is human nature that some will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

c) It is customary to deliver a briefing shortly before the race. This is the time to explain the starting procedure and order, to describe any special features of the race course and to emphasise any special regulations.

d) Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshals should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanors to race control. A marshal's directions should override any prior instructions. A marshal should be clearly identifiable.

### 4. STARTING ORDER

- a) The order in which the various classes or divisions are started can have a significant effect on the race results. The general principle is to start the fastest classes first and the slowest classes last. This minimises the chance of fast boats paddling through slower classes, picking up stragglers on the wash and dragging them back to the class leaders. In practice, a perfect start order is not possible because of the wide variety of speeds within any one class and sometimes the complicating factor of multi lap courses.

## MARATHON RACING

- b. The following is the recommended start order. Not all of these classes will necessarily run at any one race.
- |                                     |                                     |

### 5. STARTING

- a. A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order but a strong personality is needed to keep those in higher divisions in good order. The starter must never lose control of the start, either through physical inability to make himself heard or through weakness of will. Preferably get an experienced racer to start your race and supply him with a megaphone. Do not be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep the competitors hanging around unnecessarily. They are often nervous before a race, may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line then start without delay. Say 'READY GO'.
- b. Massed starts are good value for bullfighting addicts but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Regional Divisional races each class of six or more boats must start separately (Rule 23).
- c. Record the start time of each class. Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

### 6. FINISHING & RESULTS

- a. Mark the finishing line clearly and signify a crossing of the line audibly by bell, whistle or some such device. It is not always obvious to the paddler exactly where the finishing line is, particularly as they may be exhausted.
- b. Have a reliable clock which is readable and have a back up in case of malfunction. Make a record of the finishing order of every boat as it passes the finishing line. Have one person make an independent list of boat numbers. Another should make a list of boat numbers and finishing times - this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes, record its number and finishing time alongside. Never mind computation at this stage, your hands will be full recording the finishing order correctly. When a page is full pass it to someone else to analyse.
- c. It is useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish and the tape can be used to check the finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finish team and tell them to 'talk' every boat over the line, giving number and time.
- d. You are strongly recommended to use the Hasler Race Management computer programme (HRM) to produce your results. This will automatically calculate all your Hasler points and produce the results in the format required by the race Records Officer. The HRM has been specially designed for Hasler races and is distributed free on CD to all race organisers. If you require a further updated copy or any help with using the system please contact any member of the committee. If you would like to use the HRM at your race but are nervous about using it for the first time, the committee can arrange for an experienced operator to attend your race and guide you through the process.
- e. Whether using the HRM or a manual system, have someone out of the wind and rain and away from possible distraction from paddlers to analyse your finishing results. Arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them and they can be queried before prize giving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list of finishing orders with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display. Have the prize giving as soon as possible and announce any divisional promotions at this stage.

## MARATHON RACING

### 7. AFTER THE EVENT

- a. After the event is over, buckle to and get the final result sheet sorted out. If you put it off your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.
- b. If you are using the HRM your results will automatically be produced in the correct format. If using a manual system the result sheets should be arranged by divisions in finishing order and should show position, name, division ranking, club, BCU number, points and promotions to higher divisions. Three flow charts follow this section to aid in the calculation of promotions, demotions and Hasler points. Totals of points scored by clubs should also be shown although these will be verified by the Hasler Adviser. The race organiser should record at the top of the result sheet the number of paddlers who have entered the race.
- c. All results can be sent by e-mail to the Regional Hasler Adviser and Race Records Officer. If sending hard copies by post, four copies of the results for regional Hasler races, together with the race levy, should be sent to the Regional Hasler Adviser. For other races, the results and levy should be sent direct to the Race Records Officer. For Hasler races the Adviser will check/correct promotions and Hasler points before sending on the results to the Race Records Officer and the Ranking Officer. Results and levy in either case to be sent within the 7 days stipulated [Rule 13].

**Please remember that if you have e-mailed the results you still need to send the levy by post.**

## PART E - VENUE AND ORGANISATIONAL CRITERIA FOR THE NATIONAL CHAMPIONSHIPS AND THE HASLER FINALS

The Marathon Committee will look to the following ideal criteria when considering applications for the hosting of the National Championships and the Hasler Finals. Any club wishing to host the National Championships or the Hasler Finals will be expected to make a short presentation to the half year meeting outlining their proposals for the course and organisation to meet these criteria.

### 1. THE COURSE

- a) The course should be wide enough at the start to provide a fair start for all paddlers. It should also be wide enough throughout its length for competitors to overtake and pass each other in opposite directions.
- b) The course should be capable of being paddled in an understem rudder boat.
- c) Portages should allow a minimum of 12 metres at the 'get out' and 'get in' points. Portages should not be of excessive number or length.
- d) Access to portage areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting water users.

### 2. ORGANISATION

- a) The organising club(s) should have a proven track record in organising normal Divisional marathons.
- b) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- c) There should be adequate camping facilities nearby, particularly for the two day National Championships.
- d) There should be adequate parking at the start and finish.
- e) There should be adequate covered checking-in and refreshment areas at the start and finish and a results display area.
- f) There should be adequate toilet facilities at the start and finish areas.
- g) There should be an adequate PA system at the start, briefing and prize giving areas.
- h) There should be adequate First Aid cover in appropriate areas.
- i) The starting of all races is to be as the procedure set out in PART C.
- j) There should be a computerised results facility capable of showing class results and team scores immediately after the races.
- k) Prizes at the National Championships will be the official BCU National Marathon Championship medals and Divisional medals.
- l) Prizes at the Hasler Finals will be the official BCU Hasler Finals medals.

## BCU MEMBERSHIP AND EVENT TICKETS

All seniors must be full members of the BCU if they wish to race in a Marathon event that has been advertised in the Calendar. Juniors who are ranked in division 6 or above must also hold full youth membership.

A junior club member need not be a full member of the BCU in order to race in the lower divisions (7,8 & 9) of the Marathon racing system or in the other 2 categories of marathon races. He must, however, be a member a club with a registered junior section and the number used for his or her identification will be the club's affiliation number followed by his own individual club number. This method of recording the juniors' numbers on the result sheet has proved cumbersome so it is advised that the club abbreviation followed by the paddler's club number is easier and preferred by the Records Officer, both for identification and ease of recording. i.e. LIN/005, CHE/017.

Should the junior be promoted however into a higher division (6 & upwards) he must then become a full member of the BCU in his own right.

Race Organisers MUST still check that his or her membership is current either by photocopy of membership with entry or seeing the card on the day of the race.

If the card is unavailable or forgotten the paddler may purchase an "Event Ticket" as a "stop gap" but only once per season. The records officer carries out a check on event ticket issue for all race results and those paddlers abusing this system will be penalised.

The system is as follows:

1. The tickets are for use by non-members at the entry level only of National Competitions requiring membership i.e. Divisional Racing.
2. For use at a BCU event when the organiser believes a participant may be a member but the member cannot provide proof by way of a membership card.
3. Event organisers set fees, minimum £2.00 and maximum £5.00. In every case £1.50 will be sent to the organiser's regional treasurer and the rest kept by the organising committee
4. Event Ticket fees are not refundable
5. The overall consideration is to encourage, in the best possible way, membership of the Country's Governing Body for Canoesport.

## MARATHON RACING

### Specimen Race Details

The task of keeping records and working out promotions is becoming increasingly more time consuming. To help the Regional Hasler Advisers and the Records Officers to keep on top of the job all race organisers are asked to produce their race details in full in the following format. PADDLER'S BCU NUMBERS MUST BE ENTERED ON ALL ENTRY AND RESULTS SHEETS. DOUBLES ENTRIES MUST SHOW THE RANKED SINGLES DIVISION OF EACH PADDLER.

## MARATHON RANKINGS SYSTEM

The divisional lists have been continually updated over the past year with the addition of first names and checking of BCU and club junior memberships. Promotions and Demotions are regularly updated onto the Hasler Race Programme website for downloading by race organisers before running their race so they have the most up to date information.

However this information is only as good as the information given to me by the club Marathon Team Leaders and once again the annual return of this information has been poor. 53 lists out of 97 were returned by the closing date and a further 7 by the end of the year so even the information in the following lists is not as accurate as it could be! I am beginning to wonder if the problem lies with the club not informing me of the correct person to contact. Anyone reading this please consider, do you know who your club Marathon Team Leader is, do you receive notification of promotions and demotions, do you see a copy of the bi-monthly newsletter? If the answer to any of these questions is 'no' please follow up and let me know if there have been changes in your club officials that I have not been told of.

The purpose of promotions within the divisional system is to have every paddler competing in the correct division for his/her personal ability and thereby gaining maximum advantage from their racing. Any alterations in division for whatever reason that will not be taken care of by the system should be directed to the Divisions Officer (address on page F17) not to myself and he will notify me any agreed changes.

Race Organisers - please make use of the Hasler Race Programme available to you, if you need help please ask. Email your results to your regional advisor, the divisions officer and myself in their basic form before you alter them to your own design for sending out to the clubs. Do not forget to send the race levy in the post to your Hasler Advisor or even direct to me.

Marathon Records Officer
