Introduction

We are yet again indebted to all the advertisers for their continued support, and to Black Cat Printers Ltd. for their assistance in production.

Only the work and effort of a small army of people makes the production of the Year Book possible. Without this enthusiasm for the sport, publication would not be possible.

Any suggestions for improvements to the Year Book are most welcome.

SPRINT SECTION

FOREWORD

The Lottery funding has become a reality at the top of our sport. World Class Performance is now well in operation, and the benefits of it are beginning to show. Our top athletes last season qualified 5 boats for the 2000 Olympic Games in Sydney. There are also good prospects for World Class Potential coming "on line" during next year to help our promising up-and coming paddlers.

The top end of sport is now well funded by Sports Council administered Lottery Grants, and this is a big boost for those working at that level. Let us hope that those of you working at grass roots level are not discouraged by the lack of financial support for the essential work you do. The Lottery funds do not help us to introduce newcomers to the sport, organise our clubs, provide coaches, local competitions or National Regattas.

All this very essential work is still down to our club based canoeing enthusiasts. We do realise that they are still the backbone of our sport, and we appreciate their every effort. We thank them for providing us with the excellent raw material with which to build our Team.

Please keep up the good work, recruit others to help you, and amongst all your other day to day tasks let us all get behind our Team. Please give them all the support and encouragement they need to bring home our first ever Olympic Medal.

THE RACING REGISTRATION SCHEME

Introduction

The Racing Registration Scheme was introduced in 1977 by the Racing Committee who were concerned over the lack of an efficient communication system between the Committee, competitors, officials and Regatta Organisers, and its inability to ensure that only B.C.U. members competed at regattas.

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only Registered Paddlers will be allowed to compete in B.C.U. Events at N.W.S.C., Entries submitted without a Registration Number will not be accepted.

Initial Registration

This may be done in one of three ways:-

1. At the Canoe Exhibition (Racing Stand).
2. At any N.W.S.C. Regatta, at the Secretary's desk.
3. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

Renewal of Registration

Competitors will remain on the active register until such times as they have not competed for two years, or their B.C.U. membership has lapsed. On production of a current B.C.U. card, anyone not listed on the active register may apply to be reinstated.

Current Lists of Registered Paddlers are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing.

Youth paddlers who initially registered as Cadet members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

The Registration Officer, 17 Springfield Road, Guildford, Surrey GU1 4DW

When registering by post please send S.A.E. for the return of your B.C.U. card and the Registration Number.

5. Notes on Classes

- a) Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These three subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups regardless of age.
- b) Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do NOT automatically start in the "D" group.
- c) The chart "Standards for Sprint Racing", demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on their status in a Canoe.
- e) Mixed Events, in which male and female competitors race together in the mens classes, are permitted, provided the races are of parallel standard to that of their designated classes.
- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.
- g) Paddlers must race ONLY in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. eg. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out on the facing page. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddlers entry into racing. See chart opposite.
- j) Youth National Championships
Youth Paddlers will race in the following Age Groups
 UNDER 18(BORN 1982)
 UNDER 17(BORN 1983)
 UNDER 16(BORN 1984 or 1985)
 UNDER 14(BORN 1986 or later)

A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.

k) Promotions/Demotions

- a) Will be made throughout the year on the basis of standards laid down, and using the race results.
- b) Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
- c) Will be notified on the regatta results and should take effect at the next regatta.

i) Veterans

Paddlers born before 1965 may compete in the Veteran class unless Mens A or B

6. Check your Programme

Prior to the Team Leaders Meeting it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

TEAM LEADERS HANDBOOK

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 12.00 Noon on Saturday. Failure to pay on time will incur a £5.00 surcharge which must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 a.m.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
 - i. Events will be dealt with in order.
 - ii. The Competition Organiser will call out in order each set of heats(or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
 - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
 - iv. It is not permitted to return to an event which has been concluded.

8. Entries after the Team Leaders Meeting

Entries after the meeting for laned races will only be accepted in exceptional circumstances, and at the discretion of the Competition Organiser.

Late entries will be accepted for long distance events (3 km, 6 km, 10 km.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form available from the regatta secretary's desk.

9. Club Colours

Must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.

TEAM LEADERS HANDBOOK

- b) Clubs racing for the first time at a N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

10. Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the regatta secretary's desk.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fix into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.
- d) Numbers for long distance racing can be obtained from the regatta secretary's desk, and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left at the desk to cover for numbers which will be required for Sundays racing, and would then be returned Sunday evening when all numbers were collected in.
- e) Lost Numbers, will be charged at £5.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the regatta secretary's desk. He will then make up your requirements for collection later in the morning, (after 11.00).

ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS

11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 2 penalty points and disqualified from the event.

12 K4s

- a) They will be stored on racks outside the boathouse.
- b) Crews must not sit in the K4s *except when they are on the water*.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The K4 Official reserves the right to refuse the boat to any youth crew which is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Official. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the boathouse is open, and the K4 Official is present.
- f) Crews must supply their own wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

TEAM LEADERS HANDBOOK

13 Protests & Disqualifications

- a) Notification of disqualification will always be made to the Team Leader or his nominated reserve. Except in National Championship Events, there will be no appeal against disqualification.
- b) In a National Championship event, a protest must be made by a paddlers Team Leader.
- c) Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official, who if necessary will inform the offending paddlers Team Leader.
- d) Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office. A fee of £1.00 is payable for each copy.

15 Car Parking

Team Leaders MUST take an active part to see that club members observe the car parking lines. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must NOT be impeded.

The pontoon on the seating side of the tower on the waterfront is a No Parking Area, and must not be used by competitors. This area is solely for the use of safety boats.

★ **Particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats.**

★ **Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water.** Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

NATIONAL WATER SPORTS CENTRE REGATTAS

Disciplinary Procedures

The Chief Official

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. At his/her own discretion, he/she may issue up to three penalty points for a single offence.

Racing in incorrect or wrong colours	1 point
Racing with incorrect or without number	1 point
Failure to observe water zoning procedures	1-2 points
Unauthorised substitution for another paddler	2 points + Disqualification
Failure to report for Semi-Finals and/or Finals having qualified in the heats	2 points
Conduct during racing likely to cause injury or damage to equipment	3 points + Disqualification
Use of bad or offensive language	1-3 points
Underweight Boat	1-3 points+Disqualification
Underweight Boat(2nd offence at same regatta)	Regatta Disqualification ★
Failure to report for boat weighing immediately	1-3 points+Disqualification
Insufficient Buoyancy	2 points ♦
Insufficient Buoyancy(2nd offence at same regatta)	Regatta Disqualification ♦

- ★ Disqualification from the rest of the regatta if the offence is committed on Saturday. Should the offence occur on a Sunday, the offender will be banned from racing on the first day of the next regatta. Weights must be properly fixed to the boat or seat. Stones in bags or any other removable temporary system will not be accepted. A policy of random Boat Weighing will be continued through the year. Boats required for weighing will be notified at either Start or Finish.

- ♦ Random inspections will be made at launching points, and if buoyancy appears inadequate, 2 points will be awarded immediately, and the boat turned back. If the boat goes on to race, without fitting in the correct buoyancy the offender(s) will, if the offence is committed on the Saturday, be disqualified from the rest of the regatta. If the offence is committed on the Sunday, the paddler(s) will be banned from racing on the first day of the next regatta. Persistent offence by paddlers from any one club may eventually result in **ALL** paddlers from that club being banned from a regatta.

'A' Classes will be subject to maximum penalty, and more stringent inspections. An official will be checking both buoyancy and boat weights, and keeping records of his findings. Inspections may be carried out both prior to, and after, craft go afloat.

Totting Up

- a) When a paddler achieves a total of 4 points he/she will be automatically disqualified from the next full days racing. In two day regattas, if the incident occurs on the Saturday the disqualification becomes effective on the Sunday. If the incident occurs on the Sunday the disqualification will be for the Saturday of the next regatta. Penalty points awarded will be notified on the result sheet at the end of each regatta.
- b) A paddler who collects a further 3 points during any one season making a total of 7 in all, will be disqualified for the next two days racing.
- c) A paddler who achieves a total of 4 or 7 points during the last regatta of the season, will serve his suspension at the first regatta of the next season.
- d) All other paddlers will start the new season with a clean sheet.

Team Leaders will be informed when a warning or disqualification is effected. The notification will also appear on the result sheet.

NATIONAL WATER SPORTS CENTRE REGATTAS

Disciplinary Procedures

Disciplinary Matters of a More Serious Nature.

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Racing Rules which include penalties in accordance with B.C.U. Rules or the Racing Section Disciplinary Regulations.

N.B. A reported incidence of dissent/abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under the Section Disciplinary Regulations.

2000 system for the membership for Juniors of a B.C.U. Affiliated Club.

A junior club member need not be a full member of the B.C.U. in order to race in Junior D Classes. He or She must be a member of his or her club, and the number used for his or her identification will be club's affiliation number followed by his or her own individual club number.

Should he or she be promoted, however, to 'C' or above, he or she must then become a full member of the B.C.U. in his or her own right.

It is the responsibility of the Team Leader to advise the Registration Officer of the full B.C.U. Number.

THE MCGREGOR PADDLE COMPETITION

A simplified scoring system was introduced in 1997.

Under the following system most clubs should have an equal opportunity to achieve a winning score:

1. Each Club will automatically score 1 point for every paddler competing in the Inter Club Regatta.
2. Each Club will score 1 point for each promotion accredited to their paddlers during the four previous Regattas i.e. April, May, June, & July of the same year.
3. The scoring at the Inter Club Regatta will be on the following basis:

Each Club will score its best 12	K1/C1 results in all finals
6	K2/C2 results in all finals
3	K4 results in all finals

Scores will be awarded, provided there at least three crews participating, on the following basis:

1st	20 points
2nd	19 points
3rd	18 points....etc

4. Notes:
- a) Composite crews, with members from more then one Club,do not score.
 - b) At least 50% of the crew must be registered in the class in which they are racing.
 - i.e. 2 paddlers K4, and 1 paddler K2. Crews may be made up with paddlers from a lower ability group with the following exceptions:
 - i) Men may not paddle in Womens races.
 - ii) Boys may not paddle in Girls races.
 - iii) Seniors may not paddle in Junior races.
 - c) No one may enter any singles class other than their designated class as shown on the Registration File.

THE BCU YOUTH PROGRAMME AND PADDLESPORE DEVELOPMENT OFFICERS

The aim of the youth programme is to get more young people paddling more regularly and taking part in more events. To this end the BCU has adopted a new membership category - 'Youth Section' which gives young people the opportunity to access events (up to 'C' class in sprint regattas and Division 6 in marathon) without paying a taster fee.

Another aspect of the programme is the appointment of Paddlesport Development Officers. It is their role to help develop more events suitable for young people of different abilities. Please contact them if you need support with your event or to discuss any issues related to young people.

PLACID WATER RACING AWARDS

The Placid Water Scheme was set up as a coaching scheme to develop marathon and sprint racing, and fast touring. The various *skill, racing, and coaching awards* are designed to offer a progressive coaching and paddling structure to support clubs based on placid water. Outlined below are the RACING awards currently available in the Placid Water Scheme(PWS).

PLACID WATER MARATHON & SPRINT RACING AWARDS

The Racing Tests are designed to encourage paddlers to improve performance and recognises their progress in racing kayak and canoe. They are also useful to indicate the class or division to which paddlers should enter in sprint and marathon racing. There are three types of award:

- 1) The 500m Awards
- 2) The Marathon and Half Marathon Awards
- 3) The Time Trial Awards

The awards can be examined by Placid Water Teacher, Instructor, Senior Instructor, Competition Race Trainer, Competition Coach, Club Official. They can be taken in any kayak or canoe.

The Sprint Entry Guidelines are for clubs wishing to enter paddlers in Sprint Regattas held at the National Water Sports Centre, Holme Pierrepont. A Coaching Scheme Certificate, or photocopy, must be sent to the Race Registration Officer when a paddler registers for Sprint Racing. The certificate should state the actual time taken to make sure that paddlers are entered into the correct class.

REGISTRATION OF THE AWARDS

In 1995 there was an important change in the administration of the RACING AWARDS. The **Placid Water Coaching Development Committee** is responsible for the administration and promotion of the PW Racing Awards on behalf of the BCU Coaching Service.

For the examiner to register Placid Water Racing Award with the BCU, they must fill in a BCU Coaching Scheme Counterfoil available from the address below, and return it completed together with the fee(£2.50/test, payable to BCU PW Coaching Development) to:

PW Coaching Administrator
c/o B.C.U. Office
Adbolton Lane
West Bridgford
Nottingham NG2 5AS

All monies raised by these awards will be retained by The Placid Water Competition Coaching Development Committee. It is, therefore, in the interest of racing clubs to make sure that the scheme is a success.

PLACID WATER COACHING AWARDS

Coaching is a most important factor in improving participation, performance, and excellence levels of the paddlers involved in Marathon and Sprint racing. The BCU Placid Water Scheme was designed specifically to support and develop the levels of coaching in racing clubs. The Placid Water Coaching Award Courses offer an opportunity to develop and recognise technical knowledge, safe practice, and coaching skills for both canoe and kayak racing.

The awards fall into two broad groups:

1 The Competition Coaching Awards

The Competition Awards are intended to support those people who are coaching individuals and groups of paddlers to greater success in competition on an ongoing basis. There are two award courses available. The *Competition Trainer* provides a good introduction to sports coaching for Marathon and Sprint racing, but does not involve or require any paddling ability. The *Competition Coach* builds on experience gained in practical coaching following Competition Trainer, and covers the coaching of clubs and individual paddlers within clubs in more detail. The *Senior Competition Coach* is an honorary award for National Level Coaches, and is awarded by the Director of Coaching after consultation with the Sprint and Marathon Committees.

2 The Instructional Coaching Awards

The Instructional Awards are intended for those introducing beginners, instructing and organising activities within a placid water club. There are three awards in the progression. The *Placid Water Teacher* is the introductory level coaching award, and it is recommended to all entering either competition or instructional Placid Water Coaching. The *Placid Water Instructor* covers the instruction of groups, and the *Placid Water Senior Instructor* includes introduction, instruction, and club leadership.

Anyone requiring further information on the Placid Water Coaching Awards should contact BCU headquarters for a leaflet giving a full explanation of the awards.

Regional Development of Placid Water Coaching

To support the renewed development of the Placid Water Scheme around the country, there is a series of Regional Representatives that make up the Placid Water Coaching Panel. They hold up to date information on Competition and Instructional Coaching Courses in their region. The regional representatives, whose full addresses are shown in the directory at the front of this book, are:

Leptospirosis and the Canoeist

Leptospirosis

This is an animal infection, but after recovery the animal continues to excrete the organisms in the urine. These survive for days or even weeks in moist conditions, but for only a few hours in salt water. Humans catch the infection by direct contact with the urine, or the urine polluted environment. Bacteria enter through skin abrasions or via the eyes, nose, or mouth.

The Illness

The usual incubation is 7 to 12 days. Normally a 'flu-like illness occurs which resolves in 2-3 weeks. There may be fever, severe headache, pains in the back and calf and prostration. A few cases develop jaundice, when the condition is known as Weil's disease.

Although death may occur in about 15% of the jaundiced patients, death without jaundice is virtually unknown. Antibiotics during the first few days may help in limiting infection. Many cases recover without specific treatment.

What to do

If you think you may have the infection, go to your doctor and tell him/her that there may be a small risk of leptospirosis. The diagnosis is by clinical suspicion. Blood tests can rarely confirm the illness in time to affect treatment. They may subsequently confirm it.

The microbiologist at your local hospital is the best source of advice.

Prevention

1. Cover all cuts and abrasions with waterproof plasters.
2. Always wear footwear to avoid cutting the feet.
3. Avoid capsizing drill or rolling practice in inland waters.
4. Shower as soon as possible after canoeing.
5. If in doubt, contact your doctor early.

Remember, simple precautions can reduce your risk.

OLYMPIC RACING SQUAD

Policy

1. In formulating its Olympic preparation policy, the Racing Committee has reaffirmed its confidence in the concept of the Olympic Racing Squad, which it believes provides outstanding opportunities for training and competition that would not be available in any other training situation. Scarce and meagre resources may be maximised, for minimal financial expenditure, and the best available conditions are established for the creation of National Crews, the improvement of individual skills and fitness, the supervision and monitoring of performance, and the development of a national perspective.

Olympic Racing Squad

2. The Committee has agreed that a National Olympic Racing Squad be selected this year to provide for the coaching and training needs of potential competitors at both senior & junior World Championships.
The Squad will be composed of a maximum of 73 athletes, 12 coaches, one of whom shall be the Chief Coach.
3. Membership of the Squad is by invitation to those athletes who are of a sufficiently high standard, and who are prepared to undertake the sustained training and crewboat preparation that is required.
4. The Squad will function from 1st November to 30th September each year. Members will be selected by the O.R.S. coaches by reference to past conduct and performance during the previous season, and ratified by the B.C.U. Racing Committee.

Composition

5. The numbers of the various competition categories (i.e. Kayaks, Canoes, Men, Women, Boys, and Girls) will be subject to the circumstances at the time, and within the overall approved limitations :

Seniors - 41	Juniors - 32	Total - 73
--------------	--------------	------------
6. To ensure that the concept of a unified national preparation and training programme is maintained, the Olympic Racing Squad will be administered as one unit, with management and coaching personnel available to perform their duties, as from time to time required, for and on behalf of the Racing Squad.

Objectives

7. The primary objectives of the Olympic Racing Squad will be to develop and improve national standards of performance to a level sufficient to ensure that our competitors perform with distinction.

Activity

8. The emphasis of all Olympic Racing Squad activity will continue to be placed on crew and team training. Firm direction will be provided regarding the formation of National Crews. Improved arrangements for the provision of personal coaching in the local training environment will be provided by all O.R.S. coaches. Costs of their expenses are to be born by the club or individual requiring their services. (Sports Aid Grants do include the costs of coaching).
9. The Racing Committee will, where possible, undertake to meet a proportion of the reasonable travelling expenses of the O.R.S. members from the funds to which it has access. Priority will be given to the O.R.S. training camps and crewboat training. Subject to the funds being available, the following will apply:

One person in a car	25% of the costs
Two people in a car	50% of the costs
Three people in a car	75% of the costs
Four people in a car	100% of the costs

Payments for training camps and crew boat training may be provided subject to available funding at the discretion of the National Performance Manager.

OLYMPIC RACING SQUAD

Conditions of Membership

9a. All paddlers accepting the benefits of membership of the O.R.S. must undertake during their membership to:

1. Be a fully paid up member of the British Canoe Union.
2. Attend all officially designated national Olympic Racing Squad training sessions, other than in unusual and permissible circumstances. Notification of non attendance must be given at the earliest opportunity, so that valuable resources are not wasted. Athletes failing to do this will be asked to pay the full costs of all services that have been booked on their behalf.
3. Members of all ORS squads must be prepared to commit themselves to a sustained programme of preparation and training that will ensure the maximisation of their potential performance.
4. Accept direction regarding crew composition in order to form their own, and to assist in forming other crews.

Junior Development Squads

In addition to the Junior ORS, the Junior Development Squad, which was established in 1993/4, will continue to operate on a regional basis.

JDS (North) Coach
JDS (South) Coach

Graham Campbell
Bev Hunter

Aims

1. To encourage the development of junior racing.
2. To provide a formal link with the Junior ORS.
3. To provide early experience of international competition at an appropriate level.
4. To monitor the training of promising Junior paddlers through liaison with their club coaches.
5. To encourage the development of crew boats through inter club co-ordination.

Objectives

There will be regular training days during the winter on a national and regional basis at various venues. These will be open to all members of the JDS (i.e. all Junior Boys A, B, & C and Junior Girls A, B, & C and all Junior Canoe paddlers who are not in the Junior ORS.

Selected JDS crews which have been developed during the winter training will be sponsored for entries in 500m and 1000m events at the April, May, and June regattas at Holme Pierrepont. Selected members of the JDS will also have the opportunity to compete at up to two international regattas. Although all age groups will be represented on these international trips, the priority for selection will be given to Under 16, then Under 14, and finally Under 18 paddlers.

Further details are available from the JDS Coaches and the junior team Co-ordinator L Oliver

Additional Notes Regarding Olympic Team Selection: Sydney 2000

Sprint Racing will continue to use a policy of continuous assessment as stated in the selection policy. (Year book Page C11)

Those athletes who qualified places for the Olympic Games at the Milan World Championships will be selected for the first two World Cup internationals at Mechelen and Szeged. These selections will be subject to the endorsement of the selection committee and may be overturned if an athlete loses form.

The selection committee may also recommend a further place in each of the qualified Olympic events. These may not necessary be the next boat as all the prevailing circumstances will be considered. (*I.E. continuous assessment*). Selection for all other international team places will be as stated in the yearbook.

Following the Szeged World Cup the selection committee will meet to review Olympic Team Selection. If the Original Olympic qualifiers have no strong challengers the Olympic team will be selected and passed to the Racing committee for approval. This strategy will give our Olympic team the best possible opportunity to prepare for the Games.

If there are strong challengers for Olympic places the selectors may decide to Race at the Duisburg World Cup. Following which the selectors would reconvene and select the final Olympic Team. This final selection would also still be judged on all of the available circumstances. (*I.E. Continuous Assessment*)

REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November, a course is held at the N.W.S.C. to introduce anyone who wishes to help with either National or Regional events.

Candidates can progress from this course, through officiating at our own National and International Regattas to a standard where they become eligible to take the International Canoe Federation examination, so then becoming qualified to officiate at World Championships.

THE BASIC COURSE: The basic course is aimed at complete beginners and no previous knowledge or experience is assumed. All aspects of the organisation are covered in a basic and practical way. Particular attention is given to the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience.

THE SYMPOSIUM: This consists of discussion groups of more experienced officials who meet to discuss any problems which have arisen during the season, and methods of solving them. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

Officials Training Course 2000 - 11/12 November 2000

Further details for the above will be available nearer the time. Contact Peter Davey at any regatta or write to : Peter Davey, 41 Old Claygate Lane, Claygate, Esher, Surrey KT10 0ER

45.2.2 a complaint by an affiliated club or by a committee organising an event or training facility shall be signed by two members of the club or organising committee who are B.C.U. members, one of whom must be the chairman or secretary of the club or committee.

Where the complaint was originally lodged by the Section Executive Committee itself, it shall not impose a penalty under 6.3.1 or 6.3.2 above, but may recommend that the penalty be imposed by Council.

45.7 The Section Executive Committee shall notify the member by recorded deliver post of its findings of fact and of its decision or recommendation and shall inform him of his right of appeal under regulation 8 below, where applicable, and shall send a copy of the notification to the B.C.U. Council.

DOPING CONTROL RULES

June 1995

Do you use a Ventolin Inhaler?

If you have been prescribed a Ventolin Inhaler, and compete at a level which might make you subject to a doping test, you are invited to register the fact with the B.C.U.'s Medical Officer.

Ventolin inhalers involve a drug called Salbutomal which is a banned substance under the International Olympic Committee's rules. It has been agreed, however, that users of inhalers, who register the fact with their governing body, will not be subject to the normal disciplinary procedures which follow the identification of a banned substance, if the amount detected is consistent with the declared use of a Ventolin inhaler.

Please send to the B.C.U. office for a registration form for completion by your general practitioner. Upon its return to the B.C.U. office, receipt will be acknowledged and the team doctor of your discipline will be informed. Should you be subject to a doping test the fact that your use on an inhaler has been declared should be made known to the officials concerned.

Banned Substances

The list of permitted and prohibited drugs is constantly changing. Members of national squads should received a card giving some basic advice. On no account should a member of a national squad take a new medication without first checking that it is not on the banned list.

Some medications on the banned list will be allowed if the athlete has registered them with the B.C.U.'s Medical Officer. This particularly applies to Ventolin inhalers.

Athletes and coaches requiring further advice on medication should ring the Sports Council Advice Line.

MARATHON SECTION

BCU Marathon Racing Committee

Message from the Chairman

This time of year as ever sees the temptation of canoeing seem less attractive than during the summer months. Especially today when just before Christmas the temperature is below freezing at midday.

Your new executive committee has already started its comprehensive planning for the new season with the intention of trying to address at least most of the problems that are either brought to our attention or are obvious.

As you are aware the exec now has a number of sub groups with responsibility for looking at various areas of operation

Development
P.R.

International
Domestic

Any member of the executive will be happy to talk to you as to how the sub group objectives can be achieved, or changed to bring about improvements to Marathon Racing in this country and of course abroad.

This year sees the precursor to the 2001 World Championships with the World Cups event in Stockton on 15/16 July 2000. Dave Enoch is the Technical Director and welcomes your involvement especially from clubs as a whole.

Perhaps a club would want to volunteer for a specific job, say running a portage. In which case contact Dave.

We want to leave a heritage from these 2 events with a strong club in Stockton and more Marathon racing in the NE. We welcome your assistance to achieve this.

Marathon continues in the World Class Performance programme although at a reduced level. It still brings considerable benefits to a limited number of paddlers even though the way the money is allocated would not be the way we would do it if given the opportunity. The new Potential plan has gone to Sports Council and we look forward to hearing from them that it is to be implemented.

Now Potential is hopefully going forward we can turn our attention to the third section of the overall plan that was announced over 3 years ago, Start.

To complete this section will be more difficult as it aimed at development for club youngsters to lead them into potential and ultimately we would hope into performance

I hope you enjoy your canoeing in 2000 and look forward to seeing you at the various events during the year.

BCU MEMBERSHIP AND EVENT TICKETS

1999 saw a new system for the membership for Junior members of a B.C.U. Affiliated Club.

A junior club member need not be a full member of the B.C.U. in order to race in the lower divisions (7, 8, & 9) of the Marathon Racing System, or in the other two categories of marathon races but he must be a member of his club with a registered junior section, and the number used for his or her identification will be club's affiliation number followed by his own individual club number. This method of recording the juniors numbers on the results sheet has proved cumbersome, so it is advised that the club abbreviation followed by the paddler's club number is easier and preferred by the Records Officer both for identification and ease of recording i.e. LIN/005, CHE/017

Should he or she be promoted, however, into a higher division (6 & upwards) he or she must then become a full member of the B.C.U. in his or her own right.

Race Organisers **MUST** still check that his or her membership is current either by photocopy of membership with entry or seeing the card on the day of the race.

If the card is unavailable or forgotten the paddler may purchase an "Event Ticket" as a "stop gap" but only once per season. A check on event ticket issue is carried out for all race results by the records officer and those paddlers abusing this system will be penalised.

The system is as follows:

1. The tickets are for use by non-members at the entry level only of National Competitions requiring membership, ie Divisional Racing.
2. For use at a BCU event when the organiser believes a participant may be a member but the member cannot provide proof by way of a membership card.
3. Fees are set by event organisers, minimum £2.00, maximum £5.00. In every case £1.50 will be sent to the organiser's regional treasurer and the rest kept by the organising committee.
4. Event Ticket fees are not refundable.
5. The overall consideration is to encourage, in the best possible way, membership of the country's governing body for canoesport.

INTERNATIONAL MARATHONS

SELECTION POLICY FOR GREAT BRITAIN REPRESENTATIVE TEAMS

Objectives

- 1 To maintain a position as a top nation in international competition.
- 2 To ensure the long-term athlete development required for international success.
- 3 To win medals at World Championships.

This policy may be amended or supplemented by the BCU Marathon Racing Committee at its discretion in order to achieve the above objectives to cover exceptional circumstances. Every effort will be made to ensure as much notice as possible is given to all persons affected by any change.

Process of Selection

- 1 Each year, the ICF publish an International Calendar from which a programme of International Events to be attended is selected. Due regard being given to the Objectives and to budgets. Some events may be designated "Development". The programme is specified in the Year Book.
- 2 The basic team composition for each event will be detailed in the Year Book. Changes may be necessary to suit all the factors affecting team size and budgets.
- 3 The selection of teams for **all** internationals will be made on a **continuous assessment, open to all basis**. The composition of the team for each event will depend entirely on paddlers being and proving that they are of sufficiently high standard.
(The system of **continuous assessment** as opposed to nominated **selection events** has been in operation for several years and has operated very well. It allows the selectors to consider an athlete who has under performed in any one race. This could be due to illness or equipment failure. It also means that consideration can be given to improving athletes who may not be winning but show potential for the future.)
- 4 The Assessment races as detailed in the Year Book will be used by selectors, accepting that there can be many variations of circumstances to affect performance.
- 5 All Senior and Junior Kayak Men should race in the Assessment classes, and Senior and Junior Women, and Canoes, in Division 3 unless otherwise instructed.
- 6 Athletes wishing to be considered for International Events must comply with the following conditions.
 - 6.1 They must be Comprehensive BCU members, throughout the year.
 - 6.2 Having due regard to their availability for selection and their preferred programme, they should apply to the Team Manager, by completing fully, the Application Form, and returning it by the dates specified in the Year Book.
 - 6.3 They should be prepared to meet all assembly costs and pay a contribution towards food, as detailed in the Year Book.
 - 6.4 They should be prepared to travel and be accommodated in the best interest of the team.
 - 6.5 They must be prepared to accept the Team Coach's direction with regard to training and racing while abroad.
 - 6.6 They must be prepared to dress and conduct themselves in a manner befitting a British Team representative, and promote the good name of British canoeing both at home and abroad.
 - 6.7 They should be prepared to give support to the Sport UK in promotional aspects,

INTERNATIONAL MARATHONS

- in return for the Grant Aid received.
- 6.8 They should wear the GB tracksuit and team clothing provided, on all suitable occasions.
- 6.9 They should compete in the appropriate Assessment events, and make themselves available for at least one World Cups event, if they wish to be considered for the World Championship.

PERFORMANCES IN ASSESSMENT EVENTS, AND INTERNATIONAL EVENTS WILL HAVE A STRONG BEARING ON ALL TEAM SELECTIONS.

- 7 The principles guiding the Selection Committee will be as follows.
The best team available to represent Great Britain will be selected having regard to the following.
- A National Team points potential.
 - B Experience enhancement and development potential commensurate with the level of the Competition.
 - C Available budget for an event that supports the overall Marathon programme.
- 8 The Selection Committee shall consist of the following
BCU Performance Director
BCU Flat Water National Performance Manager
The BCU Marathon Racing Committee selectors comprising
Chairman BCU Marathon Racing Committee
Marathon Team Manager
4 additional members nominated by the BCU MRC.
Selectors are required to make every effort to attend all Domestic Assessment events, to ensure that a true and accurate assessment of current abilities can be made.

2000 INTERNATIONAL PROGRAMME

At the time of going to press, the overall funding for our programme from the Lottery, has not been finally resolved. It is clear however that the money will be supplied from different sources, which will mean tight restrictions on its use. It is the Committee's intention to provide as full a programme as possible for 2000, within the restraints. The World Championships will be in Canada, in the first weekend in September. The 2 World Cups events are in Germany and in Stockton on Tees, England.

The main events for the year are therefore: -

World Cups 1	Dillingan, Germany	June 3/4
World Cups 2	Stockton on Tees, England	July 15/16
World Championships	Dartmouth, Canada	September 2/3

The World Cups Trophy is awarded for the best 2 results from the three events. Each country can enter 3 crews, (2 at World Championships) in each class, with only the first finisher to count. In the Junior World Cups there are classes for Men K2, K1, C1 and Women K1& K2. In addition to the 3 main events, we plan to finance small teams to Silkeborg, Crestuma, Canadian Pre-Worlds, Pontevedra K4 and the Tour de Gudenaa, depending on the assistance we receive from the Organisers.

INTERNATIONAL MARATHONS

MARATHON SQUAD

The BCU Performance Department, in consultation with the Marathon Committee and within the constraints imposed by the Lottery Panel, has nominated potential team members to form a National Marathon Squad. They are recognised in the Performance and Potential Plans. The list is not available for publication at the time of going to press, but the Committee will assist all squad members to seek additional personal sponsorship.

 - (b) To draft rules and make recommendations for the conduct of National and Regional marathons.
 - (c) To give advice, guidance, and encouragement to sponsors of Marathon racing in Great Britain.
 - (d) To select, train and administer teams representing Great Britain in International events.
 - (e) To select, train and administer teams representing England in International events.
 - (f) To confirm and record cross channel canoe and kayak record attempts.
 - (g) To foster the development of suitable craft and equipment for Marathon Racing.
 - (h) To act as final authority in disputes and protests.
2. Annual General Meetings shall consist of a Chairman, Secretary, Treasurer, National Racing Coach and other such officials as the Annual General Meeting consider it necessary to elect, together with the representatives appointed by the clubs and organisations. Each canoe club affiliated to the BCU, and having five full members of the BCU, may appoint two representatives to attend the Marathon Racing Annual Meetings. Under current arrangements the Race Records Officer has a clerical function only and is not an elected member of the Executive Committee.
3. Each club or organisation affiliated to the BCU and represented at an AGM will be entitled to one vote. The Chairman will not be entitled to vote, except in the case where a casting vote is required. A quorum shall consist of six represented clubs.
4. The AGM or Executive Committee may co-opt additional members as they think fit in the interests of the sport, but co-opted members will not be entitled to vote. The AGM or Executive Committee may co-opt members or persons who are full time employees of the Union or who have a commercial interest in canoeing only with the permission of Council.
5. At least one meeting will be held during the year in addition to the AGM. Where clubs wish to raise alterations or additions to the 'Rules for Competition' at this half year meeting, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two individual members by 12th June. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting. Any additions or alterations to the 'Rules for Competition' agreed by the meeting will come into force on 1st September following the meeting.
6. Where clubs wish to raise matters of policy or alteration of existing rules at the AGM, the proposal must be forwarded to the secretary in writing and be correctly proposed and seconded by two full individual BCU members by 12th October. Proposals and matters for discussion shall be promulgated to clubs at least two weeks prior to the meeting.
7. The AGM shall elect an Executive Committee, consisting of officers and other members up to a total of 12, for the purpose of day to day administration. The quorum of the Executive Committee shall be four voting members. The executive shall be responsible to the AGM.
8. The officers and members of the Executive Committee shall serve for two years and shall be eligible for re-election, half retiring one year and the other half the following year. Nominations for election shall be in writing supported by the signatures of two full BCU Members and must reach the Secretary before October 12th prior to the meeting at which the annual election takes place. If more than one nomination is received for a post, the AGM will elect by ballot.
If no nomination is received for a post the previous officer will be automatically re-elected provided they are willing to stand.

MARATHON RACING

9. Marathon racing funds shall be administered by the Executive Committee.
10. The executive Committee shall approve the list of trophies which are the property of the committee and are awarded each year. The executive will also determine and publish the basis for competition for these trophies.
11. Each Year the Executive Committee shall organise or nominate a Championship Marathon event
 - a) The course must be typical of present courses.
 - b) The winners of the classes shall be considered the National Marathon Racing Champions in their respective classes.
 - c) Clubs wishing to stage the National Marathon Racing Championships should apply to the marathon Executive (by the end of May two years preceding the Championships). The venue for the following year shall be announced at the half year meeting.
 - d) The Marathon Executive shall appoint a Chief Official from outside the organising club to oversee the running of the National Championships. He/she will be the liaison between the marathon Executive and the organising club, and will be empowered to approve such things as courses, entry fees, distance and the difficulty of courses, start times etc.
 - e) The organising club will provide a set of accounts of the event to the Marathon Committee by the end of December.
 - f) Sponsorship deals for the event shall be approved by the Marathon Committee.
 - g) The event shall be called the British National Open Marathon Racing Individual and Team Championship.
12. The treasurer shall keep such books of account as the executive shall instruct, and produce annual accounts for approval.

PART B - RULES FOR COMPETITION

1. A marathon Race is a race over distances set out in Part B.7(g) of these rules.
2. Canoeing is a non-contact sport and competitors shall race in a fair manner.
3. **CLUB MEMBERSHIP** - When a competitor is a member of more than one club, he shall declare before the 1st September to the secretary and race records officer of the executive committee the name of the club in whose name he will race that year.

When a competitor changes his club in mid season, he is permitted to compete for his new club instead of his old, provided that prior consent of the old club be obtained. This consent shall not be withheld unreasonably in the case of a change of residence from one area to another. The agreed change shall be advised to the Race Records Officer, in writing, before points can be allocated to the new club in Hasler Competition.
4. **BOAT DESIGNS** - Any type of canoe or kayak can be used but only within the ICF regulations for length and breadth, as detailed below.

		max length	min beam
single kayak	...	520 cm	51 cm
double kayak	...	650 cm	55 cm
single canoe	...	520 cm	75 cm
double canoe	...	650 cm	75 cm
double touring canoe		550 cm	85 cm

Boats over 460 cm in length must not have concave sections unless classified as Wild Water racing boats and falling within the ICF regulations for such boats.
Kayaks shall be propelled solely by means of double bladed paddles.
Canoes shall be propelled solely by means of single bladed paddles.
The paddles may not be attached to the boat in any way, being supported only by the hands.

MARATHON RACING

5. THE RACING STRUCTURE

The Marathon Racing system has been designed to encourage all levels of competitor from the raw beginner to top class international competitors.

THERE ARE FIVE CATEGORIES OF RACE :

GROUP A

- 5a) Divisional races (under rule B7) approved by the executive Committee. Promotions between division will take place as shown in 7d. For these races a minimum of the required classes agreed with the Regional Hasler Advisor must be held.
- 5b) Races and time-trials approved by the executive Committee not in the Divisional system, such as stage marathons, descents, Royal K1, Richmond K2, Thameside etc.
- 5c) THE NATIONAL CHAMPIONSHIPS - see rule 12

(The race levy must be paid for events in 5a,5b and 5c and BCU Comprehensive membership is required)

GROUP B

- 5d) Those races in the regions and clubs not appearing in the calendar. These will include handicap and fun marathons. No promotions will take place at these races.
- 5e) Races approved by the Executive Committee but organised by outside bodies such as the DW committee and the BWB.

6. RACE LEVY SCHEME

At all races in 5a, 5b, and 5c, published in the Canoe Racing Handbook the race organiser is to remit the race levy of £1.00 for each Senior paddler by age as recognised by their BCU membership & 50p for each Junior paddler by age as recognised by their BCU membership booked in (irrespective of whether they start or finish the race) to the regional Hasler Advisor together with the race results. This levy is to be sent within 14 days of the race. Cheques to be made payable to the BCU Marathon Racing Committee.

7. THE DIVISIONAL SYSTEM

- 7a) There are singles events in division 1-9, and a promotion scheme which provides a challenge for everyone.
- 7b) There are doubles events for division 1/2, 3/4, 5/6, 7/8 and 9.
- 7c) The events in 7a) and 7b) :

- i Will be the official BCU race which determines a paddlers National Ranking.
- ii Will require Comprehensive BCU membership.
- iii Must be held at all races counting towards the National Team league Championship - The Hasler Trophy, except where varied as agreed with the Regional Hasler Advisor.

7d) PROMOTIONS / DEMOTIONS

- i Promotions may take place on either singles or doubles performances.
- ii The executive Committee has discretion to promote and demote where this is found to be necessary.
- iii Status in Canoe will not affect status in Kayak and vice versa.
- iv Generally no lady or canoe paddler will be promoted higher than division 3 and no junior kayak higher than division 2.
- v Each year a divisional list will be published in the Racing Handbook for division 1-8

- 8. We recommend that entry into the Divisional system should be based on the standards detailed in the section 'standards for racing'.

vi Promotions between the lower divisions throughout the season will be calculated as follows.
Divisions 8 & 9 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 3 minutes, are promoted to the higher division provided there are a minimum of 5 starters in that higher division.

Division 7 Promotions will be made at the discretion of the Regional Hasler Adviser of the region in which the race takes place. The Regional Adviser's decision will take into account the performance of the paddler compared with the regional division 6 paddlers. If any paddler or team leader feels that this has resulted in an inappropriate promotion they should appeal to the ranking officer to correct the situation.

MARATHON RACING

- Divisions 5 & 6 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 4 minutes, are promoted to that higher division provided there are a minimum of 5 starters in that higher division.
- Division 4 Promotions from division 4 to division 3 will be decided by the ranking officer for divisions 1-3 and can be made at any time.
- Note 1 Promotions are not limited to one division. For example a Division 9 paddler with a time within 3 minutes of the division 7 winner would be promoted straight to division 7. Similarly a division 6 paddler with an appropriate time could be promoted to division 4.
- Note 2 The lower limit of 5 paddlers to render a race quorate for promotion purposes, as described above, is intended to ensure that the winners time is a realistic one for that division. However the regional Hasler Advisor may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.
- Note 3 Since there are not usually any promotions from division 7 to division 6 or from division 4 to division 3 on the day, it is normally the winner of division 7 whose time is used for calculating promotions from division 8 to 7 and the winner of division 4 whose time is used for calculating promotions from division 5 to 4. These promotion calculations hold good even if subsequently the ranking officer does promote the winner of division 7 and others to division 6 and the winner of division 4 and other to division 3.
- vii Demotions between the lower divisions throughout the season will be calculated as follows:- All those finishing with a time slower than the fastest paddler in the division not promoted, + 10% will be designated 'D'. With 3 'D' notices a paddler will automatically be demoted to the next lower division.
- Note 1 Demotions from any division will not normally be considered by the ranking officer immediately prior to the National Championships and the Hasler Final. ie during the months of July and September.
- Note 2 All paddlers, both from within the region and from other regions are eligible for promotions and 'D' notices. The only exceptions are paddlers transferred from another division under rule 7(f).
- viii Promotions and demotions between divisions 1, 2, 3, & 4 will be determined by the ranking officer for divisions 1-3 in conjunction with the national and regional coaches. It will be based on performance in all races.
- ix Once promoted paddlers MUST race in their correct division, or higher division except under the provision of rule 7e). Any competitor found racing in a lower division, singles or doubles except under the provision of the above rule, may be disqualified from the event and be banned from Marathon competition for 12 months from the date of the event when the misdemeanour took place.
- x Each year the divisional lists are checked and any paddler not having competed for two successive seasons will be removed from the lists. Each autumn clubs are asked to submit a list of the paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.
- 7e) **COMPETING IN A CREW BOAT**
A paddler is normally ranked on singles performances. However when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down).
eg. Paddler A -Div 3, Paddler B - Div 8
 $3 + 8 = \frac{11}{2} = 5 \frac{1}{2}$ The entry would be division 5.
- ALL PADDLERS COMPETING IN CREW BOATS** must show their singles ranking on the entry form and these rankings MUST be shown on all results. Paddlers not declaring their singles rankings will not be eligible for Hasler Points(see note to Rule 12A).

MARATHON RACING

7f) HANDICAP SYSTEM FOR LOW ENTRIES

If there are less than three entries in a division then the organiser will transfer those entries to another division. This will be the next lower division provided the race distance is the same. Otherwise it will be the next higher division. Paddlers in a race with less than three boats will not score any Hasler points. A handicap (if moved down) or an allowance (if moved up) will be used to calculate the results which will count for Hasler points. The handicap or allowance to be :-

12 mile course. 3 minutes singles ; 6 minutes doubles.

8 mile course. 2 minutes singles ; 4 minutes doubles

4 mile course. 1 minute singles ; 2 minutes doubles

Note transferred paddlers racing in a different division will count for prizes and Hasler points but will be ignored in calculating promotions and 'D' notices.

7g) TYPES OF COURSE

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be :-

DIV 1, 2, & 3 Singles, 1/2 & 3/4 Doubles.

Full senior course of more than 12 miles (20Km) with any degree of severity.

DIV 4, 5, & 6 Singles, 5/6 Doubles.

Course of about 8 miles (13Km) which may include portages and/or weir shoots.

DIV 7, 8, & 9 Singles, 7/8 & 9 Doubles.

Course of about 4 miles (6.5 Km) with the minimum practical hazards.

7h) CLUB HANDICAP RACES

As an introduction to competing in the divisional system, clubs are encouraged to hold handicap races throughout the year. These should be over a 5 - 10 Km course, with handicaps based on age, experience and type of boat.

7i) SPECIAL PRIZES

Race Organisers are encouraged to give prizes for special groups of paddlers. eg. First under 16, First C1, in particular they are strongly recommended to give a prize for the first lady in each division and for the highest placed TC2. This kind of encouragement is particularly important in the divisional system.

8. The organiser of a race must apply for that race to be registered. This must be done in the Autumn of the year preceding the event. The event must be organised and run under the Marathon Racing rules. Registered races may advertise through the Union and may appeal through the Executive Committee in cases of dispute or difficulty. (See also BCU Disciplinary Code - see index)

Registration shall be the minimum requirement for a race to be recognised. Registration fee will be by the levy which will apply to races defined in Rule B5 a), b), and c).

9. The organisers of a Marathon Race may apply for it to be classified as a Group A Race. These races shall be run with a higher degree of organisation. They shall be properly advertised. Adequate pre-race instruction shall be made available in adequate time. Properly documented results shall be sent to the Executive Committee and to competitors who provide a stamped addressed envelope.

The status of a race shall be decided by the Executive Committee on the basis that a race has been run satisfactorily by the same organisation over essentially the same course.

10. Assessment races will be picked by the Executive Committee from the most suitable races for the events to which British Teams will be going, and advised to the organiser by March 1st each year, via the Racing Handbook. In these races, assessment classes may be separated from the race classes, and may be run over the same or different courses.

The slot will be fitted with a locking pin.

The characters on the vertical plate will be the same standard as a car number plate. The dimensions of the plate will be 200mm long x 150mm high, with the top corners rounded to a 10mm radius. Paddlers in division 1-8 not displaying vertical numbers plates will not score Hasler Points.

 - b) The protest must be in writing, to an officer of the organising body and must give full details of the alleged infringement of the rules.
 - c) The protest committee must meet immediately, to hear all the evidence and to consider the protest's validity in accordance with BCU and Marathon Racing Rules.
 - xiv) A protest against an organising body may only be dealt with by the Executive Committee. Any such protest must be made immediately and in writing to the Secretary of the Executive Committee and give full details of the alleged infringement of the rules. The person making the protest must also inform the secretary of the club or body concerned. Failure to comply with these conditions will invalidate the protest.
 - xv) Appeals against the decision of the Protest Committee are permitted and these will be heard by the Executive Committee.

12. NATIONAL CHAMPIONSHIPS

There are two National Events.

12A THE HASLER TROPHY.

This is competed for throughout the season (1st September - 31st August) on a regional basis. The top four scoring clubs from each region (eight clubs from the combined Midlands Region), plus a team from the organising host club (where there are two organising clubs then both qualify, as of right), the Combined services and the Isle of Wight, compete in the National Final at the end of the season.

Five other trophies are competed for at the Hasler Final.

- i) The Rhodes White Trophy, awarded to the Senior Regional Champion who gains the most points in Division 1 at the Hasler Final.
- ii) The David Shankland Trophy, awarded to the Lady Regional Champion who gains the most points in Division 3 at the Hasler Final.
- iii) The Barber Trophy, awarded to the Junior Regional Champion who gains the most points in Division 2 at the Hasler Final.

To be eligible to compete for these trophies, individual Regional champions will be identified from the Regional Hasler Competition. These will be the individuals scoring the highest number of points in the appropriate division for the final trophy award in their own Regional Hasler Races.

- iv) The Adam Thomason Trophy, awarded to the winner of Division 2 at the Hasler Final.
- v) The Regional Trophy is awarded to the Region with the highest aggregate score from their three highest scoring clubs.

The Hasler Trophy Rules are:

- a) Each region shall run its own league Championships throughout the year. The regions are defined as the Sports Council Regions for England plus Scotland East, Scotland West, and Wales.
- b) The best four clubs from each region (eight clubs from the Combined Midlands Region), may compete in the final, together with teams from the host club (where there are two organising clubs, then both qualify as of right), the Combined services and the Isle of Wight.
- c) Each region will decide which races are to count. It is hoped that eventually there will be enough races in each region to have the best of 8 or 9 results.
These races will be group A status.
- d) Each club will be allowed as many competitors as it wishes.
- e) At the Hasler Final where crew members in doubles events are ranked in separate divisions they must race in the classification of the highest ranked paddler. In the Regional Competitions rule 7(e) shall apply to crew boats.
- f) The points system throughout the year will be as follows:-
 - i. Divisions 1-9 singles and 1/2, 3/4, 5/6 7/8 & 9 doubles will count for points.
 - ii. Points will be awarded per paddler in both singles and doubles - 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish a singles race within 110% of the time of the fastest boat not promoted or who finish a doubles race within 115% of the time of the fastest boat not promoted. One point only for paddlers who finish outside the 110% or the 115% limit irrespective of their position. This to apply to all races except division 9 singles and doubles which will receive 20 for first, 19 for 2nd, 18 for third and so on down to 2 points for all paddlers who finish.
 - iii. Clubs qualifying for the final will start the final competition with 1 point for each promotion gained by any of their members in regional competitions (up to maximum of 12) irrespective of whether the promoted paddlers are racing in the final or not.
 - iv. Each club will count its six best scores in any division for singles.
 - v. Each club will count its three best scores in any division for doubles.
 - vi. For each race the winning club will get 10 points, nine for second and so on.

MARATHON RACING

- vii The final will normally be in late September.
- NOTE 1. In the regional races leading to the final, only those clubs within the region will score points. Paddlers from other regions will not be taken into account when calculating points except that their time will be used for the 110% calculations if they are the fastest boat not promoted.
2. Competitors must be COMPREHENSIVE BCU members for all divisions 1-9. BCU numbers must be quoted on entries and results, and a valid BCU membership card or photocopy MUST be produced at race check in.
3. Those unable to prove membership will be required to pay an extra Event Fee of a minimum of £2.00 and a maximum of £5.00. This covers the organiser for insurance purposes. (Race organisers see guidance).
4. All competitors in doubles in both regional competitions and the final MUST show their singles ranking at race check-in. Competitors not doing so do not count for eligibility to compete in the final or score points in the regional competition or final.
5. Clubs who are included for points must be affiliated to the Union.
- 6a) A paddler must compete in 3 qualifying events at his or her current ranking, during the season (Sept 1st - Aug 31st) before being eligible for the final. The exceptions are Div 1 senior kayaks, Div 2 junior kayaks and Div 3 canoes and lady kayaks who must compete in 2 qualifying events.
- 6b) A paddler competing in the National Championships on one or both days may count this as one qualifying race for eligibility in the Hasler Final.
- 6c) The qualification must be in the same type of boat (ie Canoe or Kayak)
- 6d) A paddler can only compete in one division in a qualifying event or final.
- 6e) Paddlers are only eligible to paddle in a singles race at the Hasler Final if they have competed in 3 qualifying events in singles. The exceptions are paddlers already ranked in their highest division (senior kayaks Div 1, Junior Kayaks Div 2, Ladies in Div 3 and Canoes in Div 3) although they must still comply with rule 6a).
7. The Regional Hasler Co-ordinator is to check the eligibility of paddlers from his region at the final. (The Records Officer will be able to produce listings on request to help clubs and Hasler Co-ordinators carry out this task)

13 NATIONAL MARATHON CHAMPIONSHIPS VENUE AND ORGANISATIONAL CRITERIA

The Marathon committee will look to the following ideal criteria when considering applications for the National Championships and the Hasler Final.

Any club wishing to host the National Championships or Hasler Final will be expected to make a short presentation to the half year meeting outlining their proposals for the course and organisation to meet these criteria.

THE COURSE

- b) The course should be designed to be paddled in an understern rudder boat.
- c) Portages should allow a minimum of 12 metres at the 'get out' and 'put in' points. Portages should not be of excessive number or length.
- d) Access to portages areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting river users.

ORGANISATION

- g) The organising club(s) should have a proven track record in organising normal Divisional Marathon Events.
- h) There should be adequate parking at start and finish.
- i) There should be adequate covered checking in and refreshment areas at the start and finish, and a result display area.
- j) There should be adequate toilet facilities at start and finish.
- k) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- l) There should be a computerised results facility capable of showing Divisional results and team scores immediately after the event.
- m) Prizes at the National Championships will be the official BCU National Marathon Championship medals. At the Hasler Finals there should be good prizes.

- p) The starting of all races is to be as the procedure set out on page G25.

MARATHON RACING

14 SAFETY

- a) Competitors must render their boats sufficiently buoyant to remain afloat and to support the crew in rough water in the event of capsizing.
 - b) Race organisers may require life jackets or buoyancy aids to be worn. Such equipment must be provided by the competitors.
 - c) On open water adequate spray covers must be worn.
 - d) Competitors must be able to swim adequately in the waters on which the race is being held.
 - e) The wearing of life jackets or buoyancy aids is compulsory for division 8 and 9.
 - f) Team Leaders should decide if paddlers under 16 in the higher divisions should wear life jackets or buoyancy aids.
 - g) Race organisers would have the FINAL say as to who should wear life jackets or buoyancy aids, except where this is covered by rules 14e and 14i, depending on weather and water conditions.
 - h) The life Jackets/buoyancy aids referred to on b,e,f,g, and i will conform to BCU/BCMA STANDARD BA 83.
 - i) At the National Championships ALL paddlers in the U16 and U14 classes and in the Division 8 & 9 singles and 8/9 doubles classes WILL wear life jackets or buoyancy aids as in h).
- 15 In the event of circumstances which render it impossible or unsafe to run the race as planned, the organiser shall take all reasonable steps to inform the competitors and supporters at the earliest possible moment.
- 16 To aid the description of races the courses shall be classified as follows:-
 'A' shall denote sea, tidal, estuary, lake or other open water.
 'B' shall denote fresh water, river and canals.
 'P' shall denote portages.
- 17 In the event of a tie for any BCU trophy an extra race shall be taken into account, and this repeated as often as is required to settle the matter where this is appropriate. If the matter is still unresolved the trophy shall be held jointly, the order of the inscription being alphabetical and each party holding it for an equal fraction of the year.
- 18 **DISCIPLINE**
Marathon racing is subject to the BCU Disciplinary code reproduced in full earlier in this book (see index).
- 19 **DRUGS**
Marathon racing is subject to BCU Doping Control Rules as reproduced in an earlier section of this book (see index).

PART C RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the interpretation of the Rules for Racing, and in the provision of acceptable races.

A ADVANCE INFORMATION

- 1 Do not attempt to run a race without visiting a few to find out how things work.
- 2 Advance information sent out to competitors and clubs should at least set out the following details as shown in the specimen.
 - a) Name date and status of the race.
 - b) Name of the organising body.
 - c) Closing date for entries and whether or not late entries will be accepted.
 - d) Address to which entries and enquires should be sent, and if possible a corresponding telephone number.
 - e) Entry fees, and to whom they these should be payable.
 - f) Locations of start and finish, and directions for getting to these places.
 - g) Time of start and closure of checking in.
 - h) Brief description of the course, sufficient to give a newcomer a general picture of the type of course and a warning of any details of the course that he should inspect in advance.
 - i) Any special regulations that a competitor should be aware of before he arrives.
 - j) Any major changes since last year.
 - k) An entry form asking for full details of competitors. (A specimen race details follow these recommendations).

MARATHON RACING

B PRE RACE INFORMATION

Every boat should be inspected at check-in to ensure that it is numbered clearly, correctly and durably. Check that water-soluble ink has not been used. Although it is the competitors responsibility to number his boat, it is your responsibility to be sure that he has done it. One way of doing this is to ask that he presents a clean number plate and then number it yourself, not revealing the number in advance. It is human nature that some competitors will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.

It is customary to deliver a briefing shortly before a race. This is the time to explain the starting procedure and order, to describe any special features of the race course and to emphasise any special regulations.

There may be a wide range of ambitions present at the race, some people go for a pleasant paddle, some with Olympic hopes, try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions, variations in the course for different classes etc should be taken into consideration when arranging the start order. Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots.

The marshal should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanours to central control. A marshals directions should override any prior instructions. A marshal should be clearly identifiable.

C STARTING

A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order but a strong personality is needed to keep those in higher divisions in good order.

The starter must never loose control of the start, either through physical inability to make himself heard, or through weakness of will. Preferably get an experienced racer to start your race and supply them with a megaphone. Massed starts are good value for bullfighting addicts, but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Group A races, each class of three or more competitors must start separately.

Do not let yourself be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep competitors hanging around unnecessarily. They are often nervous before a race, may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line than start them without further delay. Say 'READY GO'.

Record the time of the start of each Division. Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

D FINISHING AND RESULTS

Signify a crossing of the line audibly, by bell, whistle or some such device. Mark the finishing line clearly. It is not always obvious to the paddler exactly where the finishing line is, particularly since he may be exhausted.

Have a reliable clock which is readable, and have a backup in case of malfunctions. Make a record of the finishing order of every boat as it passes the finishing line. Have one person making an independent list of boat numbers, another should make a list of boat numbers and finishing times: this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes record its number and finishing time alongside.

MARATHON RACING

Never mind computation at this stage, your hands will be full recording the finishing order correctly. When a page is full pass it on to someone else to analyse. It is also useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish, and the tape used to check the finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finishers and tell him to 'talk' every boat over the line, giving number and time. One C60 tape should last for most marathon races.

Have somewhere out of the wind and rain, and away from possible distractions from paddlers, to analyse your finishing results. Arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them, and they can be queried before prize giving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list of finishing order with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display.

Have the prize giving as soon as possible and announce any divisional promotions at this stage.

E SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. A senior paddler on inland waters seldom needs a life jacket, but for a division 8 or 9 paddler it is a stipulation. On open sea it is probably wise to insist on buoyancy aids for all. On open water rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that the rescuers are competent. An incompetent rescuer can be more of a hindrance than a help.

An important precaution is to make sure that no-one is stranded or lost halfway round the course. On open sea races it is important to account for everyone: on calm waters it is usually sufficient to have a back marker paddler over the course at the tail of the race.

F RESULTS

After the event is over, buckle to and get the final result sheet sorted out. If you put it off, your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.

Result sheets should be arranged by divisions in finishing order. They should include position, name, division ranking, club, BCU number, points and promotions to higher divisions. (Three flow charts follow this section to aid the calculation of promotions, demotions and Hasler points). Totals of points scored by clubs should also be included. (These however will be verified by the Hasler Advisers). A specimen result sheet extract follows. (see Index).

The race organiser will record at the top of the result sheet, the number of paddlers who have entered the race. Four copies of the results, will be sent to the regional Hasler Advisor within the 14 days stipulated (Rule 11a iv) together with the Race Levies. The advisor will then check/correct promotions and Hasler Points before sending on the results to the Records officer and the Divisions Advisor.

MARATHON RACING

THE STARTING OF ASSESSMENT RACES, HASLER FINAL & NATIONAL CHAMPIONSHIPS

There is a necessity to maintain the standard of starting for selection races. The following will apply to all assessment races.

REQUIREMENTS

- 1 The startline should be clearly defined on both banks.
- 2 A clearly defined marshalling line must be established about 50 metres behind the start line.
- 3 The race must be started by a person drawn from the approved starters list below, who will have an experienced assistant.
- 4 The marshalling line should be controlled by at least two experienced officials.
- 5 The above should all be equipped with PA Equipment or loud hailers which it is the responsibility of the race organiser to provide.
- 6 Where river conditions require it, Division 1 starts will be seeded into 2 or more lines. The starter will liaise with the race organiser prior to the briefing to establish the starting ranks.

THE FOLLOWING RULES WILL APPLY TO ALL DIVISIONS AT AN ASSESSMENT EVENT, HASLER FINAL AND TO ALL RACES AT THE NATIONAL CHAMPIONSHIPS

- 1 An audible warning will be given 5 minutes before the first start, From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have three minutes to get behind it.
- 2 A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler to go in front of the marshalling line until so instructed by the marshal.
- 3 Once released by the marshal, the paddlers will be under the starters control. Any paddler going in front of the start line before the 'GO' will be penalised.
- 4 For each contravention of the above rules, a two minute penalty will be imposed.

NOTE .. The Marathon Team Selectors have been instructed by the Executive Committee that they will use the results INCLUDING any penalty, as the basis for selection.

The Schools Canoeing Association represents canoeing within schools.

Its aim is to encourage and develop all forms of canoeing. To improve the standards of coaching canoeing, to give advice to those involved in education making available the opportunity to gain qualifications and support.

The Association develops links between schools to enhance the profile of the sport with educational establishments and the benefits canoeing has on the curriculum.

The Association, at present, organises courses through the Placid Water Scheme to focus on marathon canoeing using National Coaches. Other disciplines such as Slalom, Polo, White Water Racing, and recreational canoeing are included.

If you are interested in forming a club at a school, or you wish to develop links with a canoe club as a student after leaving school, the Association will help with advice, support, and coaching enabling a successful club to develop. Please contact the area school representative shown above for further information.

The Ranking System

The purpose of the promotional system within the divisional system is to have every paddler competing in the in the correct division for his/her personal ability, and thereby gaining maximum advantage from their racing.

The administration of the system has seen continued improvement over the last few years, and with continued co-operation of the Regional and National Advisors, Race Organisers, and Club Team Leaders, this should continue into 2000. The prompt return of the race results and levies by the Race Organisers to the Hasler Advisers is **crucial**, and the one area which still continues to need improvement. The quicker these are received, the quicker they can be processed through the system, and confirmation of promotions made before paddlers race again.

The Divisional Lists have been updated after each set of results has been received by the Records Officer during 1999. However, not all Club Listings(56 out of 116, the worst yet) were returned by the Club Team Leaders by the closing date for inclusion in the Year Book so inevitably there will be some errors. If you feel that the promotion/demotion system will not serve to correct these errors quickly enough, please contact the Divisions Officer(address elsewhere in this handbook) stating the nature of the problem.

If you think that your divisional updates and the Marathon Newsletter are not getting to the Team Leader of your club. please let the Records Officer know so that the records can be updated.

In addition, by request from Race Organisers, a list of clubs with abbreviations used by the Marathon Committee has been included. Please note that these differ in some cases from those used by the Sprint Racing Committee. This is with the approval of the clubs concerned to avoid confusion between clubs with similar names.

- Be friendly and polite to local residents
- Drive slowly with care and consideration
- Park sensibly without causing any obstruction
- Be as quiet as possible
- Unload kit tidily and take all litter home
- Get changed out of public view
- Get permission before going onto private property
- Avoid wildlife disturbance and environmental damage
- Be considerate to other water users
- Avoid being an intrusion on local life
- Support local businesses if you can
- Say "Thank You" for any help you receive
- Leave no trace of your visit
- Follow the Country Code (see below)
