SPRINT SECTION

FOREWORD

I am sure the racing section would join with me to congratulate our Olympic Athletes, Coaches and Team Management for their excellent results in Athens, where every athlete exceeded or equaled our expectations. It was particularly exciting to see a British woman in a final again.

Unfortunately, my prediction of our sending only four athletes to the Games, was proved correct, but might just as easily have been proved wrong, had there been better co-operation between athletes and coaches. This is easy to say but difficult to achieve. It is, however, imperative that this problem is dealt with if we are to build an even stronger team for the next Games.

In spite of all the financial aid, the B.C.U. Whole Sport Plan and the sports science driven "Talent I.D." initiative, I believe that it is still the clubs that hold the key to national success. It is the clubs that will set our future European/ World and Olympic Champions on the road to success, as well as providing an enjoyable and rewarding sport for all.

Some clubs are beginning to benefit from the Community Clubs Development Scheme and the Community Sports Coach scheme, both introduced by Sport England with the BCU, in recognition of the important job the clubs have to do, and are trying to do.

This initiative will help to build stronger clubs and better paddlers. However, we still have to improve the link between clubs and club coaches and the Performance Department. Continuity and co-operation between these two bodies is essential if we are to serve our athletes well and give them the best chance of success.

So, in 2005, and for the next four years, lets ALL work together to build even more successful teams, both in terms of team size and performance.

The Racing Registration Scheme

The Scheme also enables the committee to establish how many active racing canoeists there are in the country at any one time, and provides a means of communicating with them.

The Registration Number is the unique numerical identification for each paddler, and is used in computer programmes when programming a regatta. Only Registered Paddlers will be allowed to compete in B.C.U. events at the National Watersports Centre. Entries submitted without a Registration Number will not be accepted.

Initial Registration

This may be done in one of two ways:-

1. At any N.W.S.C. Regatta, at the Secretary's desk.
2. By post with the Registration Officer (Send S.A.E. please).

In all cases the following are required:

1. Full Name and Address.
2. Date of Birth.
3. Club.
4. Your ranking (if known).
5. A Coaching Scheme Certificate of Standard for 500m which states the actual time taken for your trial.
6. Proof of current B.C.U. Membership (a photocopy of your card is acceptable).

Renewal of Registration

Competitors will remain on the active register until such time as they have not competed for two years, or their B.C.U. membership has lapsed. On production of a current B.C.U. card, anyone not listed on the active register may apply to be reinstated.

Current Lists of Registered Paddlers are intended as 'working' lists and only include paddlers who have raced during the last two years and those who are fairly certain to race in the current season. Anyone who does not appear on the lists will have been transferred to the storage file and can be brought back to the 'live' file at any time they return to racing.

Youth paddlers who initially registered as Cadet Members will remain on the register but should join the B.C.U. as full Youth members at the end of the first year. They should inform the Registration Officer of any change of number.

The Registration Officer, 17 Springfield Road, Guildford, Surrey GU1 4DW
When registering by post please send S.A.E. for the return of your B.C.U. card and the Registration Number.

5. Notes on Classes

- Kayak competitors are divided into three age groups, Youth, Senior and Veteran. These three kayak classes are then divided into Men and Women. These two subdivisions then being further divided into ability groups. Canadian paddlers are divided into three ability groups.
- Youth Paddlers will paddle in the four youth divisions according to their individual ability. Promotions within these classes will be done on the basis of improvement in standard of performance. When applying for registration the time certificate submitted should show the time recorded on the 500m test in order that new paddlers can be classified correctly. Beginners do **not** automatically start in the "D" group.

SPRINT SECTION - TEAM LEADER'S HANDBOOK

- c) The chart 'Standards for Racing' on page B1 demonstrates the way in which the subdivisions are made according to speed.
- d) The status of a paddler in a kayak class has no bearing on his status in a canoe.
- e) Mixed Events, in which male and female competitors race together in the Men classes, are permitted, provided the races are of parallel standard to that of their designated classes.
- f) Open Events - In order to facilitate programming we reserve the right to combine classes in any distance at any regatta, with the exception of National Championship events, which will all start separately provided there are sufficient entries.
- g) Paddlers must race ONLY in their designated class for singles events (K1 and C1) at N.W.S.C. Regattas. Competitors may race above their designated class in crew boats only. Exceptions may be made when O.R.S. coaches wish to enter squad paddlers in higher classes.
- h) A Youth paddler may race in crew boats in a senior class equivalent or above the standard of his own youth standard. E.g. BAK= MBK (see chart).
- i) All paddlers will be graded into classes according to the standards set out in the Standards for Racing. Coaches should use the Coaching Scheme 500m Racing Tests as preparation for paddler's entry into racing.
- j) Youth National Championships

Youth Paddlers will race in the following Age Groups

UNDER 18 (BORN 1987 or 1988)

UNDER 16 (BORN 1989 or 1990)

UNDER 14 (BORN 1991 or later)

A youth paddler, who has been promoted to Senior Status on ability, may for National Championship Events only race in his/her youth age group.

k) Promotions/Demotions

- Will be made throughout the year on the basis of standards laid down, and using the race results.
- Are not automatic, and need to be ratified by the S.R.C nominee before taking effect.
- Will be notified on the regatta results and should take effect at the next regatta.

l) Veterans

Paddlers born before 1970 may compete in the Veteran class unless Men's A or B

6. Check your Programme

Prior to the Team Leaders Meeting, it is essential for each Team Leader to make a careful check of all his entries. It is best to keep a copy of your entry for this purpose. If there are any omissions or if you wish to make substitutions, mark your programme: the Team Leaders Meeting goes very quickly, and leaves no time for hesitation.

It is not uncommon for the regatta organisers to make a few mistakes with the entries, but it is your responsibility to check the programme. Once a race has been passed during a meeting it is not normal to go back.

The event organisers will do their best to arrange the programme so that all races in each class are well spaced out, giving a minimum rest period of 40 minutes between races. Any competitor racing outside his designated class in crew boats cannot depend on the programme accommodating this situation satisfactorily.

7. Team Leaders Meeting

It is intended to hold only one meeting per regatta, at 0800 hrs on the Saturday morning (unless otherwise stated) in the Lecture Room. If the meeting cannot be completed in a reasonable time it will be adjourned and the time of the reconvened

SPRINT SECTION - TEAM LEADER'S HANDBOOK

meeting announced. Each club must nominate one representative to deal with alterations and late entries at the meeting. This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 4.00 p.m. on Saturday. Failure to pay on time will incur a £10.00 surcharge that must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

Procedure

- a) Team Leader signs in on arrival.
- b) Meeting commences promptly at 8.00 a.m.
- c) Technical announcements.
- d) If there are any objections to the programmed order of events they must be raised at this stage.
- e) Late entry provision:-
 - i. Events will be dealt with in order.
 - ii. The Competition Organiser will call out in order each set of heats (or finals, if there are no heats). Team Leaders should scratch any competitors who do not intend to race, or make suitable substitutions. They should call out the lane number first then the competitors name(s).
 - iii. If there are any vacant lanes the Competition Organiser will then ask Team Leaders to raise one hand for each late entry they wish to make. If there are more late entries required than there are vacant lanes available, a draw will take place.
 - iv. It is not permitted to return to an event that has been concluded.

8. Entries after the Team Leaders Meeting

Entries after the meeting for lanned races will only be accepted in exceptional circumstances and at the discretion of the Competition Organiser. **Any such entries will be charged a double entry fee.**

Late entries will be accepted for long distance events (2.5 km, 5 km, 10 km.), up to one hour before the race, on payment of the appropriate late entry fee. Entries can be made on the form available from the regatta secretary's desk.

9. Club Colours

Club colours must be worn by all competitors in all events at the N.W.S.C. regattas.

- a) In K4 crews where more than one club is represented, paddlers must wear the colours for the club in whose name they are registered.
- b) Clubs racing for the first time at an N.W.S.C. regatta may request exemption from this rule by application to the Regatta Organiser; but the competitors should wear a plain white shirt with no markings. The club must then register its colours before taking part in subsequent events.

10. Numbers

- a) It is a requirement that clubs should provide their own lane numbers as prescribed in the Racing Rules for races up to 1000m in length.
- b) Sets of numbers 1-9, and suitable mounting brackets for kayaks and canoes, are available for sale from the regatta secretary's desk.
- c) For races over 1000m in length, the competition organisers will issue numbers. These will be of a type that fix into a slot on the deck of the boat, all competitors must ensure that their boats are fitted with these slots.
- d) Numbers for long distance racing must be obtained from the regatta secretary's desk and may be collected by Team Leaders ONLY. A deposit of £10.00 must be left by every club collecting numbers, regardless of how many numbers are required. This money can be reclaimed at the end of the day when all numbers are returned; alternatively it can be left at the desk to cover for numbers which

SPRINT SECTION - TEAM LEADER'S HANDBOOK

will be required for Sunday's racing, and would then be returned Sunday evening when all numbers were collected in.

- e) Lost Numbers will be charged at £5.00 per number, and the amount deducted from the deposit before it is returned.
- f) A form will be available at the meeting on which the Team Leaders should order the numbers required for the day's long distance races in advance. This form should be handed in to the regatta secretary's desk. He will then make up your requirements for collection later in the morning, (after 11.00).

ALL CANOES AND KAYAKS MUST BE FITTED WITH NUMBER SLOTS

11 K2/K4 Crew Names

Notification of crew names must be made at the Regatta Office at least 30 minutes before the race. Any crew which has not notified the full set of names will be allowed to start the race but will not appear in the results, nor will they go forward to the next round of the competition. Paddlers who take the place of other paddlers without the proper substitution will be allocated 1 penalty point and disqualified from the event.

12 K4s

- a) They will be stored on racks outside the boathouse.
- b) Crews must not sit in the K4s *except when they are on the water*.
- c) Young paddlers must be supervised by a responsible adult when handling the K4s onto and off the water. The K4 Official reserves the right to refuse the boat to any youth crew that is not accompanied by an adult.
- d) Check your K4 before you use it. If it is not in order please report the fact to the Official. The crew that previously used the boat will be held responsible.
- e) K4s can be booked for any race during the course of the day as soon as the boathouse is open and the K4 Official is present.
- f) Crews must supply their own wing-nuts and toggles when they report to collect the boat they have booked.
- g) Crews must use the boat allocated.

13 Protests & Disqualifications

- a) Notification of disqualification will always be made to the Team Leader or his nominated reserve.
- b) In a National Championship event, a protest must be made by the paddler's Team Leader.
- c) Team Leaders should realise that it is impossible to adequately umpire all races in every regatta. Where infringements are observed by an umpire, these will be reported to The Chief Official who will, if necessary, inform the offending paddler's Team Leader.
- d) Often however, infringements will not be observed by the umpires, and Team Leaders should realise that they have a responsibility to explain the situation to young paddlers who may easily become frustrated by what might seem to be an arbitrary system of justice.

14 Results

If a copy of the results is required, please send a S.A.E. marked RESULTS with your entry, or leave an addressed envelope and the appropriate postage at the Regatta Office. A fee of £1.00 is payable for each copy.

15 Car Parking

Team Leaders MUST take an active part to see that club members observe the car parking lines. Parked cars must not obstruct the launching access for K4s to the concrete pontoons in front of the boathouses. Particular attention should be paid to the access road in the vicinity of the Centre Buildings. Access for emergency vehicles must NOT be impeded.

SPRINT SECTION - TEAM LEADER'S HANDBOOK

The pontoon on the seating side of the tower on the waterfront is a No Parking Area, and must not be used by competitors. This area is solely for the use of umpire boats.

BCU Regatta "Liability" Statement

Canoeing and Kayaking are assumed-risk water-contact sports. Participation in these sports carries an inherent risk of injury to competitors and damage to property. Participants should be aware of the risks involved in these sports and are responsible for their own actions and their involvement in these sports.

In all cases competitors compete entirely at their own risk.

Each of the Regatta Organisation, the Sprint Racing Executive, the British Canoe Union exclude liability for any loss or damage that may occur to competitors or property during participation in canoeing and kayaking to the fullest extent permitted by law.

All competitors must be current comprehensive members of the British Canoe Union except for juniors ranked in 'Girls D' or 'Boys D' who are members of clubs with registered juniors sections.

Regatta Entries are accepted on the basis that each competitor and Parent/Guardian of a junior is aware of and has accepted the above conditions. Team Leaders are requested to ensure that all of their club competitors are aware of and accept the above statements.

Particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats.

Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water. Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

System for the membership for Juniors of a B.C.U. Affiliated Club.

A junior club member need not be a full member of the B.C.U. in order to race in Junior D Classes. He or she must be a member of his or her club, and the number used for his or her identification will be the club's affiliation number followed by his or her own individual club number.

Should he or she be promoted, however, to 'C' or above, he or she must then become a full member of the B.C.U. in his or her own right.

It is the responsibility of the Team Leader to advise the Registration Officer of the full B.C.U. Number.

'Tiddly Winks' and Boards

Coloured counters (known affectionately as Tiddly Winks) are awarded for the first three places in all Finals 1 in junior classes. These can be collected by the paddler from the Secretary's desk.

Also available, at a cost of approximately £4.50, is a small engraved wooden board on which the self adhesive counters can be mounted for posterity!

THE MCGREGOR PADDLE

The Inter Club Trophy contested at the September Regatta

Under the following system most clubs should have an equal opportunity to achieve a winning score:

1. Each Club will automatically score 1 point for every paddler competing in the Inter Club Regatta.
2. Each Club will score 1 point for each promotion accredited to their paddlers during the four previous Regattas i.e. April, May, June, & July of the same year.
3. The scoring at the Inter Club Regatta will be on the following basis:
Each Club will score its best

12	K1/C1 results in all finals
6	K2/C2 results in all finals
3	K4 results in all finals

Scores will be awarded, provided there are at least three crews participating, on the following basis:

1st	20 points
2nd	19 points
3rd	18 points....etc

Penalty points accrued by paddlers during the season's five regattas will be deducted from their team's score.

4. Notes:
 - a) Composite crews, with members from more than one Club, do not score.
 - b) At least 50% of the crew must be registered in the class in which they are racing.
 - i.e. 2 paddlers K4 and 1 paddler K2. Crews may be made up with paddlers from a lower ability group with the following exceptions:
 - i) Men may not paddle in Women's races.
 - ii) Boys may not paddle in Girls races.
 - iii) Seniors may not paddle in Junior races.
 - c) No one may enter any singles class other than their designated class as shown on the Registration File.

Disciplinary Procedures

Offences Incurring Penalty Points

The Chief Official will be solely responsible for all disciplinary matters of a minor nature, under the operation of a penalty points system. At his/her discretion, he/she may issue one penalty point to each paddler involved in each of the following offences. These offences are considered to be detrimental to the efficient operation of regattas and/or potentially hazardous.

- Racing in incorrect colours
- Racing with incorrect or missing number
- Failure to observe water zoning procedures
- Unauthorised substitution for another paddler
- Failure to report, having qualified, for semi-finals or finals
- Conduct during racing likely to cause injury or damage to equipment
- Use of offensive language
- Underweight boat (see note 1)
- Failure to report for boat weighing immediately (see note 2)
- Insufficient buoyancy (see note 3)

Notes

1. Weights must be properly fixed to the boat or seat. Stones in bags or any other temporary system will not be accepted.
2. Boats required for weighing will be notified either shortly before the start of the race or shortly after the finish of the race.
3. Buoyancy will be checked by both systematic and random inspections at launching points. If a boat is found to have insufficient buoyancy, it will be turned back.

Accumulation of Penalty Points and Penalty Fines

1. When a paddler accumulates a total of 4 or more penalty points, he/she is liable for a fine of £10 per point in excess of 3 points.
2. Fines are to be paid at the Regatta Office.
3. A paddler liable for a fine cannot race until the fine has been paid.
4. Penalty points are accumulated over 4 consecutive regattas and are not restricted to a single year. Thus, for example, penalty points incurred in the last regatta of the year will remain active until the start of the 4th regatta of the following year.

Notification

Team leaders will be notified when a penalty point has been issued to a paddler from his/her team. This notification will also be recorded on the end of regatta results sheet.

Approved by the Sprint Racing Committee on 9 November 2002.

Disciplinary Matters of a More Serious Nature.

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Racing Rules which include penalties in accordance with B.C.U. Rules or the Racing Section Disciplinary Regulations.

N.B. A reported incidence of dissent/abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under the Section Disciplinary Regulations.

REGATTA OFFICIALS TRAINING

The training of officials is a highly important area of our activities from both a National and Regional point of view. Anyone interested in assisting at National regattas at Nottingham is encouraged to come and sit alongside more experienced officials to learn what is involved. Each year in November we meet at the N.W.S.C. for a weekend of discussion, debriefing, and training, plus our annual dinner. Through officiating at our own National and International Regattas any official can progress to a standard where they become eligible to take the International Canoe Federation examination, thus becoming qualified to officiate at World Championships.

Newcomers are welcome and, if there is sufficient interest, we are happy to run a basic course aimed at complete beginners – no previous knowledge or experience is assumed. All aspects of regatta organisation would be covered in a basic and practical way, including the organisation of low key, local events of all kinds. This course would be followed by practical experience at regattas, working alongside a more practised official to gain knowledge and experience. Additional training can be given in specialised fields for those aiming to take the I.C.F. examination.

There may also be discussion groups of more experienced officials who meet to iron out any problems which have arisen during the season and find methods of solving them.

Further details of the Officials Weekend in November 2005 will be available nearer the time. **If you want to find out more contact the Regatta Organiser, Peter Morley, 17 Springfield Road, Guildford, Surrey GU1 4DW Tel: 01483 571996 email: peter.c.morley@btinternet.com**

SPRINT SECTION - TEAM LEADER'S HANDBOOK

LEPTOSPIROSIS AND THE CANOEIST

Leptospirosis

This is an animal infection, but after recovery the animal continues to excrete the organisms in the urine. These survive for days or even weeks in moist conditions, but for only a few hours in salt water. Humans catch the infection by direct contact with the urine or the urine polluted environment. Bacteria enter through skin abrasions or via the eyes, nose or mouth.

The Illness

The usual incubation is 7 to 12 days. Normally 'flu-like illness occurs which resolves in 2 -3 weeks. There may be fever, severe headache, pains in the back and calves and prostration. A few cases develop jaundice, when the condition is known as Weil's disease. Although death may occur in about 15% of the jaundiced patients, death without jaundice is virtually unknown. Antibiotics during the first few days may help to limit the infection. Many cases recover without specific treatment.

What to do

If you think you may have the infection, go to your doctor and tell him or her that there may be a risk of Leptospirosis. The diagnosis is by clinical suspicion. Blood tests can rarely confirm the illness in time to affect treatment, though they may subsequently confirm it. The microbiologist at your local hospital is the best source of advice.

Prevention

1. Cover all cuts and abrasions with waterproof plasters
2. Always wear footwear to avoid cutting the feet.
3. Avoid capsize drill or rolling practice in inland waters.
4. Shower as soon as possible after canoeing.
5. If in doubt, consult your doctor early.

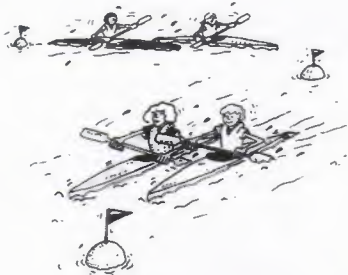

Remember that simple precautions can reduce your risk.

LIGHTNINGS

The Lightning Series 2005

The Lightning Sprint Cup is a series of four regattas timed to run alongside the National Sprint Regattas held at Holme Pierrepont in Nottingham.

The events take place on the Sunday of the May, June, July and September regattas with racing now fully integrated into the regatta programme. Paddlers compete over 500 m and 1000m in Lightning K1, as well as the opportunity to participate in Hody K2 races over 500m and Bellboat races over 200m.

The Lightning series has been specifically developed to suit the needs of younger children, aged under 12 years to set the foundation to help them progress into whichever discipline of canoeing they like! The programme has taken into account that full sized K1s are too big for kids, so together with Pyranha, we developed the Lightning K1!

The BCU is working with clubs around the country to provide a quality-assured Lightning programme, run by BCU qualified coaches, in as many clubs as possible. This training paired with regional and national competitions, will support and nurture the development of Young People who enjoy the challenge of racing.

2004 saw entries exceeding 80 paddlers on one single day, and we hope that we will see even more throughout the 2005 season - we will see you there!!

RACING STANDARDS AND COACHING

1. Introduction

The Placid Water Progression was set up as a coaching scheme to develop marathon racing, sprint racing and fast touring.

2. The Placid Water Progression

Outlined below are the current **skill, racing and coaching awards** designed to support a progressive coaching & paddling scheme for clubs based on placid water using open cockpit canoes and kayaks.

2.1 Skill Development Awards for paddlers

The Placid Water Star tests provide four progressive levels of award for canoe and kayak. They can be used either as a basis to encourage skill development for paddlers or as an indicator of the appropriate level of skill for aspirant coaches in the instructional coaching awards.

Details of the complete syllabus is contained in a free leaflet "Placid Water Star Tests for Kayak and Canoe" (ref: CT011/00/1) available from BCU Office.

2.2 Racing Awards for paddlers

The Racing tests are designed to encourage paddlers to improve performance and recognise their progress in racing kayak and canoe. The Sprint Awards also provide a useful guide to indicate the class or division to which paddlers should enter into sprint and marathon racing.

The awards can be examined by any BCU Coach (Level 1-5) or Club Official and can be taken in any canoe or kayak

There are three types of Racing Award:

- **The Sprint (500m) Awards**

In each case the paddler must equal or beat the times below to achieve the standard.

Award	Kayak Men	Kayak Women	Canoe
Green	4.00	4.20	5.00
Blue	3.30	3.45	4.00
Bronze	3.05	3.20	3.20
Silver	2.45	3.00	3.05
Gold	2.30	2.45	2.45

Note: Time in minutes and seconds – in single canoe or kayak

Guidelines for entry into Sprint & Marathon Racing

To promote fair racing and as a guide for coaches, team leaders and paddlers, the following standards, based on the "Sprint (500m) Awards", are suggested as the entry levels into Divisional Marathons and Sprint Regattas held at the National Watersports Centre, Holme Pierrepont:

Award	Marathon			Sprint
	Kayak men	Kayak Women	Canoe	
Green	Fun Race	Fun Race	Fun Race	Lightning under 13
Blue	Div 9	Div 9	Div 9	Lightning under 13
Bronze	Div 8	Div 9	Div 9	Junior M & F & Veterans
Silver	Div 7	Div 8	Div 8	Senior Women & Canoes
Gold	Div 6	Div 7	Div 7	Senior Men

RACING STANDARDS AND COACHING

Note: To qualify for National Regattas, the standards must be achieved in a modern racing single canoe (in high kneeling position) or single kayak (with seat). See team leaders' notes for more details.

- **The Marathon, Half Marathon**

Details of the standard times are available contained in a free leaflet "The Placid Water Racing Awards" (CT/012/00/1).

- **The Time Trial Awards**

Details of the standard times are available contained in a free leaflet "The Placid Water Racing Awards" (CT/012/00/1).

For a copy of leaflet CT/012/00/1, contact BCU Head Office.

2.3 Coaching Awards

The Placid Water coaching awards split into two closely linked coaching progressions; instructional coaching and competition coaching.

The instructional awards are geared to support those coaches introducing instructing, leading and organising a Placid Water Club or Centre. The syllabus requires the coach to have personal paddling skills as well as coaching skills – where the coach would normally instruct from a canoe or kayak.

The competition awards are intended to support those people who wish to help paddlers improve their performance in Sprint and Marathon racing (it does not require the coach to have any personal paddling skills).

The suggested entry point into coaching for new coaches is as a Level 1 "instructional" coach (Bell Boat helm or Level 1 Placid Water Coach). It is possible for non-paddlers to enter directly into the Level 2 Racing Coach, but it is hoped that they will follow up the course with a Level 1 Placid Water Coach Award in due course.

	Instructional	Competition
Level 1	Bell Boat Helm & Placid Water Coach (Teacher) A basic introduction to PW coaching for all. Club / Centre based – especially non-established paddlers.	No award
Level 2	Placid Water Coach (Instructor) Aimed at those instructing paddlers at clubs / centres. Entry point to coaching (instructional) for established paddlers	Racing Coach (Race Trainer) Aimed at those coaching paddlers (senior and junior) in Marathon Divisions 9 – 5 (men), 9 – 6 (women) and or the sprint equivalent.
Level 3	Placid Water Coach (Senior Instructor) Aimed at those instructing leading and organising at a club / centre based on Placid Water. Coaches at this level will require a broad knowledge and experience of PW including Competition	Racing Coach (Competition Coach) Aimed at those coaching paddlers in Marathon Division 2 - 5 (senior men), Divisions 4 – 6 (senior women) or the sprint equivalent and juniors involved in the World Class Start Programme.

RACING STANDARDS AND COACHING

Level 4	PW Coach (new award) Aimed at those taking on a wider developmental role either in coach education or regional / national level in Placid Water paddlesport	Racing Coach (Senior Competition Coach) Aimed at those coaching national squad level athletes as part of the national squad system or as club / personal coach.
Level 5	No Award	Racing Coach (new award) Senior National Coaches only

Note: for each course a full syllabus is available free of charge from BCU Head Office

3. BCU Coach Update

In 1999 the BCU National Coaching Committee introduced a programme of revalidation for all BCU Qualified Coaches. The BCU programme is set up to provide:

- A system to enable long term training support for coaches
- A means to share good practice
- Improved BCU Coaching Service contact and communication with coaches

The original drive to establish the revalidation programme was external pressure from Sport England to set up a coach licensing scheme for sports coaches and a desire to improve the quality of coaches.

"Coach Update" now involves all BCU coaches – competition and recreation.

Originally called revalidation, Coach Update requires coaches to put in a minimum of 6 hours of training in any 3-year period. There are four ways for coaches to become updated:

- Attending a BCU Regional or Local Coach Update Forum
- Participating in a BCU Coaching Awards Course
- Completing a "Continuous Coach Development Record" and sending it in to BCU Head Office
- Completing the above form online, via the BCU website www.bcu.org.uk/coaching

4. First Aid for Racing & Placid Water Coaches

All coaches are now required to hold a current First Aid Certificate to maintain their BCU Coaching Award. The level of First Aid Training is as follows:

4 hour Certified Course:

Bell Boat Helm, Placid Water Level 1 & 2 Coach, Level 2 Racing Coach.

8 hour Certified Course:

All Level 3, 4 & 5 Coaches (Placid Water or Racing)

For BCU Coaches to maintain the BCU insurance cover they must hold an up to date and certificated First Aid qualification (appropriate level of their award). Most First Aid

RACING STANDARDS AND COACHING

awards have a 3-year lifespan. It is the responsibility of each coach to make sure the BCU Coaching Service is sent a photocopy of his or her new certificate when the qualification is renewed.

5. More information

To set up a coaching course or to discuss club coaching issues there are a number of Coaching Development Officers covering a large section of the country who are available to assist voluntary officers in supporting coaching. They are:

WORLD CLASS DIRECTORATE

'To be the No.1 Canoeing nation with strength and depth at all levels'

Review 2004

This last year has been the most successful ever for British Flat Water racing internationally. The Olympic Games were a great success. Congratulations to Ian Wynne in winning a bronze medal in the K1 500m event. This was made even more significant against the backdrop of his injury the previous evening. Tim Brabants recorded the world's best ever time for the K1 1000m, Ian and Paul Darby Dowman (K2 1000m) and Lucy Hardy all achieved personal best times in their event. They all represented themselves and Great Britain with great distinction and honour. Of the 4 events GB entered we achieved 1 medal and 3 placings of 7th or higher. This means we **exceeded** our targets.

The European Championships held in May in Poznan showed that GB had the potential to win. Tim and Ian won individual medals and Ian and Paul added a K2 medal to their collection.

At U23 level, Abi Cattle led the team admirably by winning a bronze medal in the WK1 1000m at the U23 European Championships. We achieved a breakthrough in crew boats with the K4 of Richard Darby Dowman (22) Ben Farrell (21), Ed Cox (19) and Ed McKeever making the final of the Senior European K4 500m race and finishing 7th at the U23 Euro Champs in the Olympic distance of 1000m.

The Juniors made sure they were not eclipsed by their senior counterparts. Said Laurence Oliver (2004 Junior Team Manager) 'this is probably the best junior team that I have ever been involved with. While Tim and Paul won gold at the Junior Worlds in 1995, for sheer depth of talent and results, this team is special'.

Congratulations to Shuna Braithwaite and Tara Nutt who won silver in the K2 1000m after a gutsy performance in the closing stages of the race. Paul Wycherley, Tom Daniels & Ben Brown, Tara and Hayleigh Mason, Shuna in K1 500m all made finals. Our target was to make 3 finals – we won 1 medal and made 5 finals.

Paul Wycherley went on to take Ben Brown's Marathon Junior World Championship crown in Bergen one week after the Junior European Champs.

Well done to all of our athletes. We now look forward to building on these successes in the next 4 year Olympic cycle. Here's to Beijing in 2008!!

2005 Targets

World & European Championships

1x top 5

U23 European Championships

2x top 5

Junior World and European Championships

Our Strategy for 2005

The current WC programme funding cycle is due to end on 31 March 2005 with the new Beijing Olympic cycle starting on 1 April. We have been through a full period of review and while we await confirmation of the acceptance of our plans and new funding levels, the programme will continue.

We commit to supporting a 2 centre system, with coaches based at Nottingham and West Thames.

Alex Nikonorov – is now based at Royal CC and will be working with Trevor Hunter to support programme athletes in the Thames catchment area.

Claudine Le Roux – coach to WCP and WCPI women, splits her week half in Nottingham (Mon- Wed) and half in W Thames (Thu to Sat). She is focusing on the development of both our established seniors and our new senior development group.

Alan Williams is the National Performance Manager. He will monitor and review the BCU World Class Programme and make recommendations to the Performance Director. He will support senior teams and carry duties as team manager at Major internationals. The Performance Manager will also Chair the International Panels. (Selection Committee)

For the first time ever, we have a new initiative (Talented Athlete Scholarship Scheme) which is acting as a bridge for athletes who have not made the transition to WCPL programme but who may yet do so. There are a limited number of places available on the scheme and it is important that this scheme is positioned appropriate to Racing's needs and complements the World Class programmes.

2005 Key Races for Assessing Performance – U23s

For further information please speak to Alex Nikonorov.

Principles and Criteria for inclusion onto the World Class Potential Programme

UK Potential will be formed of athletes who are typically 17-23 and at a level to represent GBR at World/European Championship level. They are expected to be medal prospects at World and Olympic level within the next 10 years (during these 10 years it is expected that the athlete will make the transition to WCP). All athletes are expected to attend the identified selection races applicable to their age group if they are to be considered for inclusion on the programme. If a junior athlete is achieving the performance standards for an athlete of 18 or older, then they will be considered for the programme.

The number of athletes included within the programme at any one time is dependent upon the finance and resources allocated by Sport England and Lottery Funding.

Sprint Racing results remain the priority selection criteria, however Marathon results from World Championships will be taken into account to support Sprint racing results.

Criteria for Inclusion

The main ways of inclusion onto the WCPI squads:

1. Selection for and performance at the Senior European and World Championships in 2005
2. Selection for and performance at the European U23 Championships in 2005
3. Selection for and performance at the Junior World and Junior European Championships
4. Selection for and performance at other designated international races as may be agreed by the International Panel

An athlete may qualify their position on the programme, **typically** based on the following race positions.

Men's Kayak	Junior		Under 23					Senior
Event/Age	17	18	19	20	21	22	23	24
Euro/World Championships (K1)	Top 18	Top 12	Top 15	Top 12	Top 10	Top 9	Top 4 6	Top 12-15 Olympic events
Euro/World Championships (K2)	Top 15	Top 10	Top 15	Top 12	Top 10	Top 9	Medal 6	

Women/ Canoe	Junior		Under 23					Senior
Event/Age	17	18	19	20	21	22	23	24
Euro/World Championships (K1/C1)	Top 15	Top 10	Top 15	Top 12	Top 10	Top 9	Top 6	Top 12-15 Olympic events
Euro/World Championships (K2/C2)	Top 12	Top 8	Top 12	Top 12	Top 10	Top 9	Top 6	

Note: Other factors considered will be age, time behind winner and strength of class

5. Year end review 2005

An athlete may be included on the programme at the end of year review. Here the coach will consider international results from the 2005 season and performance at domestic selection regattas.

The coaches will take into account:

- Position in finals
- Age
- Strength of class
- Time

NOTE: Attitude and Commitment

Any athlete to be included **MUST** demonstrate the appropriate attitude towards training and the programme and fully committed to training to the level required.

Athletes are reminded that inclusion on the programme or GB team is subject to:

- Athletes being a **CURRENT** BCU member
- Acceptance of the Athlete Agreement and conditions
- Funding Resources

WORLD CLASS START (WCS)**Junior Programme****Introduction**

The World Class Start Programme is funded by Sport England and is defined as follows:

To help in the identification and nurturing of a specific number of performers who have the necessary characteristics to achieve future World Class success.

Athletes will principally be in the age range 13-18 and the programme is largely based in the clubs and regions. It covers the preparation and racing of junior international Great Britain U18 teams and junior development teams.

The Programme has the flexibility to define levels within the programme:

- Junior Elite
- Talented Juniors

Athletes and Coaches

There are 3 athletes nominated as Junior Elite from 01 November 2004. They are:

MK1 Andy Daniels Stuart Hastings Allen Spencer

There is a large group of younger athletes who are also talented and we look forward to them making gains over the winter period and joining the elite group for the summer training and competition programme.

Shaun Caven is the National Junior Coach, directing the junior programme.

Talent Search Projects

Within the WCS programme we embarked on two talent search projects – 1 based at Wey CC and one in Nottingham (using both NKC and NWSC). While both have had a promising start, there is still a long way to go. Gordon Burton is the project director

TALENTED ATHLETE SCHEME

Background

The talented athlete scheme is a Department of Education initiative across all sports. It has just started this year and in canoeing, it is aimed at athletes who have not made the transition from World Class Start into World Class Potential as well as the non-Olympic disciplines. The scheme operates on a cycle of 1 August – 31 July every year and funding has been secured for this scheme to 2007.

So how many spaces can racing have and how were they filled?

Racing was awarded 6 places.

An application process for the Scheme was launched in June 2004 with a closing date of 1 August. 11 applications were assessed by Roland Lawler, Graham Campbell and Anne Ferguson and the 6 places were filled.

One additional space became available in October and this has now been filled.

Nominations to the scheme are for only 1 year and so applications will open up every year.

Make sure you keep your eye on the World class website or contact Graham / Roland / Anne for an application form. Information will come out around June.

What does TASS provide?

It provides an amount of services/ funding to the value of £3000 (for scholars) and £1000 (for bursars) to be used for travel costs, coaching costs, camps, medical insurance, physiological testing and equipment.

Who is on the scheme?

Sprint Racing Selection Policy: (International Panel)

Dated 20 December 2004

10. General Notes on Selection

As an outdoor sport that can be affected by weather conditions and lane draws, it will be necessary to operate a policy of continuous assessment within an agreed and published framework (This framework is shown in the Racing Yearbook). Athletes achieving satisfactory results at National events can be considered for selection to GBR and English teams

10.1 Eligibility for Selection

Any athlete wishing to be considered for selection must be a member of the BCU. They must also complete the BCU Sprint Racing availability form and athletes' Charter. These forms are available from the BCU Performance Office.

10.2 International Panel (Selection Committee)

The SRC will be responsible for making recommendations to the BCU Board for the appointment of suitably qualified members to work on the international panel for Sprint Racing. The final authority for appointing international panels rests with the BCU Board. However for the purpose of management control the panel will report to the Sprint Racing Committee. The international panel will be responsible for proposing and agreeing the selection policy on an annual basis, and for selecting international teams.

Members of the international panel will be selected on the basis of experience and competency. They will have first hand experience of the sport at national and international level. There is no requirement for international teams to be ratified by the discipline committee but they will be informed of nominations for major internationals and given the opportunity to discuss any concerns prior to the team being published.

There will be 4 core members of the international Panel, for the 2005 season the nominations are:

- John Anderson: BCU Performance Director.
- Roland Lawler: BCU Chairman of SRC
- Alan Williams: BCU Performance Manager (Chairman)
- Shaun Caven: BCU National Coach

Additional Panel Members:

National coaches: A maximum of 4 coaches may be nominated to assist with the selection of senior and junior teams. These members will have voting rights related to the class or age group they work with.

10.3 Competition Programme

The National Performance Manager for Sprint Racing in conjunction with the National Performance Coach will prepare a draft training and competition programme for approval by the BCU Performance Director and the Sprint Racing Committee. This Programme will be published in the Sprint Racing yearbook.

10.4 Teams for Major Internationals

Teams for all major international events, World Cups, World and European Championships must comply with the rules of the International Canoe Federation and the European Canoe Association. Entry to these events is restricted to National Governing

bodies affiliated to the ICF and the ECA. Restrictions apply to the number of entries each country may place.

10.5 Teams for Minor Internationals

The International Panel may nominate a panel of up to four coaches to select teams for minor internationals or development events. Minor teams selected by nominated coaches will be ratified by the chairman of the international panel.

10.6 Special Rules for Olympic Games

Entry to the Olympic Games is subject to qualification rules as agreed between the International Canoe Federation and the IOC. The International Panel as defined at 10.2 will select a G.B. Olympic Canoe and Kayak Sprint Racing Team. This team will be submitted to the British Olympic Association for approval.

10.7 Funding

International team selections are subject to available funding which means that funding could influence the size and number of our international teams. Athletes who are not on World Class Programmes may be asked to contribute an amount determined by the National Performance Manager and approved by the BCU Racing Committee. These contributions will normally be used to support the international Competition Programme.

10.8 World Class Programmes:

These Programmes can only support athletes who have been nominated and accepted as part of the World Class Programmes. The criteria for recommending and approving athletes for World Class Programmes will be published in the Racing Yearbook.

The BCU Racing Committee may, subject to available funding, support athletes who are not yet funded through World class Programmes.

10.9 The aims of the Selection Policy are:

- To select the best possible Teams for major competitions.
- To employ an open and fair selection process that allows athletes to challenge for selection.
- To ensure that this process does not unduly affect the preparation of established athletes preparing for major competitions.

Note:

1. Development Competitions The international panel may wish to nominate some events as development competitions. This means that the panel would consider other factors such as age and location before selecting these teams. Entry to these competitions may be on potential rather than actual results.

2. Appeals At present the only grounds for appeal are that the International panel did not adhere to the agreed format and time table for selecting teams. This policy is currently under review.

Additional information for athletes wishing to compete for Selection.

Any Athlete wishing to be considered for selection to an international team should read the SRC selection policy which is shown in the flat water Racing year book. Information shown here gives

advice concerning the timetable for assessments events and supplementary information concerning the development of crew boats.

At the end of the 2004 season a review process was undertaken for all World Class Programme athletes. During these reviews athletes' 2004 results and their future profile for international improvement were assessed. Following these reviews a number of athletes who could be profiled as future Olympians were put forward for the BCU World Class programme. Athletes put forward for this programme will be required to sign an athletes' charter which outlines the commitment required for WC programme athletes. Athletes signing this agreement will receive financial support, in line with achieved performance in 2004 and a comprehensive development and competition programme for the 2004-5 seasons.

The focus of WC programmes is to prepare athletes for the highest levels of International competition. (*Junior and Senior European Championships, World Championships and Olympic Games*) focusing on the Olympic events at senior level competitions.

World Class Programme staff will work with the Sprint Racing Committee (SRC) to provide for non-programme athletes and those competing in non-Olympic events. It should be noted that SRC support will be limited by available finance.

Framework to continuous assessment process:

Senior Teams will be selected on proven ability. It is expected to send teams of an appropriate level to international events. Appropriate level means having the ability to meet standards recognised by the World Class Programmes. A guide to probable times is shown below:

Guide to International Standards for 2005.

K1 200	39.00	K1 500	1.41	K1 1000	3.35
K2 200	35.00	K2 500	1.33	K2 1000	3.17

LK4 200	38.00	LK4 500	1.38	LK4 1000	3.30

The international panel recognise that U23 athletes may not be able to achieve these times and that they will generally be between 1% and 3% slower than the published guide time. The priority for U23 athletes with results below the guide time will be the U23 European Championship.

The International Panel will also review results by athletes in non-Olympic events.

The international panel reserves the right to vary selection dates if unforeseen circumstances disrupt the selection timetable. If this becomes necessary every effort will be made to inform athletes as soon as possible. Athletes and coaches should be aware that Countries organising international competition often make changes that affect the programme.

Additional information concerning crew boats is available from the senior national coaches.

- a) The course at the start shall permit a clear width where possible, of at least 5 metres for each boat.
 - b) For National Championships the starting and finishing lines shall be at right angles to the course.
 - c) The finishing line shall be at least 45 metres long and be marked by two flags. The Finishing Line Judges must be placed as near to the finishing line as possible.
 - d) For National Championship races up to 1,000 metres, the course must be straight and in one direction.
- 21.4 For races exceeding 1,000 metres turning points are permitted. For National Championship races exceeding 1,000 metres the following conditions should be fulfilled, if possible:
- a) The distance between the starting line and the first flag of the first turning point (1st leg) shall be straight and at least 1,859.25 metres.
 - b) The distance between the last flag of the first turning point and the first flag of the second turning point (2nd leg) shall be straight and maximum 1759.25 metres.
 - c) The distance between the last flag of the second turning point and the first flag of the third turning point (3rd leg) shall be a maximum of 500 metres.
 - d) The specifications of all other stretches shall be in accordance with point "c".
 - e) The radius of each turn should, if possible be at least 40.5 metres.
 - f) Both the start and the end of the race shall be in front of the Finishing Tower.
 - g) The red flags of the finish line shall be placed as much to the outside possible in order to get the widest feasible finish line.
 - h) The starting pontoons for the 500 metre races are to be removed.
- 21.5 For competitions, including the National Championships, these conditions should be complied with, unless a special dispensation for the course has been obtained from the RC through the Secretary.

22. Canoe Numbers

All kayaks and canoes shall carry a vertical number plate made of non-transparent material marked with black numbers on white background (for Internationals) or yellow background indicating the lane. The numbers on the plate must measure 15 cm in height and 25 mm in thickness. The plates shall be placed on the centre line of the after deck (Canadian Canoe foredeck). The approximate size of the number plate shall be 18 x 20 cm.

The personal numbers provided by the organisers shall be placed on the back of the competitor only.

23. Instructions for Competitors

Written instructions shall be available for competitors 2 hours before the start of the competition, containing the following information:

- 24.4 If a paddle is broken a competitor may not be provided with a new one by a supporter.
- 25. **Start**
 - 25.1 Lots shall be drawn to determinate in the heats the lanes of boats at the start. Number one shall be on the left, then number two and so on.
 - 25.2 In competitions where heats are required, lots must be drawn separately for each heat.
 - 25.3 Competitors shall be at the starting area in time to allow a satisfactory preparation for the start. The start shall be given without reference to absentees. The position of the boats at the start shall be such that the bows of the competing boats are on the starting line.
 - 25.4 Boats must be stationary.
 - 25.5 The Starter will announce to the competitors the time remaining to the start by "START WITHIN TEN SECONDS ", when he is satisfied he will give the starting signal by a shot or a short powerful sound.
 - 25.5.1 In the long distance races the starter shall declare "START WITHIN ONE MINUTE" when he is satisfied he will give the starting signal by a shot or a short powerful sound.
 - 25.5.2 The starting signal can also be the word "GO".
 - 25.5.3 If the Starter is not satisfied with the line-up he will call "STOP", and hand over to the Aligner for repositioning.
 - 25.6 If the competitor starts paddling ahead after the words "START WITHIN TEN SECONDS or ONE MINUTE", and before the starting signal has been given, he has made a false start.
 - 25.6.1 The starter must immediately fire two shots and warn the offending competitor/s. If two false starts are made by the same competitor/s the starter must exclude him/them from the race. A warning and subsequent disqualification by the starter applies only to the boat/competitor which/who caused the false start.
- 26. **Interruptions**
 - 26.1 The Umpire has the right to interrupt a correctly started race if unforeseen hindrances arise. The course umpires with a red flag and sound signal may effect such an interruption. Competitors must immediately stop paddling and await further instructions.
 - 26.2 If a race is declared null and void, no change of the composition of a crew is permitted at the new start.
 - 26.3 In the event of a capsized the competitor or crew is eliminated from the race if he/she or they are not able to get in again without outside help.

 - 27.3 Races up to 1,000 metres.
In races up to 1,000 metres competitors must keep to their lane from the start to the finish of the course. They shall keep as far as possible the centre of their lane. No boat must come nearer than five metres in any direction to another competitor.
 - 27.4 Races of more than 1,000 metres.
In races of more than 1,000 metres competitors may deviate from their lane providing they do not impede other competitors.
 - 27.5 In long distance races every competitor shall be warned by a sound signal (e.g. a bell), when he passes a point 1000 meters from the finishing line

BCU FLATWATER RACING COMPETITION RULES

28. Turns

- 28.1 When a race is run on a course with turning points these shall be passed to port (i.e. in an anti-clockwise direction).
- 28.2 When going around a turning point, the competitor on the outer course must leave room for the competitor on the inner course if that competitor has the bow of his boat at least level with the front edge of the cockpit of the boat on the outer course. With respect to K2 and K4, this refers to the fore-cockpit. With respect to C1, it refers to the level of the competitor's body, and for C2 it refers to the level of the body of the foremost member of the crew.
- 28.3 A competitor will not be disqualified for touching a turning buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained therefrom. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning points.

29. Overtaking

- 29.1 When a canoe or kayak is overtaking another canoe or kayak in a race, it is the duty of the overtaking craft to keep clear at all times of the boat being overtaken.
- 29.2 On the other hand, the craft being overtaken must not alter its course to make difficulties for the overtaking craft.

30. Collision or Damage

Any competitor who is responsible for a collision or who damages the canoe or kayak or paddle of another can be disqualified and can be required to pay damages.

31. Finish

- 31.1 The boat has finished the race when its bow crosses the finish line with all crew members in it.
- 31.2 If two or more boats reach the finishing line at the same time they are awarded the same classification in the final. In the case of a dead heat finish for any position, which determines the advance to the next level of the competition the following rules will apply:
- Wherever there are sufficient number of lanes available in the next level of the competitions, drawing of lots will determine to which race each boat will advance. If possible it may use also lane number 10.
 - Wherever there are not enough lanes available there will be a re-race between the boats involved 30 minutes after the race (and for International Competitions one hour after the last race of the day, or half day programme)
 - In the case of a dead heat in the re-race, drawing of lots will determine the outcome.

32. Disqualifications

- 32.1 Any competitor who attempts to win a race by any other than honourable means, who breaks the Racing Regulations, or who disregards the honourable nature of the Racing Regulations, shall be disqualified for the duration of the race concerned.
- 32.2 Should a competitor have completed a race in a kayak or canoe which is shown upon inspection not to conform with the classifications (see Rules 9-12), he shall be disqualified from the race in question.
- 32.3 It is prohibited to receive external assistance during a race.
- 32.4 No crew may be accompanied along and adjacent to the racecourse by other boats while the race is in progress.
- 32.5 No crew may receive assistance by using objects thrown into the course. Any of the above infractions will result in the disqualification of the competitor(s) concerned.
- 32.6 All disqualifications by the Competition Committee have to be confirmed in writing immediately with the reasons. The Team Leader has to acknowledge the receipt on a copy with the exact time, which is the start of the protest time.

BCU FLATWATER RACING COMPETITION RULES

- 32.7 The Competition Committee may discipline any competitor or Official whose behaviour is detrimental to the good order and conduct of the competition. The Competition Committee may after repeated action by the offender disqualify him/her for that competition.

33. Protests

- 33.1 A protest against a crew to compete in a race shall be advised to a member of the Competition Committee not later than one hour before the start of the race. A protest made later - within 30 days from the date when the race in question was held - is only permitted if the officials of the club of the competitor making the protest can prove that the facts on which the protest is based came to their knowledge later than one hour before the start of the race.
- 33.2 A late protest shall be referred to the RC accompanied by the prescribed fee (see below).
- 33.3 A protest made during a competition must be addressed to the Competition Committee not later than 20 minutes after the Team Leader has been informed on the decision against his/her competitor or team and has signed the receipt.
- 33.4 All protests must be made in writing and be accompanied by a fee of £5.00 (International Competitions £15.00). The fee will be refunded if the protest is upheld. *If the protest is not upheld the fee may not be refunded, at the discretion of the Competition Committee or RC hearing the protest.*
- 33.5 When a protest or a report is made against an athlete or a team, the team leader of the athlete/team in question shall be presented with the protest or report to read.

34. Appeals

Competitors have the right to appeal to the RC through their club or team management against a decision of the Competition Committee, within 30 days from the date when the race was held. In the case of National Championship Competitions the appeal must be made to the Competition Jury in accordance with Rule 13.7. A fee of £15.00 shall accompany the appeal. The fee will be refunded if the appeal is upheld. The BCU RC (or Jury in the case of a National Championship) shall pronounce the final decision.

Part V - SPECIAL RULES FOR NATIONAL CHAMPIONSHIP EVENTS

35. Only members of the BCU who qualify under Rule 8 may participate in National Championship events. The only exceptions to this rule are those exempted under Rule 1.3.
36. All canoes and kayaks must comply with the classes and building rules as laid down in Part II of these rules.
37. Officials: Fully in accordance with Rules 13.1 to 13.4.
38. Competition Committee: Fully in accordance with Rule 13.5.
39. Competition Jury: Fully in accordance with Rules 13.7 and 34.
40. Marking signs: In accordance with Rule 21.
41. Courses: In accordance with rule 21.
42. Disqualifications: In accordance with Rule 32.
43. Heats and Finals:

BCU FLATWATER RACING COMPETITION RULES

Notes to the BCU Flatwater Racing Competition Rules

Races Exceeding 1,000 Metres at the National Water Sports Centre Nottingham, Rules 21.4 and 21.5

Because of limitations at the National Water Sports Centre - mainly the start pontoon being fixed for the Start of two 5000 metre and one 2500 metre events - it is not possible to comply with the Rule and provide the three courses required. The 2nd leg under the Rule is 47.75 metres too long. The requirements given in the Rule are those of the ICF, which the BCU must shadow in its own Rules:

Long Distance Courses at the National Water Sports Centre, approved by the RC

To provide flexibility there are four turning points with the start and finish of the turns as follows:

1. 10 metres beyond the finish line
2. 450 metres from the finish line
3. 1123 metres from the finish line
4. 1796 metres from the finish line.

International Rules Course - 1 long lap + 1 short lap

(Avoiding pontoons at 500 metres which would need to be parked as far back as possible)

- | | |
|--|----------------|
| a) Between the start line and first flag of the first turning point = | 1902.25 metres |
| b) Between the last flag of first turn and first flag of second turn = | 1806.00 |
| c) Between last flag of second turn and first flag of third turn = | 460.00 |
| d) Between last flag of third turn and the finish = | 450.00 |
| e) Three turns of 127.25 metres each = | <u>381.75</u> |
| | <u>5000.00</u> |

Domestic Course - 2 medium laps

- | | |
|--|-----------------------|
| a) Between the start line and first flag of the first turning point = | 1229.25 metres |
| b) Between the last flag of first turn and first flag of second turn = | 1133.00 |
| c) Between last flag of second turn and first flag of third turn = | 1133.00 |
| d) Between last flag of third turn and the finish = | 1123.00 |
| e) Three turns of 127.25 metres each = | <u>381.75</u> |
| | <u>5000.00</u> metres |

Short Course for Juniors - 1 lap of Domestic Course - 2500 metres

- | | |
|---|-----------------------|
| a) Between the start line and first flag of the turning point = | 1229.25 metres |
| b) Between the last flag of the turn and the finish = | 1123.00 |
| c) One turn of = | <u>127.25</u> |
| | <u>2479.50</u> metres |

NB With a fixed start position and by using the same turning buoys for the 5000 metre course an exact 2500 metre course cannot be obtained. It is 20.5 metres short.

Interpretation of Rule 27.3 - Races up to 1000 metres (including the 5 metre rule)

The rule requires competitors to keep to their lane from the start to the finish of the course and for their boat not to come nearer than five metres in any direction to another boat. Rule 42.1 in the Rules for World Championships requires the lanes along the length of the course to be marked by buoys not more than 25 metres apart.

This means that the competitor may progress along the course in any part of their lane provided

BCU FLATWATER RACING COMPETITION RULES

that their boat does not come within five metres of another boat. Their boat must pass between all the buoys that mark their lane along the length of the course.

For a boat to momentarily deviate out of the line marked by the buoys but still pass between all the buoys is not an infraction provided that the boat does not come within five metres of another boat. However, it is reportable and a red flag must be shown at the end of the race with a written report in the normal way.

The rule also says, "They shall keep as far as possible the centre of their lane." The wording appears to conflict with the first part of the rule - "Keep their lane." However, it is not intended to. Competitors are not permitted to race down the side of their lane following the line of buoys that mark the lane. They must follow a line as close to the centre of the lane as they find they are able to do. If a competitor should race very close to the buoy line for 100 metres or more, that is an infraction.

BCU Racing Section - DISCIPLINARY REGULATIONS

By a directive of the BCU Council, these regulations may be applied without alteration to any Specialist Section of the BCU by means of a resolution passed by a general meeting of the Section Specialist Committee. The Racing Section adopted this code of practice at a Special General Meeting in April 1989.

General procedure

- 1.1 A complaint that an individual member of the Union has behaved in a manner that is, or is likely to be, prejudicial to the conduct of a Section event or of a Section training facility, or to the interests of the Section, or to the general interests of canoeing, may be lodged by means of a statement of complaint signed as provided below and setting out the facts on which this complaint is grounded.
- 1.2 A complaint by an affiliated club or by a committee organising an event or training facility shall be signed by two members of the club or organising committee who are BCU members, one of whom must be the chairman or secretary of the club or committee.
- 1.3 A complaint by any other person shall be signed by the person concerned and state that person's address.
2. The complaint shall be sent to the chairman or secretary of the Specialist Executive Committee, who shall take immediate steps to convene the Executive Committee within 30 days to consider the complaint and any rebutting or mitigating statement furnished by the alleged offender.
3. The Section Executive Committee shall ensure that a copy of the complaint is or has been handed personally to the individual member to whom it relates, or has been sent by recorded delivery post to that member, together with an invitation to furnish in writing within 21 days any rebutting facts or mitigating explanation or submission and a notification of the date when the Section Executive will meet to consider them. At the same time the member shall be asked whether he wishes to be present, in which case he may be asked questions, when the complaint is being considered, and informed that if no reply is received within a period of 21 days the section Executive will consider the complaint in his absence on the basis of the facts and statements in their possession. The Section Executive may invite the complainant to comment on the member's reply, and shall supply a copy of any such comments to the member before the meeting.
4. At the meeting the Section Executive Committee shall consider the complaint and any statement made in writing or orally by the member concerned. If the member has asked to be present at the meeting he must have been invited to attend. The Section Executive Committee may question either party, if present, or call on them to supply additional evidence. If the section Executive Committee has not completed its consideration of the complaint within 30 days from the date of the meeting referred to in Regulation 2. above it

BCU FLATWATER RACING COMPETITION RULES

shall be taken to have rejected it, but the complainant may in that event address a complaint to the BCU Council for consideration under Article 8 of the Articles of Association of the British Canoe Union.

5. On completing consideration the Section Executive Committee shall draw up its findings of fact, and may decide:
 - 5.1 To reject the complaint.
 - 5.2 To warn or reprimand the individual member concerned.
 - 5.3 To suspend the individual member from participating in specified section events or training facilities either -
 - 5.3.1 For a period not exceeding 3 months, starting at least 10 days after notification of the decision to the member, or
 - 5.3.2 For a specified number of such events or facilities, not exceeding five in number, consecutively where all that number would not have taken place within the period specified in 5.3.1 above.
 - 5.4 To recommend to the BCU Council that a suspension should be for a longer period, or that the member should be suspended from all BCU membership rights, or expelled from the Union, or that some other specified penalty should be imposed by the Council.

Where the complaint was originally lodged by the Section Executive Committee itself, it shall not impose a penalty under 5.3 above, but may recommend that the penalty be imposed by Council.
6. The Section Executive Committee shall notify the member by recorded deliver post of its findings of fact and of its decision or recommendation and shall inform him of his right of appeal under regulation 8 below, where applicable, and shall send a copy of the notification to the BCU Council.
7. In the case of a decision falling under regulation 5.3.1 or 5.3.2 or involving a recommendation under regulation 5.4, the individual member concerned may appeal to the BCU Council within 10 days of the date of notification, setting out the grounds for appeal in writing: where an appeal is made the penalty shall be treated as in abeyance pending consideration of the appeal by Council
8. The BCU Council shall consider, within 30 days of being notified of the complaint, the Section Executive Committee's findings and decision and give the member an opportunity within a specified time to make orally any further explanation or defence that he desires to submit.
9. The BCU Council's functions under regulation 8. may be performed by a standing Committee appointed for the purpose under Article 42 of the Articles of Association of the BCU.
10. **Immediate Discipline**

Organisers of events or training facilities in the Section's programme may, without prejudice to the making of complaints under Regulations 1. to 9. above, summarily exclude or disqualify members or competitors for violent or very unreasonable behaviour from the event or session concerned or from subsequent events or facilities held at the same site within 2 months of the offence.

The BCU Racing Committee adopted additional regulations on 1 January 2001 as follows:

11. **Code of Ethics**

Everyone within the BCU Racing Section is subject to the conditions and ethics as given in Section 5 of the BCU 'Coaching Code' published by the BCU UK Coaching Service, and are required to operate under the same general Sport and Recreation Code of Ethics.
12. **Regatta Officials**
 - 12.1 It is vital for the honourable nature of the Sport that Officials are not subjected to any act that may compromise their position.
 - 12.2 Regatta Officials must not be threatened or subjected to harassment, intimidation or abuse. No attempt should be made to persuade Regatta Officials to take an action which is

BCU FLATWATER RACING COMPETITION RULES

dishonest or contrary to the Official's code of ethics or honourable nature of the Racing Regulations. This applies at anytime, in or out of competition. It is incumbent on each Official to report all such acts.

- 12.3 The report should be in writing and sent without delay to the Racing Committee (through the Section Secretary) who will consider the matter in accordance with the Section's Disciplinary Regulations.
- 12.4 In the event of an action taken immediately prior to or during a BCU Regatta, the Official should hand their written report to the Chief Official. The Chief Official with the Regatta Committee must take action in accordance with the Section's Disciplinary Regulations.

A brief explanation of DOPING RULES OF THE BRITISH CANOE UNION

1. The British Canoe Union (BCU) is the governing body of the Sport and Recreation of Canoeing (the Sport) in the United Kingdom under the jurisdiction of the International Canoe Federation (ICF).
2. The Rules were adopted by the Board of the BCU pursuant to Article 34(b) of its Articles of Association on 28 September 2002.
3. The purpose of the Rules is to prohibit doping (which is defined by the ICF as the administration or use of prohibited classes of drugs and of banned methods) in order to protect the rights and health of participants in the Sport and to protect the values of fair play in the Sport.
4. The BCU, further to the powers set out in its Memorandum and Articles of Association, regulates the prohibition and control of doping in the Sport within the United Kingdom and makes, maintains and enforces the Rules.
5. The list of prohibited classes of substances and prohibited methods is extensive. Any related substances not on the list are included. Also prohibited are medicines administered orally as cough suppressor or painkiller in association with decongestants and/or anti-histamines. In addition, there are specific regulations for the use of an inhaler prescribed by a physician to prevent and/or treat asthma and exercise-induced asthma.
6. Membership of the BCU requires full compliance by all members with the Rules. Athletes must ensure that any medicine, supplement, over-the-counter preparation or any other substance they use does not contain any Prohibited Substance. A proven doping offence can result in severe penalties for the offender.

A full copy of the Doping Rules adopted by the British Canoe Union can be obtained by writing to BCU Headquarters. A large stamped self-addressed envelope must be enclosed.

MARATHON SECTION

Foreword

The Marathon Committee's interests cover all aspects of our sport and to illustrate this spread I describe two initiatives we agreed this year.

Firstly, at international level we saw some excellent results in 2004 by GB juniors, which I have previously acknowledged, but results amongst our senior paddlers did not quite reach the same standards. Several juniors are now moving up to the senior ranks and it is important to your committee that we do what we can to try to improve their standards and help to raise those of our present seniors. To help with these aims your committee has organised four residential training weekends this winter and is encouraging participants to compete against one another in certain winter marathon events. We hope that this programme will be the forerunner of others and assist in achieving good senior results in future.

It is equally important to the committee that we encourage juniors to take up racing and provide appropriate competitions for them to enter. To this end, the Marathon Committee has agreed to take on responsibility for Lightning races at Marathons. Under 10 and under 12 Lightning age categories for boys and girls will be introduced at the National Championships in 2005. The rules have been amended to include these categories. A separate series of Lightning races will continue to run alongside Hasler races and be incorporated into the racing rules for the 2005/6 year with a final race and trophy at the Hasler Final. With a more direct involvement we hope we can assist in the progression of young paddlers through the Lightning series and on into the main racing programme.

From 2005 we will be holding the Annual Consultative Meeting at the National Championships each year. I feel this is a most needed change. The majority of clubs are represented at the Nationals, so this should be the most convenient time for you to attend and participate in the meeting. Our interests are your interests: we welcome your views and, dare I say, criticism, so please make every effort to come to the meeting.

Our international budget is stretched to the limit each year and no more so than in 2005 with the World Championships being held in Australia. We are most grateful to Messrs Bajoz and Nelo for the sponsorship they have kindly arranged to fund the trip to Perth. But we need your help to fund the team we send to Perth by purchasing raffle tickets that will arrive with your copy of Canoe Focus in January/February 2005.

Your committee looks forward to success at the World Championships and we wish you success in your racing in 2005 but most of all, as I said last year, we hope you enjoy it.

INTERNATIONAL MARATHONS

SELECTION POLICY FOR GREAT BRITAIN REPRESENTATIVE TEAMS

Objectives

- 1 To win medals at World, European Championships, and World Cup events.
- 2 To maintain a position as a top nation in international competition.
- 3 To ensure the long-term athlete development required for international success.

This policy may be amended or supplemented by the BCU Marathon Racing Committee at its discretion in order to achieve the above objectives to cover exceptional circumstances. Every effort will be made to ensure as much notice as possible is given to all persons affected by any change.

Process of Selection

- 1 Each year, the ICF publish an International Calendar from which a programme of International Events to be attended, is selected. Due regard being given to the Objectives and to budgets. Some events may be designated "Development". The programme is specified in the Racing Handbook.
- 2 The basic team composition for each event will be detailed in the Racing Handbook. Changes may be necessary to suit all the factors affecting team size and budgets.
- 3 The selection of teams for **all** internationals will be made on a **continuous assessment, open to all basis**. The composition of the team for each event will depend entirely on paddlers being and proving that they are of sufficiently high standard.

(The system of **continuous assessment**, as opposed to a system of 'first past the post' at a nominated selection event, has been in operation for several years and has worked very well. It allows the selectors to consider an athlete who has under performed in any one race. This could be due to illness or equipment failure. It also means that consideration can be given to improving athletes who may not be winning but show potential for the future.)

2005 INTERNATIONAL PROGRAMME

The Committee will provide as full a programme as possible in 2005, but this is subject to the funding we receive. At the time of going to press the funding we are to receive from the Lottery and BCU exchequer fund is not known and neither is the support we are to receive from the joint Bajoz/Nelo sponsorship for the World Championships in Perth. The intended programme for the year is set out below, but it must be understood that the events supported and the sizes of teams may change depending upon funding.

The main events for the year, for both Seniors and Juniors, are

World Cup 1	Dinant, Belgium	June 25/26
European Championships	Tyn, Czech Republic	July 23/24
World Championships (WC2)	Perth, Australia	October 15/16

The World Cup Trophy will be awarded for the best total results from the two events. Each country can enter 3 crews, (2 at World Championships) in each class, with only the first finisher to count. In the Junior World Cup there are classes for Men K2, K1, C1 and Women K1 & K2.

In addition to the 3 main events, we plan to send small teams to the Milan 10Km, Crestuma and the Pontevedra K4 Series together with development teams to a training camp in Spain, the Tour de Gudena in Denmark and Loire marathon in France, all depending on the assistance we receive from the Organisers. We will also support other events, where the Organisers provide total finance.

MARATHON COMMITTEE SUPPORT

The Marathon Committee will assist all potential team members in seeking personal sponsorship.

6. DISCIPLINE

Marathon racing is subject to the BCU Disciplinary Code and to the Disciplinary Regulations, clauses 1 – 12 inclusive, as set out in the Sprint Racing Section. These apply to all marathon races. For the avoidance of doubt, any complaint that an individual member of the Union (competitor or non-competitor) has behaved in a manner described in clause 1.1 of the Disciplinary Regulations shall be lodged with the race Protest Committee in the manner described in Marathon Racing Rule 17(h) (i) and (ii). The Protest Committee shall determine what action, if any, shall be taken. If the complaint is to be referred to the Marathon Committee, the race organiser shall report the matter to the Secretary within three working days. 14. RACE REGISTRATION

The organiser of a GROUP A race must apply for that race to be registered. This must be done by the autumn of the year preceding the event. The event must be organised and run under the Marathon Racing Rules. Registered races may advertise through the Union and may appeal through the Marathon Committee in cases of dispute or difficulty. *[See also BCU Disciplinary Code].* The registration fee will be the race levy described in rule 13.

15. BOAT NUMBERING

At all GROUP A races a competitor shall number his boat for a race in the following manner. The number plate will be yellow and displayed vertically in a slot placed on the middle of the back deck about 500cm behind the cockpit in the case of kayaks and on the front deck in the case of canoes. The slot will be fitted with a locking pin. The characters on the vertical number plate will be the same standard as a car number plate. The dimensions of the plate will be 200mm long x 150mm high with the top corners rounded to a 10mm radius.

- b) It is recommended that entry into the divisional system should be based on the standards detailed in the Sprint Section "Standards for Racing".
- c) Each year a divisional list will be published in the Racing Handbook for divisions 1-8. These lists are checked and any paddler not having competed for two successive seasons is removed from the lists. Each autumn clubs are asked to submit a list of the paddlers who will not be active for the coming season and where appropriate, to amend a draft of the proposed divisional lists.

MARATHON RACING

21. TYPES OF COURSE

Whilst there will be some variations due to local conditions and types of course available, the normal distances will be:-

Div.1, 2 & 3 Singles, 1/2 & 3/4 Doubles

Full senior course of about 20km with any degree of severity.

Div.4, 5 & 6 Singles, 5/6 Doubles

Course of about 13km which may include portages and/or weir shoots.

Div.7, 8 & 9 Singles, 7/8 & 9 Doubles

Course of about 6.5km with the minimum practical hazards.

22. SPECIAL PRIZES

Race organisers are encouraged to give prizes for special groups of paddlers. eg. First under 16, First C1. In particular they are strongly recommended to give a prize for the first woman in each division and for the highest placed TC2. This kind of encouragement is particularly important in the divisional system.

23. SEPARATE STARTS

Each class of six or more starters must start separately.

24. HANDICAP SYSTEM FOR LOW ENTRIES

If there are less than three entries in a division then the organiser will transfer those entries to another division. Where possible they should be transferred to a race of the same distance so that paddlers are not required to race further than they originally entered. Where there is a choice, transfer to a lower division is preferable to transfer to a higher division. A handicap (if moved down) or an allowance (if moved up) will be used to calculate the results. Transferred paddlers racing in a different division will count for prizes but will be ignored in calculating promotions and 'D' notices. The handicap or allowance, per division moved, to be:-

20km course	3 minutes for singles ; 6 minutes for doubles
13km course	2 minutes for singles ; 4 minutes for doubles
6.5km course	1 minute for singles ; 2 minutes for doubles

25. COMPETING IN A CREW BOAT

A paddler is normally ranked on singles performances. However when competing in doubles events the competition ranking shall be the average of the paddlers individual rankings (all halves rounded down). All paddlers competing in crew boats must show their singles ranking on the entry form and these rankings **must** be shown on the results.

eg. Paddler A = Div.5 and Paddler B = Div.8. $5 + 8 = 13$, average = $6\frac{1}{2}$ so the competition ranking = 6 and the entry would be div.5/6

26. PROMOTIONS

a) The Marathon Committee has discretion to promote or to withhold promotion at any time when it is found to be necessary. This duty is delegated to the Ranking Officer.

b) Promotions may take place on either singles or doubles performances.

c) Status in canoe will not affect status in kayak and vice versa.

d) Generally no woman or canoe paddler will be promoted higher than division 3 and no junior kayak paddler higher than division 2

e) Promotions between the divisions throughout the season will be calculated as follows on the basis of singles results, subject to the exercise of the discretion in Rule 26(a).

Divisions 8 & 9 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 3 minutes, are promoted to the higher division provided that there are a minimum of 5 starters in that higher division.

Division 7 Promotions will be made at the discretion of the Regional Hasler Adviser of the region in which the race takes place. The Regional Adviser's decision will take into account the performance of the paddler compared with the regional division 6 paddlers. If any paddler or team leader feels that this has resulted in an inappropriate promotion they should appeal to the ranking officer to correct the situation.

Divisions 5 & 6 All finishers whose time is equal to or faster than the fastest paddler not promoted in the next higher division + 4 minutes, are promoted to that higher division provided that there are a minimum of 5 starters in that higher division.

Divs. 1, 2, 3 & 4 Promotions between divisions 1, 2, 3 and 4 will be decided by the ranking officer and can be made at any time. They will be determined in conjunction with the national and regional coaches and will be based on performance in all races.

f) Promotions are not limited to one division. For example, a division 9 paddler with a time within 3 minutes of the division 7 winner would be promoted straight to Division 7. Similarly a Division 6 paddler with an appropriate time could be promoted to division 4.

MARATHON RACING

- g) The lower limit of 5 paddlers to render a race quorate for promotion purposes, as described above, is intended to ensure that the winner's time is a realistic one for that division. However the Regional Hasler Adviser may amend or dispense with this limit if persistent low numbers in a division are clearly preventing the promotion system from operating as intended.
- h) Since there are not usually any promotions from division 7 to division 6 or from division 4 to division 3 on the day, it is normally the winner of division 7 whose time is used for calculating promotions from division 8 to 7 and the winner of division 4 whose time is used for calculating promotions from division 5 to 4. These promotion calculations hold good even if subsequently the ranking officer does promote the winner of division 7 and others to division 6 and the winner of division 4 and others to division 3.
- i) Once promoted, paddlers **must** race in their correct division, or higher division, except under the provisions of rules 24 or 25. Any competitor found racing in a lower division, singles or doubles, except under the provisions of rules 24 and 25, may be disqualified from the event and be banned from marathon competition for 12 months from the date of the event when the misdemeanor took place. A paddler is deemed to be promoted when his club receives written notification from the Race Records Officer.

The exception is for promotions made towards the end of the season at races designated as being part of the following Hasler season. These promotions will not apply at the Hasler Final of the current season but will apply to all other races. (E.g. A div. 6 paddler promoted to div. 5 in September 2005 at a race designated as H2006 can still race in div. 6 at the 2005 Hasler Final but must race in div. 5 at all other races.)
- j) All paddlers, both from within the region and from other regions are eligible for promotions. The only exceptions are paddlers transferred from another division under rule 24 (handicap system for low entries).

27. DEMOTIONS

- a) The Marathon Committee has discretion to demote where this is found to be necessary.
- b) Demotions between divisions 4 to 9 throughout the season will be calculated as follows.

All those finishing a singles race with a time slower than the fastest paddler in the division not promoted, + 10% will be designated 'D'. With 3 'D' notices a paddler will be automatically demoted to the next lower division.
- c) Demotions between divisions 1, 2, 3 & 4 will be determined by the ranking officer in conjunction with the national and regional coaches. It will be based on performance in all races.
- d) All paddlers, both from within the region and from other regions are eligible for 'D' notices. The only exceptions are paddlers transferred from another division under rule 24.

Rules Applying to Regional Hasler Races

The story behind the Hasler Trophy

One of the most daring raids of World War Two took place on the night of 11 December 1942 in the enemy-occupied port of Bordeaux in France. Operation Frankton involved 12 men in six canoes being taken by submarine to a position 10 miles south of the Gironde estuary on 7th December. One of the canoes was ripped passing through the hatch of the submarine, but the other five then had an 85 mile paddle ahead of them. Two boats were lost in the tidal race and the remaining three carried on for three days, paddling in darkness and lying up during the day. One more boat hit a submerged rock and sank and the final two boats went on to Bordeaux harbour, where they attached their limpet mines and, assisted by the ebb tide, paddled silently back down the river. The mines detonated and severely damaged four vessels and sunk one. The four remaining men beached before reaching the sea, scuttled their canoes and traveled overland to try to reach safety. Two were captured, but Major 'Blondie' Hasler and Marine Bill Sparks made their way to Spain – the only two of the original ten who survived. Hasler was awarded the DSO and Sparks the DSM.

After the war, Hasler went on to found the Single Handed Transatlantic Yacht race after a bet with his friend Francis Chichester. The Hasler Trophy was presented by Lloyds Underwriters to commemorate the raid of the so-called 'Cockleshell Heroes' and has been competed for since 1957. Major Hasler died in 1987 and Bill Sparks died on 30th November 2002, only ten days short of the sixtieth anniversary of the raid. In 2003 the Marathon Committee decided to inaugurate a new trophy named in honour of Bill Sparks, which goes to the highest placed veteran K2 in the highest division at the Hasler Final.

28. Regional Hasler races are GROUP A Divisional races and all of rules 1-17 and 19-27 above shall apply.

MARATHON RACING

29. THE HASLER TROPHY

The Hasler Trophy is the National Team League Championships and is competed for throughout the season on a regional basis. The Hasler season is defined by the races designated 'H' in the Racing Calendar of this Handbook. Races relating to the following season are designated 'H2006'. There is a national Hasler Final which in 2005 will be held on September 18th at Norwich.

30. REGIONS

The regions are defined as the Sport England regions for England plus Scotland East, Scotland West, and Wales. Each region will run its own league championships throughout the year and will decide how many results are to be counted by clubs. It is hoped that eventually there will be enough races in each region for clubs to count their best 8 or 9 results from the total number of races.

31. DIVISIONS

Races for singles divisions 1-9 and doubles divisions 1/2, 3/4, 5/6, 7/8 and 9 must be held at all events except where varied as agreed with the Regional Hasler Adviser.

32. COMPETITORS

- a) Each club will be allowed as many competitors as it wishes.
- b) A paddler can only compete in one race in a qualifying event.

33. POINTS

- a) In regional races only those clubs within the region will score points. Paddlers from other regions will not be taken into account when calculating points except that their time will be used for the 110% or 115% calculations if they are the fastest boats not promoted.
- b) To be included for points, clubs must be affiliated to the British Canoe Union.
- c) All competitors in both singles and doubles **must** show their singles ranking at race check-in. Competitors not doing so will not score points in the regional competition and may not count the race as eligibility to compete in the final.
- d) The points system will be as follows.
 - i) Divisions 1-9 singles and 1/2, 3/4, 5/6, 7/8 & 9 doubles will count for points.
 - ii) Points will be awarded per paddler in both singles and doubles - 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish a singles race within 110% of the time of the fastest boat not promoted or who finish a doubles race within 115% of the time of the fastest boat not promoted. One point only for paddlers who finish outside the 110% or the 115% limit irrespective of their position. This to apply to all races except division 9 singles and doubles which will receive 20 for 1st, 19 for 2nd, 18 for 3rd and so on down to 2 points for all paddlers who finish.
 - iii) Transferred paddlers racing in a different division under the provisions of rule 24 will count for Hasler points.
 - iv) Paddlers in a separate assessment race at a Regional Hasler event will not score Hasler points.
 - v) Each club will count its six best scoring singles boats from any divisions and its three best scoring doubles boats from any divisions. Only the scores from three doubles boats can be counted even if some of these boats contain just one paddler who is eligible for Hasler points for a particular club.
 - vi) At each event the club with the highest score will get 10 regional points in the regional competition, 9 for 2nd and so on.

Rules Applying to the Hasler Final

34. The Hasler Final is a GROUP A Divisional race and all of rules 1-17 and 19-27 above shall apply except rule 25 (crew boats) that is replaced by rule 38.

35. CLUB ELIGIBILITY

- a) The top 4 scoring clubs from each region (8 clubs from the combined Midlands region) as determined by the regional Hasler competitions, plus a team from the Combined Services and from the Isle of Wight, may compete in the Hasler Final at the end of the season. Additionally a team from the host club (or from each host club if there are two organising clubs) may compete if they have not qualified from the regional competition.
- b) Each eligible club will be allowed as many competitors in the final as it wishes.

36. PADDLER ELIGIBILITY

- a) A paddler must compete in 3 qualifying events at his or her current ranking, during the season to be eligible for the final. The exceptions are Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes who must compete in 2 qualifying events.

MARATHON RACING

- b) Qualifying events are regional Hasler races for that season, including assessment classes. This does not include races designated for the following Hasler season. Also a paddler may count competing in the National Championships on one or both days as one qualifying race. The previous Hasler Final does **not** count as a qualifying race.
- c) The qualification must be in the same type of boat (ie canoe or kayak).
- d) Paddlers are only eligible to paddle in a singles race at the Hasler Final if they have competed in 3 qualifying events in singles. The exceptions are paddlers already ranked in their highest division (Div.1 senior kayaks, Div.2 junior kayaks, Div.3 women kayaks and Div.3 canoes) although they must still comply with rule 36a.
- e) Regional Champions are eligible to compete in the final, provided they have complied with rules 36a-d, even if their club has not qualified for the final. Regional Champions are eligible for medals and trophies but will not score Hasler Final points. They will be ignored in calculating the Hasler Trophy clubs competition results.
- f) A paddler can only compete in one race at the final.
- g) The Regional Hasler Adviser will check the eligibility of paddlers from his region for the final. The Race Records Officer will be able to produce listings on request to help clubs and Hasler Advisers carry out this task.

37. CLASSES

There will be races for singles divisions 1-9 and doubles divisions 1/2, 3/4, 5/6, 7/8 & 9.

38. COMPETING IN CREW BOATS

At the Hasler Final where crew members in doubles races are ranked in separate divisions they must race in the classification of the higher ranked paddler.

39. POINTS

- a) All competitors in singles and doubles **must** show their singles ranking on the entry form. Competitors not doing so will not score points.
- b) Clubs qualifying for the final will start the final competition with 1 point for each promotion gained by any of their members during the season, up to a maximum of 12 points, irrespective of whether the promoted paddlers are racing in the final or not. These promotions may be automatic from race results or discretionary by the Hasler Adviser or Ranking Officer and can be from regional races or the National Championships. There will be no promotion points from promotions at the previous Hasler Final. Promotion points from races designated for the following season can only be used at that following season's Hasler Final.
- c) Point scoring at the final will be as described in rule 33d (i), (ii), (iii) & (v).

40. TROPHIES

- a) The *Hasler Trophy* will be awarded to the club scoring the most points at the final including promotion points under rule 39b.
- b) The *Regional Trophy* will be awarded to the region with the highest aggregate score at the final (including promotion points under rule 39b) from their three highest scoring clubs.

These Regional Champions are eligible for the following trophies at the final:-
 - i) The *Rhodes White Trophy* will be awarded to the Senior Regional Champion who gains the most points in Div.1 at the final.
 - ii) The *David Shankland Trophy* will be awarded to the Woman Regional Champion who gains the most points in Div.3 at the final.
 - iii) The *Barber Trophy* will be awarded to the Junior Regional Champion who gains the most points in Div.2 at the final.
- h) The *Bill Sparks Trophy* will be awarded to the highest placed Veteran K2 at the final.

48. HASLER QUALIFICATION

The event will not count as a Regional Hasler event nor be used to allocate points for Regional Hasler competitions. However it may be counted by a paddler as a qualifying race for the Hasler Final and clubs may carry any promotion points gained to the Hasler Final.

PART C - THE STARTING OF ASSESSMENT RACES, NATIONAL CHAMPIONSHIPS RACES AND HASLER FINALS RACES

There is a necessity to maintain the standard of starting at assessment races and major championships. The following will apply to all assessment races, to all races at the National Championships and to all races at the Hasler Finals.

1. REQUIREMENTS

- a) The start line should be clearly defined on both banks.
- b) A clearly defined marshalling line must be established behind the start line.
- c) The race must be started by a person drawn from the approved starters list, who will have an experienced assistant.
- d) The marshalling line should be controlled by at least two experienced officials.
- e) The above should all be equipped with PA equipment or loud hailer that it is the responsibility of the race organiser to provide.

MARATHON RACING

2. STARTING PROCEDURE

- a) An audible warning will be given 5 minutes before the first start. From that time on, no paddler is to pass in front of the marshalling line. All paddlers who are already in front of the marshalling line have 3 minutes to get behind it.
- b) A second audible warning will be given 2 minutes before the first start. Any paddler in front of the marshalling line will be penalised. No paddler is to go in front of the marshalling line until instructed by the marshal.
- c) Once released by the marshal, the paddlers will be under the starter's control. Any paddler going in front of the start line before the 'GO' will be penalised.
- d) For each contravention of the above rules, a 2 minute penalty will be imposed.
- e) Note that the Marathon Team selectors have been instructed by the Executive Committee that they should use the results INCLUDING any penalty, as the basis for selection.

3. APPROVED STARTERS LIST

Roland Lawler	Jim Rossiter	Tamsin Phipps	Margaret Chapman
Paul Ralph	Bernard Perrett	Alan Williams	Melvin Swallow
George Oliver	Dave Phillips	David Green	Sarah Swallow
Brian Greenaway	Alan Feldus	Shaun Caven	Andrew Dawson
Paul Owen	Alan Laws	Brian Chapman	Christine Laws

PART D - RECOMMENDATIONS

These recommendations are intended to guide organisers and others in the provision of acceptable races.

1. ADVANCE INFORMATION

Do not attempt to run a race without visiting a few to find out how things work. Advance information sent out to competitors and clubs should at least set out the following details.

- a) Name, date and status of the race.
- b) Name of the organising body.
- c) Closing date for entries and whether or not late entries will be accepted.
- d) Address to which entries and enquiries should be sent, and if possible a corresponding telephone number.
- e) Entry fees and to whom these should be payable.
- f) Locations of start and finish, and directions for getting to these places.
- g) Time of start and closure of checking in.
- h) Brief description of the course, sufficient to give a newcomer the general picture of the type of course and warning of any details of the course that they should inspect in advance.
- i) Any special regulations that competitors should be aware of before they arrive.
- j) Any major changes since last year.
- k) An entry form asking for full details of competitors.
- l) See *Contents* for 'Specimen Race Details'.

2. SAFETY

Safety measures are largely at the discretion of the organiser, since adequate measures vary considerably with course and conditions. Unnecessary precautions are wasteful and irksome, but inadequate precautions can lead to disaster. It is a stipulation that all paddlers ranked in Divisions 7, 8 and 9 wear a buoyancy aid [Rule B5 (e)]. On the open sea it is probably wise to insist on buoyancy aids for all. On open water, rescue boats are very important. It does not take long to paddle half a mile out to sea, but it takes a long time to swim back, especially in cold water. A weir may be trivial to a fresh paddler but a different story to one who has just raced 15 miles. It is sometimes a good idea to position frogmen below a weir to pull people and equipment out as they drift past, but make sure that all rescuers are competent. An incompetent rescuer can be more of a hindrance than a help.

An important precaution is to make sure that no-one is stranded or lost halfway round the course. On open water races it is important to account for everyone. On calm water it is usually sufficient to have a back marker paddle over the course at the tail of the race.

3. BRIEFING AND CONTROL

a) There may be a wide range of ambitions present at the race - some people go for a pleasant paddle, some with Olympic hopes. Try not to let them stumble over each other. Both parties are aggravated when a fast crew is confronted by a slow crew blocking a critical portage. Let the fast classes start first. Local conditions and variations in the course for different classes should be taken into consideration when arranging the start order.

MARATHON RACING

- b) Every boat should be inspected at check-in to ensure it is numbered clearly, correctly and durably. Although it is the competitor's responsibility to number their boat, it is human nature that some will fail in this responsibility. Have with you the wherewithal to number boats and use it when the occasion demands.
- c) It is customary to deliver a briefing shortly before the race. This is the time to explain the starting procedure and order, to describe any special features of the race course and to emphasise any special regulations.
- d) Ensure that the course is clearly marked at all points where there could be doubt. Marshals should be positioned at turning points, and should tick off numbers on a check list. It is desirable to position marshals at portages and shoots. The marshals should keep the passage clear for competitors, keep spectators and competitors off forbidden land and report any misdemeanors to race control. A marshal's directions should override any prior instructions. A marshal should be clearly identifiable.

4. STARTING ORDER

- a. The order in which the various classes or divisions are started can have a significant effect on the race results. The general principle is to start the fastest classes first and the slowest classes last. This minimises the chance of fast boats paddling through slower classes, picking up stragglers on the wash and dragging them back to the class leaders. In practice, a perfect start order is not possible because of the wide variety of speeds within any one class and sometimes the complicating factor of multi lap courses.
- b. The following is the recommended start order. Not all of these classes will necessarily run at any one race.
- | | |
|-------------------------------------|-------------------------------------|
| 1. Senior Men K2 Assessment race | 14. Division 3 Singles |
| 2. Division 1/2 K2 | 15. Division 4 Singles |

| 12. Division 5/6 Doubles | 25. Division 9 Singles |
| 13. Senior Women K1 Assessment race | |

5. STARTING

- a. A clean start is important and difficult to achieve. Most people can start the lower ranks of competitors in order but a strong personality is needed to keep those in higher divisions in good order. The starter must never lose control of the start, either through physical inability to make himself heard or through weakness of will. Preferably get an experienced racer to start your race and supply him with a megaphone. Do not be bullied by the competitors. They often try out the strength of the starter while waiting on the line. In the very last resort you can disqualify on the spot. On the other hand do not keep the competitors hanging around unnecessarily. They are often nervous before a race, may be getting cold or just plain bored. In fast water or wind it is often difficult for them to hold their positions. If you have got them into a fair line then start without delay. Say 'READY GO'.
- b. Massed starts are good value for bullfighting addicts but can be bad for competitors. Do not start classes together if it means overcrowding the start line. In Regional Divisional races each class of six or more boats must start separately (Rule 23).
- c. Record the start time of each class. Do not use a system which relies on a set start time. You cannot guarantee starting on the exact second.

6. TURNS

- a. All turns should be clearly marked. It is usual to use a buoy or buoys around which the competitors must turn, but these should be clearly distinguishable from other existing buoys which are nothing to do with the race. A clear description and location of the turn buoys must be given at the briefing.
- b. It is important that all turns are properly marshaled. Each turn marshal should be provided with a list of the race numbers which started and is responsible for checking that each boat properly completes the turn. A list of boats which did not complete the turn and a written report of the incidents at the turn must be provided promptly to the race control.

7. FINISHING & RESULTS

- a. Mark the finishing line clearly and signify a crossing of the line audibly by bell, whistle or some such device. It is not always obvious to the paddler exactly where the finishing line is, particularly as they may be exhausted.

MARATHON RACING

- b. Have a reliable clock which is readable and have a back up in case of malfunction. Make a record of the finishing order of every boat as it passes the finishing line. Have one person make an independent list of boat numbers. Another should make a list of boat numbers and finishing times - this person should have a pad of paper with each sheet numbered in advance so that you will know later if any sheet has been mislaid. On each sheet mark say ten lines. When a boat finishes, record its number and finishing time alongside. Never mind computation at this stage, your hands will be full recording the finishing order correctly. When a page is full pass it to someone else to analyse.
- c. It is useful to have a portable cassette recorder running constantly at the finish line. You can record everything that happens at the finish and the tape can be used to check the finish order and timing if for any reason the finishing team becomes overwhelmed by mass finishes. Give the recorder to one of the finish team and tell them to 'talk' every boat over the line, giving number and time.
- d. You are strongly recommended to use the Hasler Race Management computer programme (HRM) to produce your results. This will automatically calculate all your Hasler points and produce the results in the format required by the race Records Officer. The HRM has been specially designed for Hasler races and is distributed free on CD to all race organisers. If you require a further updated copy or any help with using the system please contact any member of the committee. If you would like to use the HRM at your race but are nervous about using it for the first time, the committee can arrange for an experienced operator to attend your race and guide you through the process.
- e. Whether using the HRM or a manual system, have someone out of the wind and rain and away from possible distraction from paddlers to analyse your finishing results. Arrange a system for displaying the results as soon as you know them. If there are any errors the paddlers will usually spot them and they can be queried before prize giving. Have a results display system that is not dependant on good weather. The thing that competitors want to see quickly is a list of finishing orders with overall times. Other details such as start and finish times are essentially irrelevant and only clutter the display. Have the prize giving as soon as possible and announce any divisional promotions at this stage.

8. AFTER THE EVENT

- a. After the event is over, buckle to and get the final result sheet sorted out. If you put it off your memory will dim, pieces of paper will get lost, your enthusiasm will wane and competitors will get very cross.
- b. If you are using the HRM your results will automatically be produced in the correct format. If using a manual system the result sheets should be arranged by divisions in finishing order and should show position, name, division ranking, club, BCU number, points and promotions to higher divisions. Three flow charts follow this section to aid in the calculation of promotions, demotions and Hasler points. Totals of points scored by clubs should also be shown although these will be verified by the Hasler Adviser. The race organiser should record at the top of the result sheet the number of paddlers who have entered the race.
- c. All results can be sent by e-mail to the Regional Hasler Adviser and Race Records Officer. If sending hard copies by post, four copies of the results for regional Hasler races, together with the race levy, should be sent to the Regional Hasler Adviser. For other races, the results and levy should be sent direct to the Race Records Officer. For Hasler races the Adviser will check/correct promotions and Hasler points before sending on the results to the Race Records Officer and the Ranking Officer. Results and levy in either case to be sent within the 7 days stipulated [Rule 13].

Please remember that if you have e-mailed the results you still need to send the levy by post.

PART E - VENUE AND ORGANISATIONAL CRITERIA FOR THE NATIONAL CHAMPIONSHIPS AND THE HASLER FINALS

The Marathon Committee will look to the following ideal criteria when considering applications for the hosting of the National Championships and the Hasler Finals. Any club wishing to host the National Championships or the Hasler Finals will be expected to make a short presentation to the half year meeting outlining their proposals for the course and organisation to meet these criteria.

1. THE COURSE

- a) The course should be wide enough at the start to provide a fair start for all paddlers. It should also be wide enough throughout its length for competitors to overtake and pass each other in opposite directions.
- b) The course should be capable of being paddled in an understem rudder boat.
- c) Portages should allow a minimum of 12 metres at the 'get out' and 'get in' points. Portages should not be of excessive number or length.
- d) Access to portage areas for spectators should be good with adequate parking, or pool transport should be provided.
- e) The course should be reasonably accessible for spectator viewing.
- f) There should not be too many other conflicting water users.

MARATHON RACING

2. ORGANISATION

- a) The organising club(s) should have a proven track record in organising normal Divisional marathons.
- b) The venue should have good access by road and not be too far for the majority of paddlers to travel.
- c) There should be adequate camping facilities nearby, particularly for the two day National Championships.
- d) There should be adequate parking at the start and finish.
- e) There should be adequate covered checking-in and refreshment areas at the start and finish and a results display area.
- f) There should be adequate toilet facilities at the start and finish areas.
- g) There should be an adequate PA system at the start, briefing and prize giving areas.
- h) There should be adequate First Aid cover in appropriate areas.
- i) The starting of all races is to be as the procedure set out in PART C.
- j) There should be a computerised results facility capable of showing class results and team scores immediately after the races.
- k) Prizes at the National Championships will be the official BCU National Marathon Championship medals and Divisional medals.
- l) Prizes at the Hasler Finals will be the official BCU Hasler Finals medals.

BCU MEMBERSHIP AND EVENT TICKETS

All seniors must be full members of the BCU if they wish to race in a Marathon event that has been advertised in the Calendar. Juniors who are ranked in division 6 or above must also hold full youth membership.

A junior club member need not be a full member of the BCU in order to race in the lower divisions (7,8 & 9) of the Marathon racing system or in the other 2 categories of marathon races. He must, however, be a member of a club with a registered junior section and the number used for his or her identification will be the club's affiliation number followed by his own individual club number. This method of recording the juniors' numbers on the result sheet has proved cumbersome so it is advised that the club abbreviation followed by the paddler's club number is easier and preferred by the Records Officer, both for identification and ease of recording. i.e. LIN/005, CHE/017.

Should the junior be promoted however into a higher division (6 & upwards) he must then become a full member of the BCU in his own right.

Race Organisers MUST still check that his or her membership is current either by photocopy of membership with entry or seeing the card on the day of the race.

If the card is unavailable or forgotten the paddler may purchase an "Event Ticket" as a "stop gap" but only once per season. The records officer carries out a check on event ticket issue for all race results and those paddlers abusing this system will be penalised.

The system is as follows:

1. The tickets are for use by non-members at the entry level only of National Competitions requiring membership i.e. Divisional Racing.
2. For use at a BCU event when the organiser believes a participant may be a member but the member cannot provide proof by way of a membership card.
3. Event organisers set fees, minimum £2.00 and maximum £5.00. In every case £1.50 will be sent to the organiser's regional treasurer and the rest kept by the organising committee.
4. Event Ticket fees are not refundable.
5. The overall consideration is to encourage, in the best possible way, membership of the Country's Governing Body for Canoesport.

MARATHON RANKINGS SYSTEM

The divisional lists have continued to be updated over the past year with the addition of first names and checking of BCU and club junior memberships. Promotions and Demotions are regularly updated onto the Hasler Race Programme website for downloading by race organisers before running their race so they have the most up to date information.

However this information is only as good as the information given to me by the club Marathon Team Leaders. The annual return of this information has slightly improved this year with 61 lists out of 98 returned by the closing date. So the information in the following lists is not as accurate as it could be! If your information is incorrect check with your Team Leader and find out if they returned the form. Has the club not informed me of a change, is the information getting through? Any one reading this please consider, do you know who your club Marathon Team Leader is, do you receive notification of promotions and demotions, do you see a copy of the bi-monthly newsletter? If the answer to any of these questions is 'no' please follow up and let me know if there have been changes in your club officials that I have not been told of.

The purpose of promotions within the divisional system is to have every paddler competing in the correct division for his/her personal ability and thereby gaining maximum advantage from their racing. Any alterations in division for whatever reason that will not be taken care of by the system should be directed to the Divisions Officer (address on page F17 in this handbook) not to me and he will notify me of any agreed changes.

Race Organisers - please make use of the Hasler Race Programme available to you, if you need help please ask. Email your results to your regional advisor, the divisions officer and myself in their basic form before you alter them to your own design for sending out to the clubs. Do not forget to send the race levy in the post to your Hasler Advisor or even direct to me.

Marathon Records Officer
